Mayor Anderson opened the Public Hearing at 9:10 a.m.; whereupon he read a letter received September 18, 1979, from Mr. & Mrs. DeBaun (Attachment #1) which requested that the hearing be postponed until the November meeting. There being no one to speak on this subject at this time, Mayor Anderson continued the Public Hearing until the first Regular Meeting in November. AGENDA ITEM 4b. Mr. Bigg noted his objections. Mr. Wood noted the recommendation for denial by the staff to which Roger Barry, Community Development Director, responded that the staff had to go by the book, while the Planning Advisory Board's function was to use judgment based on the facts. Petitioner: Malcolm Milton

City Attorney Rynders noted that this item had an ordinance coming up for First Reading later on in the Agenda but that this was a Public Hearing regarding the recommendation of the Planning Advisory Board. Mayor Anderson opened the Public Hearing at 9:32 a.m.; whereupon Attorney Dennis White, representing owner Malcolm Milton, spoke in support of the request. George Hard, a resident of Bay Terrace, spoke in support of this if it were to be residential, not temporary residential. It was confirmed by Roger Barry, Community Development Director, that the request had been changed to "R3-12" rather than "R3T-12" as originally applied for. However, he objected to Section 2 which required the installation of rip rap in front of the seawall on these lots. City Engineer John McCord advocated the use of rip rap in front of the whole wall, but felt the City could only enforce the area that was now in question. Mr. Green submitted pictures of the area in question for Council's information. Harry Rothchild asked that the reasons for any variance of this type be made public. CORRESPONDENCE & COMMUNICATIONS

Mayor Anderson noted that at the present time there were eleven applicants for the vacancy on the Airport Authority and suggested that half of them be interviewed at the first Workshop Meeting in October and the other half be interviewed at the second Workshop Meeting in October and the vote be taken at the second Regular Meeting in October. He asked that all members of Council be present at the second Regular Meeting in October.

Mayor Anderson asked Council members to recruit suitable applicants for the vacancies on the Parks & Recreation Board.

Mr. McGrath inquired about the status of the lethal yellowing program to be conducted by the City. City Manager Patterson responded that funds had been included in the budget for this program when it was expected that the County would be operating the program. He further noted that the City was now gathering information to determine whether to conduct the program or to contract it out. Mayor Anderson suggested that the City Manager canvass the property owners' associations for in-pu on this subject.

Mr. Thornton inquired about the schedule for the repairs and resurfacing on U.S. 41 and how it would affect the influx of the seasonal residents. City Manager Patterson responded that the 260-day contract was due to be completed on or before January 15, 1980 and that only one lane in either direction would be tied up at one time.

Mr. McGrath noted that one of the biggest needs after a hurricane would be to refrigerate food.

There being no further business to come before this Regular Meeting of the Naples City Council, Mayor Anderson adjourned the meeting at 11:11 a.m.
