Norris C. Ijams, Fire Chief
Roger J. Barry, Community Dev. Director
David W. Rynders, City Attorney
Christopher L. Holley, Comm. Serv. Director

Chuck Curry, Naples Daily News Harry C. Anderson

Called to order 5:05 p.m.

 Discussion of proposed 1986/87 general operating budget.

Mayor Putzell reported that the City would receive approximately \$89,000 in federal revenue sharing funds which would be divided between fire, parks and recreation, and police activities.

Mr. Rynders explained that the City is required to discuss in a public forum how these moneys will be utilized to give the public an opportunity to provide input. This will be done at the special meeting later this evening.

Mr. Jones distributed documentation showing last year's budget figures and this year's proposed budget figures categorized by account code and identifying significant changes (Attachment #1) In the general fund major increases are from salaries and workers' compensation as well as various maintenance and operation accounts such as \$19,800 in non-departmental for the proposed quality circle program and \$6,000 for a parking garage study. Ten thousand dollars is also included for an employee assistance program to train supervisors identify employees with personal problems and provide a program of referral for professional services. This is the first time this program is being proposed and is modeled after the programs which the County and the hospital have undertaken with the David Lawrence Mental Health Center.

Under the 430 account in the Community Services Department the increase is made up of various items such as materials for the Parks & Parkways Division to handle additional landscaping work. In the 520 account

ayor Putzell mentioned keeping the number of new positions to 11 1/2 instead of the 12 1/2 requested. It. Jones reviewed his analysis of the shared position requested in the City Manager's and City Attorney's effices and the request for additional staffing in community Development. He explained that while there was a lack of information at this point on which to pass an estimate on how much work would be required by the City Attorney, he said he felt that his office would easily make up the difference. In Community revelopment, the additional position is needed to be received and the current level of service; later a colan will be submitted to the Council to handle the late management needs outlined in prior budget the data management function. Ar. Jones said that if one new position were eliminated, he would reassess all new requested positions and, in addition, cautioned that later in the year he might find it necessary to return to the council with a request to reinstate this position in product to maintain the City's level of service. Mayor putzell said that through planning this position might not be needed and Mr. Crawford asked if the Council toold the City Manager that a certain number of positions had to be cut, whether the City Manager would be able to tell the Council what services would be affected. Mr. Jones replied that he would give the Council the most professional recommendation possible but that the budget brought to the Council does not contemplate any sacrifice of services. Mayor Putzell said he was more concerned with the principle of adding personnel rather than the current cost estimate. Mr. Crawford said that there is always room for improvement in efficiency, however.	ties by some ties of the control of

VOTE CITY OF NAPLES, FLORIDA E City Council Minutes Date September 2, 1986 0 B T C 5 I 0 E COUNCIL ON EN N SOT MEMBERS N D Mr. Crawford observed that following the history of prior increases for Naples' City Managers, Mr. Jones' request is not out of line. Mayor Putzell said he felt the Council could be comfortable with \$58,000, \$59,000 or \$60,000, which is approximately the average among cities of this size around the state but suggested another review at the end of six months because the current Council had only been in office for six months. Mr. Barnett suggested that 6% be granted with further discussion of the issue of severance, although he said he did not object to three months. recommended \$61,000. Mr. Adjourn 5:40 p.m. Edwin J. Putzell, Jr., Mayor Janet Cason City Clerk Tara Norman Administrative Assistant These minutes of the Naples City Council were approved SEP 1 7 1986
