---RESOLUTION NO. 89-ITEM 8

A RESOLUTION GRANTING A VARIANCE FROM SECTION 5.3 F(2) OF APPENDIX "A" - ZONING OF THE CODE OF ORDINANCES OF THE CITY OF NAPLES, WHICH REQUIRES A MINIMUM SIDE YARD SETBACK OF 7.5 FEET, IN ORDER TO PERMIT AN EXISTING ONE STORY HOME TO ENCROACH 2.4 FEET INTO THE SIDE YARD SETBACK AT 245 SECOND AVENUE NORTH; AND PROVIDING AN EFFECTIVE DATE.

Title read by City Attorney Rynders.

Community Development Director McKim advised the petitioner had requested a variance for an existing structure. The original house was built with a two inch and three inch error along the front and side yard setbacks. An addition had been added as well, she said, with no record of a building permit being issued and, therefore, is an illegal nonconformity. Staff and the Planning Advisory Board (PAB) have recommended denial of the request.

In response to Mr. Graver, Mrs. McKim pointed out that the petitioner did not meet criteria for a variance and that is the basis for this recommendation of denial.

Attorney Thomas R. Brown of Naples, Florida, representing the petitioner, advised the house was constructed in 1957 at which time the encroachment occurred. His client is in the process of selling the property and the potential buyer has demanded that the title be cleared of any possible infractions. It is the buyer's opinion that without a variance, the title would somehow be clouded. Attorney Brown cited a previous petition, City File No. 87V15, wherein Council approved a similar request.

Councilman Crawford asked why the petitioner was not requesting a variance for the 2 and 1/2 foot encroachment as well. Attorney Brown pointed out that if required, the 2 and 1/2 foot addition could be removed; however, it is virtually impossible to remove two or three inches from an existing wall.

In response to Councilman Graver, Mr. Brown advised that the sale would fall through should the petitioner not be successful in obtaining this variance.

Dr. Neno J. Spagna of 3850 27th Avenue SW, also representing the petitioner, briefly addressed the request approved in 1987 and said that Council established a precedent at that time. This request is almost identical, he continued. Mr. Spagna then urged Council to approve the application for a variance.

Councilman Crawford asked the City Attorney to comment on the foregoing discussion. City Attorney Rynders advised first that the resolution was not prepared in a manner which would allow the two and three inch encroachments. If Council decided to approve this resolution, it would have to be amended to include those encroachments, he said.

Referring to the petitioner's plight, City Attorney Rynders pointed out that Council was not in a position to get involved with the buying or selling of property. All requests for variances must meet certain tests, he said, and if those tests are not met, a variance cannot be granted. The City could be sued for granting a variance which does not meet criteria established in the Code, he said. Mr. Rynders further pointed out that if the structure was more than 60% destroyed by a storm, fire, etc., the property owner would have to petition the City to reconstruct the existing nonconforming structure.

Mrs. Anderson-McDonald asked if the property owner decided to remodel more than 60% of the structure, would he have to obtain a nonconformity permit from Council. Community Development Director McKim advised that he would not unless a new wall was added that would encroach into the setback area.

City Attorney Rynders cautioned Council that a dangerous precedent could be set if this petition was approved. It would allow property owners to build nonconforming houses and when it was time to sell the property, obtain a variance from the City Code.

**MOTION:** To DENY the resolution as presented.

Vice-Mayor Barnett advised that the motion did not carry inasmuch as the vote was tied 3-3.

Councilman Richardson suggested staff design criteria by which these requests could be granted as there are many homes in the area that have the same problem. City Attorney Rynders advised the only mechanism by which Council could approve such requests was by variance petition, and he further noted the Code would have to be amended if this type of action was desired. City Attorney Rynders, however, strongly recommended against such an amendment.

AN ORDINANCE AMENDING SECTION 20-54(c) RELATING TO THE PROCESSING FEE FOR THE VACATION OF STREETS, ALLEYS, DEDICATED EASEMENTS AND SUBDIVISION PLATS AND AMENDING SECTION 15 OF APPENDIX "A" - ZONING OF THE CODE OF ORDINANCES RELATING TO PLANNING PETITION FEES; AND PROVIDING AN EFFECTIVE DATE. PURPOSE: TO INCREASE THE FEES FOR VARIOUS PLANNING ADVISORY BOARD PETITIONS IN ORDER TO COVER THE INCREASING COST OF REVIEWING PETITIONS.

Title read by City Attorney Rynders.

Community Development Director McKim advised staff believed this ordinance should be in effect prior to the beginning of the fiscal year if approved by Council. Staff and the Planning Advisory Board (PAB) have recommended approval, she said. This increase would bring the City's processing fees more in line with other cities and counties that offer the same services.

In response to Councilman Crawford, Mrs. McKim advised it was hard to determine costs on an average basis. This increase would bring the City closer in its effort to reflect the actual time spent on petitions. There is a lot of staff time involved with the review and analysis process including discussion at PAB meetings.

Councilman Muenzer asked for clarification regarding the \$1,000 fee recommended for development and/or annexation agreements. Mrs. McKim pointed out that such a fee would be imposed upon voluntary annexation requests.

Mr. Bill Barton of 605 Palm Circle East advised that he represents an individual who was currently in the process of suing the Board of Collier County Commissioners relative to their excessive impact fees. He asked Council to carefully consider whether these fees were actually in keeping with the associated costs to review the petitions. Councilman Anderson-McDonald provided Mr. Barton with a copy of the proposed fees for his perusal. Community Development Director McKim

ITEM 10

A RESOLUTION AUTHORIZING THE VICE MAYOR AND CITY CLERK TO EXECUTE AN AGREEMENT BETWEEN THE CITY OF NAPLES AND CABLEVISION INDUSTRIES, INC.; EXCLUDING CABLEVISION FROM THE FRANCHISING REQUIREMENTS OF ORDINANCE 89-5844; AND PROVIDING AND EFFECTIVE DATE.

Title read by City Attorney Rynders.

City Attorney Rynders advised that the attorney for Cablevision Industries, Inc., Senator Fred S. Dudley, and himself had been in negotiations relative to Cablevision's rights to provide service to areas recently annexed into the City of Naples, namely: Park Shore, Seagate, and portions of Golden Gate Parkway. This resolution would exclude Cablevision from some of the franchising requirements outlined in Ordinance No. 89-5844, he said. Cablevision will still be required to comply with the consumer protection provisions of that ordinance as well as pay the City a 5% franchise fee.

Senator Fred S. Dudley, attorney representing Cablevision Industries, Inc., briefly enumerated the history of this request leading up to the proposed resolution before Council this morning. Senator Dudley said that during Council discussions regarding the existing cable ordinance, he had recommended it address preexisting cable franchises in the unincorporated area. It was Council's decision not to pursue that during those discussions, he said.

In response to Councilman Crawford, Senator Dudley advised Cablevision would comply with all operation aspects of the master ordinance. This agreement merely is a compromise, he said.

Councilman Graver asked if Cablevision would soon be asking for a franchise to operate in the City. Senator Dudley advised that he was not sure at this point and could not answer that question accurately.

Mr. David Dea, group vice-president for Palmer Cablevision, pointed out that Cablevision's request was unique in the cable industry and asked if Palmer would have those same rights. City Attorney Rynders advised that Palmer could request such an agreement if it involved the same circumstances; however, if Palmer did, it would be subject to the 5% franchise fee in those areas, not the 3% fee which it currently is paying.

DISCUSSION/ACTION WITH REFERENCE TO  
EXTENSION OR INTERIM WATER SERVICE TO  
WYNDEMERE DEVELOPMENT.

City Manager Jones advised this request would change the current relationship between the City of Naples and Wyndemere from a raw water customer to a potable water customer on an interim basis. If it is the consensus of Council to proceed, he said, staff will begin negotiations for a service contract with Wyndemere. The cost of extending the lines to this development would be borne entirely upon the developer.

Mr. J. Sandy Scatena of 2990 Binnacle Drive said he did not support this request inasmuch as the petitioner could expand its current facility and provide water for its residents. The County has also indicated, he continued, that it could serve that area by Summer, 1990.

conjunction with a proposed seventh cent, County-wide sales tax.

County Manager Neil Dorrill advised that the County Commission did not take any action relative to this committee at its meeting yesterday. The Commission has asked its staff to look at the master list of projects and determine whether it was a complete and necessary list. While the Commission is still interested in a local option one cent sales tax, Mr. Dorrill explained, it wanted to expend a minimal amount of funds from the money to be collected.

In response to Councilman Crawford, Mr. Dorrill explained the sales tax was essentially used for infrastructure; however, the County could do some short-term borrowing of those funds via a bond issue.

Mr. Muenzer pointed out that this request was parallel to a gas tax increase and public support of the sales tax might be weakened as a result. City Manager Jones pointed out that local governments may not be recipients from the gas tax increase.

In response to Councilman Graver, Mr. Dorrill explained the amount of \$12-million shown for beach renourishment represented approximately 2/3 of the entire project which predominately was in the City.

The property owner in question has refused to sell the easement to the City or provide a permanent easement to the property east of it for access. ## P R O C L A M A T I O N

WHEREAS, the City of Naples has great pride in the athletic endeavor of the Greater Naples Little League organization; and

WHEREAS, the Greater Naples Major and Senior Girls Little League Softball Teams have for the past decade brought favorable publicity to the City of Naples; and

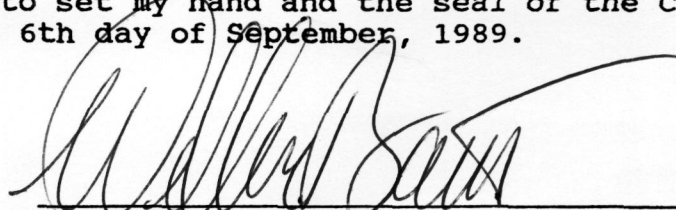

WHEREAS, the Major Girls Little League Team, THE QUEENS, and their Coach, Vince Murphy and Manager, Connie Ledbetter, and the Senior League Team, THE BRAVES, their Coach, Korky Fritsch, and Manager, Robert Iamurri, have done much to give true meaning to good sportsmanship and the will to win; and

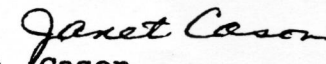

WHEREAS, the QUEENS and BRAVES won District, Sectional, State/Divisional and U.S. Southern Regional tournaments, thereby earning the privilege of competing in World Series action in Kalamazoo, Michigan; and

WHEREAS, by reason of their disciplined skills, devotion to teamwork and unequalled ability, the QUEENS and BRAVES gained the title of National Champions in World Series play in Kalamazoo, Michigan, the first time in history two teams from the same community have done so;

NOW, THEREFORE, I, WILLIAM E. BARNETT, by virtue of the authority vested in me as Vice Mayor of the City of Naples, Florida do hereby congratulate each and every member of the QUEENS and BRAVES Softball Teams, their coaches, managers and parents on the succession of victories leading up to and including the coveted title of WORLD SERIES CHAMPIONS.

IN WITNESS WHEREOF, I have hereunto set my hand and the seal of the City of Naples, Florida, this 6th day of September, 1989.

  
WILLIAM E. BARNETT, VICE MAYOR
