WHEREAS, the CONTRACTOR has submitted a proposal for provision of those services; and

WHEREAS, the CONTRACTOR represents that it has expertise in the type of professional services that will be required for the Project.

CONTRACTOR agrees to employ and designate, in writing, within five (5) calendar days after receiving its Notice to Proceed, a qualified licensed professional to serve as the CONTRACTOR's project manager (hereinafter referred to as the "Project Manager"). The Project Manager shall be authorized and responsible to act on behalf of the CONTRACTOR with respect to directing, coordinating and administering all aspects of the services to be provided and performed under this Agreement.

1.5. The CONTRACTOR has represented to the OWNER that it has expertise in the type of professional services that will be required for the Project. The CONTRACTOR agrees that all services to be provided by CONTRACTOR pursuant to this Agreement shall be subject to the OWNER's review and approval and shall be in accordance with the generally accepted standards of professional practice in the State of Florida, as well as in accordance with all published laws, statutes, ordinances, codes, rules, regulations and requirements of any governmental agencies which regulate or have jurisdiction over the Project or the services to be provided and performed by CONTRACTOR hereunder. 1.6. CONTRACTOR agrees not to divulge, furnish or make available to any third person, firm or organization, without OWNER's prior written consent, or unless incident to the proper performance of the CONTRACTOR's obligations hereunder, or in the course of judicial or legislative proceedings where such information has been properly subpoenaed, any non-public information concerning the services to be rendered by CONTRACTOR hereunder, and CONTRACTOR shall require all of its employees, agents, subconsultants and subcontractors to comply with the provisions of this paragraph.

1.7. CONTRACTOR agrees not to employ or offer to employ any Elected Officer or City Managerial Employee of OWNER who in any way deals with, coordinates on, or assists with, the professional services provided in this Agreement, for a period of two (2) years after termination of all provisions of this Agreement. For purposes of this paragraph, the term "Elected Officer" shall mean any member of the City Council. For purposes of this paragraph, the term "City Managerial Employee" shall mean the City Manager, the Assistant City Manager, the City Clerk, and any City department head or director. In the event CONTRACTOR violates the provisions of this paragraph, CONTRACTOR shall be required to pay damages to OWNER in an amount equal to any and all compensation which is received by the former Elected Officer or City Managerial Employee of OWNER from or on behalf of the contracting person or entity, or an amount equal to the former Elected Officer's or City Managerial Employee's last two (2) years of gross compensation from OWNER, whichever is greater.

1.8. CONTRACTOR agrees not to provide services for compensation to any other party other than OWNER on the same subject matter, same project, or scope of services as set forth in this Agreement without approval from the City Council of OWNER.

Except as otherwise provided herein, CONTRACTOR agrees not to disclose or use any information not available to members of the general public and gained by reason of CONTRACTOR'S contractual relationship with OWNER for the special gain or benefit of CONTRACTOR or for the special gain or benefit of any other person or entity.

ARTICLE TWO OWNER'S RESPONSIBILITIES

2.1. The Owner shall designate in writing a project coordinator to act as OWNER's representative with respect to the services to be rendered under this Agreement (hereinafter referred to as the "Project Coordinator"). The Project Coordinator shall have authority to transmit instructions, receive information, interpret and define OWNER's policies and decisions with respect to CONTRACTOR's services for the Project. However, the Project Coordinator is not authorized to issue any verbal or written orders or instructions to the CONTRACTOR that would have the effect, or be interpreted to have the effect, of modifying or changing in any way whatever:

- (a) The scope of services to be provided and performed by the CONTRACTOR hereunder;
- (b) The time the CONTRACTOR is obligated to commence and complete all such services; or
- (c) The amount of compensation the OWNER is obligated or committed to pay the CONTRACTOR.

2.2. The Project Coordinator shall:

(a) Review and make appropriate recommendations on all requests submitted by the CONTRACTOR for payment for services and work provided and performed in accordance with this Agreement;

(b) Arrange for access to and make all provisions for CONTRACTOR to enter the Project site to perform the services to be provided by CONTRACTOR under this Agreement; and

(c) Provide notice to CONTRACTOR of any deficiencies or defects discovered by the OWNER with respect to the services to be rendered by CONTRACTOR hereunder.

2.3. CONTRACTOR acknowledges that access to the Project Site, to be arranged by OWNER for CONTRACTOR, may be provided during times that are not the normal business hours of the CONTRACTOR.

ARTICLE THREE TIME

3.1. Services to be rendered by CONTRACTOR shall be commenced subsequent to the execution of this Agreement upon written Notice to Proceed from OWNER for all or any designated portion of the Project and **shall be for (3) year period, as an on-call basis at no cost contract, expiring on December 31, 2009, with the City's option of two (2) one-year renewals.** Time is of the essence with respect to the performance of this Agreement.

3.2. Should CONTRACTOR be obstructed or delayed in the prosecution or completion of its services as a result of unforeseeable causes beyond the control of CONTRACTOR, and not due to its own fault or neglect, including but not restricted to acts of God or of public enemy, acts of government or of the OWNER, fires, floods, epidemics, quarantine regulations, strikes or lock-outs, then CONTRACTOR shall notify OWNER in writing within five (5) working days after commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which CONTRACTOR may have had to request a time extension.

3.3. No interruption, interference, inefficiency, suspension or delay in the commencement or progress of CONTRACTOR's services from any cause whatsoever, including those for which OWNER may be responsible in whole or in part, shall relieve CONTRACTOR of its duty to perform or give rise to any right to damages or additional compensation from OWNER. CONTRACTOR's sole remedy against OWNER will be the right to seek an extension of time to its schedule. This paragraph shall expressly apply to claims for early completion, as well as claims based on late completion. Provided, however, if through no fault or neglect of the CONTRACTOR, the services to be provided hereunder have not been completed within 18 months of the date hereof, the CONTRACTOR's compensation may be equitably adjusted, with respect to those services that have not yet been performed, to reflect the incremental increase in costs experienced by CONTRACTOR after expiration of said 18 month period.

3.4. Should the CONTRACTOR fail to commence, provide, perform or complete any of the services to be provided hereunder in a timely and reasonable manner, in addition to any other rights or remedies available to the OWNER hereunder, the OWNER at its sole discretion and option may withhold any and all payments due and owing to the CONTRACTOR until such time as the CONTRACTOR resumes performance of its obligations hereunder in such a manner so as to reasonably establish to the OWNER's satisfaction that the CONTRACTOR's performance is or will shortly be back on schedule.

ARTICLE FOUR COMPENSATION

4.1. The total compensation to be paid CONTRACTOR by the OWNER for all Basic Services shall be at **per bid price amount as set forth in Exhibit B** and shall be paid in the manner set forth in Exhibit B, "Basis of Compensation", which is attached hereto and incorporated herein.

ARTICLE FIVE MAINTENANCE OF RECORDS

services hereunder. The records and documentation will be retained by CONTRACTOR for a minimum of five (5) years from the date of termination of this Agreement or the date the Project is completed, whichever is later. OWNER, or any duly authorized agents or representatives of OWNER, shall have the right to audit, inspect and copy all such records and documentation as often as they deem necessary during the period of this Agreement and during the five (5) year period noted above; provided, however, such activity shall be conducted only during normal business hours.

**ARTICLE SIX

6.1. CONTRACTOR agrees to indemnify and hold harmless the City from liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Contractor and persons employer or utilized by the Contractor in the performance of the Contract.

**ARTICLE SEVEN

7.1. CONTRACTOR shall obtain and carry, at all times during its performance under the Contract Documents, insurance of the types and in the amounts set forth in Exhibit C to this Agreement.

**ARTICLE EIGHT
SERVICES BY CONTRACTOR'S OWN STAFF**

The employment of, contract with, or use of the services of any other person or firm by CONTRACTOR, as independent contractor or otherwise, shall be subject to the prior written approval of the OWNER. No provision of this Agreement shall, however, be construed as constituting an agreement between the OWNER and any such other person or firm. Nor shall anything contained herein be deemed to give any such party or any third party any claim or right of action against the OWNER beyond such as may otherwise exist without regard to this Agreement.

**ARTICLE NINE
WAIVER OF CLAIMS**

9.1. CONTRACTOR's acceptance of final payment shall constitute a full waiver of any and all claims, except for insurance company subrogation claims, by it against OWNER arising out of this Agreement or otherwise related to the Project, except those previously made in writing and identified by CONTRACTOR as unsettled at the time of the final payment. Neither the acceptance of CONTRACTOR's services nor payment by OWNER shall be deemed to be a waiver of any of OWNER's rights against CONTRACTOR.

**ARTICLE TEN
TERMINATION OR SUSPENSION**

10.1. CONTRACTOR shall be considered in material default of this Agreement and such default will be considered cause for OWNER to terminate this Agreement, in whole or in part, as further set forth in this section, for any of the following reasons: (a) failure to begin work under the Agreement within the times specified under the Notice(s) to Proceed, or (b) failure to properly and timely perform the services to be provided hereunder or as directed by OWNER, or (c) the bankruptcy or insolvency or a general assignment for the benefit of creditors by CONTRACTOR or by any of CONTRACTOR's principals, officers or directors, or (d) failure to obey laws, ordinances, regulations or other codes of conduct, or (e) failure to perform or abide by the terms or spirit of this Agreement, or (f) for any other just cause. The OWNER may so terminate this Agreement, in whole or in part, by

giving the CONTRACTOR seven (7) calendar day's written notice.

10.2. If, after notice of termination of this Agreement as provided for in paragraph 10.1 above, it is determined for any reason that CONTRACTOR was not in default, or that its default was excusable, or that OWNER otherwise was not entitled to the remedy against CONTRACTOR provided for in paragraph 10.1, then the notice of termination given pursuant to paragraph 10.1 shall be deemed to be the notice of termination provided for in paragraph 10.3 below and CONTRACTOR's remedies against OWNER shall be the same as and limited to those afforded CONTRACTOR under paragraph 10.3 below.

10.3. OWNER shall have the right to terminate this Agreement, in whole or in part, without cause upon seven (7) calendar day's written notice to CONTRACTOR. In the event of such termination for convenience, CONTRACTOR's recovery against OWNER shall be limited to that portion of the fee earned through the date of termination, together with any retainage withheld and any costs reasonably incurred by CONTRACTOR that are directly attributable to the termination, but CONTRACTOR shall not be entitled to any other or further recovery against OWNER, including, but not limited to, anticipated fees or profits on work not required to be performed.

ARTICLE ELEVEN CONFLICT OF INTEREST

11.1. CONTRACTOR represents that it presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance of services required hereunder. CONTRACTOR further represents that no persons having any such interest shall be employed to perform those services.

ARTICLE TWELVE MODIFICATION

12.1. No modification or change in this Agreement shall be valid or binding upon the parties unless in writing and executed by the party or parties intended to be bound by it.

SCOPE OF SERVICES

Situated on the Southwest Coast of Florida, the City of Naples is highly vulnerable to:

- natural disasters, such as hurricanes, tornadoes, flooding and forest fires; and,
- manmade disasters, such as oil spills, hazardous material spills or releases, multi vehicular accidents resulting from fog or severe rainstorm conditions, etc.

Disasters most often produce substantial volumes of debris, creating hazardous conditions to the public health, welfare and safety, which result in disruption of the essential physical and economic life of the community. These disruptions are caused by:

- Obstructed roadways;
- Environmental offenses resulting from hazardous material spills or releases, the resulting contaminations of soils, ground and surface waterways and potential sources for air pollution;
- Obstacles to safe passage of emergency vehicles essential pedestrian and vehicular traffic.

It is mandatory that there be an early, safe and quick response to restoring environmentally safe and economically viable conditions to the disaster affected areas. This objective has the highest priority in the City's planning and its ability to deal with all damage.

Disasters will result in large expenditures of manpower, equipment and related materials and supplies, at substantial cost to the City.

It is imperative that the City of Naples be prepared to provide all necessary disaster recovery services and have the means to recover all eligible costs from State and Federal Agencies that have funds to assist local governments to cope with all natural and manmade disasters.

The City of Naples seeks to establish contractual arrangements with at least one (1) or more (up to 3) qualified Disaster Removal and Debris management Firm(s) and or Recovery and Restoration firm(s), on an as needed basis, for a three-year period, with the City's option to renew for additional two one-year periods, to provide disaster recovery expertise and services to manage and carry out the removal, reduction and environmentally approved disposal of debris and other obstacles resulting from these disasters, in full compliance with regulatory

agency requirements and consistent with Federal Emergency Management Agency (FEMA) requirements for cost reimbursements for debris management, removal and disposal.

EXHIBIT A PAGE 2

Those services would include:

- Clearing and/or removing debris from public and private property, rights-of-way, beach, streets and roads
- Managing and operating debris management sites for the acceptance, reduction, incineration and disposal of disaster related debris. Note: the City of Naples may enlist the assistance of the successful proposer(s) in determining the most advantageous locations. The City of Naples reserves the right to direct the method or location of disposal for the reduced debris.
- Tree trimming, topping, and removal, stump grinding and removal.
- Obtaining all permits necessary to operate debris collection and debris management sites.
- Removal of sand from roads, streets, and rights-of-way; screening of sand and returning clean sand to beaches or other designated sites.
- Screening and removal of debris from beaches.
- Assist the City of Naples in the preparation of FEMA and other required agency reports for reimbursement.
- Coordinate with FEMA, the Florida Division of Emergency Management, FDOT, FDEP, and other agencies to ensure the debris-related activities meet each agency's requirements for reimbursement eligibility and permitting.
- Provide data necessary to provide substantiation for FEMA and state reimbursement.
- As directed, perform other disaster response and recovery activities as necessary.

Contractors must have the resources necessary to perform all aspects related to the scope of this RFP including the ability to manage a

major workforce including possibly multiple sub-contractors and cover the expenses associated with a major recovery operation prior to the initial payment and between subsequent payments, as well as providing the necessary bonding and insurance coverage.
