ADDENDUM NUMBER 1

NOTIFICATION DATE:	BID TITLE:	BID NUMBER:	BID OPENING DATE & TIME:
09/05/13	Wastewater System Grease and Odor Control	055-13	09/16/2013 2:00PM

**THE FOLLOWING INFORMATION IS HEREBY INCORPORATED INTO,
AND MADE AN OFFICIAL PART OF THE ABOVE REFERENCED BID.**

The following clarifications are issued for the referenced solicitation:

1) Can you provide a budget for the annual services?

ANSWER: The annual budget for contracted services is \$150,000.

2) We need to confirm bonding limits and that we can meet the requirements.

ANSWER: Bonding requirement are stated in the RFP; please refer to Section F page 12.

3) What information do I need to submit in order to be approved to bid?

ANSWER: All information needed to submit the RFP is contained in the Bid Document. Please refer to the award evaluation criteria listing starting on page 21 of the RFP document.

4) It would require the use of more than one single product to meet the criteria required by the specifications. Any product that we would submit on does meet the environmentally safe, non-toxic, non-residual and is biodegradable. We are tentatively submitting for approval, liquid chemistry (odor-mite & FFC-100) as requested and physical chemical (HI-Carb) or biological (Hi-BOCS), if required. We also have the ability to offer an odor neutralizing product (Vapercom), these units have been successful additions at both lift stations and headworks.

ANSWER: The proposed products do not appear to be safe regarding exposure to employees and the equipment does not appear to comply with the specifications as written. Staff would recommend that the vendor submit a proposal for further review by the selection committee.

5) What product is the City currently using for the FOG & Odor Control program? Current cost?

ANSWER: Product currently being used is PX700. Associated cost and usage is illustrated in the screen shot below (extracted from Exhibit B of the current contract).

Furnish an Annual Service Contract for Odor, Corrosion, and Grease Control by the addition of an Approved Treatment Product, Aeration & Slime Layer Removal as specified herein:

Unit Cost for Slime Layer Removal as specified herein \$ 2050.00 /1000ft. *1000' minimum
