| NOTIFICATION DATE: | BID TITLE: | BID NUMBER: | BID OPENING DATE & TIME: |

**THE FOLLOWING INFORMATION IS HEREBY INCORPORATED INTO,
AND MADE AN OFFICIAL PART OF THE ABOVE REFERENCED BID.**

The following clarification is issued as an addendum for the referenced solicitation:

- What are the Liquidated Damages (Per Day)?

Answer: The Liquidated Damages are set at \$250 / day. This will be covered in detail in the award contract. Additional information on Liquidated Damages is found in the “Special Conditions” section of the Bid document under parts E and F.

- We consider Well #405, located at 3861 Golden Gate Blvd to be unsafe to work on due to the proximity of the existing overhead power lines. Because of this we respectfully request that the city omit this well from the current solicitation.

Answer: It is our intent to have the concerns regarding the overhead power lines resolved before providing any NTP to any contractor. Pending the time it may takes to have these lines relocated, well #405 may be rehabilitated in year 2 or 3 of the contract. Keep in mind that it is also our intent to have 5 wells rehabbed during the 1st year of the contract – Well 405 may be substituted with another well during the 1st year of the contract.
