ADDENDUM NUMBER 1

NOTIFICATION DATE:	BID TITLE:	BID NUMBER:	BID OPENING DATE & TIME:
01/10/14	Decorative Street Signs	14-019	01/28/14 2:00PM

**THE FOLLOWING INFORMATION IS HEREBY INCORPORATED INTO,
AND MADE AN OFFICIAL PART OF THE ABOVE REFERENCED BID.**

The following clarifications are issued for the referenced solicitation from submitted written questions:

- Is a cost estimate available for the bid for Decorative Street Signs?

ANSWER: Within the City's FY13-14 budget, \$75,000 has been allocated to this project. This number is based on available funds and community expectations of cost. An official engineer's estimate has not been prepared.

- With regard to the above mentioned project, could you provide information on the type of surface(s) the signs will be installed on (ie asphalt, concrete sidewalk, sod, etc) and a rough percentage of installation on each type of surface?

ANSWER: Ninety eight percent (98%) of existing decorative wooden stop signs are mounted within grass swales and shoulders of the road. Swales and shoulders have sod, top soil, sand, and could also contain some compacted lime rock. The new decorative metal sign mountings will be in generally the same location as the existing stop signs.
