Budget Overview

City of Naples

OFFICE OF THE CITY MANAGER
735 8TH STREET SOUTH • NAPLES, FLORIDA 34102

October 15, 2007

Honorable Mayor and Members of City Council
735 Eighth Street South
Naples, Florida 34102

Honorable Mayor and Members of City Council:

I am pleased to present to you the City of Naples' 2007-08 adopted budget.

Good governance requires a set of goals and directions. The City's original vision, called Vision 2005, encompassed eleven basic strategies including neighborhood character maintenance, airport management, traffic management and commercial viability. The vision was intended to be a 10-year program, and was subsequently absorbed into the Comprehensive Plan. During 2006-07, the City developed an updated 10-year vision plan, which was adopted on June 13, 2007.

The process included analysis of data and information from many sources, including State, regional and city plans and reports; interviews with Naples business, government, and civic leaders; town hall meetings; focus groups; citizens' opinion survey; and final adoption by the City Council. This new vision contained five major goals, with several activities and elements to achieve these goals. In addition to incorporating these goals into this budget document, the comprehensive plan will be updated to include them as well.

Although the vision plan wasn't completed until well into the budget process, the staff had been following the process carefully, and managed to integrate many of the visioning goals into the departmental work plans. The five major goals of the vision plan include:

1. Preserve the Town's distinctive character and culture
2. Make Naples the green jewel of southwest Florida
 - (a) Restore Naples Bay, protect beaches and other key waters
 - (b) Promote community sustainability and environmental conservation
 - (c) Establish more open and green space in the City
3. Maintain an extraordinary quality of life for residents
 - (a) Maintain and improve public amenities for residents
 - (b) Promote community health
 - (c) Enhance mobility in the city
 - (d) Maintain and enhance public safety

Ethics above all else... Service to others before self... Quality in all that we do.

4. Strengthen the economic health and vitality of the City
5. Maintain and enhance governance capacity for public service and leadership

In addition to the vision plan, this budget follows three key financial principles:

- Project revenues at realistic levels
- Fully fund operating requirements
- Maintain Undesignated Reserves at a fiscally responsible level

Integration of other planning processes

The City of Naples has several planning processes that affect the budget process. Many are on a different timeline, and therefore cannot be successfully integrated into this budget. For example, the development of the Evaluation and Appraisal Report (EAR) and certain annexation proceedings can only be integrated after decisions are completed.

The City has a process for the development of Special Assessment Districts. Special Assessment Districts cost the city money at the beginning; first as departments analyze the requests, and subsequently for minor engineering services before the actual special assessment is adopted and approved. The requests to consider the development of a District, used for items like dredging, reuse line extension, and sewer line extensions, are processed as received. Expenditures may be included with the budget process, or delayed until the next budget year. For this fiscal year, there are no pending requests for special assessment districts, although staff will be working on the Aqualane Shores dredging project.

The largest planning process that affects the budget is the development of the City's Five Year Capital Improvement Program. By Code, this document is presented to City Council on June 1. This process is important as it establishes the major capital issues that the City will coordinate for grant funding, construction scheduling and consistency with the new vision plan.

Also, the Community Redevelopment Agency budget and work plan is presented to Council on June 1 per City Code.

The City requests funding from other agencies, including Department of Environmental Protection, Collier County (for shared projects), South Florida Water Management District and other agencies. Integration of these funding requests is part of the budgeting process. Throughout the past few months, city staff has submitted requests and made presentations to these agencies for funding. Some of the results will not be made known until later in the budget process. Throughout this document, notes of these special funding conditions have been referenced.

Priorities and Issues for the 2007-2008 Budget

Property Tax Reform

Florida Governments have been facing the inevitability of property tax reform from the state legislature since January 2007, growing to a crescendo in June, when in special session, the state house and senate passed a two part property tax reform bill.

The first part of the tax reform bill is an immediate mandatory property tax revision to no greater than the 2006-07 roll back rate, adjusted down an additional percentage based on the past 6 years of valuation growth. The City's required adjustment was to subtract 9% from the rollback rate. With a rollback rate of 1.2084, that makes the legislative directed tax rate to be 1.0997. During preliminary budget discussions, the City was originally planning for a 1.345 maximum millage rate. Due to the state legislation, the maximum millage rate and the rate used to develop this budget is 1.0997.

The 2006-07 final tax levy was \$20,583,742. Using the 91% rollback rate, the new levy will be \$1,336,172 less than the 2006-07 levy. Note that these amounts represent the levy (or amount billed), not the amount to the general fund. The actual amount received by the General Fund will be decreased by the amount required to be transferred to the CRA and by 5% (as required by state law) to allow for pre-payment discounts and non-payments.

The preliminary taxable value in the City increased \$939,250,453 over the FY2006-07 taxable value. The new taxable value is \$17,472,376,401. The below chart shows the trend in taxable value.

The second part of the property tax reform relies on a voter referendum, scheduled for January 2008, which will change the way the homestead exemptions are calculated. Current estimates of this impact are not yet available, but if passed, it will decrease the city's taxable value. Coupled with the restrictions on increasing the millage rate, the impact will be even greater in 2008-09.

Expenditure Increases

With 40 public beach access points, the City Pier, and several vibrant commercial areas, the City of Naples continues to be the destination point for Collier County residents as well as residents from the east and northern coasts of Florida. The rapid growth in Southwest Florida (particularly Collier County) has had a direct impact on the City. Although the geographic boundaries of Naples reflect minimal increase, the population that Naples serves has grown tremendously and the City's infrastructure needs and level of service requirements have grown along with it. In fact, since 2000, the County population has grown by 33%, compared to the City's growth of only 9%

City staff originally proposed a maximum millage rate of 1.345 for this budget due to many expenditures that are expected to increase for 2007-08. Double digit health insurance increases, contractual raises for employees, increased requirements from the Police and Fire Pension Funds, maintenance requirements of the city's recent beautification efforts (i.e. medians and parkways) and continued jumps in the costs of fuel affecting all supplies, have caused budget expenses to increase again, like last year. In addition, service expectations from residents continue to increase. Still, staff additions were not considered this year, except in the Water and Sewer fund, which due to the addition of 10 miles of reuse line, four Utility Technicians have been added. To address the property tax reform challenge, there have been three positions eliminated:

- Planning Administrator – A reorganization separating the Community Development Department into two separate departments, Planning and Building & Inspections, has enabled the elimination of the vacant Planning Administrator position. In addition, GIS will become part of the Technology Services Department, instead of part of Community Development.
- Recreation Coordinator – The Norris Center had staffing levels exceeding that of the other parks, and a recent vacancy enabled this position to be eliminated.
- Marina Compliance Technician – This was a one-year, grant-funded position, where the funds were now depleted. The primary duties of the position have been moved to the Code Enforcement function of the Police and Emergency Services Department, where there was a vacancy.

The budget provides for employee raises in accordance with union agreements, where applicable. For employees not covered by a contract, or with a contract currently under negotiation, the same increase was assumed as for the union employees. The estimated increase to the budget is approximately \$2.5 million, with approximately \$1.5 million in the General Fund.

Health insurance expenses are budgeted to increase by \$672,585. A small portion of this increase is shared by the employee. The City has budgeted to fund employee pensions in accordance with pension actuarial reports. The required pension changes are shown below:

- Police Pension contribution rate increases 12.88% to 15.8%
- Fire Pension contribution rate increases from 15.65% to 22%
- General Pension – no change 9.1%

The City conducted an actuarial study of the future cost of post employment benefits, in accordance with GASB statement 45 (also called Other Post Employment Benefit or OPEB). That statement requires future disclosure of the annual costs of providing retirees' benefits other than their pensions. The city allows retirees to purchase health and life insurance at our group rate. According to GASB 45, this is a benefit to the retiree, which should be recorded at a minimum, as a long term liability on the books of the City.

Starting in next fiscal year, the city will be required to record the liability of the Other Post Employment Benefit. The city is not required to fund this liability, nor are we expected to budget for it. Although the disclosure is required, management does not believe that it will have any impact on the City's financial condition.

Fund Balance Analysis

An important responsibility in budget forecasting is the assessment of available net assets (surplus) and net income/(loss). Financial experts generally agree that net assets for a fund should equal at least 15% of the total annual budget, and that a negative net income (i.e. loss) should be avoided. These measures help the City prepare for future emergencies. The City adopted a fund balance policy, by Resolution 02-9845, which establishes limits and uses of fund balances for the major operating funds, and the City applies that policy to applicable funds. It defines the Undesignated Fund Balance as the total of all General Fund Assets, minus all General Fund Liabilities, minus all other Reserve or Designated Accounts. This is reported to the City Council within 90 days of the end of the fiscal year.

A decrease in fund balance, by itself, is not concerning. There may be major capital costs that affected the fund balance or there may have been an intentional plan to reduce the fund balance to a responsible level. The size of the fund balance should not be too low or too high. If a fund balance is consistently too high, it may be a sign that the public agency's taxes or fees have been too high. On the other hand, if the fund balance is too low, the public agency risks being unprepared for emergency situations. The city's bond rating could also be impacted.

For this budget analysis, the document shows a minimum of three years of gross revenues and gross expenditures, and a summary of all funds (excluding Internal Service Funds) including beginning and ending fund balance for three years.

Of all the funds, the Stormwater fund is of the most significant concern in this budget. The Public Works department has a professional rate study underway, and the entire rate structure will be revised. Without a rate adjustment to make up for the ongoing capital construction needs, the fund will fall short for funding \$70 million in projects over the next 10 years.

General Fund

The City of Naples General Fund provides funding for the traditional services of municipal government. This includes elected officials, police and fire department services, parks and parkways, recreation, planning, and administrative activities. The residents of Naples have supported investment in enhanced service levels for public safety and extensive parks and landscape improvements, which denote the special quality of life in Naples. This year the Police and Fire Department (formerly named Police and Emergency Services) is undergoing a reorganization. This includes reassigning staff to a new division. This is further explained in the Police and Fire Department narrative.

As discussed above, the property tax reform has had a significant impact on the General Fund's ability to raise tax revenue. The City has always had a very low tax rate, well below the state maximum of 10 mills. Still, property taxes represent 40% of the revenue in the General Fund. It is important to note that the City's property tax typically represents only 10.4% of the City taxpayers' property tax bill. The remaining taxes paid by City residents are for the County Government, School Board, and other taxing districts.

In addition to the property tax reform, the City is also being affected by a nearly state-wide decrease in sales tax. According to the Florida Department of Revenue, for the past seven months, state-wide sales tax revenue collections fell below the estimates. The State has prepared preliminary revenue estimates for sales tax for next year that actually represents a \$160,000 decrease from the City's 2006-07 budget. This budget addresses part of this revenue loss by allocating more of the Telecommunications Tax to the General Fund. Formerly this revenue was split, with half going to the General Fund, and the other half going to the Utility Tax/Capital Projects fund. This 2007-08 budget has 90% going to the General Fund, with the balance assigned to Capital, an impact of approximately \$759,000 of additional revenue to the General Fund.

Water and Sewer Utility Fund

The City of Naples operates a Water and Sewer Utility, providing services to approximately 17,300 water and 8,600 sewer accounts within the City and in adjacent unincorporated areas of Collier County. Operated as an enterprise fund, charges to customers pay for the costs of operations and maintenance, debt service, payment in lieu of taxes and the prorated cost of central administration. Revenues also fund capital replacement and the annual charge for depreciation of the system. The City is currently performing a rate study, and is expecting a revised tier structure for water, including adding one or more tiers for high volume users. If the rate study is not completed and adopted, water and sewer rates will increase an amount equal to the Public Service Commission's Index (3.09%) in accordance with Chapter 66 of the City Code.

Naples Beach Fund

The Beach Fund provides for maintenance and enforcement activities along the City's beachfront. This enterprise fund is financed by meter collections, pay stations, parking fines, an annual cost sharing contract with Collier County, and payments from the concession operator at Lowdermilk Park and the Pier. The Naples Beach Fund is facing a challenging financial future. Currently, residents of both the City of Naples and Collier County are eligible to receive a free beach-parking sticker, allowing free parking at Lowdermilk Park, the Fishing Pier, and all beach ends. Tourists and guests may buy an annual pass for \$30, or continue to pay the meters or stations on a daily or hourly basis. This new guest pass program is integrated with Collier County, and has negatively impacted the meter and pay station collections. The long term goal would be to have fees from the annual pass offset the loss at meters. City and County staff are working on the details of a new interlocal agreement to make this situation fair and equitable. A final interlocal agreement will be presented to City Council.

Solid Waste Fund

The City of Naples operates a Solid Waste Utility Enterprise Fund, providing collection and disposal of solid waste material for residential and commercial customers. Naples is one of the few cities in Florida to offer twice a week back door service. Solid waste rates are comprised of two elements: fees to cover all operating expenses, including depreciation of fixed assets, and a pass-through "tipping" fee for disposal at the Collier County landfill. As directed by City Code, this year's City fee will be increased in accordance with the Consumer Price Index (CPI) or 2.6%, and landfill fees will be increased based on the tipping fee charged by the County.

City Dock Fund

The City owns and operates an 84-slip marina on Naples Bay, providing leased and transient mooring of boats and retail sales of fuel, bait, snacks and beverages. Fees and price schedules are established to cover all costs of operation, including indirect costs, in this enterprise fund. In 2006-07, the dock updated their fee structure to continue to cover the costs of operations.

Stormwater Fund

The City's Stormwater Fund is an enterprise fund, created in fiscal year 1993 with the goal of master planning a stormwater discharge system for the City of Naples, providing water quality monitoring, sweeping of streets, and repairing the existing stormwater system. Revenues for this fund are generated from a \$4.00 per month per equivalent residential unit on the customer's utility bill.

The cost of stormwater operation and maintenance has increased to more than 50% of the revenues generated from this charge, limiting capital funds available to complete the City's overall master plan and system improvements. Although grant dollars from other governmental agencies have been secured (and budgeted) in prior years, the capital needs have far surpassed available funds. In April, a presentation by a city consultant indicated a 10 year need of \$70 million in capital improvements; and the corresponding rate study, due in December 2007, is expected to increase available funds to cover those needs.

Tennis Fund

Revenues to support the Tennis Fund are generated from memberships, daily play, and retail sales. The tennis facility includes twelve state-of-the-art, tournament subsurface lighted clay courts, and a pro shop with elevated viewing area which allows views of Cambier Park's features. Although the Tennis Fund is an enterprise fund, it does not pay its full pro-rata share of central administration as is charged to all other enterprise funds. This is a decision made by City Council during budget discussions for Fiscal Year 2001, and staff has continued that commitment through this budget.

In fiscal year 2005-06, the City received a commitment for a five-year contribution that will fund the debt service on the Tennis Center. This contribution enabled the Tennis Center, renamed the Arthur L. Allen Tennis Center, after the donor, to have a positive cash flow.

Building Permit Fund

The Building Permit Fund was established as a special revenue fund separate from the General Fund to ensure compliance with Florida Statute 166.222, which restricts the use of building permit revenue to the inspections and enforcement of the provisions of the building code. In 2007-08, reorganization will separate the Building Permit Fund from the Community Development Department, making this department a separate function reporting to the City Manager.

In addition to the positions showing in this fund, the Building Permit fund pays the cost of two Fire Inspector positions that were moved to the Police and Fire Services Department. The Police and Fire Services Department had two Fire Inspectors, and this move enabled the four positions to function more efficiently. The Building Permit Fund will be using a portion of its fund balance to complete the major capital project, Air Conditioning Upgrade, and will also be considering a future rate increase.

Canal Maintenance Taxing Districts

(East Naples Bay and Moorings Bay Special Taxing Districts)

The City of Naples maintains two special taxing district funds: Moorings Bay and East Naples Bay. These special taxing districts were established to finance dredging operations and maintenance of these two bay areas and for the retirement of existing debt. Due to the tax reform act, the tax levy for both districts will decrease slightly. This budget provides for a 0.455 mill tax levy for East Naples Bay Special Taxing District and a 0.0218 mill levy for Moorings Bay Special Tax District.

Community Redevelopment Agency

The Community Redevelopment Agency (CRA) special revenue fund is used to account for the City's Tax Increment Financing District. The CRA was created, in accordance with Florida Statutes Section 163, by Resolutions 94-7098 and 94-7099. The general boundaries of the CRA are usually identified as 7th Avenue North, the Gordon River, 6th Avenue South and 6th Street.

The primary purpose of the CRA is to make infrastructure improvements within the Redevelopment District. So far, improvements have included a parking garage, street lighting, rebuilding 2nd, 3rd and 4th Avenues North between U.S. 41 and 10th Street, major improvements to 6th Avenue South, relocating the traffic signal on Goodlette Road at Bayfront, rebuilding Menefee and Merrihue Parks on 5th Avenue South, installing decorative lighting on U.S. 41, and streetscaping 10th Street from U.S. 41 to Central. The 2007-08 budget includes a \$9,000,000 bond issue to fund the construction of a parking garage. There has been recent funding concerns for this bond issue, due to a judicial decision (the Strand case) requiring CRA debt to be approved by referendum. Staff is looking at alternative bond financing, and following the status of that case, as well.

Streets Fund

The Streets & Traffic Fund is a special revenue fund consolidating all revenue sources and expenditure accounts related to streets and traffic control. Revenue sources in this fund include the City's share of the Collier County six-cent local option gas tax, the portion of State shared revenue related to the municipal one-cent gas tax, street impact fees up to \$200,000 annually (all excess impact fees are paid to Collier County in accordance with the interlocal agreement) and the Collier County five-cent local option gas tax effective January 1, 1994.

Proceeds of the five-cent gas tax must be expended on street projects authorized in the capital improvement section of the City's Comprehensive Plan. Street impact fee revenue can only be expended for capital projects that enhance roadway capacity. Reduced revenues, due to the recent fuel tax allocation change, have resulted in the fund having insufficient earned revenues to continue all desired capital projects. For this year, the Utility Tax Fund will provide a subsidy of \$500,000 for continued road repaving.

Internal Service Funds

The City has five Internal Service Funds. They include:

- Risk Management
- Employee Benefits
- Technology Services
- Equipment Services
- Construction Management

These funds receive their revenue from charges to the other operating funds of the City. The charges to these other funds are based on either actual use or historical trend. There were no significant changes to these funds, with no positions or major changes affecting operations.

Conclusion

The annual budget is considered one of the most important documents the City Council approves each year. I want to express my gratitude to the many people who have contributed to this document, including residents who have provided needed input through their homeowner associations and neighborhood bus tours, City advisory board members who have made recommendations to City Council on many of the programs included in this budget, City employees who this year filled out individual budget survey forms and many of whom spent untold hours gathering information to enable expenditures to be appropriately forecasted, and especially to Finance Director Ann Marie Ricardi and Budget Manager Kathy Hankins for coordinating the data collection and outlining the budget format, enabling all departments to productively contribute to this document. Finally I want to express my gratitude to Mayor Barnett and all Members of City Council for their direction and support in the preparation of a fiscally sound and responsible budget.

Respectfully Submitted,

Dr. Robert E. Lee
City Manager

General Information

Naples is considered by many to be the crown jewel of Southwest Florida. With its subtropical climate tempered by the soft breezes from the Gulf of Mexico, people are struck by its natural beach beauty and the flora and fauna that are unparalleled in any community.

In addition to its natural features, the City of Naples is known for its world class shopping, exceptional dining opportunities and abundance of challenging golf courses. The community is often considered to have a resort lifestyle.

The City of Naples is located on the Gulf of Mexico in Southwest Florida, and it is the cultural and activity center of Collier County. Still the City is less than 20 miles away from the tropical wilderness of the Florida Everglades.

Naples was incorporated on December 1, 1923. It is approximately 14 square miles in size and has 106.3 miles of streets. Naples has a full-time population of approximately 22,000. However, from November to May the population swells to over 33,500, as part-time residents migrate from all parts of the world.

Education and Recreation

Schools in the City are run by the Collier County Public School District. There are four schools within the City limits: Gulfview Middle, Seagate Elementary, Lake Park Elementary and Naples High School. St. Ann School is a private school also situated in the City. Located near the City are Florida Gulf Coast University and Edison Community College.

The City of Naples has wonderful lodging and dining, as well as world-famous historic shopping districts. Mention areas like "Fifth Avenue", "Third Street" or "Tin City" and locals and their guests smile with delight from memories of good times had. With miles of pristine Gulf beaches and gentle surf, the City of Naples is a wonderful beach destination.

Parking is available at the end of nearly every avenue, making the City beaches the most accessible beaches in the County. The City has excellent fishing, both salt and fresh water, and has the famous **Naples Pier** where fishing is free, because the City of Naples maintains a fishing license for the Pier.

The City of Naples and surrounding Collier County have excellent golf and tennis facilities. More than fifty golf courses are in the County, and many are the work of top golf designers such as Tom Fazio and Jack Nicklaus. The City Community Services Department manages a competitive class tennis facility in Cambier Park, and Collier County attracts top players each year to events such as the Nuveen Masters Tournament.

General Information (continued)

In February 2000, Naples voters approved a referendum to issue \$8.4 million in General Obligation bonds to finance the purchase of property now called "the Naples Preserve". This 9-acre parcel, located in the center of the City on US 41, is the last large undisturbed tract of land in the City. The tract is on the same street as Fleishmann Park, a dynamic park with handball courts, skatepark and other activities for the young at heart. The goal of the purchase of the Preserve is to retain the property in a native pristine condition and allow for an interpretive boardwalk to allow visitors to enjoy the natural beauty.

Other park areas managed by the City include the City Pier, the beaches, the City Dock, Cambier Park and the Norris Community Center, Seagate Park, Fleischmann Park, Lowdermilk Park, River Park, the City Tennis Center at Cambier, plus many other smaller neighborhood passive parks.

In February 2005 John Villani, travel writer, arts critic and author of "The 100 Best Art Towns in America", announced Naples as the number one arts town in the nation for communities under 30,000. However, he said that Naples could rank as one of the top 10 arts cities in the nation in any population category because of its strong sense of support for the visual arts, performing arts, and music. Naples is a center of art activity, with sophisticated and serious art galleries representing the full spectrum of contemporary and traditional visual art genres. The Naples area has 128 art galleries, more than 500 artists, and at least 25 annual arts festivals.

Economy and Transportation

Based on the most recent (2006) census estimates, Naples and the surrounding area have one of the highest per capita incomes in the state. Naples median income was, at that time, estimated to be \$42,846, compared to the state average of \$31,469. Although most demographic data is not tracked for Naples itself, Collier County has a population that is made up of 50.1% male, and 49.9% female, split relatively evenly among age groups, as shown on the adjacent graph. The median age in Collier County is 44 years old.

According to the U.S. Census Bureau, the largest business type in the Naples area is Government, followed by Health Care/Social Services and Accommodations/Food Service.

City of Naples Top Ten Principal Employers

Employer	Employees
Collier County Public Schools	5,365
Collier County Government	3,788
NCH HealthCare System	2,269
Registry Resort/Naples Grand	880
Ritz Carlton Hotel	870
City of Naples	493
Naples Beach and Tennis Club	482
Allen Systems Group	221
Coler County Health Department	219
Wilson Miller Inc	140

General Information (continued)

The City of Naples is serviced by the Naples Municipal Airport. This 732-acre airport facility is a fully certificated air carrier airport. With two main runways, it is home to private, commercial and charter air carriers, plus fire/rescue services, Mosquito Control, car rental agencies, the Collier County Sheriff's Aviation Unit, flight schools, the Collier County Humane Society, and other aviation and non-aviation businesses. For more general aviation, the Southwest Florida International Airport is thirty miles north of the City, in Lee County. The City is relatively easy to access from Interstate 75, and is about a two-hour drive from Miami or Tampa.

Naples Community Hospital is located in the City. This medical facility has more than 500 physicians, 4,000 employees, and 1,900 volunteers at the 390 bed hospital. A 24-hour emergency department offers a full range of traditional emergency services. In 1996 the county's first open heart surgery program was initiated at the NCH Naples Hospital.

The following chart shows that the primary land use in the City is residential, with recreational (including private) and conservation being the secondary land use. The difference between the total city area (10,200 acres) and the land use (7,733 acres) is primarily due to the bodies of water calculated within the City's land area.

Current Land Use	Acreage	Percent
Residential	3,991.40	51.61%
Commercial	789.94	10.22%
Public/Semi-Public (Institutional)	252.70	3.27%
Industrial	30.74	0.40%
Recreation or Conservation	1,612.81	20.86%
Vacant	415.71	5.38%
Airport	639.81	8.27%
Total Land Use	7,733.11	100.00%
Total Area (City Limits)	10,199.76	

Government

The City is managed with a Council-Manager form of government. The legislative body consists of a Mayor and six Council Members. Each member of the legislative body is elected at large for four-year staggered terms. Elections are held in January every two (even-numbered) years.

The members of the legislative body are:

- Mayor Bill Barnett
- Vice Mayor Johnny Nocera
- William R. MacIlvaine
- Bill Wilkomm
- Gary B. Price II
- John Sorey III
- Penny Taylor

The City Manager, as Chief Executive Officer, manages the operations of the City and reports directly to the Mayor and Council. Dr. Robert E. Lee was selected in June 2003 to be the City Manager. Dr. Lee announced his resignation effective October 19, 2007, and Assistant City Manager Chet Hunt was named Interim City Manager. In addition, Dr. Lee has been retained on contract for assistance during the transition.

General Information (continued)

The duties and responsibilities of the City Manager are outlined in the City Code.

The City's municipal services are authorized by Florida Statutes and by local charter. Primary services provided by the City are police and fire/rescue emergency services, highways and street construction and maintenance, parks and parkways, recreation, water and sewer, and solid waste (refuse, recyclables and yard waste).

All departments of the City, with the exception of the City Clerk and the City Attorney, are under the supervision and control of the City Manager. A director, appointed by the City Manager, leads each department listed below:

Building Director/Building Official.....Paul Bollenback
 Police and Fire Services Director.....Victor Morales
 Planning DirectorRobin D. Singer
 Community Services DirectorDavid M. Lykins
 Construction Management Director..... Ronald A. Wallace
 Finance Director.....Ann Marie S. Ricardi
 Human Resources Director.....Denise K. Perez
 Information Services Director.....Stephen A. Weeks
 Public Works DirectorDan Mercer

The City is the recipient of many awards. Below is a list of many of its recent achievements.

- The Naples Police and Emergency Services Department was accredited (CALEA) in October 2004.
- 2004 and 2006 Florida Recreation and Parks Association (FRPA) Media Excellence Award in the Print Category (for quarterly program guide)
- 2007 FRPA Agency Excellence Award in Category V (serving populations at or below 34,999)
- Coastal America Partnership Award presented to City of Naples in recognition of efforts to protect and restore South Florida's aquatic coastal resources -- Oyster Restoration Project
- The Moorings Property Association- Best Public Landscape Design Beautification Award 2006).
- Tree City U.S.A. Designation awarded annually from 1999 to 2007
- Florida Tree City of the Year 2003 award.
- Family Friendly Workplace by the Naples Alliance for Children awarded annually from 1999 to 2007
- GFOA Certificate of Achievement in Financial Reporting
- GFOA Distinguished Budget Presentation Award

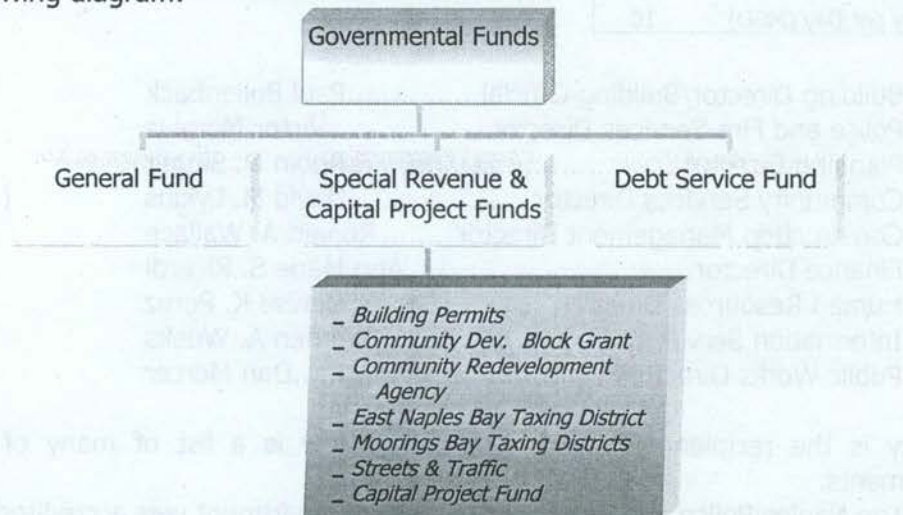

General Information (continued)

- 2006 - Florida Rural Water Association - Special Recognition Award for Dedicated and Outstanding Service and Award Winning Accomplishments.

The Financial Structure

The City funds are organized according to standards established by the Governmental Accounting Standards Board (GASB) and the State of Florida's Uniform Accounting System. The City's computerized financial system is designed to provide timely and accurate feedback on the City's overall financial position, and includes, at a minimum, monthly reports of receipts, monthly reports of budget variances, and monthly reports to Council on the overall financial status of the City. The City's annual financial statements are prepared by the Finance Department and audited by independent certified public accountants.

In accounting, a fund is a fiscal and accounting entity with a self-balancing set of accounts which is established to record cash and other financial resources, liabilities, fund equity and changes thereto. The City budgets nine Governmental Funds, as shown on the following diagram:

The General Fund is the major operating fund of the City. It accounts for all general government activity not accounted for in other funds. It includes most tax revenues and services such as public safety, parks, recreation, planning, and administration.

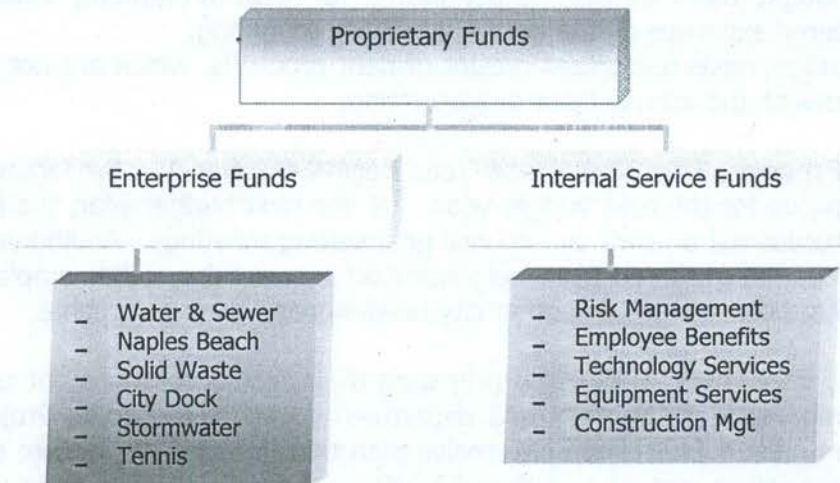

Special Revenue Funds are those funds with a revenue source that is specifically designated for a special purpose. In Naples, most of these funds are smaller in size, and therefore usually do not meet the criteria of a major fund. For budgetary purposes only, a major fund is one whose revenues or expenditures are more than 10% of the total budget.

General Information (continued)

Capital Project Funds are, according to Generally Accepted Accounting Principles, to be used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary fund). In Naples, many of the funds originally established as Capital Project Funds have evolved into Special Revenue Funds, although they keep their original fund number and fund structure. Historically established to fund capital construction projects with dedicated revenues funds, several now fund operations and staffing to accomplish the goals of the revenue source. Therefore, in our budgeting process, the classification of "special revenue fund" or "capital project fund" is less relevant. Both are treated the same.

The City's single Debt Service Fund tracks the current and future debt service requirements on general long term debt.

Proprietary Funds. Proprietary Funds are used to account for operations: (a) that are financed and operated in a manner similar to private business where the intent of the governing body is to ensure that costs of operating and providing services is completely or partially financed from user charges or (b) where the government body has determined that the periodic determination of net results of operations is appropriated for management control and accountability. Proprietary Funds include:

The primary difference between Enterprise Funds and Internal Service Funds is their customer base. Enterprise Funds primarily serve the residents or other external users, such as visitors to a special park. Internal Service Funds are used when the primary customers are other departments of the City.

Water and Sewer Fund is the largest fund in the City. It provides water, sewer and reuse water to a customer base which includes all city residents and extends outside the city limits. No other proprietary fund meets the 10% threshold of a major fund.

All of the above funds are included in the City's budget process. Not included in the budget process are the City's three pension funds.

General Information (continued)

Basis of Accounting. Naples' budgets are prepared on the modified accrual basis of accounting for most funds (except for the Proprietary Funds) where projected revenue is assumed to be recognized in the accounting period in which it becomes both measurable and available, and expenditures will be recorded when the liability is incurred, or when the cash disbursement is made, in the absence of the liability. Unexpended or uncommitted appropriations lapse at year-end, and appropriations committed by way of contract or purchase order are rolled into the new fiscal year. This basis for expenditures differs from the basis used in year-end reporting which is governed by Generally Accepted Accounting Principles (GAAP). Budgets for the Proprietary Funds are prepared on the full accrual basis of accounting.

The main differences between the City's budget basis and the GAAP basis are in the proprietary funds' accounting:

- The budget basis includes expenditures for capital outlay, which are not considered expenses on the accrual basis of accounting.
- Depreciation and amortization, which are considered expenses on the accrual basis of accounting, are ignored under the budget basis because these items do not require an outlay of funds.
- The budget basis includes expenditures for debt retirement, which are not considered expenses on the accrual basis of accounting.
- The budget basis recognizes receipt of debt proceeds, which are not considered revenues on the accrual basis of accounting.

Budgeting Process. The City's Fiscal Year begins October 1. By January, staff is already gearing up for the next budget year. For the next budget year, the first step in the budget process will be staff and council goal-setting meetings. Additional inputs for budgets will also be gathered from neighborhood associations, other employees, city-council appointed committees and other city residents and business people.

During March, departments will begin preparing their capital improvement requests for the Capital Improvement Program. All departments that have Capital Projects in the next five years must submit a comprehensive plan that includes a complete explanation for each project with a cost greater than \$2,000, a useful life of more than one year as well as any incomplete projects from the prior year. At the same time, Finance staff will begin assessing available and potential revenue sources to fund the requests.

The City's Five-Year Capital Improvement Program (CIP) is presented in June, in accordance with the City Code. Each page of the CIP represents a single project, and includes costs estimates, department priority, estimated recurring costs, potential savings, proposed funding sources, and justifications. The CIP is reviewed in a public meeting during June. All capital items submitted at the workshop are considered in the proposed budget document, and if approved, included in the final budget.

During April, departments begin preparing their budget requests using line-item budget formats. In addition, the departments establish goals and objective, which become the department's work plan. The departmental work plans incorporate much of the vision plans, Departments are also asked to submit performance measures, using a *Family of*

General Information (continued)

Measures approach that includes input (value of resources used to produce an output), output (quantity of units produced), efficiency, service quality and outcome. After that information is provided, the Finance Department prepares for each department a summary of significant budget issues, highlighting key information for the budget document. This usually focuses on the major categories of expense:

- Personal Services-Salaries, overtime, other pay, FICA, life/health insurance, retirement contributions and employee allowances,
- Operating Expenses-services, contracts, repairs, supplies and other costs,
- Non-Operating Expenses-Capital outlay, operating contingency, transfers in and out of the fund.

The proposed budget, a balanced and complete document, is presented to the City Council in late July for their review and discussion at August workshops. A balanced budget is represented when recurring revenue equals or exceeds recurring expenditures. Fund balance, and one time revenues such as grants, bond proceeds, and gifts may be budgeted to be used for one time expenditures, such as capital or equipment purchases. Expenditures, revenues, and any rate changes are discussed during the August workshops. After final consensus, the budget and tax rate are adopted at public hearings in September.

The adopted budget may be amended in two ways. As described in the budget ordinance, the City Manager is authorized to transfer money within a fund, except that he cannot increase staffing levels, nor modify the intent of the Capital Improvement Budget. Changes that would increase the total budget of a fund, increase staffing levels, or modify the intent of the Capital Improvement Budget as defined in the ordinance must have council approval by resolution.

The Finance Department provides monthly reports of financial condition to the Council, showing comparisons to last year's actual and to current year budget. In addition, all department heads provide monthly updates on the status of their goals and objectives, which are supplied in a separate report to Council.

City of Naples

BUDGET PLANNING CALENDAR For Fiscal Year 2007-08

- March 5, 2007 Finance to distribute Capital Improvement Project forms and instructions to departments

- April 2, 2007 2007-08 Budget Priorities/City Council Recommendations due

- April 5, 2007 ... 11:30-4PM Director priority-setting retreat, bringing forth suggestions from the boards and committees

- April 11, 2007 Capital Improvement Project requests due to Finance

- April 19-26, 2007City Manager meets Departments on CIP Requests

- May 14, 2007..... Community Redevelopment Agency operating budget due to City Manager

- May 14, 2007..... Draft Capital Improvement Project document to City Manager for final review

- May 16, 2007.....Internal Service Budgets, with goals and performance measures, due to Finance (Employee Benefits, Risk Management, Technology Services, Equipment Services, Construction Management)

- May 21, 2007..... CIP Document to Printer

- May 23, 2007..... All other Operating Budget requests due to Finance

- May 29, 2007..... City Manager meets with Directors on Operating Budgets

- June 1, 2007 Deliver CIP to City Council per City Code 2-371
Deliver CRA budget to City Manager

- June 4, 2007 Council Workshop on CIP and to consent to maximum millage rate

- July 1, 2007 Collier County to Certify Taxable Value

- July 27, 2007 Deliver Preliminary Operating Budget to City Council

- August 3, 2007 Deadline for DR 422 report to the Property Appraiser (Millage rate, rollback rate and meeting dates)

- August 13-15, 2007Budget Workshops

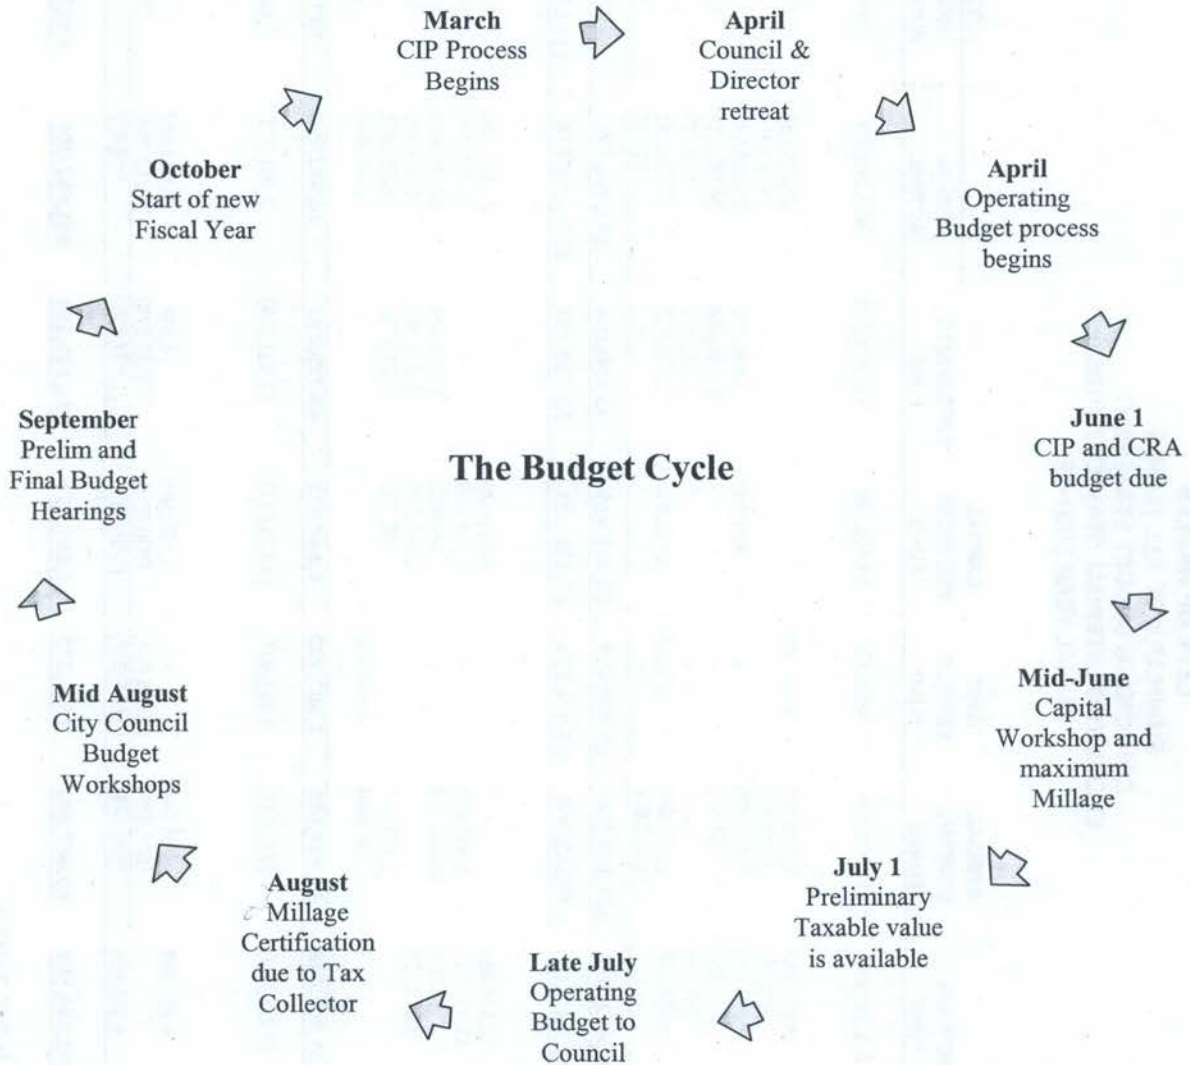

- August 22, 2007.....TRIM notices mailed by Collier County

- September 5, 2007Tentative Budget Hearing 5:05 pm

September 14-17, 2007.....Dates to advertise the Final Hearing

September 19, 2007.....Final Budget Hearing 5:05 pm

October 1, 2007.....Start of Fiscal Year 2007-08

							\$34,115,435

* Beginning Fund Balance is estimated for budget purposes

The goal of the City is to use available fund balances to maintain adequate funds to mitigate risks; ensure stable tax rates; reserve for next year's budget; pay down outstanding debt; use for capital projects or other one-time costs not funded during the current fiscal year and reserve for future capital projects or other one-time costs.

As explained below, the most common reason for a budgeted decrease in fund balance is the use of reserves for capital projects. For most funds, this is a planned use of funds, funds programmed from prior years. Fund balance increases occur when future projects are planned and funded on a pay as you go basis.

Special Revenue Funds

In the Building Permits Fund, reserves are exceeding desired thresholds, and are being used for a major air-conditioning upgrade. The Capital Projects Fund reserved and expects to use fund balance for several major projects such as Pulling Property and Fleischmann Park improvements. In East Naples Bay District and Moorings Bay District, the special revenue funds are increasing the fund balance to accumulate reserves for specific dredging projects.

The Streets and Traffic Fund (390) reflects a decrease in fund balance of \$514,058. The City of Naples is continuing the annual improvement programs for the streets, signal system, parking lots, sidewalks, and alleys, while receiving a smaller portion of the Gas Tax due to the 5-year allocation between Collier County, City of Naples, Marco Island and Everglades City.

Enterprise Funds

The enterprise funds are decreasing the fund balance to expend accumulated reserves for capital or construction projects. In the Water Sewer Fund, there are many projects that have been in the works for several years which are expected to be constructed in 2007-08. In the Solid Waste Fund, scheduled replacement of vehicles has caused 2007-08 to have an excessive use of funds, but funds will replenish prior to the next purchase. Finally, the Stormwater Fund is actually a concern in its use of Fund Balance. The City has some drainage issues and solving these will take more dollars than are available. The master plan scheduled for 07-08 will identify these gaps and solutions, including a new rate structure to increase revenues.

Internal Service Funds

The Equipment Services Fund is decreasing the fund balance by \$60,427 for equipment replacement that was scheduled and sufficiently funded.

City-wide, revenue projections for the upcoming year are generally based on historical collections, adjusted for any obvious growth trends or anomalies. In addition, the City uses the State of Florida's Local Committee on Intergovernmental Relations (LCIR) for projecting state-distributed revenues, such as sales tax and communications tax. The LCIR produces revenue estimates for all cities and counties and publishes them on their website for budget purposes. Exceptions to these common projection methods are noted throughout this budget document.

City of Naples FY 2007-08 All Funds Revenue by Type Net of Interfund Charges and Transfers

As the following charts show, "Taxes" and "Charges for Services" are the largest source of budgeted revenues city-wide. "Other Sources", which represents the third largest source, is a variety of sources including use of fund balance, investment income and proposed debt. "Taxes", budgeted at more than \$30 million, includes ad valorem taxes (\$19,056,740), sales taxes and utility taxes. "Charges for Services" primarily consists of Enterprise Fund revenues, such as charges to dock and tennis club customers and water/sewer customers. For this chart, interfund charges for services, specifically those of the internal service funds and General Fund Administrative Service Charges, have been eliminated. Some internal service funds have external revenue sources and are therefore still shown on this chart.

Fund and Description	Taxes	Licenses & Permits	Intergovernmental	Charges for Services	Fines	Other Sources	Total

Expenditure projections for the upcoming year are estimated at the department level. Salaries and benefits are projected from the payroll system, taking into consideration upcoming raises. Vacancies are generally projected at entry level, as are new positions, unless there is a reason to do otherwise. Operating expenditures such as utilities are based on historical trend, while some expenditures, such as travel, dues or contracts, are budgeted based on the known data.

(1) The Police and Fire Service Department was reorganized by creating a new division "Police Special Services Operations" and reassigning twelve staff members into that division.

(2) Community Services has reduced staffing through attrition by two positions.

(3) Wastewater Collection Division is adding four Utilities Technicians due to the extended re-use lines.

(4) .5 of the Community Development Director and .5 of the Sr. Admin Specials are moved from Building Permits to Planning Department. Vacant Planning Administrator position eliminated.

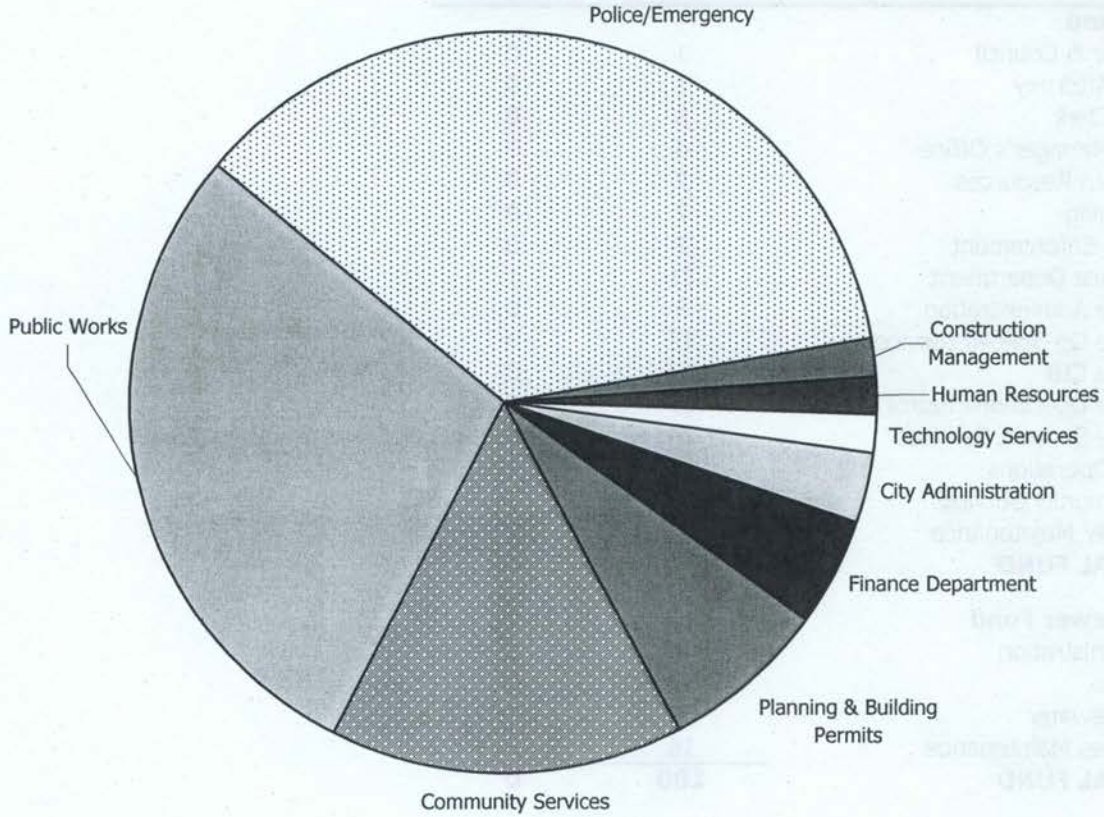

(5) .5 of the Natural Resources Manager position is now charged to the Stormwater Fund.

Detailed explanations of staff changes are included in each department summary.

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**City of Naples
Florida**

For the Fiscal Year Beginning

October 1, 2006

President

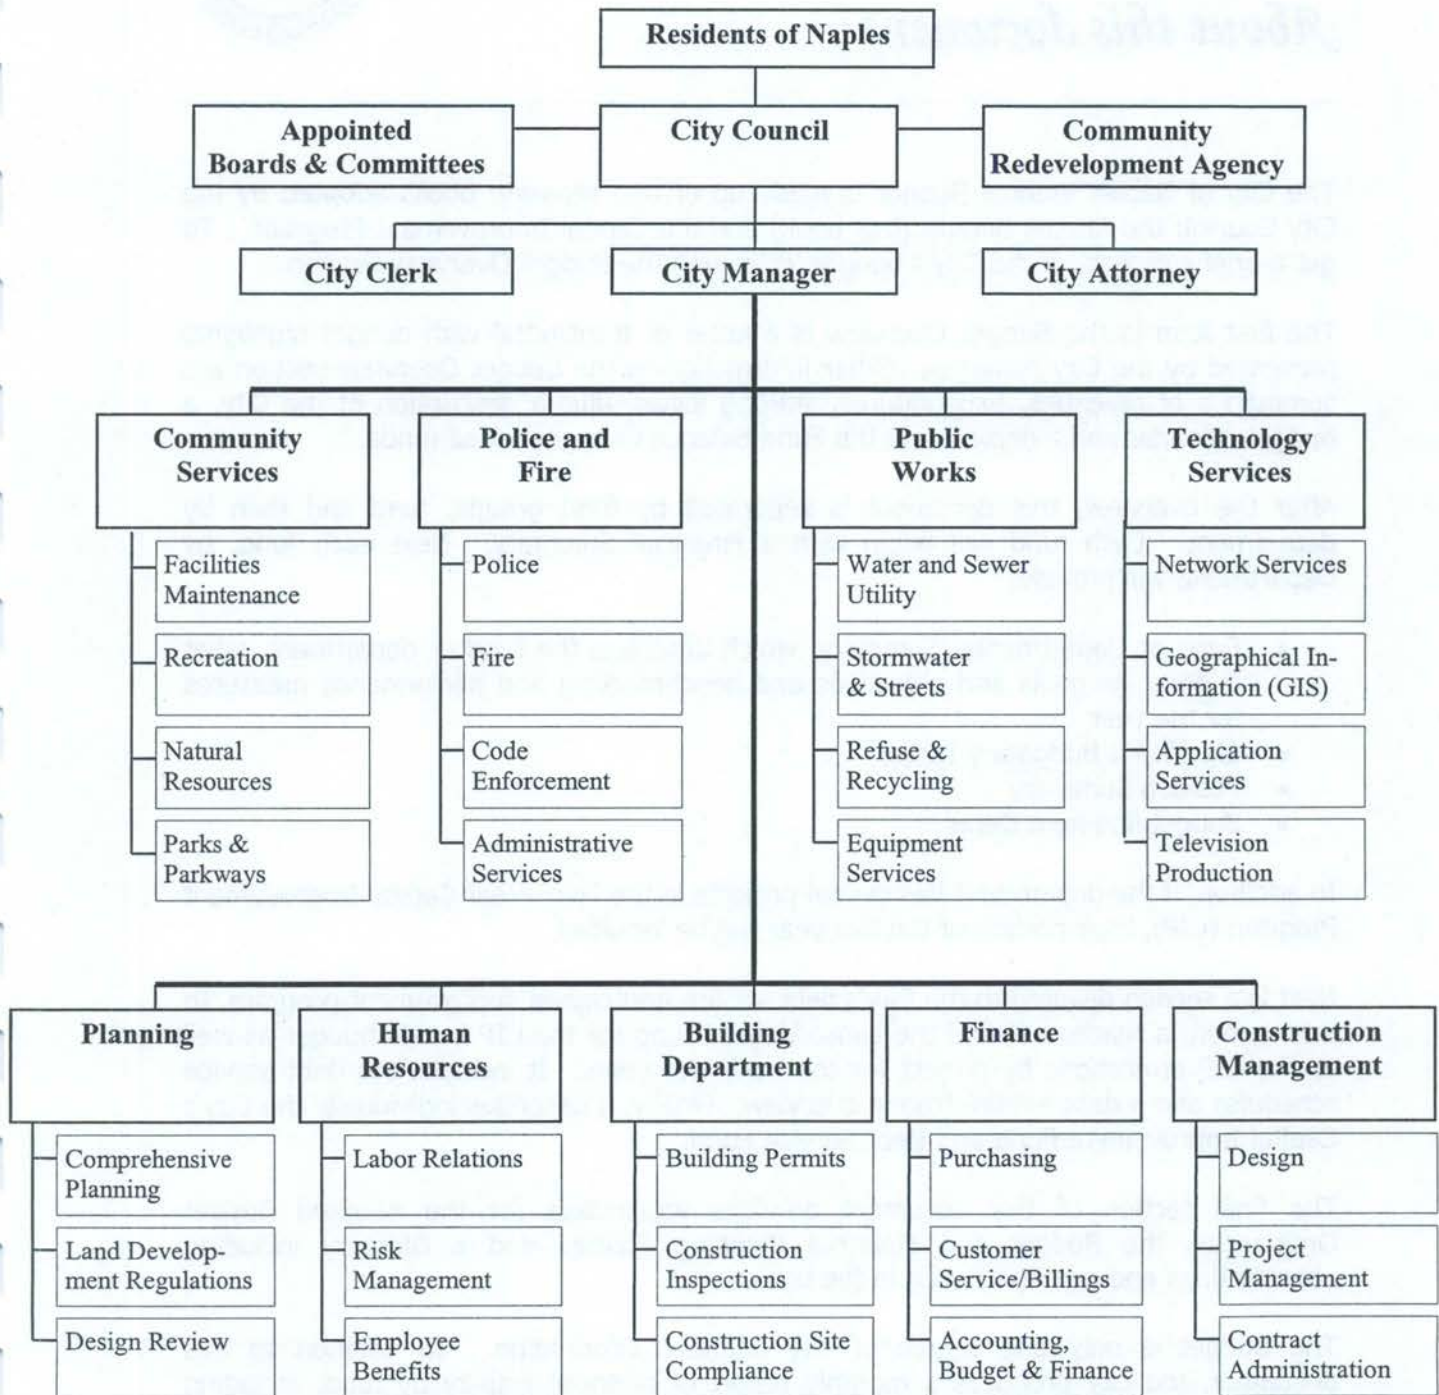

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented an Award for Distinguished Budget Presentation to the City of Naples, Florida for its annual budget for the Fiscal Year beginning October 1, 2006.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

The award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another year.

City of Naples Organizational Chart

City of Naples, Florida

About this document

The City of Naples' Annual Budget is made up of two separate books adopted by the City Council: the Annual Budget (this book) and the Capital Improvement Program. To get a brief summary of the City's budget, start with the Budget Overview Section.

The first item in the Budget Overview is a letter of transmittal with budget highlights presented by the City Manager. Other information in the Budget Overview section are summaries of revenues, expenditures, staffing levels, plus a description of the City, a budget calendar and a depiction of the Fund Balance Changes for all funds.

After the overview, this document is separated by fund groups, fund and then by department. Each fund will begin with a Financial Summary. Next each fund, by Department, will provide:

- Fund or Departmental Summary, which describes the fund or department, what it does, its goals and objectives and benchmarking and performance measures for the year
- Significant Budgetary Issues
- Position Summary
- Budget line-item Detail

In addition, if the department has capital projects in the Five -Year Capital Improvement Program (CIP), their portion of the five year will be included.

Next is a section devoted to the City's debt service and capital improvement program. In this section, a reader will find the consolidated listing for the CIP in this budget as well as the CIP projections by project for the next four years. It includes the debt service schedules and a debt administration overview. Finally, it describes individually the City's Capital Improvement Fund and Debt Service Fund.

The final section of this document provides appendixes for the Adopted Budget Ordinances, the Budget and Financial Planning Policies and a Glossary including abbreviations and acronyms used in the book.

The budget is only one source of city financial information. In addition to this document, the city produces a monthly report of financial activity by fund, including investments, operations, capital projects and legal fees. This report is available in the City Clerk's office. The city also produces a comprehensive annual financial report (CAFR), available on line or in the City Clerk's office. Any additional information may be acquired by contacting the City's Finance Department, or any department of the City.

City of Naples

General Fund Revenue Analysis

Overview

This year the City of Naples, like other cities in the state, were faced with a challenge. Mandated budget rollbacks and cuts from Tallahassee reduced the city's ability to tax property for governmental services. Further, the new legislation restricts the growth of future revenues. The City of Naples' millage rate for Fiscal Year 2007-08 (abbreviated FY throughout this document) is 1.0997 mills or 11.8% less than the FY 2006-07 millage rate of 1.2450.

County and municipal tax sources are restricted by the Florida Constitution and by the Legislature. The City of Naples utilizes most of the allowable revenue sources to fund governmental services; however, there are still several options available if the City needed to raise revenue. One option is to increase property taxes within the new legislative guidelines. Other revenue options are to add a new utility tax (such as water), increase telecommunication taxes, or to increase or add user charges such as special assessments and fees.

Revenue in the General Fund is separated into seven categories: Local Taxes, Licenses and Permits, Intergovernmental Revenue, Charges for Services, Fines and Forfeitures, Miscellaneous Income and Fund Balance/Transfers. These categories are established by the State of Florida's Uniform Accounting System. For Fiscal Year 2007-08, the revenues for the General Fund are \$35,777,769.

Local Taxes (\$24,691,547)

Ad Valorem Taxes

The Ad Valorem Taxes are the largest single revenue source to the General Fund, budgeted at \$17,431,817. Collier County Property Assessor is assigned the responsibility for assessing property within the City. Florida Statutes require the Assessor to provide an estimate of property values to the City by July 1 to aid in the budgeting process. For FY 2007-08, the preliminary taxable value (per Property Appraiser's report DR420) of all properties within the City is \$17,472,376,401. The chart below shows the growth in taxable value. Local and national market analysts have indicated that Naples and Collier County are becoming overvalued, and prices (and assessed values) will slow substantially. The City will have to consider additional sources of revenue as noted above, if this occurs.

TAXABLE VALUE (in billions)

As the table below shows, property values have steadily increased, ranging from an increase of 24.7% to 5.0% over prior year.

Increase in value over prior year	24.7%	17.3%	12.6%	8.9%	8.9%	21.0%	5.0%
-----------------------------------	-------	-------	-------	------	------	-------	------

For Fiscal Year 2007-08, the millage rate is 1.0997 (or \$1.0997 per thousand dollars of property value). Based on the 1.0997 rate, the City would expect to collect a maximum of \$19,214,372. In accordance with Florida Statutes, the City reduces this up to five percent (5%) to allow for uncollected funds and prepayment discounts. Therefore, for FY 2007-08, the budgeted tax revenue for Ad Valorem Taxes would have been \$18,253,653. In 1995, the City created a Community Redevelopment Agency (CRA), funded by Tax Increment Financing (which is described separately within the CRA fund). For 2007-08, \$783,480 of the City's Ad Valorem Taxes will be assigned to the CRA fund, leaving **\$17,470,173** as budgeted ad valorem tax income for the General Fund. The Chart below shows the trend for the ad valorem tax rate.

Other Local Taxes

The City assesses non-exclusive Franchise Fees for the Electric and Trolley companies. Because of the 2001 State of Florida's Simplified Telecommunications Tax, the City does not assess Telephone or Cable Franchise fees.

The Electric Franchise Fee is a negotiated contract with Florida Power and Light (FPL), and the fee is now 5.9%. It is expected to bring in \$3,750,000 of revenue to the City, based on prior year collections with small growth. In August 2001, the City entered into a 20-year agreement with TECO Gas, which includes a 6% franchise fee. The City is currently receiving approximately \$3,392 per month in Gas Franchise Fees, leading to a 2007-08 budget of \$40,700.

Naples assesses a Payment in Lieu of Taxes (PILOT) on the Enterprise Funds of the City. The PILOT is established at 6% of revenues, and it is similar to franchise fees charged to the private sector utilities. For 2007-08, the City has established the following PILOT charges:

Water and Sewer	\$1,504,530
Solid Waste	\$360,000
City Dock	\$100,000

The Simplified Telecommunications Tax passed by the Florida Legislature in 2001 set the City's telecommunications tax rate at 3.3%. This tax covers telephone and cable television bills and is collected by the telephone and cable providers. For the City, the telecommunication tax is shared

between the General Fund and the Utility Tax fund. In order to make up the losses in the fund from other taxes, the 2007-08 split is 90% to the General Fund, or \$1,504,000, and 10% to the Utility Tax fund. Future Telecommunications tax receipts could be affected by changes in technology, and growth may be limited.

Licenses and Permits (\$360,200)

The City of Naples is budgeted to collect \$360,200 in Licenses and Permits. The primary revenue in this category is the Occupational License Tax. Generally, the Occupational License Tax is a tax on all persons for the privilege of engaging in or managing any business, profession or occupation within the corporate limits of the City. State law allows the City to increase rates every two years. The last increase was November 2005 (for Fiscal Year 2006-07), so the next opportunity to raise rates will be for Fiscal Year 2008-09. Therefore, there is no rate increase in this budget. The City Occupational Licenses are projected to bring in \$233,000 for Fiscal Year 2007-08. This is based on an estimated 3,800 permits issued.

The City expects to collect \$50,000 from the County for the City's proportionate share of County Occupational Licenses.

Revenue of \$25,000 for Landscape Permits was authorized by Resolution 06-11245. It is projected that 143 permits will be issued.

Other revenues in this category include address changes for \$6,000; contractor exams for \$10,000; right of way permits for \$9,200; special event permits for \$25,000 and outdoor dining permits for \$2,000.

Intergovernmental Revenue (\$3,239,300)

Intergovernmental Revenue in the General Fund is budgeted at \$3,239,300, with the largest source of intergovernmental revenue being the General Use Sales Tax, budgeted at \$2,489,100. This sales tax revenue represents a small portion of the state's 6% sales tax that is collected within the county and distributed to municipalities based on a population formula. Projections for this revenue source are based on the State of Florida's Legislative Committee on Intergovernmental Relations. This group annually prepares a document that includes a projection of all state-shared revenues and this information is also available on its web site. This revenue source has a projected decrease, due to the economy.

Another notable revenue source is the State Revenue Sharing program, expected to bring \$630,000 to the general fund. The Revenue Sharing Program includes a variety of taxes that are pooled and allocated based on a State-calculated formula. The formula's components include population, sales tax collections and relative ability to raise revenue.

Other intergovernmental revenues are:

- **Mobile Home Licenses** \$6,200 (In the State of Florida, mobile homes and certain trailers are considered vehicles and require licenses. The City receives a portion of that license for those registered within the City limits.)
- **Firefighters Education** \$8,000 (Firefighters who meet certain educational requirements receive supplemental pay from by the State.)
- **Fuel Tax Refund** \$31,000
- **Alcohol Beverage License** \$75,000 (Distributed to the City per F.S. 561.342)

Historically, in the City's accounts, intergovernmental revenue shows several grants received, such as moneys received from FEMA, other federal agencies or TDC. However, the City does not typically include grants in the adopted budget, unless the grant award is known during the

budget process. Including non-awarded grants may appear to be a misleading budget, and may show appropriations that are not available. To adjust for this conservative practice, the budget ordinance states that acceptance of a grant automatically amends the budget.

Charges for Services (\$6,603,504)

Charges for Services reflects the revenues related to services performed, whether received from private individuals or other governmental units. The General Fund is budgeted to collect \$6,603,504 in Charges for Services.

The largest revenue in Charges for Services is the Administrative Charge assessed on other operating funds. The General Fund provides services to other funds. One example includes the Finance Department (in the General Fund), which provides all accounting, check writing and payroll services to the other funds. The Administrative Charge is an attempt to recoup a fair share of those costs.

The amount that should be charged to each fund was calculated using a modified step-allocation plan. The basis for this plan includes the number of employees, square feet of buildings and number of purchase orders issued. Until 2001-02, the fees were flat percentage based. Modifying the charge to more accurately reflect the non-general fund's impact has been unfavorable to the general fund. This improved method is both fair and well documented. The 2007-08 allocation was prepared based on either no change or a minor (5%) increase, depending on the fund's history. The allocation will be formally recalculated for FY07/08.

Administrative Charges to:	FY 03-04	FY 04-05	FY 05-06	FY 06-07	FY 07-08
Water/Sewer Fund	1,900,000	1,818,720	1,832,720	1,799,000	1,888,950

Streets and Traffic Fund	140,000	120,000	120,000	130,000	137,000
Pensions Fund	31,000	34,020	35,720	49,500	51,975
Total	\$3,738,500	\$3,748,880	\$3,806,515	\$3,966,050	\$4,165,504

In 2003/04, the City originally planned to charge the taxing districts (East Naples Bay and Moorings Bay) for a portion of their overhead costs. However, such charges are prohibited in the Districts' enabling legislation.

The City projects to collect \$332,000 in Security Services, which is a reimbursement to the City for special police services provided to private entities. In addition, the budget includes \$471,800

in accordance with the City's contract to provide fire service at the Naples Municipal Airport (APF).

Another major source of Charges for Services is the user fees for recreational programs. Most of these fees are from specialty camps, events and activities held at City facilities. Note that until 2003, the athletic programming revenue was included in Fleischmann Park's revenue. Therefore, trend history before that date is inconclusive.

Fleischmann Park	\$407,000
Norris Community Center (Cambier)	\$138,500
River Park Center	\$77,800
Athletic programming	\$150,300
Skate Park	\$152,500
Total	\$926,100

As the chart below shows, the revenues from the various programs cover only a small portion of the costs of running those services and sites. For example, the Skate Park and Fleischmann Park have program revenues (shown in the dark color) at nearly 50% of the program costs. Norris Center, River Park and the Athletics programs, however, are primarily funded by taxes, with only limited program revenues. Because many of the City's recreation programs have a "free" element, such as basketball courts, or passive park areas, the funding from alternate sources, such as taxes, is expected.

**Recreation Program Total Expenses
With Funding Sources**

For further information on the relationship of the costs of these programs as compared to the revenues, see the Community Services Department pages in the General Fund.

The County Utility Billing Charge of \$36,000 represents revenue from an interlocal agreement for the City issuing county sewer bills for properties served by city water. This agreement, dated January 28, 2003, does not have a termination date, but does have a fee review clause. During 2007-08, Finance staff will evaluate the sufficiency of the \$36,000 to see if an adjustment is due.

Fines and Forfeitures (\$369,000)

The General Fund is budgeted to receive \$369,000 in fines for FY 2007-08.

The primary sources of fines are traffic-type citations and other violation notices issued by the Naples Police Department. This is budgeted to be \$275,000 for FY 2007-08. All non-parking ticket and violation revenues are collected by the County Court system and remitted to the City. In addition, any parking ticket violator who requests a court hearing will also have their fees collected by the County Court system, which will then be remitted to the City. New in 2005, City Code 62-158 authorized an additional fee on citations allocated specifically for School Crossing Guards. Funds received are put into a reserve account, and may only be credited to revenue equal to the cost of the guards. Annually, the City receives and credits approximately \$20,000 per year for the guards.

Police Training, at \$18,000, represents the funds received from a \$2 fee imposed in accordance with City Code Chapter 2-337.

City Fines are budgeted at \$40,000, which is consistent with receipts from prior years.

In 2004-05 the City's Code Enforcement staff was transferred into the General Fund, from the Building Permits fund, and with it came the approximately \$9,000 in fines assessed and collected for violations.

Miscellaneous Income (\$1,054,218)

The primary Miscellaneous Income for all funds is Interest Income. Interest Income is estimated by multiplying an assumed interest rate by the average amount of funds invested during the year. For 07-08, the assumed interest rate is 5%, and the projected average invested funds will be \$18,000,000. Therefore, Interest Income is budgeted at \$900,000.

The General Fund will collect \$124,218 from the Community Redevelopment Agency, as that fund continues to repay loans. For the full re-payment schedule, see the CRA Fund.

Other Income is budgeted at \$30,000. This estimate will cover revenues that are unusual and not classified elsewhere, such as prior year insurance reimbursements.

Summary

The General Fund Revenue for 2007-08 is budgeted at \$35,777,769. With the ad valorem tax at 1.0997, the city continues to enjoy one of the lowest tax rates in the State, and there are no general fund rate increases included in this budget.

**Mayor
&
Council**

City of Naples, Florida

Departmental Summary Page

DEPARTMENT Mayor and City Council
FUND: General Fund

Mission:

To preserve the City's distinctive character and culture through legislative action that restores Naples Bay, protects beaches and other waterways, promotes community sustainability and environmental conservation, establishes more green space, supports public amenities, promotes community health, enhances mobility and public safety and strengthens the economic health and vitality of the City.

Department Description

The Office of the Mayor and City Council is the legislative body representing the City of Naples. Naples is governed by a "council-manager" form of government.

The City Council consists of a Mayor and six (6) Council Members, each receiving a salary and related benefits. In order to be a Council Member, a person must be a qualified voter of the City and elected at large. All the powers of the City are vested in this Council and their actions are governed by the City Charter, City Code of Ordinances and the General Laws of the State of Florida.

2007-08 Significant Budgetary Issues

The 2007-08 budget for the Mayor and City Council's Office is \$292,038, a \$26,036 increase over the budget adopted for Fiscal Year 2006-07.

The budget for Personal Services is \$261,383, making up 89% of this Office's budget. This Office has a total of eight (8) positions budgeted, consisting of seven (elected) members of the Council and one (non-elected) Executive Assistant. The biggest reason for the large increase is due to Life and Health Insurance, where an employee had a change in coverage from the prior year's budgeted coverage.

The budget for Operating Expenses decreased slightly, due to the elimination of a payment on a copier. Major expenditures budgeted for this office include \$10,000 for Council Members' training and travel-related costs (for attending such sessions as the Florida League of Cities Annual Conference or the Legislative Action Day), and \$4,170 budgeted in Memberships for membership in the Florida League of Cities and the Southwest Florida League of Cities.

City
Attorney

City of Naples, Florida

Departmental Summary Page

DEPARTMENT City Attorney
FUND: General Fund

Mission:

To provide legal counsel to City Council, Advisory Boards and city staff on all matters involving city policy and administration in a thorough and proficient manner.

Department Description

According to the City Code, section 2.11, the Naples City Council can employ an attorney-at-law to be known as the city attorney, to "perform such duties as directed by the Council for a term and at compensation to be fixed by Council". The Council has selected to contract with a law firm to represent the city in legal matters. The City has an in-house legal coordinator to assist as needed.

2007-08 Goals and Objectives

	Estimated Start	Estimated Completion
As part of Vision Goal #5 (Maintain and enhance governance capacity for public service and leadership), minimize legal exposure for the City		
Attend and provide legal advice at all regular meetings of City Council, Planning Advisory Board and Code Enforcement Board, monitor or attend workshops as needed and assist committees and administrative staff as needed in special circumstances.	October 2007	September 2008
Represent the City before all state and federal courts and all agencies in civil matters. (Daily basis).	October 2007	September 2008
Assist in the development of an annexation policy	December 2007	March 2008
As part of Vision Goal #5, (Maintain and enhance governance capacity for public service and leadership), improve the practice of preventive law on behalf of the City		
Conduct training sessions including Sunshine Law and Public Records Law to boards and committee	January 2008	April 2008
Provide legal assistance in code enforcement capabilities related to the reorganization and expanded enforcement program	October 2007	December 2008
Provide a timely and accurate response to requests for opinions and legal assistance.	October 2007	September 2008

Departmental Summary Page (continued)

DEPARTMENT City Attorney's Office
FUND: General Fund

	Estimated Start	Estimated Completion
As part of Vision Goal #5 (Maintain and enhance governance capacity for public service and leadership), assist with the preparation of ordinances, resolutions, agreements, contracts, legal opinions and other legal instruments, including those that meet the goals and vision of the City		
Provide guidance with the development of historic site protection ordinances and resolutions	January 2008	June 2008
Improve the efficiency of the blank or sample common legal documents such as liens, releases, and resolutions	October 2007	February 2008
Ordinances-Draft and/or review all ordinances, resolutions and agreements. (Completed bi-weekly in conjunction with agenda item review.)	October 2007	September 2008
Prepare monthly litigation report to City Council.	October 2007	September 2008

2007-08 Significant Budgetary Issues

The 2007-08 budget of the City Attorney's office is \$688,756, a \$2,475 increase from the adopted FY06-07 budget.

The City Attorney's office has \$97,661 budgeted in Personal Services, which funds the salary and benefits of the one employee of the department. This represents a \$9,090 increase over the budget of 2006-07 primarily due to the general employee wage and benefit increases.

The Department has \$591,095 budgeted in Operating Expenses. This is a decrease of \$6,615 from the FY06-07 adopted budget. Although the contract with the City Attorney has built-in increases, other costs have been reduced or eliminated, including Other Contractual Services which was reduced by \$5,000, and Cable Attorney (previously budgeted as a contingency item), which was eliminated.

Professional Services (i.e. transcribing, reporting)	\$25,000
City Attorney Contract	\$292,630
City Attorney Litigation as needed	\$200,000
Labor Attorney	\$25,000

Other costs include law subscriptions, transcribing services, training, and general office expenses.

City Clerk

City of Naples, Florida

Departmental Summary Page

DEPARTMENT City Clerk
FUND: General Fund

Mission Statement

To be the repository of the official records of the City of Naples and, as such, contribute to the preservation of the community's distinctive character through supplying historical information which is invaluable in decision making and in maintaining/enhancing the delivery of high quality public services. One particularly important aspect of this function is to assure the public that these vital records of the town's heritage are safeguarded and accessible to all.

Department Description

The Naples City Clerk maintains the official records of the City of Naples, and per the City Code, is the primary point of contact for official records of all proceedings of the City Council, appointed boards, committees and commissions of the City. In addition, the Clerk's Office directs the records retention program for all City records, and provides assistance to all persons, upon request, in accessing non-exempt City records, regardless of who the actual custodian of those City records may be, in conformance with the State of Florida Public Records Law, Chapter 119, Florida Statutes. The City Clerk reports directly to the City Council.

Other duties of the Naples City Clerk's office include giving notice of City Council meetings and keeping the journal of the City Council proceedings, and coordinating City elections.

2007-08 Goals and Objectives

	Estimated Start	Estimated Completion
As part of Vision Goal #5 (Maintain and enhance governance capacity for public service and leadership), implement an organization-wide records disposition schedule		
Tabulate and analyze results of organization-wide records inventory	October 2007	September 2008
Implement program to notify departments of expiration dates of various records series.	October 2007	September 2008
As part of Vision Goal #5 (Maintain and enhance governance capacity for public service and leadership), complete a finding aid system following installation of new storage equipment in City Clerk's vault.		
Inventory records and project amount of space needed to accommodate storage for approximately ten years.	October 2007	December 2007

Departmental Summary Page (continued)

DEPARTMENT City Clerk's Office
FUND: General Fund

2007-08 Goals and Objectives

	Estimated Start	Estimated Completion
Draft detailed descriptions of records series contained in City Clerk's Office for reference to those both inside and outside the organization.	October 2007	September 2008
Continue program of cross-training of staff members as work load permits.	Ongoing	

2007-08 Significant Budgetary Issues

The budget of the City Clerk's Office is \$640,758, an \$89,947 or 16.3% increase over the budget adopted for Fiscal Year 2006-07.

Personal Services expense makes up 86% of the City Clerk's budget and has increased 19.5% over the 2006-07 budget. The City Clerk's office has a total of eight (8) positions budgeted, no new positions. The increase is related to the general pay raise, a pay grade increase for the Technical Writing Specialists, and the related costs of benefits.

Operating Expenses, at \$89,858, is the same as the FY06-07 budget. The larger expenses are listed below:

Legal Ads	\$32,000	For public hearings, second reading of ordinances, council meeting notices, etc.
Professional Services	\$14,000	For supplements to the City Code and to the Comprehensive Development Code
Document Imaging	\$7,000	For State of Florida archiving services

The City budgets for the elections costs in "non-departmental". The City is anticipating minor costs related to the January 2008 election.

2007-08 Performance Measures and Benchmarking

City Manager

City of Naples, Florida

Departmental Summary Page

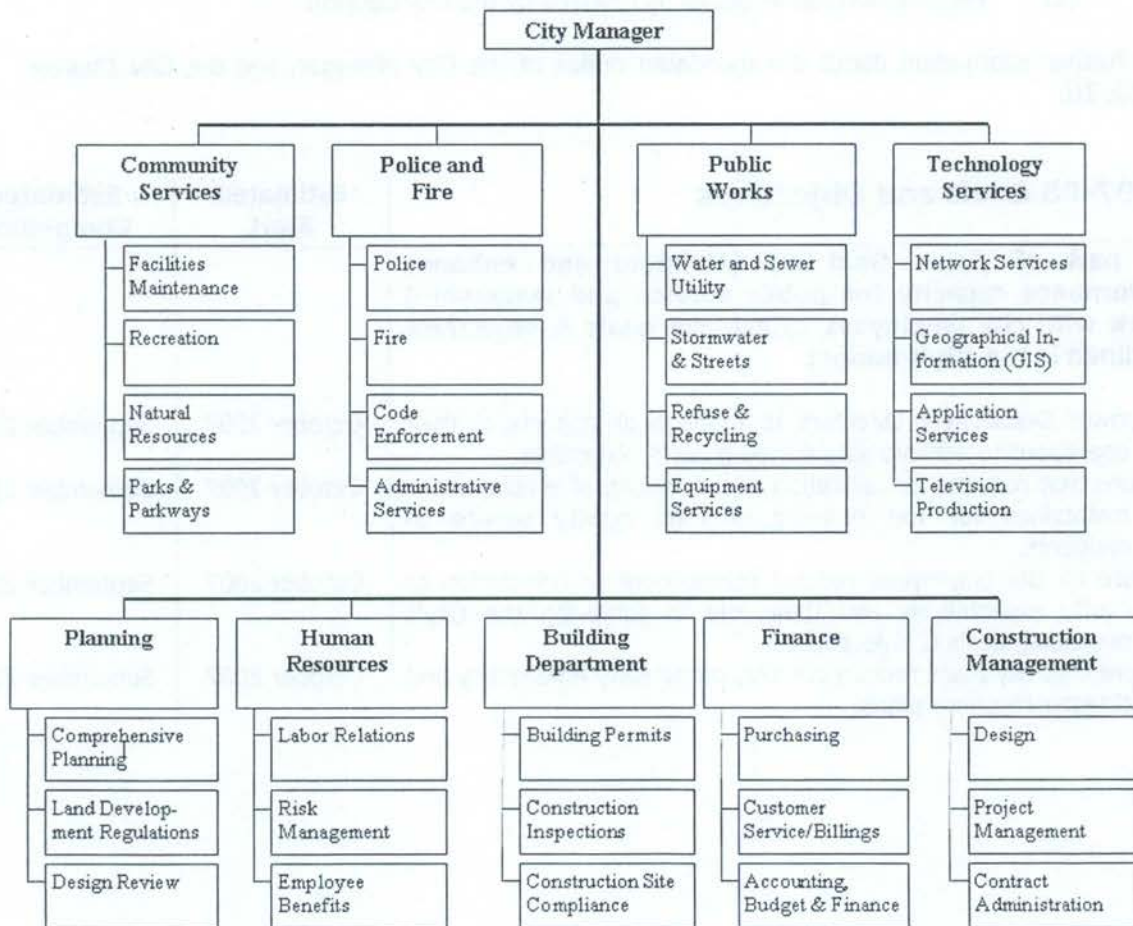

DEPARTMENT City Manager
FUND: General Fund

Mission Statement

The mission of the City Manager's Office is to deliver governmental services to the citizens of Naples in an efficient and professional manner, to remain cognizant of our city's regional context and proactively plan and maintain productive regional relationships, and ensure that Naples' distinctive character and culture is preserved.

The chart below shows the general responsibilities of the City Manager's Office, and the corresponding assignments to the departments of the City.

Departmental Summary Page (continued)

DEPARTMENT City Manager's Office
FUND: General Fund

Department Description

The City Manager serves as chief executive officer and head of the administrative branch of the city government. In accordance with the City Charter, the City Manager is responsible to council for the proper administration of all departments, except the Legal Department, Community Redevelopment Agency and the City Clerk.

Therefore, the City Manager's duties and responsibilities include the following:

- (a) Enforce all laws, ordinances and contracts of the City.
- (b) Appoint and remove any officers and employees of the city, except those appointed by the City Council.
- (c) Prepare the Capital Improvement Program and the annual City Operating Budget for submission to City Council for review and approval and be responsible for the subsequent administration of the approved budgets.
- (d) Prepare a complete report on the finances and administrative activities of the city for the preceding year and submit to City Council within ninety (90) days after the end of each fiscal year.
- (e) Perform such other duties as required by the City Council.

For further information about the mandated duties of the City Manager, see the City Charter Article III.

2007-08 Goals and Objectives

	Estimated Start	Estimated Completion
As part of Vision Goal #5 (Maintain and enhance governance capacity for public service and leadership) work with city employees to achieve goals & objectives outlined in the city's budget		
Empower Department Directors to manage all aspects of their operations to achieve established goals & objectives.	October 2007	September 2008
Ensure that required accreditation and licensing of employees is maintained for the delivery of high quality service to residents.	October 2007	September 2008
Ensure all city employees receive comprehensive orientation to clarify expectations and their role in achieving the City's overriding goals & objectives.	October 2007	September 2008
Ensure that city plans remain current, particularly emergency and disaster response plans.	October 2007	September 2008

Departmental Summary Page (continued)

DEPARTMENT	City Manager's Office
FUND:	General Fund

2007-08 Goals and Objectives

	Estimated Start	Estimated Completion
Meet monthly with all Department Directors, both individually and as a group, to assist in completing departmental goals, which are linked to the City's Vision Plan Implementation Strategy.	October 2007	September 2008
Meet quarterly with all supervisors to answer questions on City policies, facilitate divisional updates from those attending the meetings, and encourage discussion on ideas to improve City services.	October 2007	September 2008
Meet monthly with an employee committee represented by all departments to empower employees to develop programs to improve employee recognition and communication and to answer questions on City policy.	October 2007	September 2008
Continue to formally recognize City employees through the employee incentive program, the quarterly City Council employee awards program, and the annual employee appreciation luncheon.	October 2007	September 2008
Visit employee worksites throughout the year and spend time to understand job responsibilities and "get to know" the employees better.	October 2007	September 2008
Write a monthly column in the employee newsletter and respond to employee questions through the "Ask the City Manager" section within this newsletter.	October 2007	September 2008
As part of Vision Goal #5 (Maintain and enhance governance capacity for public service and leadership) strengthen effective Manager/Council relationship through professional and consistent communication methods		
Whenever possible inform all City Council members about major events or issues before they become newsworthy.	October 2007	September 2008
Provide all City Council members the same information so all members can make well informed decisions.	October 2007	September 2008
Prepare thorough, yet concise, agenda packets for all meetings of the City Council, and strive to deliver each packet by 5PM the Wednesday before the City Council workshop and regular meeting.	October 2007	September 2008
Provide a detailed monthly report to Council members on the status of goals & objectives, including budgetary matters, for all city departments.	October 2007	September 2008
Provide a weekly City Manager update on the City website describing the status of City services, construction and beautification projects, and other information of interest to residents and visitors.	October 2007	September 2008

2007-08 Significant Budgetary Issues

The budget for the City Manager's Office is \$592,384, a \$36,706 increase over the budget adopted for Fiscal Year 2006-07.

The City Manager's Office has a total of four positions budgeted. Increases are primarily due to general raises and the increased cost of insurance. Other Salaries line item, at \$2,000, will be used to fund an intern or Manager in Transition for special projects during the year.

Departmental Summary Page (continued)

DEPARTMENT **City Manager's Office**
FUND: **General Fund**

Operating Expenses decreased \$8,288. The major area of decrease is in the line item entitled Naples Annual Report. Published annually, the report has not been mailed to every residence due to its availability on-line and in public places for those wishing to have one. Therefore, mailing costs of the report have been eliminated.

2007-08 Benchmarking and Performance Measures

The City Manager's Office has the primary responsibility for implementing and monitoring the Performance Measurement Program. Performance measurement is the assessment of how well a department or division performs when providing goods and services. Ideally, it tells us not only how much is being done, but also how efficiently, at what quality, and to what effect.

FISCAL YEAR 2007-08
CITY MANAGER
DEPARTMENT SUMMARY

This page intentionally left blank

Planning

City of Naples, Florida

Departmental Summary Page

DEPARTMENT Planning Department
FUND: General Fund

Mission:

To provide the highest standard of customer service and public involvement while professionally implementing the City's Vision, Comprehensive Plan, and Code of Ordinances

Department Description

The Planning Department is responsible for overseeing the development of the City in accordance with the City of Naples Comprehensive Plan and Comprehensive Development Code. This Department also manages the review process for granting zoning variances, planned developments, rezone requests and other land-use issues and provides staff support to the Planning Advisory Board, Design Review Board and Fifth Avenue South Advisory Committee.

Until FY 2007-08, the GIS division and the Building Permits Function were part of the responsibility of Planning, formerly entitled Community Development. The GIS division was once associated with Planning as a mapping and graphics amenity; however, GIS has now become more closely associated with database analysis and maintenance. Therefore, it was a reasonable reorganization to have GIS become part of the Technology Services Department (Fund 520). The line between the Building Permits function and Planning has also become more distinct, and creating a separate department with a separate director for the Building Permits function was inevitable.

Planning Goals and Objectives

The Planning Department will be focused on the Comprehensive Plan and other related long range planning issues, such as incorporating the results of the visioning process into the Comprehensive Plan, updating the Capital Improvement Element of the plan per new statutory requirements and adding the new Public School Facilities Element. The timing of these amendments coincides with the required implementation of the changes, which are required to be adopted by June 2008 and are outlined in the Evaluation and Appraisal Report. The department will also be using this as an opportunity to work with other City departments and outside agencies to update the level of service standards, such as those for storm water and park facilities.

There has been discussion and some resolution regarding a number of code amendments including historic preservation and some new suggested changes regarding planned developments. The Planning Department intends to focus on these amendments and others that will help streamline the process and implement the City's vision.

FUND: **General Fund**

Planning Goals and Objectives	Estimated Start	Estimated Completion
As part of Vision Goal #1 (preserve the City's distinctive character and culture), amend and update the City's Comprehensive Plan as required		
Amend the Capital Improvements Element for 2007, incorporating the findings of the Visioning Process, the Pathways Plan and the Stormwater Master Plan	October 2007	December 2007
Adopt Inter-local Agreement and New School Facilities Element	October 2007	March 2008
Conduct Public hearings on Comp Plan Amendments	January 2008	February 2008
Coordinate transmittal and adoption of EAR based Comp Plan Amendments	January 2008	June 2008
Amend Capital Improvements Element for 2008	May 2008	December 2008
As part of Vision Goal #3 (maintain an extraordinary quality of life for residents) oversee contractual requirements for planning services		
Assist with document and information gathering for River Park Master Plan	October 2007	November 2007
Coordinate notice and deadlines for River Park Master Plan	October 2007	December 2007
Assist with public information requirements for update of the Community Redevelopment Area Master Plan	October 2007	December 2007
As part of Vision Goal #2b (promote community sustainability and environmental conservation) amend the Code of Ordinances		
Adopt amendments related to drainage in single family districts	October 2007	November 2007
Adopt amendments to the D-Downtown District	October 2007	November 2007
Prepare and discuss amendments related to historic preservation	October 2007	December 2007
Conduct fee study	March 2008	June 2008
Create certificate of use program	March 2008	June 2008
Recommend code amendments to streamline processes, where appropriate	March 2008	June 2008
Amend property maintenance standards to include minimum housing requirements	March 2008	June 2008
Implement recommendations of the River Park Master Plan	March 2008	June 2008
As part of Vision Goal #5 (maintain and enhance governance capacity for public service and leadership) provide for the efficient review and processing of petitions		
Create and update a list of pending petitions accessible to other departments	October 2007	December 2007
Provide for the electronic submittal of petition package materials	October 2007	December 2007
Coordinate the scanning of existing files	June 2008	September 2008

Department Summary Page (continued)

DEPARTMENT Planning
FUND: General Fund

Significant Budgetary Issues

Revenues

In the 2005-2006 fiscal year, the Planning Department collected a total of \$48,493 in petition fees and fines, and expects to collect \$40,000 in both the current year (2006-07) and in 2007-08. These show as General Fund Revenues.

Expenditures

Planning has a budget of \$648,167. This represents an increase of \$38,540 over the adopted 2006-07 budget. The primary area of increase is in Personnel Services, up \$40,220. There are several changes made to the Planning structure that affected personnel services. First, one Planner I was upgraded to a Planner II. Second, a reorganization has impacted this department. The Director of the department was formerly in charge of Planning, GIS, and the Building Permits function. Effective October 1, a reorganization separated these three functions, thus the Planning Director and the Administrative Specialist will no longer have their costs split between the Building Permits Fund and General Fund. Finally, because the Department Director will be able to focus more on Planning, the Department has deleted the Planning Administrator position, which would have had an estimated 2007-08 cost of more than \$103,000. There may be another staff change later in the year, by upgrading a Planner II to a Senior Planner. That decision will be made after evaluating this reorganization; the change would be minimal in terms of cost.

For FY 2006-07, (the year just ending), expenditures were almost as expected with some exceptions. The visioning process and several larger projects warranted additional advertising and operating supplies, causing those line items to exceed budget. Therefore, these line items were increased for 2007-08.

FUND: General Fund

Mission:

To provide to City Council, staff, residents and guests of Naples all municipal financial business needs, efficiently and professionally, and to ensure City resources are used for city purposes through a combination of efficient transaction processing, effective internal controls, and accurate financial information. In a spirit of excellence, integrity, and dedication, the highest standards of accounting, financial reporting, budgeting, investments, revenue collections, and procurement shall be followed and promoted.

Department Description

The City of Naples Finance Department operates in two funds: General Fund and Beach Fund. In the General Fund, the Divisions of Finance/Accounting, Customer Service and Purchasing are assigned with a distinct set of financial responsibilities.

Finance/Accounting is responsible for all general accounting duties of the City, such as fixed assets, accounts payable, annual audit, payroll and the preparation of all City financial reports such as the Comprehensive Annual Financial Report. In addition, this section is responsible for the preparation of the City's budget, the management of all debt and the investment of surplus funds. The division also collects revenues for the City, such as parking fines, licenses, boat and beach stickers, landscape certifications, utility bills, etc.

Customer Service assists utility customers by mailing out utility bills and processing utility changes. The division is responsible for direct contacts with customers regarding account balances and usage problems. The division assists the Finance/Accounting division with a variety of customer inquiries. In addition, this section issues occupational licenses and reads water meters.

Purchasing is responsible for assisting departments in getting the most appropriate product and service at the most responsive price. It manages a warehouse operation of commonly used operating supplies, including meters, brooms, chemicals and preprinted forms. The Purchasing Division's primary mission is to deliver the highest quality procurement services in the most efficient and fiscally responsible manner for the City.

This department, as a whole, is responsible for ensuring City wide internal controls and financial accountability.

2007-08 Goals and Objectives

	Estimated Start	Estimated Completion
As part of Vision Goal #4 (Strengthen the Economic health and vitality of the City), improve efficiency in the finance divisions.		
Review opportunity for bi-weekly instead of weekly accounts payable	April 2008	June 2008

Departmental Summary Page (continued)

DEPARTMENT Finance Department
FUND: General Fund

2007-08 Goals and Objectives	Estimated Start	Estimated Completion
Investigate Electronic Funds Transfer for Vendor Payments	December 2007	March 2008
Recommend alternative information source for non-finance questions, which are transferred to Customer Service.	December 2007	March 2008
Conduct Internal Training on budgeting, purchasing and accounts payable	March 2007	June 2008
Enhance the Click 2 Gov so that it's easier for customers	October 2007	December 2007
Convert bid notification to email and postcards	December 2007	March 2008
At least four times, encourage Direct Deposit for payroll	October 2007	March 2008
Review opportunity for privatization of utility bill mailing	March 2008	April 2008
Review pension buyouts to determine if there are any savings to encourage early retirements.	June 2008	July 2008
Research and bid if appropriate Utility bill/Phone bill audit	December 2007	March 2008
Modify Purchasing Vendor list procedure	October 2007	February 2008
As part of Vision Goal #4 (Strengthen the Economic health and vitality of the City), enhance revenues and/or revenue collections		
Research and develop opportunity for special taxing districts	December 2007	March 2008
Review outstanding debt for arbitrage compliance	February 2008	July 2008
Conduct zero-read audit for meters to improve collections	June 2008	August 2008
Pursue delinquent special assessments with direct contact for the customers	January 2008	February 2008
Improve Meter Reading Process for fewer zero reads or missed reads.	June 2008	September 2008
As part of Vision Goal #5 (maintain and enhance governance capacity for public service and leadership), enhance knowledge of finance employees, other staff, management and the public		
Ensure employees attend applicable professional training to keep up to date on trends	October 2007	September 2008
Publish the FY 2007 CAFR and submit to the GFOA's award program by March 25, 2008	November 2007	March 2008
Publish the FY 2008 budget and submit to the GFOA's award program by December 25, 2007	November 2007	December 2007
Publish the monthly financial reports by the 11 th of each month	October 2007	September 2008

2007-08 Significant Budgetary Issues

The General Fund budget of the Finance Department is \$1,713,219, an increase of \$98,229 over the adopted 2006-07 budget.

Finance and Accounting, budgeted at \$1,007,160, shows an increase of \$76,796 (8%) over FY 2006-07. There are 10.8 positions budgeted in this section, the same as in 2006-07. Personal Services is the largest area of increase. Increases are primarily due to the annual contracted raise and the increased cost of benefits.

Operating Expenses increased \$190 due to a contractual increase of \$4,500 in the auditing contract. Training and Travel costs are a significant item in this budget, due to the many professional certified (CGFO, CPFO and CPA) employees who are required to maintain education levels to keep their certification, and due to the ever changing requirements of the field that require regular training. Other Contractual Services includes one off-site storage unit for accounts payable and related records. There are no other major costs in this division.

Customer Service, with a budget of \$446,611, is an increase of \$15,376 (3.5%) over FY 2006-07. There is no major change in this section's expenditures; most areas have decreased, including the fuel costs, as the department is expecting to use less fuel with the new hybrid vehicles being used in meter reading.

Major Operating Expenditures in Customer Service include Postage (primarily for Utility Bills) (\$34,000), and Printing for utility bills and occupational licenses (\$13,500). Uniforms and Clothing costs represent the required shoes and shirts for the utility Meter Readers.

Purchasing, with a budget of \$259,448, is an increase of \$6,057 over the FY06-07 budget. There are four (4) positions budgeted in Purchasing. The primary area of increase, salary and benefits, which increased due to the contractual salary raises, was slightly offset by general operating line item decreases.

Community Services

City of Naples, Florida

Departmental Summary Page

DEPARTMENT **Community Services**
FUND: **General Fund**

Mission:

To be responsive to the public by providing exceptional Parks & Parkways, Recreation, Natural Resources, Waterfront Operations and Facilities Management in a cost effective, efficient and professional manner and by providing the citizens, employees, and contractors with professional customer service.

Department Description

In the General Fund, the Community Services Department consists of four major divisions: Administration, Parks and Parkways, Recreation and Natural Resources.

Community Services **Administration** is responsible for the management of these sections, coordinates special events, and manages several areas shown elsewhere in this budget. These areas include: Facilities Maintenance (part of Non-Departmental in the General Fund), the City Dock Fund, Lowdermilk Park, the Tennis Fund, Facilities Maintenance and Beach Enforcement in the Beach Fund, and Facilities Maintenance in the Community Redevelopment Agency Fund.

The **Parks and Parkways Division** handles the maintenance of the City rights-of-way and medians, as well as managing the over 28,000 trees contained within the City's landscape.

The **Recreation Divisions** include the various Parks and Community Centers located throughout the City, including Cambier Park and the Norris Community Center, Fleischmann Park, River Park, Naples Preserve, and the recreation programs at Gulfview Middle School, Lake Park Elementary and Seagate Elementary.

Natural Resources Division is responsible for the maintenance of the many natural resources in the City, including beach, bay and inland waters.

2007-08 Goals and Objectives

	Estimated Start	Estimated Completion
In accordance with Vision Goal #5 (maintain and enhance governance capacity for public service and leadership), provide administrative support and oversight for all services and divisions within the Department and provide a full range of public recreation facilities and services for residents and visitors

<u>Recreation Division Goals</u>		
In accordance with Vision Goal #5 (maintain and enhance governance capacity for public service and leadership), provide quality recreation, cultural and athletic programs, activities and events		
Provide management of capital improvements at City Recreation Facilities as budgeted.	October 2007	August 2008
Improve the Recreation Information on the City Web site for better access including new web page design, online registration, program information, seasonal brochure and general community services info.	October 2007	March 2008
Maintain high level of customer satisfaction (90%) by continuing to collect comment cards and following up with customer concerns	October 2007	Sept. 2008
Maintain a high level of attendance and participation in recreation programs, activities and events by marketing and tracking where and how customers learn about the activities that the Recreation Division offers	October 2007	Jan. 2008
Identify and apply for sponsorships and grants to help subsidize special events and camps	October 2007	May 2008
Implement Collier County Schools and YMCA program partnerships	October 2007	May 2008
Review program services to include partnership and promotion through the Healthy America 2010 and the National Governor's Association Healthy America Program	October 2007	May 2008
<u>Parks and Parkways Division Goals and Objectives</u>		
As part of Vision Goal #5 (maintain and enhance governance capacity for public service and leadership), provide fiscal management oversight and seek alternative revenue opportunities to supplement program services		
Maintain a citywide Urban Tree Forest through internal staff and contracted services for tree trimming, removal, replacement, grant and donation programs.	October 2007	Sept. 2008
Plant 200 quality trees through the Tree Fill-in and Replacement Program adhering to the Florida Grades and Standards	March 2008	August 2008
Inspect and act on 100% of tree ordinance violations within 30 days of observation or reporting.	October 2007	Sept. 2008

DEPARTMENT Community Services
FUND: General Fund

	Estimated Start	Estimated Completion
As part of Vision Goal #3A (Maintain and improve public amenities for residents) provide specialized project management for neighborhood median and cul-de-sac landscape beautification needs		
Restore at least 5 cul-de-sacs	October 2007	Sept. 2008
Upgrade criteria for sustainable landscape design guidelines for publicly managed properties, which includes native plants that require limited water use.	October 2007	March 2008
Reduce dependency on potable water for irrigation needs by upgrading automated systems and tapping into the City's Reuse Water System where available.	October 2007	March 2008

2007-08 Significant Budgetary Issues

The budget of the Community Services Department is \$7,653,539. It increased \$407,799 over the adopted budget of FY06-07. Due to the state requirements for property tax reform, this department responded with some reductions while still trying to provide a high level of service to the residents of Naples.

The **Administration** division budget is \$902,418, which represents an \$87,157 increase (or 11%) over the adopted budget of FY06-07. The only area of increase is in the personal services area, which is due in part to the scheduled wage increase, and several pay range adjustments made in the 2007 salary survey. There are no other major areas of change. Operating Expenditures were reduced because the 2006-07 budget included costs of surveying land for the city's land acquisition program.

The **Parks and Parkways** division, which handles the maintenance of the City rights-of-way and medians, has a budget of \$3,985,160, a \$340,786 increase over the adopted budget of FY06-07. There are two major components of this increase.

Parks and Parkways Personal Services cost, at \$1,228,564, has increased \$173,820. There are 22 positions budgeted, one less than in 2006-07. This is because one vacant position was modified to create an Administrative Specialist position in the Natural Resources Division. Despite this position modification, personal costs have increased, primarily due to the annual pay increase and a pay range adjustment made to several positions in the 2007 salary survey.

Parks and Parkways Operating Expenses has a budget of \$2,756,596, an increase of \$166,966. The major expense of this operation is Other Contractual Services, budgeted at \$1,769,000. This is the cost for contractual maintenance of city medians and rights-of-ways, lot mowing, tree trimming, root pruning and the tree inoculation (lethal yellowing) program. This line item is increased \$159,000 due to increases in contracts. There was discussion of adding another \$300,000 for specialty Banyan Trimming. However, this has not been included, in part due to the non-assurance of any storm benefit of this trimming.

Departmental Summary Page (continued)

DEPARTMENT	Community Services
FUND:	General Fund

Other Contractual Services, budgeted at \$1,769,000 includes:

o Mowing contracts	\$887,246
o Cable Bracing for trees	\$35,000
o Palm Tree Trimming	\$150,000
o Hardwood Trimming	\$160,000
o Tree Removal	\$60,000
o Tree Transplanting	\$70,000
o Lethal Yellowing inoculations	\$90,000
o Mulch Installation	\$60,000
o Other Specialized Services	\$256,754

(Bee removal, indoor plant maintenance, rodent control, root pruning)

Other major expenditures of Parks and Parkways include:

- Equipment Services and Fuel is budgeted at \$168,660
- Utilities, including water, sewer, garbage and power is budgeted at \$240,000
- Operating Supplies, such as mulch, fertilizer, plants, turf, clay, weed-eaters, pesticides and sod are budgeted at \$402,000.

The **Recreation** divisions' budgets are \$2,501,583 representing a \$19,069 decrease from the adopted budget of all the recreation divisions for FY06-07. This includes the expenses of Fleischmann Park, Skate Park, Cambier Park, River & Anthony Park, Athletics, Gulfview and Naples Preserve.

In the combined Recreation divisions, there are 12 (full-time equivalent) positions budgeted, one less than in 2006-07. The position eliminated was a vacant position at the Norris Center, leaving the Norris Center with similar staffing levels as the other centers. In addition to those 12 positions, there is \$560,000 in "Other Salaries". This is used to pay for summer lifeguards and other temporary recreation workers for camps and after school programs. Examples of some programs are "Lake Park Pre-School Camp", "Fleischmann Park Christmas Camp", and "River Park/Anthony Park Elementary Camp".

Note that the Skate Park appears to have a significant decrease, however part of that was due to a 2006 reorganization that moved the employee from the Skate Park to the Fleischman Park budget. In addition, the Skate Park insurance account of \$18,253 is no longer used and is funded in the General Fund non-departmental account. Finally resale supplies (or cost of goods sold at the Skate Park) have been reduced drastically, as the amount of merchandise sold there is not as high as originally estimated to be.

It is important to note that many Recreation activities have corresponding revenues received into the General Fund. Below summarizes the revenues that help offset the costs of the recreation programs:

Departmental Summary Page (continued)

DEPARTMENT Community Services
FUND: General Fund

	Division Revenue	Division Costs	Percent of Expense
Fleischmann Park	\$407,000	\$971,935	42%
Norris Community Center (Cambier)	138,500	\$451,976	30%
River Park Center and Anthony Park	77,800	\$560,568	14%
Athletics and School Site Activities	150,300	\$318,179	47%
Skate Park*	\$152,500	\$175,925	87%

The **Natural Resource** division was created in 2006-07. The budget for 2007-08 is \$264,378, representing a \$175 decrease from the adopted budget. The decrease is in part due to the elimination of a position that was grant funded for one year only (2006-07). The one-year position of Marina Compliance Inspector has been merged into the Code Enforcement position in the Police and Emergency Services Budget.

City of Naples, Florida

Departmental Summary Page

DEPARTMENT Police and Fire Services Department
FUND: General Fund

Mission:

To cooperatively ensure a safe, secure and orderly quality of life within the City of Naples, through highly disciplined public servants collectively trained for and committed to the prevention and control of unlawful conduct, fire and safety hazards, and the provision of emergency and human services, accomplished with dignity and respect for all people.

Department Description

The Naples Police and Fire Services is a combined department representing the Police and Fire Departments. The Fire and Police Services were consolidated into one department in 1995. The purpose of this consolidation was to provide leadership by one department head, so as to create a more effective and responsive management system for these important community services. While several administrative services merged, such as finance and records, the primary components of fire suppression, rescue, police patrol and investigations remained separate and intact.

Financially, the Department is separated into six separate divisions:

- **Administration** is responsible for the management of the Department, including recruitment, emergency management and internal affairs.
- **Fire Operations** is responsible for fire suppression, response to medical emergencies, and fire prevention. The bureau also responds to incidents involving technical rescue operation, hazardous material incidents, and public service requests. Fire Operations responded to 4,487 service incidents during 2006.
- **Police Operations** is the primary police force of the City, including sworn uniformed officers, uniformed Beach Safety Specialists, and School Crossing Guards in and around the Naples community. The City also has a K-9 Unit and a Marine Patrol Unit.
- **Criminal Investigations** includes a General Investigation Section, a Street Crimes Unit, a Technical Services Laboratory and a Property and Evidence facility.
- **Support Services** administers the Department's primary information resources including telecommunications, public safety radio, computer-aided dispatch and the records management systems. It is also responsible for the maintenance of the equipment and facilities for Police.
- **Special Services** is responsible for the accreditation, training, code enforcement, traffic enforcement and other specialty services.

Goals and Objectives	Estimated Start	Estimated Completion
As part of Vision Goal #3 (Maintain an extraordinary quality of life for residents), provide the Naples community--its residents, workers, and visitors--high quality people-oriented law enforcement, fire protection, medical rescue, and emergency preparedness services.		
Purchase and install, via Collier County 911 Office funding, Positron's "Power 911" telecommunications system for improved call handling data collection, management assessment and control regarding the timely answering of 911 emergency service calls	October 2007	December 2007
Purchase and deploy "Auto Pulse" technology devices in 3 emergency rescue vehicles and to enhance the delivery of high quality life-saving emergency medical services.	October 2007	December 2007
Purchase and deploy wireless notebooks and printer stations in Code Enforcement operations vehicles to enhance field reporting and operations productivity.	October 2007	March 2008
Expand and complete fire operations AVL project to include communications center apparatus tracking features and thereby enhance emergency response times and emergency services.	October 2007	April 2008
Review and assess police recruitment, hiring, orientation and training policies and practices to develop an action plan that embraces the Department's stated mission, goals and community oriented policing philosophy.	October 2007	March 2008
As part of Vision Goal #5 (Maintain and enhance governance capacity for public service and leadership) maintain and account for a cohesive workforce that is healthy, safe, well-trained, disciplined and committed to its mission.		
Perform a cost benefit assessment of the Firefighter Wellness Program, and report findings and an action plan for programmatic improvements that best meet our mission and goals.	January 2008	April 2008
Perform a comprehensive cost benefit assessments of police, firefighter, and civilian employee personal development and special training standards and practices, and report findings and an action plan for programmatic improvements that best meet our mission and goals.	January 2008	April 2008
Perform a comprehensive cost benefit assessments of police, firefighter, and civilian employee in-service training standards and practices, and report findings and an action plan for programmatic improvements that best meet our mission and goals.	April 2008	June 2008
Research and develop formal in-service and personal development training standards for Code Enforcement personnel.	October 2007	December 2007
Train and certify a second police investigator to run voice stress analysis equipment.	October 2007	March 2008
Add emergency medical services instructions to Fire Bureau's video training library and provide programmed training.	October 2007	January 2008

Goals and Objectives

	Estimated Start	Estimated Completion
As part of Vision Goal #4 (Strengthen the economic health and vitality of the City) administer and deploy financial and material resources within authorized budgets, operations plans and programs and quality accounting measures.		
Work in cooperation with City Construction Management Department in the renovation of Fire Station One and remain within budget and meet deadline for completion. See CIP 08E07	October 2007	September 2008
Purchase and deploy advanced Navigation Guidance equipment on Fire Boat One, for improved waterways response accuracy and operator safety features by December 2007. See CIP 08E06	October 2007	December 2007
Purchase and deploy advanced collision diagramming software program and enhance police traffic investigations capacity.	October 2007	December 2007
Upgrade equipment quality of Crime Scene Van inventory.	October 2007	December 2007
As part of Vision Goal #3 (Maintain an extraordinary quality of life for residents), share and communicate business information in the best interest of Criminal Justice and Public Safety principles and practices and in compliance with Florida Sunshine standards, using modern technology and practical media resources		
Research, develop, and publish an online public records request system.	October 2007	March 2008
Develop an online community satisfaction survey of Department services and personnel quality	October 2007	December 2007
As part of Vision Goal #3 (Maintain an extraordinary quality of life for residents), plan for and initiate innovative programs, policies, and procedures to deliver immediate, mid, and longer term service and productivity enhancements within the Department and for the Naples community		
Earn C.A.L.E.A. law enforcement re-accreditation.	October 2007	December 2007
Explore and test the merits and safety features of integrated voice and touch screen activated Police and Fire Services operations vehicle device controls, with a pilot project.	October 2007	December 2007
As part of Vision Goal #5 (Maintain and enhance governance capacity for public service and leadership) ensure employee accountability for high quality leadership, teamwork and professionalism in daily delivery of community services		
Develop and initiate a Community Orientated firefighting program in cooperation with the existing Community Orientated policing initiative.	October 2007	March 2008

FUND: **General Fund**

Goals and Objectives

	<u>Estimated Start</u>	<u>Estimated Completion</u>
Develop and deliver a special training program for department directors and division heads to enhance skills and knowledge needed to operate and manage the City Emergency Operations Center during declared emergencies.	November 2007	May 2008

2007-08 Significant Budgetary Issues

The budget of the Police and Fire Services is \$18,233,126, an increase of \$1,864,167 over the 2006-07 original budget. Personal services are the largest area of increase, increasing 12.5% due to contractual raises and increased cost of insurance.

Administration has a budget of \$398,675, a decrease of \$187,174. This includes funding for three positions, two less than last year due to a structural reorganization. These positions have been moved to operating bureaus of the department.

Police and Fire Administration's Operating Expenses are \$89,985, a \$1,967 decrease. The major operating costs are:

- Schools and Training at \$45,300, which includes \$25,000 for department-wide tuition reimbursement and \$13,800 for recruits to attend the academy, plus training for the employees of this division.
- Operating Supplies at \$13,350, which includes range supplies, Public Education supplies and uniform allowance.

The budget for **Police – Special Services** is \$1,067,148. With twelve people, the majority of this budget is salary based. There is no history, as this division was created for FY07-08 with employees from Community Policing and Patrol, Code Enforcement, and Administration.

The budget for **Criminal Investigations** is \$1,664,212, an increase of \$77,438 over the adopted budget of FY06-07. Personal Services, budgeted at \$1,617,112, makes up 97% of this division's budget, and is where most of the increase occurred. Despite a position correction, moving one position to Operations, there was still a minor increase. Personal Services increased primarily due to the annual contractual raise and the recent changes required to the Pension Fund Contributions.

In the Criminal Investigation Division, Operating Expenses are \$47,100, a \$1,675 increase. The major expense in this section is General Operating Supplies (\$26,000), which includes clothing allowance, audio/visual tapes, photo supplies, and narcotic test supplies.

The budget for **Police Operations-Patrol** is \$5,681,981, an increase of \$173,213 over the adopted budget of FY06-07. Six positions have been moved from this division to the new Special Services Division. Reasons for the increase include the annual contractual raise and the related benefits.

In the Police Operations Division, Operating Expenses are budgeted at \$66,750, an increase of \$1,650. The new line item, Legal Fees is a required state attorney contract for pursuing citations that cite state law. Other major expenses in this section are General Operating Supplies of

Departmental Summary Page (continued)

DEPARTMENT	Police and Fire Services Department
FUND:	General Fund

\$33,850, which includes items such as uniform allowance, flashlights, radio earphones, and canine supplies. This line item shows a decrease due to costs being transferred to Special Services.

The budget for **Support Services** is \$2,547,594, an increase of \$210,934 over the adopted budget of FY06-07. Personal Services, budgeted for \$1,632,325, includes \$20,000 to fund the over hire of a Telecommunications officer, who will be used as needed. The remaining increase in the Administrative Services Personal Services is primarily due to the annual contractual raises.

Operating Expenses of this bureau are \$911,369, an increase of \$23,679 over last year, primarily due to increased costs of fleet fuel and electricity. As a reminder, this division pays for most of the general operating costs for the entire department. The major expenses in this section are as follows:

- Contractual Services (\$40,504), which includes Custodial Services, Radio Maintenance and Facility Maintenance.
- Communications (\$107,294), which includes the phone system, cell phones, and laptop data lines. The new contract with Embarq has enabled this department to reduce this line-item slightly.
- Vehicle Repairs and Fuel (\$503,250)
- Utilities such as Electricity and Water (\$151,500)
- Uniforms (\$32,600)

Capital Expenses for this division are for the installation of vinyl stairwell risers in the Communication Center, and a replacement desk for the Inventory Supply Office, costing a combined total of \$3,900.

For Fiscal Year 2007-08, the budget for **Fire Operations** is \$6,873,516, a \$710,582 increase over the adopted budget of FY06-07.

In the Fire Operations, the largest expenditure is Personal Services, making up 93% of the budget. Personal Services, at \$6,381,250 increased \$716,741. Aside from the annual raises, the major increase is in retirement contributions, because the contribution rate increased from 15.6% to 22% of salaries.

Operating Costs in the Fire Operations Division total \$485,916 and show a decrease of \$8,409. The major decrease is in Equipment Services – repairs, due to a trend in fewer repairs for the Fire Equipment. Prior years' budgeted cost reflected a peak history due to a piece of aged equipment that is now offline, and the related historical costs have been removed from the projection for 2007-08. Other major expenditures in the Operating Costs line items are Schools and Training (\$21,940), Repair and Maintenance of SCUBA, SCBA, hose, and other equipment (\$6,350), Fuel for vehicles (\$61,140), and Uniforms (\$42,030).

Machinery and Equipment in the amount of \$6,350 includes:

Dry Suits for Scuba team	\$2,400
Counter Replacement	1,500
Washer Dryer Replacement	2,450

General Information

Naples is considered by many to be the crown jewel of Southwest Florida. With its subtropical climate tempered by the soft breezes from the Gulf of Mexico, people are struck by its natural beach beauty and the flora and fauna that are unparalleled in any community.

In addition to its natural features, the City of Naples is known for its world class shopping, exceptional dining opportunities and abundance of challenging golf courses. The community is often considered to have a resort lifestyle.

The City of Naples is located on the Gulf of Mexico in Southwest Florida, and it is the cultural and activity center of Collier County. Still the City is less than 20 miles away from the tropical wilderness of the Florida Everglades.

Naples was incorporated on December 1, 1923. It is approximately 14 square miles in size and has 106.3 miles of streets. Naples has a full-time population of approximately 22,000. However, from November to May the population swells to over 33,500, as part-time residents migrate from all parts of the world.

Education and Recreation

Schools in the City are run by the Collier County Public School District. There are four schools within the City limits: Gulfview Middle, Seagate Elementary, Lake Park Elementary and Naples High School. St. Ann School is a private school also situated in the City. Located near the City are Florida Gulf Coast University and Edison Community College.

The City of Naples has wonderful lodging and dining, as well as world-famous historic shopping districts. Mention areas like "Fifth Avenue", "Third Street" or "Tin City" and locals and their guests smile with delight from memories of good times had. With miles of pristine Gulf beaches and gentle surf, the City of Naples is a wonderful beach destination.

Parking is available at the end of nearly every avenue, making the City beaches the most accessible beaches in the County. The City has excellent fishing, both salt and fresh water, and has the famous **Naples Pier** where fishing is free, because the City of Naples maintains a fishing license for the Pier.

The City of Naples and surrounding Collier County have excellent golf and tennis facilities. More than fifty golf courses are in the County, and many are the work of top golf designers such as Tom Fazio and Jack Nicklaus. The City Community Services Department manages a competitive class tennis facility in Cambier Park, and Collier County attracts top players each year to events such as the Nuveen Masters Tournament.

Human Resources

City of Naples, Florida

Departmental Summary Page

DEPARTMENT Human Resources
FUND: General Fund

Mission:

To provide quality customer-driven Human Resource services for the City's most valuable assets, its employees, by ensuring that the City recruits, develops, recognizes and retains the best talent possible to deliver quality public services to the citizens and visitors of Naples.

Department Description

The Human Resources Department handles all employment-related issues for the City of Naples. This includes recruitment and retention, background checks, pay and classification studies, discipline, training, employee and labor relations. The Department is responsible for the management of all union contracts and ensures employees' compliance with the City's personnel policies and procedures. The Human Resources Director is also responsible for Risk Management and Employee Benefits, which are both Internal Services Funds discussed later in this document.

2007-08 Goals and Objectives	Estimated Start	Estimated Completion
<p>As part of Vision Goal #5, (maintain and enhance governance capacity for public service and leadership) enhance employee performance</p> <ul style="list-style-type: none"> • Work with executive staff to develop City-wide mission statement and organizational values • Develop and implement a management and supervisory development program to include topics such as the role of a supervisor, performance management, effective communication, and effective leadership, and tie training to the mission statement and values • Develop and implement a recognition program for employees, employee teams, or departments that meet their departmental goals and objectives 	<p>December 2007</p> <p>January 2008</p> <p>June 2008</p>	<p>February 2008</p> <p>June 2008</p> <p>September 2008</p>
<p>As part of Vision Goal #5, (Maintain and enhance governance capacity for public service and leadership) monitor legislative and regulatory initiatives at the federal, state, and City level to ensure departmental and employee compliance with current laws, policies, procedures and best practices</p> <ul style="list-style-type: none"> • Monitor and review employee performance for adherence to all City Policies and Procedures 	<p>October 2007</p>	<p>September 2008</p>

Departmental Summary Page (continued)

DEPARTMENT Human Resources Department
FUND: General Fund

2007-08 Goals and Objectives	Estimated Start	Estimated Completion
<ul style="list-style-type: none"> Conduct quarterly audits of City practices (payroll, employee attendance, etc.) to ensure compliance with laws, policies & procedures 	October 2007	September 2008
<ul style="list-style-type: none"> Conduct quarterly training programs with employees, supervisors, and managers to provide review and update of policies and procedures 	October 2007	September 2008
<p>As part of Vision Goal #5, (Maintain and enhance governance capacity for public service and leadership) provide competitive and affordable pay and benefits</p>		
<ul style="list-style-type: none"> Ensure the City's pay plans remain current and updated on a quarterly basis to reflect changes in position titles and salary ranges. 	October 2007	September 2008
<ul style="list-style-type: none"> Monitor local and regional salary information to ensure pay plans remain competitive 	October 2007	February 2008
<ul style="list-style-type: none"> Negotiate a fair and equitable collective bargaining agreement with the IAFF 	April 2008	September 2008
<p>As part of Vision Goal #5, (Maintain and enhance governance capacity for public service and leadership) promote excellent customer service to expand employee and citizen knowledge and improve communication</p>		
<ul style="list-style-type: none"> Implement the Citizens Academy for residents and other interested parties to visit City facilities to learn about City government and services 	October 2007	October 2007
<ul style="list-style-type: none"> Continue to research alternative methods of improving and re-energizing customer service 	October 2007	September 2008

2007-08 Significant Budgetary Issues

The budget of the Human Resources Department is \$770,593, an increase of \$50,596 over the adopted 2006-07 budget.

There are seven positions budgeted in the Human Resources Department, representing the same number as budgeted for 2006-07. Personal Services, representing 82.9% (\$639,024) of the department's budget, increased 11%, with the largest increase in health insurance due to a change in an employee's selected coverage.

Operating Costs, budgeted at \$131,569, decreased \$15,008 from the 2006-07 budget. The department decreased costs related to recruitment advertising, where the televised ads have been reduced, due to primary success of the website and specialty ads for marketing vacancies. Operating supplies also decreased, because 2006-07 included \$5,000 for one-time replacement of minor office furniture and chairs and a display board. Employee Development costs decreased \$2,500 because costs have been less than anticipated.

Non-Dept./ Contingency

City of Naples, Florida

Departmental Summary Page

DEPARTMENT Non-Departmental, Facilities Maintenance, Transfers and Contingency
FUND: General Fund

Department Description

The City uses this section of the budget to account for items that impact the entire General Fund and cannot efficiently be allocated to an individual department. It includes two separate Divisions:

Facilities Maintenance, which falls under the responsibility of the Community Services Director, is responsible for the repair, modification and maintenance of City owned facilities.

Non-Departmental is a grouping of accounts from which the City Manager or his designee has authority to expend. These accounts may either be one-time in nature, such as an election or a special project, or do not fit within a departmental category.

Also included here is the Contingency account, which is a reservation of current revenues for emergency-type needs for the current fiscal year, and Transfers.

2007-08 Goals and Objectives

Only Facilities Maintenance (part of the Community Services Department) has a mission, goals and objectives. The other divisions shown here are for financial tracking only.

Goals and Objectives	Estimated Start	Estimated Completion
As part of Vision Goal #3 (maintain an extraordinary quality of life for residents), provide safe and functional public facilities, beach access locations and playgrounds throughout the City		
Conduct a physical review of all public facility building conditions through monthly, quarterly and annual inspections with written preventative and repair recommendations.	October 2007	Sept. 2008
Complete all priority safety work orders within an average of 5 working days from issuance and non-safety work orders within an average of 10 working days from issuance.	October 2007	Sept. 2008
Maintain all City playgrounds in an acceptably safe condition according to national playground safety program standards every weekday.	October 2007	Sept. 2008

FUND: General Fund

Goals and Objectives	Estimated Start	Estimated Completion
As part of Vision Goal #3 (maintain an extraordinary quality of life for residents), Provide management and oversight of capital improvements assigned within the Facilities Maintenance Division as outlined within FY 2008 CIP		
Install replacement HVAC components within public center facilities.	October 2007	Sept. 2008
Remodel Fleischmann Park Field house and install Press Box Roll-Up Shutters.	January 2008	June 2008
Install air conditioning buffering material at River Park auditorium.	Nov. 2007	May 2008
Obtain and install elements and amenities such as picnic tables, trash containers, drinking fountains, and bike racks at City parks and public facilities.	Nov. 2007	June 2008
Obtain and install replacement signage throughout public parks and facilities at Cambier Park, Anthony Park, Fleischmann Park, City Hall and Riverside Circle Government Complex.	Nov. 2007	April 2008
Obtain and install metal storage building at the Facilities Maintenance Shop to house custodial supplies, machinery and equipment.	Nov. 2007	April 2008
Supervise exterior painting at Fleischmann Community Center.	October 2007	Nov. 2007
Complete interior painting at Arthur T. Allen Tennis Center, Norris Center auditorium and classrooms, and River Park auditorium and classrooms.	October 2007	Sept. 2008
Bid and coordinate resurfacing of 4 tennis courts at Naples High School.	Nov. 2007	March 2008
Install shade structures at the Cambier Park and Anthony playgrounds.	Dec. 2007	June 2008
Oversee resurfacing of basketball courts and replace basketball goals at Anthony Park and River Park.	Dec. 2007	May 2008

2007-08 Significant Budgetary Issues

The budget of **Facilities Maintenance** is \$1,118,936, **Non Departmental** is \$2,977,932, Contingency is established at \$350,000 or approximately 1% of the budget, and Transfers Out is \$211,600.

The budget of **Facilities Maintenance**, at \$1,118,936 represents an increase of \$1,692 over the adopted budget of FY06-07.

Departmental Summary Page (continued)

DEPARTMENT Non-Departmental, Facilities Maintenance, Transfers and Contingency
FUND: General Fund

Personal Services in the Facilities Maintenance Division has a total of 12 positions, same as in 06-07. The only significant change is due to annual wage increases and cost of insurances.

Operating expenses are budgeted at \$474,883, a \$45,677 decrease from the 2006-07 adopted budget.

The major expense in this division is the repair and maintenance line item, budgeted at \$150,000. This is used to acquire parts, supplies and services related to general maintenance of city facilities. This has been decreased because in recent years, it had become a catch-all for non budgeted improvements that should have been part of the budgeting process. Other major costs in Facilities Maintenance include \$27,200 in Janitorial Supplies, and \$36,000 in the Water, Sewer and Garbage line item.

Non-Departmental has a budget of \$2,977,932.

General and Merit	\$35,000	Holiday bonus of \$100 per employee
Operating Expenditures	\$15,000	For the common copier in the City Manager's office and for memorial florals.
Construction Management	\$98,200	General Fund use (or non-project related use) of the Construction Management Fund
Other Services	\$100,390	Payment (2 of 4) to North Naples Fire Rescue District, relating to the Moorings Park annexation, and to East Naples Fire District relating to the Ruffina Annexation
Other Contractual	\$4,800	Required arbitrage calculations
Elections Expense	\$8,000	Expected minor costs related to January 08 election
Communications	\$4,000	Unallocated portion of phone charges
Other Transportation	\$28,000	Rental of Women's' Club Parking Lot, which is for downtown, but outside of the CRA and therefore not eligible to be paid from CRA funds.
Postage and Freight	\$80,700	Postage costs for all departments except Utility Billing
Self Insurance	\$1,490,101	General Fund share of Risk Management Fund
Information Services	\$1,027,391	General Fund share of Information Services Fund
Special Events	\$25,000	To be used at Council's direction for approved special events such as police costs at holiday parades.
Awards	\$48,000	Gifts and monetary longevity awards per Personnel Policy, annual employee appreciation event and employee incentive award program
Other Charges	\$13,350	Kazoo Band Supplies \$1,350, Potential Tax Roll \$7,500, Hurricane supplies, and training \$5,000

Departmental Summary Page (continued)

DEPARTMENT Non-Departmental, Facilities Maintenance, Transfers
and Contingency
FUND: General Fund

Contingency has a budget of \$350,000 and is reserved for unbudgeted and emergency type expenditures that occur throughout the year. Only Council has the authority to direct staff to use funds from Contingency.

Transfers has a budget of \$211,600. This is a decrease from the 06-07 budget, which was \$1,411,600.

Notable this year, transfers excludes the \$1,000,000 transfer to the Streets Fund. In FY 2005-06, \$280,000 was allocated from the General Fund to make up the city's reduced share of gas tax money. Increased costs of the concrete and services, and an increased need relating to an aging infrastructure caused an increased need for alternative funding and the General Fund increased its contribution in 06-07 to make up that need. However, this year, the funding will come from the Utility Tax (Capital Improvement) fund and will only be \$500,000.

Two years ago, City Council approved an Administrative Specialist in the CRA fund. However, because the position would have some City Manager Office responsibility, Council agreed to allow the General Fund to pay approximately 25% of the cost, or \$11,600.

The transfer to the Land Preservation Account was decreased from \$400,000 to \$100,000, due to the lack of property tax revenues to support a high level land acquisition funding program.

This budget proposes a new reserve be established in the amount of \$100,000, entitled Property Tax Reform Mitigation. With the proposed state-wide vote that could significantly impact the Save Our Homes/Homestead exemptions, staff is recommending that a reserve be established to help maintain property tax in case of passage. If state legislation is passed, this mitigation account can help act as a property tax rate stabilization while the overall city operations are reviewed for additional areas of decrease.

between the General Fund and the Utility Tax fund. In order to make up the losses in the fund from other taxes, the 2007-08 split is 90% to the General Fund, or \$1,504,000, and 10% to the Utility Tax fund. Future Telecommunications tax receipts could be affected by changes in technology, and growth may be limited.

Licenses and Permits (\$360,200)

The City of Naples is budgeted to collect \$360,200 in Licenses and Permits. The primary revenue in this category is the Occupational License Tax. Generally, the Occupational License Tax is a tax on all persons for the privilege of engaging in or managing any business, profession or occupation within the corporate limits of the City. State law allows the City to increase rates every two years. The last increase was November 2005 (for Fiscal Year 2006-07), so the next opportunity to raise rates will be for Fiscal Year 2008-09. Therefore, there is no rate increase in this budget. The City Occupational Licenses are projected to bring in \$233,000 for Fiscal Year 2007-08. This is based on an estimated 3,800 permits issued.

The City expects to collect \$50,000 from the County for the City's proportionate share of County Occupational Licenses.

Revenue of \$25,000 for Landscape Permits was authorized by Resolution 06-11245. It is projected that 143 permits will be issued.

Other revenues in this category include address changes for \$6,000; contractor exams for \$10,000; right of way permits for \$9,200; special event permits for \$25,000 and outdoor dining permits for \$2,000.

Intergovernmental Revenue (\$3,239,300)

Intergovernmental Revenue in the General Fund is budgeted at \$3,239,300, with the largest source of intergovernmental revenue being the General Use Sales Tax, budgeted at \$2,489,100. This sales tax revenue represents a small portion of the state's 6% sales tax that is collected within the county and distributed to municipalities based on a population formula. Projections for this revenue source are based on the State of Florida's Legislative Committee on Intergovernmental Relations. This group annually prepares a document that includes a projection of all state-shared revenues and this information is also available on its web site. This revenue source has a projected decrease, due to the economy.

Another notable revenue source is the State Revenue Sharing program, expected to bring \$630,000 to the general fund. The Revenue Sharing Program includes a variety of taxes that are pooled and allocated based on a State-calculated formula. The formula's components include population, sales tax collections and relative ability to raise revenue.

Other intergovernmental revenues are:

- **Mobile Home Licenses** \$6,200 (In the State of Florida, mobile homes and certain trailers are considered vehicles and require licenses. The City receives a portion of that license for those registered within the City limits.)
- **Firefighters Education** \$8,000 (Firefighters who meet certain educational requirements receive supplemental pay from by the State.)
- **Fuel Tax Refund** \$31,000
- **Alcohol Beverage License** \$75,000 (Distributed to the City per F.S. 561.342)

Historically, in the City's accounts, intergovernmental revenue shows several grants received, such as moneys received from FEMA, other federal agencies or TDC. However, the City does not typically include grants in the adopted budget, unless the grant award is known during the

City of Naples, Florida

Fund Summary Page

DEPARTMENT: Building & Inspections Department
FUND: Building Permits Fund (Fund 110)

Mission:

To provide the highest standards of customer service and public input while professionally implementing the City's Vision and the Florida building code through the timely review and inspection of development permits.

Fund Description

The Building Permit Fund was created in Fiscal Year 1998-99 when it was separated from the General Fund. The fund is used to account for the activities related to the construction industry in the City. Until September 2007, the Building and Inspections function was part of the Community Development Department. This budget proposes separating the two, creating separate departments; Building & Inspections Department and Planning Department.

2007-08 Goals and Objectives

The Building Permit division was able to recruit and retain candidates for all positions in this fiscal year due in part to salary adjustments that made the division more competitive. In the 2007-08 fiscal year, the focus will be on continuing to improve compliance with the building code and City codes and making other changes to attain the best possible ISO rating for the coming five year rating period while providing the community with unsurpassed service.

	Estimated Start	Estimated Completion
<p>As part of Vision Goal # 4 (Strengthen the economic health and vitality of the City), improve the City's ISO Rating Coordinate training with Collier County, BOAF and CBIA for building inspectors.</p>	October 2007	October 2008
<p>As part of Vision Goal # 3 (Maintain an extraordinary quality of life for residents), improve Floodplain Management System Review inter-local agreement and monitor progress of consultant</p>	October 2007	October 2008
<p>Review and revise procedures and provide training and updates to construction community</p>	October 2007	October 2008
<p>Provide bi-annual newsletter to residents: Fall & Winter Spring & Summer</p>	October 2007 April 2008	November 2008 May 2008

FUND: Building Permits Fund
DEPARTMENT: Building & Inspections Department

	Estimated Start	Estimated Completion
As part of Vision Goal #4 (Strengthen the Economic health and vitality of the City), amend Code of Ordinances Conduct Permit Fees Study to update Section 16-52	November 2007	May 2008
As part of Vision Goal #3 (Maintain an extraordinary quality of life for residents), ensure that the equipment and facilities of the Building division are effective for the public Contract with design professional to maximize internal space within building to accommodate staff	October 2007	December 2007
Investigate Hurricane Damage Assessment Software and Hardware	October 2007	October 2008
Monitor and Replace Fuel Tank	October 2007	October 2008
As part of Vision Goal #5 (Maintain and enhance governance capacity for public service and leadership), promote professional development Train Personnel on Code of Ordinances	October 2007	October 2008
Enroll all certified inspectors and plans examiners in State of Florida-mandated 14 hour continuing education class	October 2007	November 2007
Train Building inspector as backup for Construction Site Maintenance	October 2007	October 2008
Ensure appropriate staff member attends training such as Florida Floodplain Managers Association, Governor's Hurricane Conference, and Building Officials Conference	March 2008	March 2008

2007-08 Significant Budgetary Issues

The budget of the Building Permit Fund for FY07-08 is \$3,896,778, a \$378,667 increase over the adopted 2006-07 budget.

Revenues

The primary revenue to the Building Permit Fund is building construction permits and inspection fees. Fees are charged for all buildings and structures being built or altered. The fee structure is established by Ordinance and can be seen in Chapter 118 Article IV of the City Code. Below is the trend for Building Permits revenue (excluding specialty permits like plumbing or mechanical); year with an asterisk is budgeted not actual.

Fund Summary Page (continued)

FUND: Building Permits Fund
DEPARTMENT: Building & Inspections Department

Using its reserved funds, the Building Permit Fund constructed a two-story facility in 2000, and is sharing the cost of space with the General fund (Planning), the Technology Services fund, the Streets and Traffic fund and the Construction Management fund. Payback-rates are based on a mortgage payment for 30 years, plus an allocation of building overhead. For 2007-08, the square footage and annual payment assigned to each section is shown below:

Planning & Code Enforcement	2,192	\$49,961
Technology Services Fund	4,054	\$112,337
Streets & Traffic	1,697	\$47,025
Construction Management	1,650	\$45,722

Total **\$255,045**

Additional revenues to the fund include interest income and copy charges.

Expenditures

Total expenditures for 2007-08 budget are \$3,896,778 which is a \$378,667 increase over the FY 06-07 adopted budget.

Personal Services

Personal Services are budgeted at \$2,039,658, a \$140,848 increase. The costs of the Community Development Director and Senior Administrative Specialist are no longer shared with the General Fund, causing a net decrease in Full Time Equivalent Employees (FTE). Despite this change, wages have increased due to a mid-year salary survey which resulted in wage adjustments for many of the positions in this fund.

Fund Summary Page (continued)

FUND: Building Permits Fund
DEPARTMENT: Building & Inspections Department

Operating Expenses

Other Operating Expenses are budgeted at \$1,219,298, a \$2,817 increase over the adopted budget of FY06-07. The major components of this category are as follows:

City Administration (General Fund Chargebacks)	\$461,139
Insurance	\$89,374
Equipment Fuel and Repair	\$48,873
Information/Technology Services Charges	\$276,605
Phone Costs	\$37,200
Electricity, Water, Sewer, Garbage	\$121,137
Training and related travel	\$17,100
Outside Counsel	\$10,000
Professional Services	\$32,000

The building's air conditioning system runs on reuse water, which had a major price increase last year. Due to the increased price and the remarkably high maintenance of that particular air-conditioning system, and similar problems with the systems of other buildings within the Riverside Circle campus, the City contracted for a complete review of the systems. As a result a capital expenditure of \$387,000 is budgeted to cover the cost of a new cooling tower and replacement of internal piping. It is expected that the system will pay for itself over time due to savings over both utility fees and maintenance costs.

Capital

Capital Projects are detailed on the list at the end of this section.

City of Naples, Florida

Fund Summary Page

FUND: East Naples Bay Taxing District (Fund 350)
Moorings Bay Taxing District (Fund 360)

Mission:

Accomplish dredging and canal maintenance as established by referendum.

Fund Description

The East Naples Bay Taxing District and the Moorings Bay Taxing District were established by referendum in 1988 to accomplish dredging and canal maintenance for these two areas. The East Naples Bay Special Taxing District encompasses the waterfront subdivisions of Golden Shores, Oyster Bay and Royal Harbor. The Moorings Bay Special Taxing District includes all of the waterfront properties around the Moorings Bay System, from Seagate Drive south to Banyan Boulevard, in the subdivisions of Coquina Sands, the Moorings, and Park Shore. Administration of the Districts is handled by the Community Services/Natural Resources office. Both Districts have an advisory board to collect public input.

2007-08 Significant Budgetary Issues

EAST NAPLES BAY

The budget for the East Naples Bay Taxing District is \$4,220.

Revenues

The tax rate of .4559 mills for the East Naples Bay Taxing District is based on rollback minus 9% per the Tax Reform Legislation. Assuming a collection rate of 95%, this fund is projected to collect \$227,537 in property tax. In addition to the property taxes, the fund should receive approximately \$30,250 in interest income. This chart demonstrates historical tax collections and the projected 2008 collections.

Fund Summary Page (continued)

FUND: East Naples Bay Taxing District
Moorings Bay Taxing District

Expenditures

Recommended expenditures for East Naples Bay District total \$4,220. These are for miscellaneous costs such as postage, the annual special district fee in the amount of \$195, and \$4,000 for aids to navigation such as lights and markers.

MOORINGS BAY

The budget for the Moorings Bay Taxing District is \$360,200.

Revenues

The tax rate for the Moorings Bay Taxing District is rolled back to 0.0218 based on the roll back minus 9% per the Property Tax Reform Legislation. This is slightly less than the FY06-07 rate of .025.

The estimated taxable value of the district is \$1,656,367,525, a 4% increase over the prior year's taxable value. Assuming a collection rate of 95%, this fund is projecting to collect \$34,303 in property tax. The chart below shows the actual tax collections for the Moorings Bay District and the projected 2008 collections.

Included in the 2007-08 budget is \$325,000 from the Tourist Development Tax grant. This money is earmarked for the repair and maintenance of the North Jetty.

In addition to the property taxes, the fund should receive approximately \$35,700 in interest income assuming an interest rate of 5%.

Expenditures

Expenditures for the Moorings Bay District are at \$360,200.

Operating expenditures include \$35,000 for aids to navigation such as channel markers and signs. There is \$200 budgeted for the annual taxing district registration fee.

The major expense of this budget is the \$300,000 for the repairs to Doctor's Pass North jetty. There is also mandated silt monitoring of the pass, which is budgeted at \$25,000.

City of Naples, Florida

Fund Summary Page

DEPARTMENT: Community Services
FUND: Community Development Block Grant (Fund 130)

Mission:

To provide administration of CDBG funding in a manner that best meets the City's needs in full compliance with all Federal requirements.

Fund Description

The CDBG Program is a federally funded grant program designed to help communities with their greatest community development needs. All projects must be designed to principally benefit low and moderate-income families. The program was established by the Federal Housing and Community Development Act of 1974 (42 USC 5301) and is administered nationally by the U.S. Department of Housing and Urban Development (HUD).

In 2003, Collier County entered into a participating party's agreement with the cities of Naples and Marco Island to qualify for an entitlement status to receive CDBG funding from HUD. Since that time, the City of Naples has received \$411,316.

In June 2007, Naples City Council established CDBG priorities for the July 1, 2007 to June 30, 2008 (HUD) fiscal year, which were used as the basis for the city's funding application.

FUND: Community Development Block Grant (CDBG)
DEPARTMENT: Community Services

2007-08 Significant Budgetary Issues

The budget of the CDBG Fund for FY07-08 is \$131,360. In FY 2001, the CDBG Fund borrowed \$800,000 from the Water & Sewer Fund for the purpose of building the River Park Community Center. The loan was to be paid back from a direct Federal grant of CDBG funds when the building was completed.

In FY 2003 the direct Federal grants to the City stopped and the City started receiving money as a sub-recipient from the County. However, funding for the building was not included. Revenue of \$10,000/year from Jasmine Cay/CDBG Local Program has continued to be applied to the loan. The FY2007-08 budget includes the final loan repayment of \$9,340.

Revenues

The primary revenue in this fund is from the Community Development Block Grant. The City was advised that the 2007-08 allocation was established at \$130,700.

In addition to the CDBG entitlement award, the City receives \$10,000 in revenue from Jasmine Cay, from a prior year agreement with Jasmine Cay regarding the CDBG grant. This revenue is considered local program income in Fund 130 CDBG, and has been used to pay down the loan made to CDBG from the Water/Sewer fund.

Expenditures

Expenditures totaling \$131,360 include the following projects:

- Fun Time Early Childhood Academy – Playground Equipment and Installation
- River Park Canals – Rip rap replacement and/or reinforcement along canals as needed
- Police Surveillance Equipment-in River Park to assist the Naples Police Department to reduce illicit drug trafficking activities

City Administration charges of \$14,700 are included for the cost of administering this fund as well as the final loan payment of \$9,340.

City of Naples, Florida

Fund Summary Page

DEPARTMENT: Community Redevelopment Agency
FUND: Community Redevelopment Agency (Fund 380)

Mission:

The mission of the CRA is to implement the Community Redevelopment Plan as adopted by the Naples City Council pursuant to Chapter 163, Part III of Florida Statutes, and to use tax increment financing (TIF) as a source of funding for capital improvement projects identified in the plan and to ensure that development within the CRA district meets the quality standards consistent with the community's Vision for Naples.

Fund Description

The Community Development Agency (CRA) is governed by a board comprised of the members of City Council. Under the enabling legislation for CRAs, the governing body of a local community can also serve as the CRA Board. The CRA staff includes an Executive Director and Administrative Assistant. Additionally, the CRA is assisted by input from the Community Redevelopment Agency Advisory Board (CRAAB) whose members are primarily property and/or business owners from the district and appointed by City Council. The CRA was created in 1994 by resolutions 94-7098 and 94-7099, which also established the geographical boundaries of the CRA District as 7th Avenue North, the Gordon River, 6th Avenue South and 3rd Street. The actual boundaries are defined within the enabling legislation.

The purpose of a CRA is to eliminate or prevent slum and blight through the redevelopment of the district guided by an adopted Community Redevelopment Plan. The law prescribes the use of Tax Increment Financing (TIF) as a means of funding redevelopment projects specified in the plan. Many improvements have been accomplished including implementation of the Fifth Avenue South Master Plan, streetscape projects throughout the district, a parking garage, median landscaping, construction of additional on-street parking, park improvements, River Park Community Center and a variety of other district improvements.

Bylaws of the CRA require that the Executive Director prepare an annual budget and work plan for the CRA Board by June 1st of each year.

2007-08 Goals and Objectives

	Estimated Start	Estimated Completion
As part of Vision Goal #4 (Strengthen the Economic Health and Vitality of the City), coordinate the following:

As part of Vision Goal # 3C (Enhance Mobility in the City), bid and coordinate		
Improve Pedestrian Underpass at Gordon River Bridge (CIP 08C06)	November 2007	January 2008
Pathway Improvements in CRA	November 2007	March 2008

2007-08 Significant Budgetary Issues

The budget of the Community Redevelopment Agency for FY07-08 is \$16,242,753.

This budget was prepared with the cooperation of the departments of Police and Fire Services, Community Services, Public Works, Community Development and Construction Management, all of whom coordinate services within the district. In FY2006-07, the accounts of the CRA were divided into the following three divisions to improve accountability:

- CRA Administration (Division 0506)
- CRA Law Enforcement (Division 0507)
- CRA Maintenance (Division 0508)

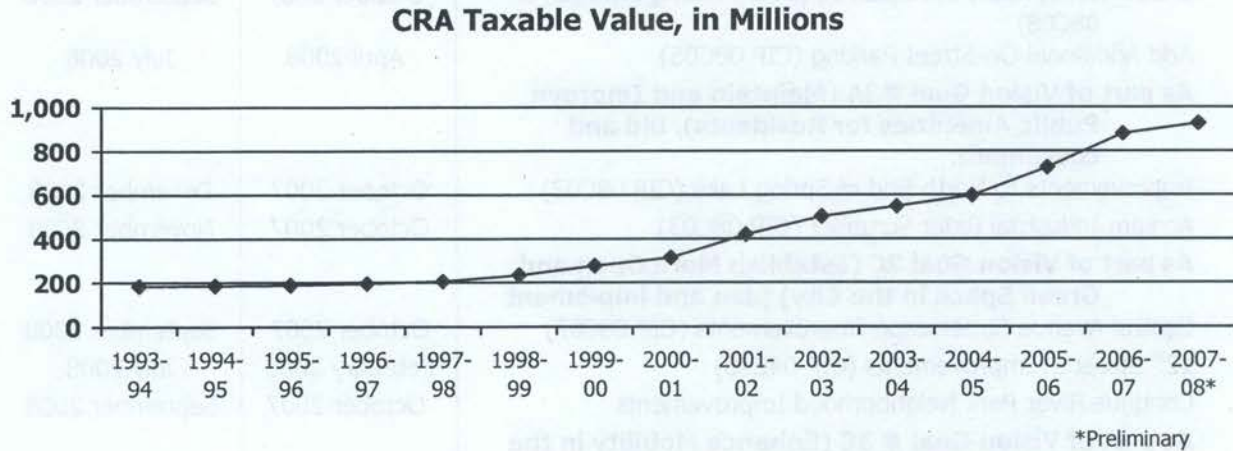

Revenues

The primary revenue earned by the CRA is Ad Valorem Taxes from Tax Increment Financing. Tax Increment Financing, or TIF, is the amount of tax specifically due to increased property values within the District. The CRA receives TIF money from the City and the County, using the 1993 property tax value as a base. The following chart shows the growth in taxable value since the base year, when values were slightly less than \$184 million, to its estimated 2008 value in excess of \$934 million (preliminary estimates as of June 29th, 2007). However, due to the new Property Tax Reform, only \$712,837,595 is considered "Dedicated Increment Value."

Fund Summary Page (continued)

FUND: Community Redevelopment Agency
DEPARTMENT: Community Redevelopment Agency

The following chart demonstrates the increase in taxable value for the CRA, in millions:

In addition to the property taxes, the fund should receive approximately \$300,000 in interest income, based on approximately \$6,000,000 in invested assets with an interest rate of 5.0%.

Bond Proceeds of \$8,310,000 will be used to build a new parking garage within the 5th Avenue South Overlay District. The new parking garage will generate \$690,000 by selling 23 spaces at \$30,000 each. In addition, the staff is researching the acquisition of land for a Downtown Parking Structure and debt will be required to acquire the land. Preliminary estimates are \$3.5 million for the land.

According to Resolution 06-11116 passed on 2/15/06, the General Fund will fund approximately 20% of the Administrative Specialist's cost. Therefore, this budget shows revenue from the General Fund in the amount of \$11,600.

Expenditures

The work program for the CRA is represented, in part, by this budget. That is, the funding shows what the CRA will accomplish. For 2007-08, the expenditures for the Community Redevelopment Agency total \$16,242,753.

Personal Services, budgeted at \$643,215, is \$85,734 higher than the adopted budget of FY06-07. This is due to the increased cost of salaries, insurance and pensions and a \$14,000 increase in overtime.

Operating Expenses are budgeted at \$1,020,929. The major components of this category are as follows:

City Administration	\$206,850
Capital Project Admin Fee	\$408,550
Landscape Maintenance	\$297,765

Fund Summary Page (continued)

FUND: Community Redevelopment Agency
DEPARTMENT: Community Redevelopment Agency

Debt service for the fund is budgeted at \$609,436. This includes \$409,436 for debt service payment related to the debt issued in March 2003 and \$200,000 in debt service payments for the proposed \$9 million garage bond. Depending on issuance date, a partial debt service payment may be required. The March 2003 Bond refunded the Parking Garage debt and provided nearly \$3,000,000 for improvements to the 41-10 area. As shown on the following pages, the CRA was loaned capital moneys from several other city funds. The City has established a payback schedule, which includes a 3.5% interest rate. The debt service on these inter-fund loans is \$359,674.

City of Naples, Florida

Fund Summary Page

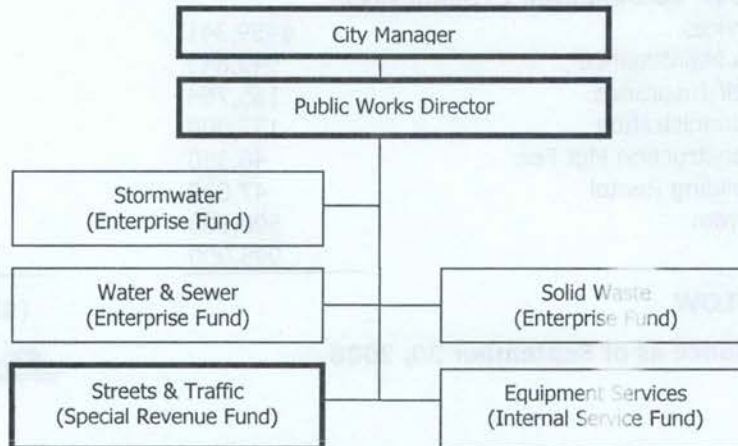

DEPARTMENT Public Works Department
FUND: Streets Fund (390)

Mission:

To provide the public with safe, clean and well maintained transportation management system made up of streets, sidewalks and pathways and to monitor and control the efficient operation of signalized intersections via the City's transportation operations center.

Department Description

The Public Works Department operates in five separate funds: Water & Sewer Fund, Solid Waste Fund, Streets & Traffic Fund, Stormwater Fund and the Equipment Services Fund. Each Fund will be addressed separately in this document. The Streets Fund is primarily funded through Gas Taxes and the General Fund. The Streets & Traffic Division is responsible for maintaining all City streets, traffic signalization, and signage throughout the City.

The Streets & Traffic Division will be focused on maintaining all City streets, street drainage systems, sidewalks, traffic signs, and signalization. We will also focus on the street overlay program, striping program, alley maintenance and sign replacement program throughout the City.

Department Summary Page (continued)

DEPARTMENT Public Works
FUND: Streets Fund

Streets & Traffic Division Goals and Objectives	Estimated Start	Estimated Completion
As part of Vision Goal #3C (Enhance mobility in the City), operate and maintain the City street system at the designated Level of Service 'C' while improving the aesthetics to maintain community character and value.		
Bid and award annual resurfacing contract so that the resurfacing program can begin in the off season (CIP 08U28). Reduced by \$500,000 due to Property Tax Reform.	March 2007	August 2008
Maintain traffic control for safe travel throughout the community by daily sign inspection/replacements and quarterly pavement marking improvements	October 2007	September 2008
Improve the sidewalk and pathway program for safe travel and for enhancement of community character	October 2007	September 2008
Maintain traffic signal systems to enhance circulation within the city, including periodic evaluation and modification of timing plans	October 2007	September 2008
Promote traffic calming and street improvements for increased community value	October 2007	September 2008
Replace signal strain poles with decorative mast arms and provide for improved lighted signage	October 2007	July 2008
Bid and award on-going contract(s) for sidewalk maintenance and improvements	October 2007	December 2007
As part of Vision Goal #3A (Maintain and improve public amenities for residents), provide operational and support services so as to maximize the service life of City infrastructure.		
Implement right-of-way controls via adopted standards to protect and maintain public facilities	October 2007	September 2008
Provide land-use and permitting support services Citywide so as to reduce infrastructure delivery time and reduce cost	October 2007	September 2008
As part of Vision Goal 3A (Maintain and improve public amenities for residents), provide planning and coordination of capital improvements related to streets and traffic projects.		
Identify streets for the Street Overlay Project (CIP 08U28)	October 2007	December 2007
Update the neighborhood alley improvement request process (see CIP 08U31)	January 2008	March 2008
Finalize the Collier County – Naples Phase II Signalization upgrade (CIP 08U15)	October 2007	January 2008
Obtain quotes and award purchase order for acquisition of enclosed trailer (CIP 08U14)	November 2007	December 2007
Bid and award phase I of the Mooringline/Park Shore Bridge Improvements (CIP 08U03)	May 2008	August 2008

Department Summary Page (continued)

DEPARTMENT Public Works
FUND: Streets Fund

Streets & Traffic Division Goals and Objectives	Estimated Start	Estimated Completion
Establish pathway program for expansion and maintenance of sidewalks, bike lanes and pathways (see CIP 08U29)	January 2008	September 2008

2007-08 Significant Budgetary Issues

The budget of the Streets and Traffic Fund for FY2007-08 is \$3,294,343.

This budget assumes the use of \$514,058 of fund balance, to balance the fund. However, the fund still has a sufficient fund balance.

Revenues

Revenues into this fund total \$2,780,285, which includes a \$500,000 transfer from the Utility Tax Fund.

The primary recurring revenue to this fund is the Local Option Fuel Tax. Budgeted at \$899,000 this source is the first of three types of local fuel taxes authorized by the state legislature. This six-cent tax is split among the governments of Collier County, with Naples receiving 10.28% of the county-wide collections. The 2003 interlocal agreement reduced Naples' share from 14.48% to 10.28%.

Collier County also participates in the second type of local fuel tax, called the five-cent option. The City budgeted to receive \$675,000, also 10.28% of the County's collection.

The State of Florida has a revenue sharing program, funded by sales and use taxes and a state fuel tax. At least 27% of the City's collections are dedicated to transportation; for FY07-08, the transportation-dedicated portion of the revenue sharing program is \$222,950. Estimates for these three revenue sources (the six-cent tax, the five-cent option and the revenue sharing) are provided by the State of Florida Legislative Committee on Intergovernmental Relations. Revenues are distributed to cities in accordance with state law and the intergovernmental agreement with the County.

The Streets fund is expected to receive \$145,000 in interest earnings.

The City and County have an interlocal agreement on transportation impact fees: the city keeps the first \$200,000 of impact fees, and the balance goes to the County for expansions to county maintained roadways. The City is reviewing this shared fee as part of the impact fee study.

There is revenue from Florida Department of Transportation (\$65,000) for lighting maintenance.

Finally, several years ago, this fund provided a loan to the Community Redevelopment Agency. According to the repayment schedule, the Streets and Traffic Fund will receive \$73,335, which includes approximately \$20,000 in interest; the balance would be principal repayment.

Department Summary Page (continued)

DEPARTMENT	Public Works
FUND:	Streets Fund

Expenditures

The Fund has five and one half positions budgeted, no increase over FY2006-07.

Personal Services (Salaries and benefits) are budgeted at \$459,341, a \$58,327 increase over FY06-07. This increase is due to contracted pay raises and the increased cost of health insurance and pension.

Operating Expenses for this fund are \$1,840,002, a \$555,765 decrease from last year's adopted budget. The decrease occurred primarily as a result of a \$500,000 reduction in the street overlay program.

The major Operating Expenses are as follows:

City Administration (General Fund Chargebacks)	\$137,000
Street Light Electricity	\$368,478
Street Overlay Program	\$500,000
Insurance	\$165,754
Building Rental (paid to the Building & Permits Fund)	\$47,025

Capital Improvements are budgeted at \$1,495,000. These items are listed on the detail at the end of this section, and more fully explained in the Five Year CIP.

City of Naples, Florida

Fund Summary Page

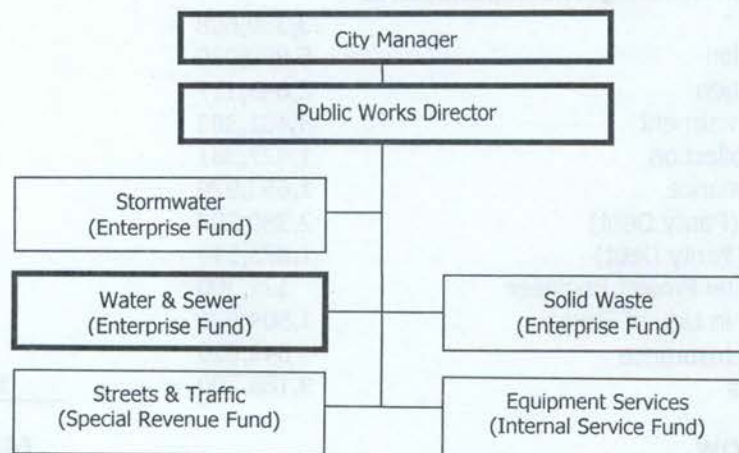

DEPARTMENT Public Works Department
FUND: Water & Sewer Fund

Mission: To efficiently maintain the public water and sewer infrastructure and provide services to ensure the safety and well-being of our residents.

Department Description

The Public Works Department operates in five separate funds: Water & Sewer Fund, Solid Waste Fund, Streets & Traffic Fund, Stormwater Fund and an Internal Fund (Equipment Services Division). Each Fund will be addressed separately. The Water & Sewer Fund operates as an Enterprise Fund, which is used to account for operations that are financed and operated in a manner similar to private business. The Water & Sewer Fund (Utilities Division) consists of 6 Sections; Administration, Water Production, Wastewater Treatment, Water Distribution, Wastewater Collections, and Utilities Maintenance.

Water & Sewer Fund Goals and Objectives

The Utilities Division will be focused on the improvements in the delivery of a safe and acceptable drinking water supply including both a high quality and sufficient quantity of potable water. Staff will also focus on the collection and disposal of the wastewater stream in the most effective and efficient methods available. External funding sources (grants) will be aggressively sought from the Big Cypress Basin, South Florida Water Management District and other Legislative grant opportunities. Due to the emphasis the community has placed on improving the quality and quantity of our drinking water system, an increase in funding sources will be necessary to accomplish the following goals and objectives.

Fund Summary Page (continued)

DEPARTMENT Public Works
FUND: Water & Sewer Fund

Utilities Division Goals and Objectives	Estimated Start	Estimated Completion
In accordance with the Vision Plan of Naples, continue to strengthen the City's leadership role in environmental protection and regional/community sustainability:		
Perform a Feasibility Study for Alternative Water Supplies	October 2007	September 2008
Recruit, develop, and retain a highly competent staff through such activities as attendance at workshops, seminars, and conferences.		
Have staff members attend at least one professional development program	October 2007	September 2008
Seek alternative training methods for all levels of staff	December 2007	September 2008
Improve the level of service to all customers and provide reliable service to meet growth and development through Water and Sewer Capital Improvement Projects such as the following:		
Water Production - Purchase and equip one Golden Gate well with a generator in an effort to <u>exceed</u> the average daily flow demand of potable water <u>on auxiliary power.</u>	October 2007	July 2008
Wastewater Treatment – Complete the recoating of interior walls of the Preliminary Treatment Building due to deterioration caused by incoming hydrogen sulfide.	October 2007	April 2008
Water Distribution – Upgrade a 2" water line on East Lake Drive to a 6" water line in efforts to provide adequate fire protection (hydrants) and the expected level of service to residents within this area.	October 2007	September 2008
Replace two 60 HP reclaim distribution pumps and motors in efforts to supply and maintain adequate pressure and reduce service disruptions to the reclaim water system.	February 2008	August 2008
Target Port Royal area for lining improvements in efforts to rehabilitate sewer lines, laterals, and manholes through a contracted lining process that is intended to reduce infiltration of ground water, silt, and sand from entering the collection system.	October 2007	July 2008
Install an odor control scrubber in the Wastewater Treatment Plant sludge processing building in an effort to reduce odors within the surrounding neighborhoods.	November 2007	September 2008

DEPARTMENT	Public Works
FUND:	Water & Sewer Fund

2007-08 Significant Budgetary Issues

The budget for all sections of the Water and Sewer fund is \$32,630,450. This reduces the cash reserves to a level which will require correction and a rate restructuring is underway.

Revenues

There are two major types of income to the Water and Sewer Fund.

- Water Sales
- Sewer Service Sales

Water revenue is \$13,755,815, and includes the base and use charges, tapping fees, connection fees, delinquent fees, and surcharges. The City is currently conducting a rate study, and new water/sewer/reuse rates will be proposed, including adding one or more additional tier for water usage rates.

Although the rate study is not complete, this budget assumes that there will be some increase, and this budget estimated the increase at 10% of water revenue sales. If no rate increase or tier change is approved, the rate increase would be restricted to 3.09%, in accordance with Chapter 66 of the City Code, which allows for the current percentage increase of the Florida Public Service Commission Deflator Index.

Included in the above amount is \$70,000 in revenue for the plans review permit charge, passed by Council in spring 2004.

Sewer revenue is \$10,891,919, and includes primarily the base and use charges, connection fees and surcharges. Sewer rates are also adjusted annually in accordance with the State of Florida's Public Service Commission's price index. Like the water rate index, the index adjustment for sewer rates would be 3.09%. The rate study will address an additional increase or rate structure change for sewer and reuse rates.

Included with sewer revenue is revenue from the sale of Reuse Water. Primarily, reuse is used at golf courses, but usage also includes many of the City's parks, parkways and recreation facilities; other customers include some multi-family, commercial, schools and library grounds. New lines have been added into the Port Royal area, adding about 1,000 new residential reuse line customers, and these were scheduled to be connected before the end of FY06-07, but are expected to be delayed. Based on estimates from the Consultant preparing the Utility Rate Study, reuse water is expected to bring in \$665,000.

The fund has budgeted \$60,000 in Special Assessment revenue. This represents the expected payments on sewer line extensions in the following areas: Twin Lakes, Coach House Lane, Coconut Creek, Seagate, Avion Park, Big Cypress and West Blvd. There is \$516,000 budgeted for Water and Sewer System Development Charges. This reflects impact fees that are received throughout the year. Finally, there are grant funds budgeted in the amount of \$1,780,000 for ASR wells, including one from the Southwest Florida Water Management District (\$1,280,000) and one from Collier County Water Wise Conservation (\$500,000). These grants are pending approval by the granting agencies.

Fund Summary Page (continued)

DEPARTMENT Public Works
FUND: Water & Sewer Fund

Expenditures

There are 100 approved positions including 4 new positions in the Utility Department, making it one of the largest departments of the City. The Water Production Division is changing one Plant Operator to a Utilities Maintenance Technician II. The Water Distribution Division is changing one Utilities Locator to a Utilities Technician. Wastewater Treatment is adding a Plant Superintendent and Laboratory Supervisor and deleting one Laboratory & Field Technician and one Plant Operator. The Wastewater Collection Division is adding four Utilities Technicians due to the aforementioned re-use line extension, which is adding nearly ten miles of new lines that will require maintenance.

The Fund is made of six separate operating divisions: Administration, Water Production, Water Distribution, Wastewater Treatment, Wastewater Collection and Utilities Maintenance. Expenditures for the fund total \$32,630,450, a \$4,401,383 decrease from the adopted 2006-07 budget.

Administration

The budget for Administration is \$9,059,858, an \$89,809 increase over the adopted budget of FY06-07.

The Administration division includes eight positions. Personal service expenses in Administration total \$694,575, an increase of \$52,280 over the adopted budget of FY06-07. The increase is due to general raises.

Administration Operating Expenditures, at \$4,911,563, increased \$92,198. The increase in operating expenses is primarily a result of an increase of \$192,150 in the Payment in Lieu of Tax line item. The following five line items comprise 93% of the Administration's Operating Expenditures:

City Administration (General Fund Reimbursement)	\$1,888,950
Taxes (Payment in Lieu of Taxes)	\$1,504,530
Self Insurance Charge	\$643,620
Capital Projects Engineering Fee	\$127,300
Information Services Charges	\$421,470

Administration's Non-Operating costs are primarily composed of debt service payments (principal, interest and arbitrage service) on the Water and Sewer Debt. Note that no later than March 1, 2008, the \$10 million Capital Improvement Revenue Note Series 2005 (i.e Reuse line of credit) will be financed with long-term debt.

Water Production

The budget for Water Production is \$5,856,030, an \$874,857 increase over the adopted budget of FY06-07.

The Water Production division includes sixteen positions. The Personal Services increase of \$179,284 is primarily due to annual contractual wage increases.

Water Production's Operating Expenditures are \$4,804,778, an increase of \$695,573. The following three line items comprise 85% of this section of the budget:

Chemicals (for water treatment)	\$1,760,300
Electricity (for wells and water plant)	\$1,750,000
Contractual Services (mostly sludge hauling)	\$599,300

Fund Summary Page (continued)

DEPARTMENT Public Works
FUND: Water & Sewer Fund

The major increases are in well and plant electricity and the cost of chemicals. The remaining portion of this division's expenses includes items such as tools, supplies, and repair and maintenance of the plant and equipment.

Water Distribution

The budget for Water Distribution is \$2,043,117, a \$94,444 increase over the adopted budget of FY06-07.

The Water Distribution's division includes 21 positions, the same as were budgeted for 2006-07.

Water Distribution's Operating Expenditures are \$798,996, which is an increase of \$28,795. The major function of this division is to ensure the supply of water gets to its destination; therefore the major costs include meters and related supplies, line repair, and maintenance supplies such as rock, sod, pipes, and road repairs.

Wastewater Treatment

The budget for Wastewater Treatment is \$3,401,385, a \$209,004 increase over the adopted budget of FY06-07.

Personal Services increased \$225,138, or 18%. The Wastewater Treatment division includes 20 positions.

Wastewater Treatment Plant's Operating Expenditures of \$1,948,205, decreased by \$17,134. The following four items make up 90% of the Operating Expenditures.

Other Contractual Services (Sludge Hauling)	\$166,800
Electricity (for plant)	\$900,000
Chemicals	\$350,000
Equipment and Plant Maintenance	\$340,000

The major increases are in these four items. The other 10% of the operating costs of the Wastewater Treatment Division consists of uniforms, other utility services, safety and training, and operating supplies.

Wastewater Collection

The responsibility of the Wastewater Collection division is to ensure the safe and efficient transportation of residential and commercial wastewater (sewage) from the site of collection to the treatment plant. The budget for this function is \$1,427,381, a \$269,990 increase over the adopted budget of FY06-07.

Personal Services of \$1,070,835 increased \$226,669 or 27% over the 06-07 adopted budget. The primary reason is the addition of four Utility Technicians for the Reuse Program.

Wastewater Collection Operating Expenditures, at \$338,046, represents a \$47,561 increase over the adopted budget of FY06-07. Because the primary function of this division is to ensure wastewater gets to its destination, major costs include vehicle maintenance, line repair, and maintenance supplies such as rock, sod, pipes, and road repairs.

Fund Summary Page (continued)

DEPARTMENT Public Works
FUND: Water & Sewer Fund

Maintenance

The responsibility of the Maintenance division is to maintain the water and sewer system, including 51 raw water production wells, and 115 sewage pump/lift stations. The budget for this function is \$1,653,979, a \$90,344 increase over the adopted budget of FY06-07.

The Maintenance division includes 16 positions with a Personal Services cost of \$995,112 or an 11% increase over FY 06-07. This is due to projected increases in salaries, insurance and pensions.

Operating Expenditures decreased \$7,798.

Capital Projects

Capital Projects are listed at the end of this section and detailed in the City's Capital Improvement Program. Capital projects for 07-08 total \$9,188,700, (excluding the \$63,600 of minor capital included in operating budgets.)

2007-08 Performance Measures

Water Production Performance Measures	Actual 2004-05	Actual 2005-06	Estimated 2006-07	Projected 2007-08

General Information (continued)

The City of Naples is serviced by the Naples Municipal Airport. This 732-acre airport facility is a fully certificated air carrier airport. With two main runways, it is home to private, commercial and charter air carriers, plus fire/rescue services, Mosquito Control, car rental agencies, the Collier County Sheriff's Aviation Unit, flight schools, the Collier County Humane Society, and other aviation and non-aviation businesses. For more general aviation, the Southwest Florida International Airport is thirty miles north of the City, in Lee County. The City is relatively easy to access from Interstate 75, and is about a two-hour drive from Miami or Tampa.

Naples Community Hospital is located in the City. This medical facility has more than 500 physicians, 4,000 employees, and 1,900 volunteers at the 390 bed hospital. A 24-hour emergency department offers a full range of traditional emergency services. In 1996 the county's first open heart surgery program was initiated at the NCH Naples Hospital.

The following chart shows that the primary land use in the City is residential, with recreational (including private) and conservation being the secondary land use. The difference between the total city area (10,200 acres) and the land use (7,733 acres) is primarily due to the bodies of water calculated within the City's land area.

Current Land Use	Acreage	Percent
Residential	3,991.40	51.61%
Commercial	789.94	10.22%
Public/Semi-Public (Institutional)	252.70	3.27%
Industrial	30.74	0.40%
Recreation or Conservation	1,612.81	20.86%
Vacant	415.71	5.38%
Airport	639.81	8.27%
Total Land Use	7,733.11	100.00%
Total Area (City Limits)	10,199.76	

Government

The City is managed with a Council-Manager form of government. The legislative body consists of a Mayor and six Council Members. Each member of the legislative body is elected at large for four-year staggered terms. Elections are held in January every two (even-numbered) years.

The members of the legislative body are:

- Mayor Bill Barnett
- Vice Mayor Johnny Nocera
- William R. MacIlvaine
- Bill Wilkomm
- Gary B. Price II
- John Sorey III
- Penny Taylor

The City Manager, as Chief Executive Officer, manages the operations of the City and reports directly to the Mayor and Council. Dr. Robert E. Lee was selected in June 2003 to be the City Manager. Dr. Lee announced his resignation effective October 19, 2007, and Assistant City Manager Chet Hunt was named Interim City Manager. In addition, Dr. Lee has been retained on contract for assistance during the transition.

City of Naples, Florida

Fund Summary Page

DEPARTMENT: Community Services, Finance and
Police & Fire Department
FUND: Beach Fund (Fund 430)

Mission:

The Beach Fund provides a balanced, sustainable and value-focused system of beaches, parks, recreation and public spaces creating community opportunities throughout the City.

Fund Description

Naples is defined, among other things, by its beautiful beaches. There are approximately 40 beach access points in the city, beginning at Seagate Drive and continuing south to 33rd Avenue South. Therefore, with such easy beach access, residents and visitors have ample opportunity to enjoy the non-commercial beauty of the Gulf of Mexico.

The purpose of the Naples Beach Fund is to track the costs of operating the City's public beaches and these accesses. The Fund includes five separate divisions, reporting to three different departments.

- **Administration**-responsible for the revenue management, parking meter collections and administrative costs for the fund. This is part of the Finance Department.
- **Fishing Pier**-where the costs of operating the City Pier are tracked, such as the fishing permit and utilities. This is part of the Community Services Department.
- **Maintenance**-for general beach and beach-end maintenance clean up. This is part of the Community Services Department.
- **Lowdermilk Park**-to track costs of this beachfront park. This is part of the Community Services Department.
- **Enforcement**-for Security Specialists who monitor parking violations. They are part of the Police and Fire Services Department.

Goals and Objectives

As part of Vision Goal #3A (Maintain and improve public amenities for residents), provide clean, safe and aesthetically pleasing public beach access facilities responsive to resident and visitor needs

Ensure beach and waterway amenities are accessible and provide a positive experience and image for residents and visitors on a daily basis

Monitor and ensure the beach is a clean, healthy and attractive place to keeping it free of refuse and debris

Maintain standardized preventative maintenance program at all beach access locations conducted by a weekly physical inspection with safety repairs completed within 24 hours of observation or reporting

DEPARTMENT Community Services, Finance and Police & Fire
FUND: Beach Fund

Goals and Objectives

As part of Vision Goal #3 (Maintain an extraordinary quality of life for residents), provide beachfront concession facilities for public use at Lowdermilk Park and the Naples Pier

Ensure contracted concession services provide quality products, reasonable, competitive pricing and exceptional customer service that meets or exceeds anticipated customer expectations on a daily basis.

Ensure contracted concession services provide routine payments to City within terms and conditions of concession agreement on a monthly basis.

	<u>Estimated Start</u>	<u>Estimated Completion</u>
	October 1, 2007	Sept. 30, 2008
	October 1, 2007	Sept. 30, 2008

2007-08 Significant Budgetary Issues

The budget for the Naples Beach Fund is \$1,477,767, an increase of \$17,589 or 1% over the 2006-07 adopted budget. During the current budget year, the City of Naples and Collier County entered into a program to sell beach stickers for \$30 per year. This has impacted the collections at the parking meters, with an estimated reduction in meter collections of more than \$100,000.

Revenues in this budget are \$1,495,532, an increase of \$144,167 or 11% over the 2006-07 adopted budget.

Parking Meters provide s primary revenue to this fund at \$442,000. Residents and property owners of Collier County are eligible for a free parking sticker for the beaches and parks. Guests may buy a pass for \$30. In addition to the meter/parking pass revenue, the fund receives fines for parking violations. The typical violation is \$22, resulting in a total estimated revenue of \$185,000.

The City's current interlocal agreement with the County for the shared costs of the beach operations was passed in 2004 by Resolution 04-10431, and is automatically renewed. The basis

Fund Summary Page (continued)

DEPARTMENT Community Services, Finance and Police & Fire
FUND: Beach Fund

for this agreement is that the County is to pay "82% of the net loss of the program". In other words, after all operating expenses, including depreciation, are deducted from the total revenues earned, such as parking fines and meter receipts, the County will pay for 82% of the difference. In 2004-05, the County established that event costs, such as our annual fireworks, were not to be included in this net loss. It is estimated that \$650,532 will be received from Collier County for next fiscal year, but the final figure will require further refinement as renegotiations continue due to the new \$30 permit program.

This fund also includes \$15,000 from the Collier County Tourist Development Council (TDC). This is an estimate for potential funding for either storm cleanup or beach end repairs.

EXPENDITURES

Administration (Finance Department)

The budget of the Administration Division is \$463,140. This represents a \$15,319 or 3.4% increase over the budget of 06-07.

Personal Services, budgeted at \$134,185, includes two positions, which is no change from the prior year. The increased expenses are primarily due to the annual raises, insurance and pensions.

Operating Expenses are \$328,955 or \$4,157 over the prior year. The largest expense in this area is the General Fund Reimbursement, budgeted at \$207,000. Self Insurance Charges decreased slightly to \$30,203, while Information Services Charge decreased by \$630. Note that these interfund charges represent support for the entire Beach fund. Special Events, which represents the funds for the annual July 4 fireworks and related expenditures, is budgeted at \$34,000.

Increased costs related to the Automated Pay by Space Machine at the Fishing Pier and at Lowdermilk Park were expected. These machines were added to provide enhanced customer service, because they accept bills, quarters and credit cards.

Fishing Pier

The expenditures at the Fishing Pier are budgeted at \$19,800, a \$1,500 decrease under the 2006-07 budget. There are no personnel in this division, and the primary expenditures are Electricity, budgeted at \$5,000, and Repair and Maintenance, budgeted at \$6,500. The Pier has an offsetting revenue of \$55,000 from the concession contract at the pier.

Beach Maintenance

The budget of the Maintenance Division is \$485,572, a \$6,321 increase over the 2006-07 budget.

Personal Services includes 5.8 positions, a decrease of .5 positions. This is because half of the Natural Resources Manager, formerly charged here, is now being charged to the Stormwater Fund. One position, a Service Worker II, was upgraded to a Service Worker III.

Fund Summary Page (continued)

DEPARTMENT Community Services, Finance and Police & Fire
FUND: Beach Fund

Operating Expenses are budgeted at \$209,174, an increase of \$32,364. The major operating expenses are \$90,000 for refuse collection, \$25,000 for contracted services such as carpentry, electrical or plumbing at beach-ends, and \$15,000 for janitorial and operating supplies. The Beach Fund budgets \$15,000 in "Storm Repair" for minor storm related repairs and disposal of seaweed.

Enforcement

The budget of the Enforcement Division is \$371,155, a \$10,849 increase over the adopted 2006-07 budget.

The major cost in this division is the **Personal Services** at \$329,525. There are no changes in the number of positions. Security Specialists are assigned the responsibility of assisting in the enforcement of city ordinances at the beaches, such as parking rules, boat storage, dress code, and fishing permits. They provide immediate beach response for water rescues, crowd control, wildlife protection and first aid. This division reports to and coordinates closely with the Naples Police.

Operating costs increased by \$1,110 to \$41,630. The major operating cost is the Vehicle Maintenance and Fuel, totaling \$25,620. Other costs include Printing for parking tickets and envelopes (\$4,000), Supplies (\$4,000), and Employee Training Costs (\$1,000).

Lowdermilk Park

Lowdermilk Park is located on the beach near Banyan Boulevard. The revenues earned from the Lowdermilk Concession (estimated at \$36,000) nearly offset the costs of the Park operations.

The estimated costs of Lowdermilk Park are \$36,100 and include items such as Electricity (\$7,500), Water/Sewer/Garbage (\$1,500), Janitorial and Operating Supplies (\$10,500) and contracted maintenance (\$5,000).

Capital

In addition to the operational costs of the fund, there is \$102,000 in capital projects scheduled. This includes a replacement ATV for the Beach Security Specialist team and replacement of two Beach Patrol pick up trucks. The continued rehabilitation of beach access points is budgeted for \$50,000.

The capital projects are listed on the page that follows. Since these are replacement or repair type items, there are no operating costs relating to these items.

City of Naples, Florida

Fund Summary Page

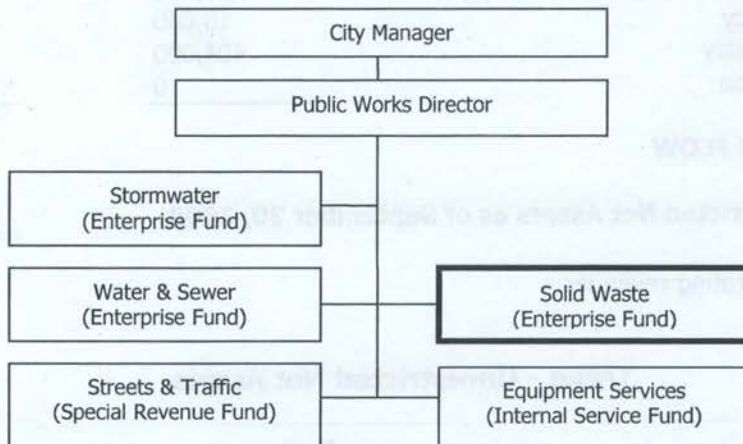

DEPARTMENT Public Works Department
FUND: Solid Waste Fund (Fund 450)

Mission: To protect public health and the environment by ensuring proper management of solid and hazardous wastes within the City of Naples.

Department Description

The Public Works Department operates in five separate funds: Water & Sewer Fund, Solid Waste Fund, Streets & Traffic Fund, Stormwater Fund and the Equipment Services Fund. Each Fund will be addressed separately. Solid Waste Fund is an Enterprise Fund, which is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods or services to the public on a continuing basis be financed or recovered primarily through user charges. The Solid Waste Division is responsible for providing residential refuse and curbside recycling, commercial garbage, and horticultural collections throughout the City.

Solid Waste Goals and Objectives

The Solid Waste Division will be focused on providing the most reliable and effective garbage collections and disposal for all City residential and commercial customers. It will also focus on safety training to all staff to ensure a safe working environment. Improvements in customer service through enhanced communications will be sought on a continuous basis.

between the General Fund and the Utility Tax fund. In order to make up the losses in the fund from other taxes, the 2007-08 split is 90% to the General Fund, or \$1,504,000, and 10% to the Utility Tax fund. Future Telecommunications tax receipts could be affected by changes in technology, and growth may be limited.

Licenses and Permits (\$360,200)

The City of Naples is budgeted to collect \$360,200 in Licenses and Permits. The primary revenue in this category is the Occupational License Tax. Generally, the Occupational License Tax is a tax on all persons for the privilege of engaging in or managing any business, profession or occupation within the corporate limits of the City. State law allows the City to increase rates every two years. The last increase was November 2005 (for Fiscal Year 2006-07), so the next opportunity to raise rates will be for Fiscal Year 2008-09. Therefore, there is no rate increase in this budget. The City Occupational Licenses are projected to bring in \$233,000 for Fiscal Year 2007-08. This is based on an estimated 3,800 permits issued.

The City expects to collect \$50,000 from the County for the City's proportionate share of County Occupational Licenses.

Revenue of \$25,000 for Landscape Permits was authorized by Resolution 06-11245. It is projected that 143 permits will be issued.

Other revenues in this category include address changes for \$6,000; contractor exams for \$10,000; right of way permits for \$9,200; special event permits for \$25,000 and outdoor dining permits for \$2,000.

Intergovernmental Revenue (\$3,239,300)

Intergovernmental Revenue in the General Fund is budgeted at \$3,239,300, with the largest source of intergovernmental revenue being the General Use Sales Tax, budgeted at \$2,489,100. This sales tax revenue represents a small portion of the state's 6% sales tax that is collected within the county and distributed to municipalities based on a population formula. Projections for this revenue source are based on the State of Florida's Legislative Committee on Intergovernmental Relations. This group annually prepares a document that includes a projection of all state-shared revenues and this information is also available on its web site. This revenue source has a projected decrease, due to the economy.

Another notable revenue source is the State Revenue Sharing program, expected to bring \$630,000 to the general fund. The Revenue Sharing Program includes a variety of taxes that are pooled and allocated based on a State-calculated formula. The formula's components include population, sales tax collections and relative ability to raise revenue.

Other intergovernmental revenues are:

- **Mobile Home Licenses** \$6,200 (In the State of Florida, mobile homes and certain trailers are considered vehicles and require licenses. The City receives a portion of that license for those registered within the City limits.)
- **Firefighters Education** \$8,000 (Firefighters who meet certain educational requirements receive supplemental pay from by the State.)
- **Fuel Tax Refund** \$31,000
- **Alcohol Beverage License** \$75,000 (Distributed to the City per F.S. 561.342)

Historically, in the City's accounts, intergovernmental revenue shows several grants received, such as moneys received from FEMA, other federal agencies or TDC. However, the City does not typically include grants in the adopted budget, unless the grant award is known during the

Department Summary Page (continued)

DEPARTMENT	Public Works
FUND:	Solid Waste Fund

2007-08 Significant Budgetary Issues

The budget of the Solid Waste Fund for FY 07-08 is \$6,779,141, which includes the use of cash reserves in the amount of \$60,191. The primary reason for this use of reserves is due to the high costs of the City's recycling program. When originally started, recycling services were assimilated into the Fund with no affect on the rates, due to the costs being unsubstantial. However, after the contracted cost tripled in 2006, the City brought on this service "in-house". Although less expensive than outsourcing, the in house recycling program has become a large expense. Therefore, a review of fees for both Recycling and Horticulture is planned in FY 07-08.

Revenues

Revenues into the fund total \$6,718,950. There are three main categories of revenue in this fund.

The primary revenue to the fund is the Solid Waste Fee for residential, multi-family and commercial pick-ups, collected via the bi-monthly utility bill. City Code Chapter 54 declares an automatic annual price increase equal to the United States Consumer Product Index (CPI). For annual consistency purposes, the City uses the April CPI-U (All Items), which for April 2007 increased 2.6% over the prior year. Therefore the 2007-08 garbage rates will reflect an increase of 2.6%.

The City charges for Special Pick-ups, such as demolition debris. For 2007-08 the fund is budgeted to collect \$125,000, plus \$1,000 related to a commercial recycling fee.

Interest Earnings are budgeted at \$150,000 and the sale of surplus property is budgeted at a nominal \$1,500.

Expenditures

There are five separate divisions in the Solid Waste Fund. There are 29 budgeted positions, the same number as in 2006-07. One Crew Leader III has been changed to a Service Worker III position.

Administration

Administration coordinates the activities of this fund, and is where the overhead-type costs are budgeted. The budget is \$1,618,861, a decrease of \$302,400. Major costs include three budgeted positions, Payment in Lieu of Taxes (\$360,000), Self Insurance (\$177,480) and General Fund Reimbursement (\$289,000). The decrease is due to the curbside recycling service contract, formerly included in this division, was cancelled, and the operation is now provided by City employees in a new Division.

Capital is also budgeted in Administration, and is expected to cost \$414,000. See the following pages for further detail on the Capital Improvement Projects.

Residential

The Residential Division is responsible for the collection and disposal of all residential solid waste. The budget is \$1,484,685, which is \$58,162 or 4% more than last year's adopted budget. The primary cost of the Residential Division is personal services for the 14 employees, costing \$898,938, which is \$86,380 or 10% over the 2006-07 adopted budget, due to the annual raise, increased costs of life insurance and the increased retirement contribution requirement.

Department Summary Page (continued)

DEPARTMENT Public Works
FUND: Solid Waste Fund

Other major costs include charges for waste taken to the County Landfill (\$286,185), and costs to operate and maintain the solid waste collection vehicles (\$206,829).

Horticultural

The Horticultural Division is a privatized operation responsible for the collection and disposal of yard waste and horticultural debris. The budget for 2007-08 is \$699,825, an increase of 5% over the adopted 2006-07 budget, in accordance with the contract which allows for a cost of living increase.

Commercial

The Commercial Division is responsible for the collection and disposal of commercial solid waste. The budget is \$2,687,883, which is \$329,335 more than the FY 06-07 adopted budget.

The Commercial Division has 8 employees with a cost of \$555,318, a \$39,965 increase over the prior year. This increase is primarily due to annual salary increases, insurance and pensions.

Other major costs in the Commercial Division are the County Landfill costs, at \$1,256,338 (assumes a 21% fee increase), \$322,530 to haul compactors, \$390,337 to fuel and maintain the solid waste commercial vehicles, \$34,080 for compactor dumpster rentals, and \$98,460 to replace dumpsters.

Recycling

Recycling was provided by an outside contractor until January 2007. In May 2006, the City of Naples requested bids to provide recycling services to all residents. Costs of the proposals were more than triple the previous year's contract amount. Therefore, Naples City Council authorized creating a new in-house recycling program as soon as practical

Therefore, this division was new for 2006-07. There are now four employees for a total of \$197,684 or \$16,408 under the 06-07 budget. Operating Expenses total \$90,203 with the largest cost being Equipment Services, Repairs and Fuel for \$41,003.

City of Naples, Florida

Fund Summary Page

DEPARTMENT: Community Services
FUND: City Dock Fund (Fund 460)

Mission:

To be responsive to the public by providing exceptional City Dock facilities and services in a cost effective, efficient and professional manner and by providing the citizens, employees, and tenants with professional customer service.

2007-08 Goals and Objectives

	Estimated Start	Estimated Completion
As part of Vision Goal #3A (Maintain and improve public amenities for residents), deliver quality waterfront facilities and services responsive to changing boater needs		
Obtain Clean Marina designation	October 1, 2007	January 31, 2008
Provide specialized service assistance to boaters through review and issuance of occupational license, fishing charters and emergency assistance on a daily basis	October 1, 2007	Sept. 30, 2008
Provide a marina safety program designed to protect vessel operators and guests by monitoring and providing personal assistance with the fueling of vessels on a daily basis	October 1, 2007	Sept. 30, 2008
As part of Vision Goal #5 (Maintain and enhance governance capacity for public service and leadership), provide a financially stable municipal marina		
Conduct fuel market surveys on a weekly basis to insure retail fuel remains competitively priced	October 1, 2007	Sept. 30, 2008
Maintain an overall boat slip rental occupancy of 100% at all times	October 1, 2007	Sept. 30, 2008
Conduct a pricing assessment of rental fees, retail services and transient lodging to insure market competitiveness on an annual basis	October 1, 2007	Sept. 30, 2008
As part of Vision Goal #3D (Maintain and enhance public safety), provide waterfront facilities that are safely maintained and within regulatory compliance.		
Maintain preventative maintenance program at facilities with physical inspections conducted daily and safety repairs completed within 24 hours of observation	October 1, 2007	Sept. 30, 2008
Maintain provision of fueling and retail services, current facility surveys, wet slip certifications and navigational signage that meet or exceed all local codes and state statutes	October 1, 2007	Sept. 30, 2008

Fund Summary Page (continued)

DEPARTMENT COMMUNITY SERVICES
 FUND: CITY DOCK

2007-08 Significant Budgetary Issues

The budget of the Dock Fund for FY07-08 is \$2,470,950. In the next fiscal year, staff will review ways to keep the Dock competitive, including retail sales. A study of the dock infrastructure will take place.

Revenues

Revenues into this fund total \$2,313,500. Fuel sales make up 65% of this fund's revenue. As the cost of gas increases, so does the revenue, however, the net revenue (i.e. gross sales minus the cost of fuel) for 2007-08 from the sale of fuel is expected to be \$300,000. Dock rental, \$605,000, makes up 26% of the fund's revenues.

The Naples Landing Revenue, which represents income from parking at Naples Landing, is budgeted at \$85,000, which includes the \$60 annual parking permit, meter collections and fees for violations.

Expenditures

Personal Services, budgeted at \$288,222, represents a 2% decrease from the adopted budget of FY06-07 resulting from the elimination of Other Salaries for a temporary part-time Fuel Dock Attendant.

Operating expenditures for this fund total \$2,032,728. The largest expenses of this budget are:

City Administration (General Fund Reimbursement)	\$144,428
Payment in Lieu of Taxes (PILOT)	\$100,000
Fuel	\$1,200,000
Resale Supplies (bait, soda, etc)	\$55,000

Fund Summary Page (continued)

DEPARTMENT COMMUNITY SERVICES
FUND: CITY DOCK

Utilities (electricity, water, sewer, garbage) \$68,500
 Submerged Land Lease and Storage Rental \$30,000
 Dock Infrastructure Study \$100,000

Capital is budgeted at \$156,000. It includes minor and ongoing dock structural repair at \$75,000 and \$21,000 to replace the dock van. Also included is \$60,000 for replacement of the 14-year- old boat and motor of the Dockmaster.

2007-08 Performance Measures and Benchmarking

	Actual 2004-05	Actual 2005-06	Estimated 2006-07	Projected 2007-08
Boat slip occupancy rate	90%	100%	100%	100%
Fuel sales	\$1,171,912	\$1,200,000	\$1,440,000	\$1,500,000

City of Naples, Florida

Fund Summary Page

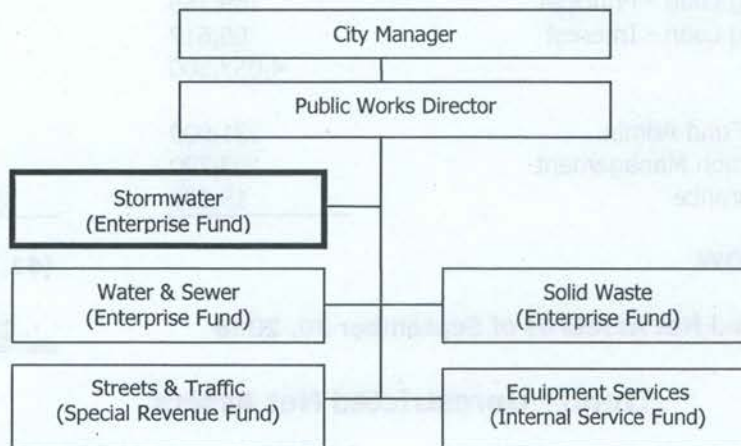

DEPARTMENT: Public Works Department
FUND: Stormwater Fund (Fund 470)

Mission: The mission of the Stormwater Division of Public Works is to improve flood protection and water quality through the construction, maintenance and operation of the public stormwater system and the preservation and restoration of area waterways.

Department Description

The Public Works Department operates in five separate funds: Water & Sewer Fund, Solid Waste Fund, Streets & Traffic Fund, Stormwater Fund and the Equipment Services Fund. Each Fund will be addressed separately. The Stormwater Fund operates as an Enterprise Fund, which is used to account for operations that are financed and operated in a manner similar to private business.

The Stormwater Division will be focused on the 10 year Stormwater Master Plan to include design/permitting/construction of major improvements in Basin III, Basin V and Basin VI, updating related long range planning/concurrency issues, implementing NPDES requirements, major operational and maintenance improvements as well as small scale capital improvement projects throughout the City of Naples. The division will also focus on stormwater runoff conveyance improvements and water quality concerns. External funding sources will be aggressively sought from the Big Cypress Basin, South Florida Water Management District and other Legislative grant opportunities.

FUND: 001 General Fund

DEPARTMENT Public Works
FUND: Stormwater Fund

Due to the increasing emphasis the community has placed on improving the water quality in Naples Bay, an increase in funding sources will be the subject of an analysis to accomplish the following goals and objectives.

Goals and Objectives	Estimated Start	Estimated Completion
As part of Vision Goal 4 (Strengthen the economic health and vitality of the City), enhance the stormwater management system.		
Analyze and increase Stormwater Fee Structure	June 2007	December 2007
Construct Basin III Stormwater System Improvements	September 2007	February 2009
Design Basin V Stormwater System Improvements	January 2008	January 2009
Design Cove Station Improvements	October 2007	June 2008
Develop Basin II Plan to Eliminate Gulf Outfalls	September 2008	August 2009
Continue the Stormwater System Inventory Process (GIS)	October 2007	Ongoing
Continue the Royal Harbor Flume Removal Program	October 2007	Ongoing
As part of Vision Goal #3A (Maintain and improve public amenities for residents) and Vision Goal #3B (Promote community health), improve stormwater conveyance system (swales, gutters, pipes, etc.) and reduce localized flooding, with the following projects:		
- Citywide Swale restoration program.	October 2007	Ongoing
- 5-Year Work plan for Water Control Structures at Lakes	October 2007	August 2008
- 10 th Street/10 th Avenue South/drain pipe extension	October 2007	November 2007
- Binnacle between Anchor & Rivera/underdrain replacement	November 2007	December 2007
- Lantern Lane/Short & Galleon Drive/underdrain replacement	November 2007	December 2007
- 531 Neapolitan Lane/install underdrain system	November 2007	December 2007
- 1991-2025 5 th Street South/line 12" RCP pipe (leaking joints)	December 2007	January 2008
- 531 Neapolitan Lane/replace underdrain pipe	December 2007	January 2008
-1400 3 rd Street North/replace outfall pipe & control structure	January 2008	February 2008
- 1491 Mandarin Drive/relocate storm drain pipe	January 2008	February 2008
- 905 13 th Street North/inspect and improve drainage pipes	January 2008	February 2008
- 135 4 th Avenue South/improve alley drainage/swale	January 2008	February 2008

Department Summary Page (continued)

DEPARTMENT Public Works
FUND: Stormwater Fund

Goals and Objectives	Estimated Start	Estimated Completion
- 359 2 nd Avenue N/inspect & improve drainage rear property	February 2008	March 2008
- 275 Yucca Rd/install underdrain system to stop seepage	February 2008	March 2008
- Rosea Court/grade swales on street and alleyway	March 2008	April 2008
- Gordon Drive/Kingstown Drive/construct type D curbing	October 2007	November 2007
- 2020 GSBN/install liner in 24" & 36" CMP pipes	March 2008	April 2008
As part of Vision Goal #3B (Promote community health), continue the NPDES Program		
Conduct a Public Outreach/Education Program	October 2007	Ongoing
Provide prompt FDEP Reporting	January 2008	May 2008
Enforce Water Quality Management Plan for Lake Systems	February 2008	September 2008

2007-08 Significant Budgetary Issues

The budget of the Stormwater Fund for FY07-08 is \$5,284,996, which includes the use of cash reserves in the amount of \$1,252,146. This reduces the cash reserves to a level which will require correction, if the stormwater master plan is to be continued.

Revenues

Revenues into the fund total \$4,032,850. The primary revenue to the fund is the Stormwater fee, collected via the bi-monthly utility bill. This has been a flat fee, which in general, is \$4 per month, or \$48 per year per equivalent residential unit. By December 2007 a fee study will be completed for a new fee structure to be implemented. This budget includes an estimate for those fees. The new fee structure anticipates an additional \$2,490,672.

Grants have not been included in this budget. Although in FY 2007-08 the City has applied for and expects to receive grant funds, the capital projects associated with those grants have not been included. The budget will be amended by City Council when they are awarded.

An additional revenue source is the Interfund Transfer from the Redevelopment Fund, budgeted at \$14,548. This is the repayment of an interfund loan by the Community Redevelopment Agency. Final payment will be made in 2012.

Expenditures

Personal Services cost is \$400,016 for the 6 approved positions. This is a \$58,198 increase over the 06-07 adopted budget. One half of the cost the Natural Resources Manager has been moved to this fund for 2007-08.

Department Summary Page (continued)

DEPARTMENT Public Works
FUND: Stormwater Fund

Operating expenditures for this fund total \$571,708. Approximately 67% of these expenses are made up of the following six line-items:

City Administration (General Fund Reimbursement)	\$131,000
Construction Management Fee.....	103,790
Professional Services/Engineering & Surveying	\$25,000
Other Contractual Services (Easement Repairs)	50,000
Fuel and Equipment Repair.....	45,092
County Landfill (for disposal of street sweeping)	25,000

One interesting area of expense is in the County landfill charges. With two street sweepers, street sweeping is a major component of this fund. The County considers the material collected during the sweeping process as hazardous material and requires special handling and special charges.

There is a decrease of \$25,000 from the FY 06-07 budget related to outside engineering services. Although this amount is decreased from prior years, the fund still requires substantial professional engineering services due to the many varied projects in the planning stages.

Non-Operating Expenditures include \$255,772 for debt service (principal and interest) on the outstanding State Revolving Loans.

The fund also includes slightly more than \$4 million in capital improvements, as listed in the page that follows the line-item budget.

2007-08 Performance Measures and Benchmarking

Benchmark Description	Naples 06/07	Cape Coral 06/07	Fort Myers 06/07	Marco Isl. 06/07

City of Naples, Florida

Fund Summary Page

DEPARTMENT: Community Services
FUND: Tennis Fund (Fund 480)

Mission:

To be responsive to the public by providing exceptional Tennis programs and facilities in a cost effective, efficient and professional manner and by providing the citizens, employees, and contractors with professional customer service.

Fund Description

The Tennis Fund is an enterprise fund established to track the revenues and expenses of the **Arthur L. Allen Tennis Center**. The facility includes twelve, state-of-the-art, fully lighted Hydro-grid courts, and a pro shop with elevated viewing area, which allows views of Cambier Park and the playground. Cambier Park was deeded by donation to the City of Naples by "The Naples Company" on February 23, 1961 by Jane and Arthur Russell and Julius and Imra Lesser.

Today, the programming at the **Arthur L. Allen Tennis Center** meets the growing needs of the greater Naples community. It has been noted as one of the most dynamic and beautiful public tennis facilities in the country. In 1999, the Tennis Center was the recipient of the 'Court-of-the-Year' award presented annually by Tennis Industry Magazine.

2007-08 Goals and Objectives

As part of Vision Goal #4 (Strengthen the economic health and vitality of the City), provide a financially stable Arthur L. Allen Tennis Center

- Conduct quarterly pricing assessments, including daily guest fee market survey to insure competitive rates
- Maintain a paid membership volume that combined with daily guest fees, lessons, clinics, tournaments, sponsorships and retail sales that offsets 100% of annualized operational costs
- Maintain high level of customer service by continuing to collect comment cards and following up with member concerns
- Maintain or increase current opportunities for tennis lessons and clinics, after school programs and summer camps
- Maintain or increase current tournament revenue by adding 2 new Junior USTA sanctioned events

As part of vision Goal #5 (Maintain and enhance governance capacity for public service and leadership), provide management of tennis operations including completion of FY 2008 CIP projects

- Complete laser grading and relining of all 12 clay tennis courts
- Replace aging ball machine for use in all lessons, clinics and camps
- Replace aging Racquet Stringer for Pro Shop

FUND: Community Services
DEPARTMENT: Tennis Fund

2007-08 Significant Budgetary Issues

The Tennis Fund's 2007-08 budget is balanced based on a \$100,000 donation toward the debt service. Including this donation, the budgeted revenues are \$596,200. Expenditures are \$572,847.

TENNIS REVENUE

Budgeted revenues included a \$100,000 donation toward the tennis fund's debt. The first installment of this \$500,000 donation was received in December 2005. With Debt Service totaling approximately \$65,000 per year, the excess donation will be reserved for future payments.

The primary recurring revenue to the fund is the Membership fee, budgeted at \$155,000 for FY 2007-08. Resident's adult membership is \$350 per year, and non-city resident membership is \$465. Junior membership is only \$15 for a resident and \$20 for a non-resident.

In addition to membership revenue, the fund charges for daily play, lessons, league fees, clinics, and tournaments, bringing in nearly \$244,000. There is also \$35,000 expected from the resale of merchandise, which includes racquets, shirts, towels and vending items, and \$10,000 for racquet restrings. Other minor revenues include Interest Income, Ball Machine Rentals and League Fees. Finally, the Sponsorship revenue of \$130,000 includes tournament sponsorships of \$30,000, plus the \$100,000 pledge toward the debt on the Tennis Building.

As explained above, the surplus from the new sponsorship/contribution will be held in reserve to pay debt of the Tennis Fund, as appropriate.

Expenditures

Expenditures of the fund are at \$572,847, a \$29,359 increase (5.4%) over the adopted 2006-07 budget.

Personal Services represents 35% of this funds budget and includes 4.0 full-time equivalent positions, the same as budgeted in 2006-07.

Fund Summary Page (continued)

FUND: Community Services
DEPARTMENT: Tennis Fund

All Operating Expenses total \$260,896, which is a \$6,003 increase over the FY06-07 budget. The major cost is Professional Services for \$110,000 for instructors and officials. Included in Operating Expenses are the Transfer to the General Fund (\$32,000) and Transfer to Self Insurance (\$11,521).

Other major costs of this fund are Resale Supplies at \$28,000, tournament costs for \$21,000 and Contractual Services (for pest control, fire alarms, etc.) for \$6,000. The remaining costs in this budget are primarily related to the operations, repair and maintenance of the facility.

The budget includes the payment for debt service and interest totaling \$64,553. The debt for the Tennis fund was from a 2001 renovation to the Tennis Center, and final payment will be made in 2015.

2007-08 Performance Measures and Benchmarking

Benchmarking compares the City of Naples to other similarly situated agencies. Note that for the Tennis Center, there are very few similar agencies, and therefore, the following provides rate comparisons for a variety of agencies.

BENCHMARKS	Collier County Pelican Bay	City of Marco Island	Naples Bath and Tennis	City of Naples Cambier Park
Annual Adult Fee	\$401	\$275	\$2,400 + \$1,000 Initiation Fee	\$350 + Tax
Couples Fee	\$701	N/A	\$3,180 + \$1,000 Initiation Fee	N/A

BENCHMARKS	Naples YMCA	Sunrise Tennis Club	Long Boat Key Tennis Center
Annual Adult Fee	\$651	\$240	\$450
Couples Fee	\$964	\$345	\$675

Fund Summary Page (continued)

DEPARTMENT Public Works
FUND: Water & Sewer Fund

Maintenance

The responsibility of the Maintenance division is to maintain the water and sewer system, including 51 raw water production wells, and 115 sewage pump/lift stations. The budget for this function is \$1,653,979, a \$90,344 increase over the adopted budget of FY06-07.

The Maintenance division includes 16 positions with a Personal Services cost of \$995,112 or an 11% increase over FY 06-07. This is due to projected increases in salaries, insurance and pensions.

Operating Expenditures decreased \$7,798.

Capital Projects

Capital Projects are listed at the end of this section and detailed in the City's Capital Improvement Program. Capital projects for 07-08 total \$9,188,700, (excluding the \$63,600 of minor capital included in operating budgets.)

Fund Summary Page (continued)

DEPARTMENT Human Resources
FUND: Risk Management

Third party claims administration fees are paid to our claims administrator, Preferred Governmental Claim Solutions (PGCS), for processing our property, liability and workers' compensation claims.

Brokerage service fees are paid to our insurance broker, Public Risk Insurance Agency (PRIA), for their services in assisting the City in securing insurance quotes for our excess insurances and ancillary lines of insurance coverage. This is a fixed cost and also includes services related to development of underwriting data, consulting, marketing, and customer service.

The major decrease in this budget is for property insurance, at \$115,243 under 2006-07. This decrease is attributed to the property insurance market in the state of Florida. This budget for property insurance premiums assumes the City continues to insure all City owned property for full limits (total insured values) of \$92 million with a wind deductible of 5%.

In addition to those components, the Fund also is charged \$68,775 in City Administration fees.

One issue not addressed in this budget, but under consideration to assist in cost reduction, is the cost of attorney fees specific to liability. These costs are absorbed in the General Liability line item and reflect costs paid to the attorney. Part of the services provided by the Claims Administrator is the provision of specialized legal aid for claims at their cost. The City, however, currently uses its own legal firm. The costs of the legal aid provided via the claims administrator is approximately 35-40% less than the costs of the city's attorney, and has the potential to reduce costs by more than \$100,000 annually. Staff recommends that this be considered in the future, due to the unique experience and qualifications of their attorney specialists as well as the cost savings. There were no capital requests for this fund.

Fund Balance Analysis

An important responsibility in budget forecasting is the assessment of available net assets (surplus) and net income/(loss). Financial experts generally agree that net assets for a fund should equal at least 15% of the total annual budget, and that a negative net income (i.e. loss) should be avoided. These measures help the City prepare for future emergencies. The City adopted a fund balance policy, by Resolution 02-9845, which establishes limits and uses of fund balances for the major operating funds, and the City applies that policy to applicable funds. It defines the Undesignated Fund Balance as the total of all General Fund Assets, minus all General Fund Liabilities, minus all other Reserve or Designated Accounts. This is reported to the City Council within 90 days of the end of the fiscal year.

A decrease in fund balance, by itself, is not concerning. There may be major capital costs that affected the fund balance or there may have been an intentional plan to reduce the fund balance to a responsible level. The size of the fund balance should not be too low or too high. If a fund balance is consistently too high, it may be a sign that the public agency's taxes or fees have been too high. On the other hand, if the fund balance is too low, the public agency risks being unprepared for emergency situations. The city's bond rating could also be impacted.

For this budget analysis, the document shows a minimum of three years of gross revenues and gross expenditures, and a summary of all funds (excluding Internal Service Funds) including beginning and ending fund balance for three years.

Of all the funds, the Stormwater fund is of the most significant concern in this budget. The Public Works department has a professional rate study underway, and the entire rate structure will be revised. Without a rate adjustment to make up for the ongoing capital construction needs, the fund will fall short for funding \$70 million in projects over the next 10 years.

General Fund

The City of Naples General Fund provides funding for the traditional services of municipal government. This includes elected officials, police and fire department services, parks and parkways, recreation, planning, and administrative activities. The residents of Naples have supported investment in enhanced service levels for public safety and extensive parks and landscape improvements, which denote the special quality of life in Naples. This year the Police and Fire Department (formerly named Police and Emergency Services) is undergoing a reorganization. This includes reassigning staff to a new division. This is further explained in the Police and Fire Department narrative.

As discussed above, the property tax reform has had a significant impact on the General Fund's ability to raise tax revenue. The City has always had a very low tax rate, well below the state maximum of 10 mills. Still, property taxes represent 40% of the revenue in the General Fund. It is important to note that the City's property tax typically represents only 10.4% of the City taxpayers' property tax bill. The remaining taxes paid by City residents are for the County Government, School Board, and other taxing districts.

City of Naples, Florida

Fund Summary Page

DEPARTMENT: Human Resources
FUND: Employee Benefits Fund (Fund 510)

Mission:

To ensure City resources are effectively used to serve its employees, retirees and eligible dependents. The Employee Benefits Fund strives to design a plan that offers comprehensive benefits at a cost that is competitive to most private plans. The philosophy is to provide quality healthcare services in a cost-effective manner, and to offer innovative, cutting edge benefits and a wellness program.

Department Description

The Employee Benefits Fund is an internal service type fund under the management of the Human Resources Department, designed to coordinate the expenses related to the major employee benefits. The Employee Benefits Fund includes the following insurances:

- Health Insurance The City is self insured for health insurance.
- Dental Insurance The City contracts for this service.
- Life Insurance The City contracts for this service.
- Vision Insurance The City contracts for this service.
- Long Term Disability The City contracts for this service.

2007-08 Goals and Objectives

	Estimated Start	Estimated Completion
As part of Vision Goal #4 (Strengthen the economic health and vitality of the City) provide a high quality cost effective employee benefits package		
Monitor plan performance by reviewing plan financials monthly	October 2007	September 2008
Determine if beneficial to renew Employee Benefits Insurance Brokerage Services with current provider and provide 60 days notification of City's intent to renew or non-renew	April 2008	June 2008
Begin RFP process for Occupational Medical Service. Two year contract with current provider expires 3/31/08; no renewal options	January 2008	April 2008
Determine if beneficial to renew Occupational Mental Health Services with current provider and provide 60 days notification of City's intent to renew or non-renew	October 2007	November 2007

Fund Summary Page (continued)

DEPARTMENT HUMAN RESOURCES
FUND: EMPLOYEE BENEFITS

2007-08 Goals and Objectives	Estimated Start	Estimated Completion
As part of Vision Goal #4 (Strengthen the economic health and vitality of the City) ensure the employee health benefits plan is fiscally sound and compliant with State and Federal regulations		
Perform annual actuarial analysis of health benefit fund to determine appropriate premium rate valuations and claim funding levels	October 2007	September 2008
Prepare annual State certification of Plan per F.S. 112.08	March 2008	April 2008
Prepare annual GASB 43 & 45 valuation	October 2007	November 2007
Strengthen the economic health and vitality of the City by educating employees to be better consumers of health care benefits which will reduce plan costs and out of pocket expenses		
Promote utilization of on-line resources available through www.mycigna.com	October 2007	September 2008
Provide monthly communications regarding in-network services and providers	October 2007	September 2008
Promote flex spending and dependent care accounts and increase participation by 10%	October 2007	September 2008
Develop and implement new wellness and fitness initiatives and incentives	October 2007	September 2008

2007-08 Significant Budgetary Issues

Revenues

The budgeted revenues to this fund total \$6,386,637. There are two primary sources of revenues to the Employee Benefits Fund.

- City (Employer) contributions to employee benefits, and
- Employee (or former employee) contributions toward benefits

Employer (City) Contributions are budgeted from the Personal Services section of each department. The contributions are as follows:

Health	\$4,734,830
Life	\$169,776
Disability	\$64,800
Dental	<u>\$166,520</u>
Total City Contributions	\$5,135,926

Employee (or former employee) contributions are deducted from an employee's pay or are billed.

Health	\$567,100
Health/Retiree/Cobra	\$303,660

Fund Summary Page (continued)

DEPARTMENT	HUMAN RESOURCES
FUND:	EMPLOYEE BENEFITS

Life	\$102,714
Flex Benefits	\$80,000
Vision	\$28,137
Dental	\$131,600
Total Employee Contributions	\$1,213,211

The City's Health benefit program is self-insured. For 2008, the budget assumes premiums for both the City and the employee's share to increase approximately 9%.

In addition to premiums, there is \$37,500 budgeted in interest earnings.

This fund has a satisfactory fund balance, sufficient to cover emergency and outstanding claims and to keep rates relatively stable. Interest earned on the fund balance helps keep rates at the lowest possible level. This budgeted level of interest is based on the reserved fund balance (for future claims) of \$547,000 plus the unrestricted fund balances.

Historically, COBRA and retirees' premium rate changes are made effective January 1, which is consistent with the actual insurance plan year. Prior to their rate change, the city performs an actuarial analysis of their actual costs to ensure all legal compliance.

Expenditures

This fund includes expenditures for the self-insured health insurance program and the costs of the purchased insurance programs. Budgeted expenditures are \$6,371,024, approximately \$296,278, or 4.8% over FY 2006-07.

Current contracts for the following services and lines of insurance coverage are in place:

- ✓ Third Party Administrator for Self Insured Health Claims
- ✓ Health Insurance Stop Loss Coverage
- ✓ Prescription Insurance for Self Insured Health Plan
- ✓ Dental Insurance
- ✓ Vision Insurance
- ✓ Basic Life
- ✓ Supplemental Life Insurance
- ✓ Long Term Disability Insurance
- ✓ AD&D Insurance

Health Claims expenses, the largest expense in this fund are budgeted with an 7% increase over 2006-07 budgeted costs. Prescription Claims are budgeted based on a 7% decrease under over 2006-07 budgeted costs. Costs are determined through annual actuarial studies.

For a complete understanding of the benefits provided to city employees, please see the union contracts and employee manuals, or contact the Human Resource Director.

Other costs of the fund are the City Administration cost of \$37,275, the Employee Funded Flex Benefit (\$80,000), and the Health/Fitness Reimbursement (\$7,680).

City of Naples, Florida

Fund Summary Page

DEPARTMENT Technology Services
FUND: Technology Fund (Fund 520)

Mission:

The mission of the Technology Services Department is to support the City of Naples, Florida by providing leadership and guidance to staff in the appropriate application of technology, and to provide an efficient and reliable infrastructure for voice and data communication to enable City officials, staff and employees to deliver the highest level of service to the citizens of Naples.

Fund and Department Description

The Technology Fund is an internal service fund that provides all technological services to the City. The Fund consists of three operating divisions and their functions are:

Applications.....This division of the Technology Services Department is responsible for the iSeries midrange system and its corresponding software, including the HTE software, which runs the accounting, budget, payroll, purchasing, customer billing and permitting programs. Applications Services is also responsible for eGovernment applications, time keeping software, the development of custom databases and the custom reporting of data (MIS).

Network Services.....This division of the Technology Services Department is responsible for the selection, installation and maintenance of personal computers, software, networks and the website, as well as providing any other technological need of the City, including the City's TV broadcast and telephone system.

GIS.....Geographic Information Systems is responsible for maintaining the City's spatial information and preparing and presenting maps and map related data. GIS serves primarily internal clients and works in coordination with the City's Technology Services Department, Collier County, and the Property Appraiser's Office. GIS was formerly under the direction of the Community Development Director and is now part of the Technology Services Department.

2007-08 Goals and Objectives:

	Estimated Start	Estimated Completion
Applications Services		
As part of Vision Goal number 3 (Maintain an extraordinary quality of life for residents) deliver highest quality data management services through advancements in software, support, and training		
Upgrade the interactive voice response system used to schedule building permit inspections, and retrieve inspection results	October 2007	February 2008
Acquire and install the RPG Smart pages system, providing enhanced real time information via the City website.	January 2008	April 2008
Develop and implement additional Web applications to deliver real time information related to all aspects of the City's enterprise database solutions.	April 2008	September 2008
Enhance the Data Warehouse to allow for information queries, allowing staff to research data more effectively	October 2007	March 2008
Implement the Citizen Request Tracking for the Customer Service functions of the utility applications.	December 2007	June 2008
Implement ACH Accounts Payable Vendor Payments	May 2008	July 2008
Implement the electronic interface between the HTE General Accounting System and the Equipment Services fleet maintenance application.	October 2007	December 2007
Provide classroom & online resources for on-going training	October 2007	September 2008
Network Services		
As part of Vision Goal #5 (Maintain and enhance governance capacity for public service and leadership), deliver highest quality network services through advancements in technology and management		
Upgrade and replace workstations on an as-needed basis.	October 2007	September 2008
Replace/upgrade servers which have reached their end of life.	October 2007	September 2008
Replace network printers on an as-needed basis, concentrating on those where maintenance costs make replacement the more economical choice.	October 2007	September 2008
Replace/upgrade network infrastructure on an as-needed basis as equipment fails or is no longer serviceable.	October 2007	September 2008
Expand wireless access to city network and public internet to additional city facilities	December 2007	June 2008
Install and configure Microsoft's Systems Management Server and Software Update Services to manage updates and deployment of new software as well as inventory management	October 2007	May 2008

Fund Summary Page

DEPARTMENT Technology Services
FUND: Technology Fund (Fund 520)

Network Services

As part of Vision Goal # 3 (Maintain an extraordinary quality of life for residents), provide citizens, businesses and visitors with timely information

Provide a content management system for the city's web site which allows department staff to add and update information within their areas of responsibility

Redesign the public web site to enhance usability, provide for integrated search and provide a base for more online features, such as online employment applications, citizen forums and commentary and a more comprehensive events calendar.

Estimated Start	Estimated Completion
October 2007	September 2008
October 2007	September 2008

Geographic Information Systems (GIS)

As part of Vision Goal # 3 (Maintain an extraordinary quality of life for residents), improve Staff and Public Access to Spatial Information through Map Production and Application Development

Implement ArcGIS Server application for public access to City of Naples base data including ability to query, download, and prepare cartographic products.

Implement ArcGIS Server application for internal access to planning and permitting information.

Implement ArcGIS Server application for internal access to underground utility information with 3D perspectives.

Convert and update existing facility data on all City parks; deploy information on external Website.

Continue enhancements to Looking Glass and coordinate with vendor on conversion to ArcGIS Server.

December 2007	March 2008
February 2008	June 2008
January 2008	September 2008
December 2007	April 2008
November 2007	January 2008

As part of Vision Goal #5 (Maintain and enhance governance capacity for public service and leadership), Assist departments with effective methods for data development and maintenance

Assist Streets & Traffic staff with asset collection & inventory using GPS and ArcPad data collection software.

Assist Parks and Parkways with improving the Tree Inventory database and provide user-friendly maintenance tool.

Develop editing and maintenance workflow for Stormwater datasets.

Update and complete Re-use dataset; develop editing and maintenance workflow.

Train Water & Wastewater staff on editing in ArcView.

November 2007	May 2008
March 2008	September 2008
November 2007	March 2008
April 2008	September 2008
November 2007	January 2008

As part of Vision Goal #5 (Maintain and enhance governance capacity for public service and leadership),

Fund Summary Page

DEPARTMENT Technology Services
FUND: Technology Fund (Fund 520)

eliminate redundancies through collaboration and communication with external agencies

Apply for applicable GIS-technology grants to acquire necessary hardware/software, project funding.	October 2007	September 2008
Collaborate with local and regional agencies on issues of mutual interest; establish collaborative partnerships.	October 2007	September 2008
Research external data collection processes that can potentially be leveraged for internal benefit.	October 2007	September 2008
Attend conferences and training that will provide exposure to best practices and opportunities to learn from others.	October 2007	September 2008

2007-08 Significant Budgetary Issues

The budget for the Technology Services Fund is \$2,035,952, a \$174,552 or an 8% decrease under the adopted 2006-07 budget.

Revenues

The primary sources of revenues for this Internal Service Fund are the charges to each fund for services. Charges to users are calculated using a formula of number of personal computers, service calls, users and transactions. Charges are allocated for the current year based on the prior year's actual usage.

For 2007-08, this fund will use \$60,427 of unrestricted net assets to fund capital projects. This Internal Service Fund has no mandatory fund balance requirement, and staff recommends using the surplus when available to fund one-time expenditures, such as capital. At the end of 2007, unrestricted net assets are estimated to be \$450,503.

Expenditures

Application Services

The Applications Services division's budget is \$388,032, a 28% decrease under the adopted budget of 2006-07, primarily due to the decrease in capital budgeted for the 06-07 fiscal year. There are two employees in the Applications Services Division.

The major expenditures in this division are the Software Maintenance agreements, budgeted at \$156,668. This includes \$93,626 in HTE support agreements. In line item 31-01, Professional Services, are two new costs, the support agreement for Code Red at \$9,995, which is the City's emergency call out program, and \$6,100 for the Disaster recovery software program. This division also has budgeted \$15,150 in capital for a RPG Smart Pages Software Package.

Network Services

The Network Services budget is \$1,393,982 or \$8,104 less than the adopted 2006-07 budget. There are seven positions in this division, costing \$631,947, an increase of \$68,581, or 12%.

Operating expenses total \$591,285, an increase of \$6,790. The largest area of increase is the self insurance charge, which increased by \$9,949 from FY06-07 Adopted Budget. The past years of

Fund Summary Page

DEPARTMENT Technology Services
FUND: Technology Fund (Fund 520)

major lighting strikes to the system as well as the overall value of our computer system has caused the insurance charge to this fund to increase. Other major costs of this division are the cost for City Administration, budgeted at \$94,238, cost for building rental (paid to the Building Permits Fund) in the amount of \$86,649, and software maintenance agreements for \$151,627 (including PESD's Visionair at \$79,950). The TV-Video Production line-item (\$29,000) includes tapes, maintenance of the new streaming video software, royalty free music, parts and equipment repair.

Capital projects in the Network Division total \$170,750 and are summarized on the following pages with additional details available in the Capital Improvement Program.

Geographic Information Systems (GIS)

The GIS budget is \$253,938, a \$14,177 decrease under the adopted 2006-07 budget. There are two positions in this division with personal services costs of \$181,783, an increase of \$20,034 (12%) over the 2006-07 budget. Other operating costs total \$72,155, with major costs of \$22,000 for software maintenance and \$8,860 for operating supplies related to the mapping system.

Capital Projects

Capital Projects are listed at the end of this section and detailed in the City's Capital Improvement Program along with the potential impact (i.e. maintenance costs) on the operating budget.

Fines and Forfeitures (\$369,000)

The General Fund is budgeted to receive \$369,000 in fines for FY 2007-08.

The primary sources of fines are traffic-type citations and other violation notices issued by the Naples Police Department. This is budgeted to be \$275,000 for FY 2007-08. All non-parking ticket and violation revenues are collected by the County Court system and remitted to the City. In addition, any parking ticket violator who requests a court hearing will also have their fees collected by the County Court system, which will then be remitted to the City. New in 2005, City Code 62-158 authorized an additional fee on citations allocated specifically for School Crossing Guards. Funds received are put into a reserve account, and may only be credited to revenue equal to the cost of the guards. Annually, the City receives and credits approximately \$20,000 per year for the guards.

Police Training, at \$18,000, represents the funds received from a \$2 fee imposed in accordance with City Code Chapter 2-337.

City Fines are budgeted at \$40,000, which is consistent with receipts from prior years.

In 2004-05 the City's Code Enforcement staff was transferred into the General Fund, from the Building Permits fund, and with it came the approximately \$9,000 in fines assessed and collected for violations.

Miscellaneous Income (\$1,054,218)

The primary Miscellaneous Income for all funds is Interest Income. Interest Income is estimated by multiplying an assumed interest rate by the average amount of funds invested during the year. For 07-08, the assumed interest rate is 5%, and the projected average invested funds will be \$18,000,000. Therefore, Interest Income is budgeted at \$900,000.

The General Fund will collect \$124,218 from the Community Redevelopment Agency, as that fund continues to repay loans. For the full re-payment schedule, see the CRA Fund.

Other Income is budgeted at \$30,000. This estimate will cover revenues that are unusual and not classified elsewhere, such as prior year insurance reimbursements.

Summary

The General Fund Revenue for 2007-08 is budgeted at \$35,777,769. With the ad valorem tax at 1.0997, the city continues to enjoy one of the lowest tax rates in the State, and there are no general fund rate increases included in this budget.

Equipment Services

City of Naples, Florida

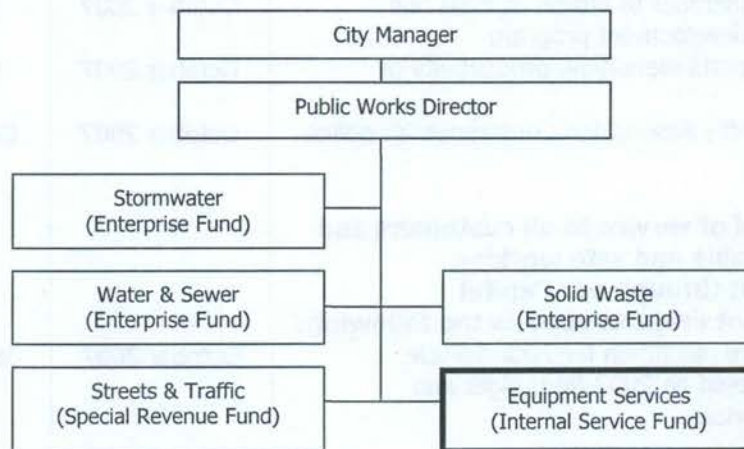

Fund Summary Page

DEPARTMENT Public Works Department
FUND: Equipment Services/Internal Service Fund (Fund 530)

Department Description

The Public Works Department operates in five separate funds: Water & Sewer Fund, Solid Waste Fund, Streets & Traffic Fund, Stormwater Fund and Equipment Services, an Internal Service Fund, responsible for the maintenance and replacement of all city rolling stock, including Police and Fire apparatus.

Equipment Services Goals and Objectives

The Equipment Services Division will be focused on providing service and maintenance reliability to all City fleet. There will be a continuing focus on facility improvements to maintain a safe working environment for all staff. Improved preventative maintenance programs will be sought on a continuous basis to assure service reliability to the City fleet.

Fund Summary Page (continued)

DEPARTMENT	Public Works
FUND:	Equipment Services/Internal Service Fund

Goals and Objectives	Estimated Start	Estimated Completion
<p>In accordance with the Vision Plan of Naples, continue and strengthen the City's leadership role in environmental protection and regional/ community sustainability:</p> <p>Review benchmarks for "vehicle to mechanic ratios" for at least 3 other cities</p> <p>Update evaluation report of alternative fuel vehicles</p> <p>Evaluate costs to ensure 08-09 budget to departments are properly charged</p>	<p>January 2008</p> <p>January 2008</p> <p>February 2008</p>	<p>March 2008</p> <p>March 2008</p> <p>April 2008</p>
<p>Recruit, develop, and retain a highly competent staff through such activities as attendance at workshops, seminars, and conferences.</p> <p>Require each staff member to attend at least one professional development program</p> <p>Provide monthly reports identifying productivity of mechanics</p> <p>Attend Florida Sheriff's Association Conference for police vehicles</p>	<p>October 2007</p> <p>October 2007</p> <p>October 2007</p>	<p>September 2008</p> <p>September 2008</p> <p>October 2007</p>
<p>Improve the level of service to all customers and provide reliable and safe working environment through our Capital Improvement Projects such as the following:</p> <p>Develop and prepare resolution for 2008 vehicle acquisition based on 2007-08 budget and competitive prices.</p>	<p>October 2007</p>	<p>January 2008</p>

2007-08 Significant Budgetary Issues

The budget for the Equipment Services Fund is \$2,714,296, a 17% decrease from the 2006-07 budget of \$3,298,042.

Revenues

Funding for the Equipment Services Fund is provided by each user department in the City. Equipment Services invoices each department monthly, using a fully weighted labor rate plus costs, for services provided. The budgeted charges are based on the historic trend. In addition, Collier County's EMS purchases some of its fuel at the City's fuel pumps, and will reimburse this fund an estimated \$133,170.

Fund Summary Page (continued)

DEPARTMENT Public Works
FUND: Equipment Services/Internal Service Fund

Expenditures

Personal Services

This fund continues to budget for eleven (11) full time employees. For 2007-08 the budget for personal services is \$761,241, a 6.5% increase over 2006-07. The increases are for the contractual raises for employees and expected increased of insurance and pension costs.

Operating Costs

Operating expenditures of this fund total \$1,882,405. Fuel is the largest expense in this fund, at \$936,169, which is a 4% increase over the 2006-07 budget. For 2007-08, the per gallon rate is projected to be \$3.46 for gas and \$3.17 for diesel.

Other large expenditures of this fund are:

Sublet repairs	\$175,000	Transmission, painting, body work
Operating Supplies	\$230,000	Vehicle and equipment parts
Tires	\$197,105	
City Administrative Costs	\$139,125	

Capital Costs

Capital costs in this fund total \$70,650. A list summarizing the capital projects is provided later in this section. Capital consists of replacement equipment and will not impact the operating budget.

The customers of the Equipment Services Fund are City departments with powered equipment including vehicles and mowers. In addition, Equipment Services provides fuel to the Collier County Emergency Management Department who uses the City's site for a fee. The revenue budget consists of two parts: Fuel and Maintenance. Both are budgeted based on a multi-year historic trend. Fuel budget is based on prior years' volume, multiplied by an assumed cost of fuel. The Maintenance budget is based on prior years' actual use of labor and materials, then manually adjusted for any anomalies such as major equipment failure, equipment additions or storm damages. Fuel Charges to departments are made monthly based on actual use. Maintenance charges are made monthly based on a combined labor and parts charge, similar to an external mechanic shop.

Fund Summary Page

DEPARTMENT Construction Management
FUND: Construction Management (an Internal Service Fund)
 (Fund 540)

Mission:

The mission of the Construction Management Department is to provide professional design, construction, and consulting services regarding city facility and infrastructure projects. The Department will do this by providing competent technical advice and professional services to the City Council, City Manager and City staff for existing and planned infrastructure. Construction Management will integrate sound fiscal and business practices into the management of projects. The employees of this Department will be motivated and supported while encouraging creativity and participation by recognizing accomplishments.

Department Description

The City of Naples Department of Construction Management was developed in 2003 for the purpose of overseeing the planning, design, construction and contract administration for all major Capital Improvement Projects in the City. The Department is responsible for planning new roadway improvements, coordinating revitalization projects, promoting neighborhood awareness and traffic calming programs; as well as planning, design and construction management of utilities, stormwater, parks, lighting, landscaping, City building improvements and scenic enhancements. In general, the Department provides engineering and construction management services to all City Departments and to the public.

In addition to in-house staff, the City can utilize the services of a variety of technical consultants contracted by discipline on an ongoing annual basis. These consultants are utilized by area of expertise and when staff's workload requires outside assistance.

2007-08 Goals and Objectives

	Estimated Start	Estimated Completion
As part of Vision Goal #3A (Maintain and improve public amenities for residents), plan, design and/or permit the following projects:		
8th Street Parking Garage (CIP 06C01, See Vision Plan Strategies and Actions # 8)	June 2007	November 2008
Implementation of the Citywide Pathway Plan (08C09, See Vision Plan Strategies and Actions # 3)	October 2007	October 2008
Design of the Cove Stormwater Pump Station (CIP 07V15, See Vision Plan Strategies and Actions # 16)	October 2007	October 2008
Construction of the Pulling Park (01W11, See Vision Plan Strategies and Actions # 2)	October 2007	June 2008

As part of Vision Goal 3A (Maintain and improve public amenities for residents), bid and manage the construction of the following projects:		
Air conditioning Improvements to all three buildings on Riverside Circle (CIP 07Y01, See Vision Plan Strategies and Actions # 17)	September 2007	October 2008
Solana Road Pump Station Upgrades (CIP 02K01, See Vision Plan Strategies and Actions # 16)	September 2007	October 2008
Sandpiper Street Improvements (CIP 08U08, See Vision Plan Strategies and Actions # 10)	June 2007	December 2008
As part of Vision Goal #3 (Maintain an extraordinary quality of life for residents), provide professional engineer guidance on the following projects:		
Investigate feasibility of Undergrounding Power Citywide	October 2007	October 2008
Provide (ongoing) professional input on RFP committees as needed	October 2007	October 2008
Review Special Assessments as submitted by neighborhoods	October 2007	October 2008
Alley Improvements as submitted by adjoining properties	October 2007	October 2008

2007-08 Significant Budgetary Issues

Revenues

As an internal service fund, this fund recovers its costs by charging the costs of Construction Management and Design services directly to a budgeted project. For 2007-08, revenues were budgeted by pro-rating the fund's expense based on the projects in the 2007-08 capital improvements budget that are expected to be managed. However, the actual chargebacks will be based on projects that actually use the Construction Management staff.

Expenditures

The expenditures of the Construction Management Department for fiscal year 2007-08 are \$977,597. This is a 2.4% increase over the adopted budget of 2006-07.

Personal Services budgeted at \$786,119 funds eight positions and is no change from the prior year positions.

The operating line-item budget totals \$191,478, or \$6,487 less than 2006-07. One major expenditure of this Department's budget is Building Rental (\$45,722) as payment for the

Fund Summary Page

DEPARTMENT Construction Management
FUND: Construction Management (an Internal Service Fund)
 (Fund 540)

Department's share of their office space, which is located in the Building Permits facility. Research with the City's Auditors and State law indicates that this payment is prudent and reasonable. Additionally, the Department is paying \$75,075 to the General Fund for reimbursement of for administrative charges such as accounting, auditing, and human resources.

As a note regarding the fund's negative unrestricted net asset balance, this negative balance will continue to grow larger. Although every year, operating revenues are sufficient to cover operating expenditures, there is an accounting requirement for establishing a reserve for accrued leave/compensated absences. This requirement has put this fund in a negative balance. If there were ever a surplus of revenues over expenditures in the operating budget, they would be reserved for future use.

		<u>\$977,597</u>
BUDGETED CASH FLOW		\$4,393
Projected Unrestricted Net Assets as of September 30, 2008		<u>(\$106,378)</u>

The reason net assets are negative in the Construction Management Fund is the liability entitled "compensated absences". Required by GASB Statement No. 16, it is related to the measurement of accrued compensated absences liabilities by state and local governmental entities. Compensated absences are absences for which employees will be paid, such as vacation and sick leave. The fund has no assets to offset this liability.

City of Naples, Florida

Capital Improvement Program

Program Description

In accordance with Chapter 2, Section 371 of the Code of Ordinances, the City prepares a five-year plan for the Capital Improvement Program (CIP). This program generally includes items with an expected life of more than 2 years and a project cost of more than \$2,500. The CIP is a separate document, with a summary included in the budget.

The CIP is used to identify and coordinate the financing and timing of public improvements. The first year of this five-year program is included in this budget document. Projects are included by fund and department. The Finance Department performed a preliminary analysis of funding to ensure that the five-year program is not grossly over- or under-stated.

Even the best of municipal infrastructure has a useful life, and the replacement of aging infrastructure remains a primary concern. This CIP places an emphasis on maintaining existing infrastructure (trees, sidewalks, roadways, alleys, landscape, rights of way, etc.) Maintaining the current quality of life and aesthetic appeal of Naples is a costly responsibility.

2007-08 Significant Budgetary Issues

The Five-Year Capital Improvement Program represents more than \$188 million of projects and expenses. The 2007-08 budget for the CIP is \$36,035,371.

The following funds provide revenue for funding the CIP, from their own revenue generation, grants and retained earnings.

- Utility Tax Fund
- Stormwater Fund
- Streets Fund
- Equipment Services
- Beach Fund
- Building Permits Fund
- Taxing Districts
- Tennis Fund
- Dock Fund
- Solid Waste
- Technology Services
- Water & Sewer Fund
- Community Redevelopment Agency
- General Fund

Part of the analysis of items to be included in the Capital Improvement Budget is the impact of the item on operating costs.

Capital Improvement Program

Where appropriate, operating costs or savings relating to Capital is included in the operating budgets. For the City of Naples, few items have any additional operating costs, because they are replacement in nature. The list below summarizes any items which have operating costs for the 2007-08 budget.

Project Description	Project Cost	Impact on Operating Budget
Laptops Police/Code Enforcement (5)	\$25,000	Annual air card fees are \$3,900 and are budgeted in Technology Services fund
Collision Diagramming Software	7,900	Maintenance costs of \$1,205 to begin in FY 2008-09
Landscaped Median Restoration	175,000	Landscape maintenance of \$8,000 annually budgeted in 001-0913-572-3000
Boat-Natural Resource	42,000	The estimated fuel and Maintenance costs of boat is \$2,500 and will be absorbed in the 001-0928-572 accounts.
Wide Format Copier/Scanner	16,884	Monthly costs of \$140 are included in account the office supply accounts of the Building Permits fund
Vehicle Addition	25,600	Annual costs of \$1,400 are included in account the accounts of the Building Permits fund
New Parking Garage	9,000,000	Annual costs of \$33,000 will be incorporated into next year's budget of the CRA fund.
Industrial Rider Scrubber	35,000	Expected annually costs of \$500 will be incorporated into next years budget of the CRA fund
Granicus Minute Maker Module	10,250	Starting in 08-09, annual costs of \$4,200 will be budgeted in the Technology Services Fund
Website Content Management	9,000	Starting in 08-09, \$1,500 annually will be budgeted in the Technology Services Fund.
RPG Smart Page Web Development Tool	15,150	Starting in 08-09, \$2,650 annually will be budgeted in the Technology Services Fund.

Debt

Amin

Overview

City of Naples, Florida

Debt Administration Overview

The City Manager and the Director of Finance are responsible for the administration of the City's debt; however, the City Council is ultimately in charge of approval of the form and dollar amount of all of City borrowings. The Debt Management program is part of the comprehensive City of Naples Financial Policy included under the Supplemental Information tab in this document. The details of the outstanding debt obligations such as original amounts, outstanding balances, fiscal year principal and interest are shown in the Debt Summary Schedules in this section.

Debt Issuance Procedures

The City Administration, in cooperation with the City Council, evaluates each debt proposal and compares it with other competing interests in the City. Requests are considered in accordance with the City's overall adopted priorities and 5-year Capital Plan. The City of Naples retains the services of professional financial consultants to facilitate the process.

The City may issue general obligation (GO) bonds and other debt instruments by means of referendums, City Ordinances, Bond Resolutions and/or other applicable provisions of law as required, and in full compliance with, the Constitution and Statutes of the State of Florida.

The Finance Department coordinates the issuance of debt, such as sizing the new issue, structuring the debt, identifying the repayment sources and determining the mix and method of sale. The City generally structures all long-term debt with prepayment options. The City's debt service practice reflects its fiscal policy of prudent use of tax exempt financing, including using bank-qualified debt when possible.

Credit Ratings

The City shall strive to maintain a minimum underlying bond rating equivalent to 'High Grade High Quality' (Moody Rating Aa3 or Fitch Ratings AA-). Moody's and Fitch evaluated City of Naples underlying creditworthiness in March of 2002. Moody's rated the City at Aa2, 'High Grade High Quality'. Fitch gave the City a rating of AAA 'Prime Maximum Safety'.

Legal Debt Margin

Neither the Florida Constitution, Florida Statutes, nor the Naples City Code place a limit on the amount of debt the voters may approve by referendum. As of September 30, 2007 the City had \$4.04 million of general obligation/voted debt outstanding. Based on the assessed valuation of \$17.5 billion for the fiscal year ending September 30, 2007, the City's general obligation and voted debt ratio currently equals 0.03 percent (0.03%) of the assessed valuation, which is considered very low.

City of Naples, Florida

Debt Administration Overview

Outstanding Indebtedness

The City's total outstanding debt as of September 30, 2007 was \$36.8 million. This consists of revenue backed by property taxes, utility taxes and utility revenues.

General Obligation Bonds

As of September 30, 2007, City of Naples had two outstanding general obligation bonds (GO), payable from a pledge of the proceeds of a direct, annual ad valorem tax upon all taxable property within the City. Both bonds are related to the acquisition of the Naples Preserve. Listed below are the outstanding principal balances as of September 30, 2007:

- \$870,000, GO Bonds, Series 2000 issued for the acquisition of real property consisting of approximately 8 acres located on the southeast corner of U.S. Highway 41 and Fleischmann Boulevard in the City of Naples for open space and other public purposes. Final maturity date March 1, 2009.
- \$3.170 million, GO Bonds, Series 2004 issued for the purpose of refinancing a portion of the outstanding City of Naples, Florida General Obligation Bonds, Series 2000. Final maturity date March 1, 2015.

Non-Ad Valorem Revenue Bonds

The City of Naples currently has several outstanding non-ad valorem revenue bonds. As of September 30, 2007 the outstanding principal balances were as follows:

- \$290,000 Public Service Tax Refunding Revenue Bonds, Series 1993 issued for the purpose of refunding the City's outstanding Public Service Tax Revenue Certificates Series 1975, a portion of the Public Service Tax Refunding Revenue Bond Series 1989, a portion of the Capital Improvement Revenue Bonds Series 1991, and a promissory note to Naples Federal Savings & Loan dated November 7, 1983. Final maturity date July 1, 2009.
- \$9.52 million Public Service Tax Revenue Bonds, Series 2001 issued to finance the cost to acquire certain municipal recreation facilities improvements in the City, to refund all of the City's Public Service Tax Revenue Bonds, Series 1997, and to fund the reserve fund for the Series 2001 Bonds. Final maturity date July 1, 2021.
- \$5.045 million Redevelopment Revenue and Refunding Bonds, Series 2003 issued for the purpose of financing a portion of the cost of the design, installation, construction and reconstruction of street, public rights-of-way, drainage improvements and related improvements within its community redevelopment agency, and to refinance the outstanding Redevelopment Revenue Bonds, Series 1998. Final maturity date December 1, 2021.

City of Naples, Florida

Debt Administration Overview

- \$8.805 million Water and Sewer Revenue Refunding Bonds, Series 2002 issued for the purpose of refunding the Water and Sewer Revenue Refunding Bonds, Series 1992. Final maturity date September 1, 2015.

**Debt Service Payments
on All Bonds**

Loans

As of September 30, 2006, the City of Naples had a total of \$22.4 million outstanding balances in State of Florida Revolving Loans. The interest rates on these loans range from 2.56 to 3.79 percent. These obligations are secured by City of Naples covenants to budget and appropriate from legally available revenues in an amount sufficient to pay the required annual principal and interest on the notes.

Loan Purpose	9/30/2006 Balance	Final Payment Date
Storm Water	153,949	4/15/2009
Storm Water	3,064,765	6/15/2021
Wastewater	17,192,406	4/15/2018
Wastewater	117,741	4/15/2018
Port Royal Water Tank	1,913,682	10/15/2021
Total	\$22,442,543	

Industrial Development Bonds

The City of Naples acted as a facilitator for Industrial Development Bonds transactions. These obligations are not in any way a debt of the City.

Utility Tax/ CPF Summary

City of Naples, Florida

Fund Summary Page

FUND: **Utility Tax Debt Service Fund (Fund 200)**
 Utility Tax Capital Improvement Fund (Fund 340)

Fund Description

The Utility Tax Debt Service Fund was established to account for the City's debt service on outstanding Utility Tax Revenue Bonds and the City's General Obligation Bonds. This fund does not include bond issues for the enterprise funds. Debt service for the enterprise funds is funded through those respective funds. The taxes levied in the Utility Tax Debt Service Fund are generated for the payment of the principal and interest for the general indebtedness of the City. Once the debt service obligations have been met, the balance of revenues in this fund is transferred to the Utility Tax Capital Improvement Fund to pay for capital expenditures.

Capital improvement projects are generally defined as items involving expenditures of more than \$2,500 and having an anticipated life of two years or more. This includes items such as machinery, fire trucks, police vehicles, improvements to city facilities or new construction.

The five-year capital improvement program was provided to the elected officials in accordance with Chapter 2, Section 371 of the Code of Ordinances by June 1, 2007.

2007-08 Significant Budgetary Issues

Utility Tax-Debt Service Fund (Fund 200)

Revenues

This fund has three primary types of revenue: voted ad valorem tax, utility tax, and transfers in the other funds, plus a small amount of interest. Below shows the comparative totals of revenues to the Utility Tax Fund.

Fund Summary Page (continued)

FUND: Utility Tax Debt Service Fund (Fund 200) Utility Tax Capital Improvement Fund (Fund 340)

The voted ad valorem tax is due to a referendum in 2000, wherein the Naples voters opted to issue a general obligations (GO) bond for approximately \$9.3 million to purchase a tract of land now known as the "Naples Preserve". This bond was partially refunded in June 2004 for interest rate benefits, with the issuance of GO Refunding Bond Series 2004 in the amount of \$3,170,000. Concurrently with the refunding, the City Council also authorized the use of a portion of the proceeds from the sale of the Wilkinson House to reduce the annual debt service requirement. The millage rate is set each year to just satisfy the current year's debt service. For this year, the rate is 0.0358. (Note that this is based on a taxable value of \$17,061,737,598.) As a voted debt service millage, this will remain exempt from the rollback related to property tax reform.

Utility Taxes, generated from Electric, Telecommunications, Gas, and Propane are allowed by Florida Statutes and City Code. These have been estimated as follows:

Electric Utility Tax	\$2,300,000
Teco Gas	22,000
Propane Sales	185,000
Telecommunication	167,000

Telecommunications has been shared with the general fund for many years. Until this year, it was split approximately 50/50. However, due to the property tax reform, this budget assumes the General Fund will get 90% of the Telecommunications tax, and with only 10% funding capital programming. There are sufficient funds for needed capital from the other sources.

The other revenues are generated from interest income and a \$409,436 transfer from the Community Redevelopment Agency for its share of debt service in this fund.

Expenditures

The majority of the expenditures in this fund are for debt service obligations. The City of Naples has \$4,040,000 of General Obligation Debt outstanding and \$8,865,000 for the Utility Tax Bonds as of September 30, 2007. For FY 2007-08 the total debt service payments for principal and interest will be \$579,603 for the GO Bonds and \$911,193 for the Utility Tax Bonds.

After deducting the debt service and other costs of this fund from the revenues, the balance is transferred to the Capital Improvement Fund, as directed by City Code and Ordinance. For 2007-08, the transfer from the Utility Tax Debt Service Fund to Utility Tax Capital Improvement Fund for capital improvements is \$1,735,383

Utility Tax – Capital Improvement Fund (Fund 340)

Revenues

In addition to the transfer in from the Debt Service Fund, discussed above, the Capital Improvement Fund receives interest income, non-road impact fees, grants, assessment payments and a repayment from the Community Redevelopment Agency for a prior year loan.

Fund Summary Page (continued)

FUND: Utility Tax Debt Service Fund (Fund 200) Utility Tax Capital Improvement Fund (Fund 340)

Impact fees (except for road) are estimated as shown below. Note however, that estimates are inaccurate, as they depend on the construction that actually occurs. Our methodology for projecting impact fees is to project very low, assuming a low construction volume. This would be the expected status in a nearly built out city.

General Impact Fees	\$17,500
Police Impact Fees	75,000
Fire Impact Fees	40,000
Parks & Recreation Impact Fees	3,000

Impact fees are required to be spent on projects that expand the levels of service or are otherwise due to growth. In the City's budget, Impact Fees are not designated toward a specific project, but each of the above fees is traced annually to ensure that the City has complied with Chapter 118-190 of the code. This section of the code restricts the use of these funds.

Impact fees were last revised in 1997 by Ordinance 97-7910 and 97-7914. The City residential dwelling, fire, police and general government fee (which excludes recreation) is \$354.99. For the Commercial, the fire, police and general government impact fee is \$73.49 per 100 square feet. The Recreation Impact Fee is \$87.51 per new unit. The City has hired a consultant to review the impact fees, and an ordinance may be presented to amend these fees prior to the budget year.

Water and Sewer Impact Fees are tracked in the Water/Sewer Utility Fund.

The City expects to receive \$871,000 in grants or contributions for the completion of the following capital projects:

Environmental Protection/Boat for Natural Resources	67,000
Collier County for Pulling Property	700,000
TCD for Gordon Pass Monitoring	25,000
Justice Dept/Fire Breathing Apparatus	54,000
Environmental Protection/Filter Marsh	25,000

Assess repayments are not a large influence on this fund. There is only one assessment, the Third Street Lighting District, for which the assessment repayments were being paid, with amounts varying by year, based on the individual terms of that assessment. However, the dredging of the West Naples Bay (Aqualane Shores) will be a new special assessment district, possibly starting in November 2007. Prepayments will be allowed starting in September 2007. This budget assumes the City will collect a total of \$275,000 in assessments.

Expenditures

The Capital Improvement Program was presented to Council on June 1 and discussed at a council workshop on June 11. That document provided the base for the Utility Tax Fund Capital Project budget, in that most of the first year recommendations are included. In all, there are \$6.35 million capital projects in this fund, with the rest of the expenses being City Administration and Construction Management costs.

Fund Summary Page (continued)

FUND: Utility Tax Debt Service Fund (Fund 200) Utility Tax Capital Improvement Fund (Fund 340)

Please refer to the last pages of this section for a complete listing of the projects budgeted for FY 07-08. For most projects, further details will be found in the Five-Year Capital Improvement Program, a copy of which is available in the City Clerk's office. One notable item added to the Utility Tax Fund budget is a \$500,000 transfer to the Streets fund for street paving. Formerly funded by the General Fund, this change is due to the property tax reform. Also new is an account/project called Workforce Housing. In 1994, Coastland Center Mall contributed \$182,843 to the City for "affordable housing mitigation." It appears that the funds were collected with building permits, similar to how impact fees are/were collected and were later transferred to the Utility Tax Capital Improvement Fund Balance. Details about the required uses are stated in resolution 93-6882, passed 4/7/93, but state, in brief "such funds shall be administered by an appropriate community agency for the purpose of expeditiously increasing the supply of affordable housing available to very low income households with the City of Naples, through a mortgage assistance program, a housing rehabilitation program, or an affordable housing construction program, or a combination of any such programs." The City plans to use these funds during 2007-08 for an affordable housing program.

Impact on Operating Budget

Operating costs associated with any capital project are included, if appropriate, in the operating department of the related department. The fund does not contain operating costs.

Most capital items in the Utility Tax Fund are repair, replacement or maintenance type projects, which are considered to have no impact on the operating budget.

BUDGET ORDINANCES

Agenda Item 3-a (2)
 Special Meeting of 9/19/07

ORDINANCE 07-11782

AN ORDINANCE ADOPTING THE FINAL BUDGET FOR THE CITY OF NAPLES, EXCLUSIVE OF DEPENDENT TAXING DISTRICTS, FOR FISCAL YEAR COMMENCING OCTOBER 1, 2007, AND ENDING SEPTEMBER 30, 2008; APPROPRIATING FUNDS FOR OPERATING EXPENSES OF THE CITY OF NAPLES FOR THE GENERAL OPERATION OF THE SEVERAL DEPARTMENTS OF THE CITY, INCLUDING UTILITIES, AND FOR CONTRIBUTING TO THE SINKING FUNDS OF THE CITY TO PAY INTEREST ON AND PROVIDE FOR THE RETIREMENT OF THE OUTSTANDING BONDS AND OTHER FIXED OBLIGATIONS OF THE CITY AND THE UTILITY TAX FUND FOR AND DURING THE FISCAL YEAR COMMENCING OCTOBER 1, 2007, AND ENDING SEPTEMBER 30, 2008; PROVIDING A SEVERABILITY CLAUSE, A REPEALER PROVISION AND AN EFFECTIVE DATE.

WHEREAS, the City of Naples adopts a final budget, exclusive of Dependent Taxing Districts, and appropriates funds on an annual basis for the general operation of the several departments of the City, including utilities, and contributes to the sinking funds of the City to pay interest on and to provide for the retirement of bonds; and

WHEREAS, on July 28, the City Council received a preliminary budget document, a copy of which is retained in the City Clerk's office as a public record; and

WHEREAS, on August 13, 2007, at 5:00 p.m., the City Council reviewed that document and recommended changes which are incorporated by reference; and

WHEREAS, these changes and others will be adopted at the public hearings as part of the budget; and

WHEREAS, a final budget document incorporating the information from the preliminary budget and equaling the amounts adopted in this ordinance shall be prepared and distributed which shall represent the work plan of the City; and

WHEREAS, the City of Naples has conducted public hearings on the fiscal year 2007-08 budget on September 5, 2007, and September 19, 2007, in accordance with state law;

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF NAPLES, FLORIDA:

Section 1. This Ordinance shall be known as the "Budget Ordinance of the City of Naples" for its fiscal year 2007-08 and shall serve to appropriate the sums provided for herein.

Section 2. The several amounts listed below are declared to be the estimated revenues and expenditures of the City and appropriated to the funds, functions, programs and agencies set forth.

(a) General Fund

Revenues	
Taxes	\$24,691,547
Licenses and Permits	\$360,200
Intergovernmental Revenue	\$3,239,300
Charges for Services	\$6,063,504
Fines & Forfeits	\$369,000
Miscellaneous Income	\$1,054,218
Total	\$35,777,769

I hereby certify that the above and foregoing is a true and correct copy of records appearing in the files of the City Clerk's Office, City of Naples, Florida.

Jessica R. Rozenberg
 Title Deputy City Clerk

City of Naples

General Fund Revenue Analysis

Overview

This year the City of Naples, like other cities in the state, were faced with a challenge. Mandated budget rollbacks and cuts from Tallahassee reduced the city's ability to tax property for governmental services. Further, the new legislation restricts the growth of future revenues. The City of Naples' millage rate for Fiscal Year 2007-08 (abbreviated FY throughout this document) is 1.0997 mills or 11.8% less than the FY 2006-07 millage rate of 1.2450.

County and municipal tax sources are restricted by the Florida Constitution and by the Legislature. The City of Naples utilizes most of the allowable revenue sources to fund governmental services; however, there are still several options available if the City needed to raise revenue. One option is to increase property taxes within the new legislative guidelines. Other revenue options are to add a new utility tax (such as water), increase telecommunication taxes, or to increase or add user charges such as special assessments and fees.

Revenue in the General Fund is separated into seven categories: Local Taxes, Licenses and Permits, Intergovernmental Revenue, Charges for Services, Fines and Forfeitures, Miscellaneous Income and Fund Balance/Transfers. These categories are established by the State of Florida's Uniform Accounting System. For Fiscal Year 2007-08, the revenues for the General Fund are \$35,777,769.

Local Taxes (\$24,691,547)

Ad Valorem Taxes

The Ad Valorem Taxes are the largest single revenue source to the General Fund, budgeted at \$17,431,817. Collier County Property Assessor is assigned the responsibility for assessing property within the City. Florida Statutes require the Assessor to provide an estimate of property values to the City by July 1 to aid in the budgeting process. For FY 2007-08, the preliminary taxable value (per Property Appraiser's report DR420) of all properties within the City is \$17,472,376,401. The chart below shows the growth in taxable value. Local and national market analysts have indicated that Naples and Collier County are becoming overvalued, and prices (and assessed values) will slow substantially. The City will have to consider additional sources of revenue as noted above, if this occurs.

TAXABLE VALUE (in billions)

(4) Community Redevelopment	\$16,242,753
Revenues	
Taxes	\$783,480

Construction Management	\$977,597

- Section 3.** Florida Statutes, the City Charter and generally accepted accounting principles do not require budgets for grants and trust/agency funds that are governed by the terms of the source. City Council acceptance of such terms shall be deemed to constitute a budget adjustment, including appropriation of such funds.
- Section 4.** Budget adjustments that would increase total expenditures of a budgetary fund or would transfer money between funds require City Council approval via resolution. Transfers of appropriated moneys between departments and/or functions within an individual fund may be authorized by the City Manager without City Council approval, excluding:
- (a) The authorization of additional regular positions.
 - (b) Capital Improvements as defined in Section 5.
- Section 5.** Appendix A represents the City of Naples's Five Year Capital Improvement Program presented to City Council in June 2007 in accordance with City Charter. Approved Capital Improvement Projects are included in the 2007-08 budget. Budget adjustments which would modify the intent of the Capital Improvement Budget for Fiscal Year 2007-08 require City Council approval via resolution.
- Section 6.** Appendix B represents the amount available from taxation and other sources, including amounts carried over from prior fiscal years, along with the total appropriations for expenditures and reserves in accordance with Florida Statutes 166.241.
- Section 7.** The Finance Director is authorized to reserve at October 1, 2007, the unpaid purchase orders, outstanding contracts and other commitments from Fiscal Year 2006-07. Said amounts reserved shall be designated as reservations of fund balance for encumbrances under fund equity and shall be carried forward into the next fiscal year as additions to the respective budgets.
- Section 8.** The City Manager, through the Finance Director, is hereby authorized and directed to receipt all revenues listed herein for the purpose of which said revenues are designated and appropriated. In so doing, the City Manager, through the Finance Director, shall accurately account and record said receipts in the ledgers and financial records in each respective designated account. Such ledgers and records shall be subjected to audit.
- Section 9.** With respect to any fund balances, not specifically appropriated by the terms hereof, the City Council may, during the fiscal year, appropriate all or part of said fund balances by adopting a resolution for that purpose.
- Section 10.** The City Manager, through the Finance Director, is hereby authorized and directed to disburse moneys for the purpose of meeting the expenses and expenditures as appropriated.
- Section 11.** If any section, paragraph, or part of this Ordinance shall be declared unconstitutional or invalid, then the remainder of this Ordinance shall not be affected thereby and shall remain in full force and effect. All ordinances or parts of ordinances or resolutions in conflict herewith are hereby repealed to the extent of such conflict.

Ordinance 07-11782

Agenda Item 3-a (1)
Special Meeting of 9/19/07

ORDINANCE 07-11781

AN ORDINANCE DETERMINING AND FIXING THE 2007 TAX LEVY AND MILLAGE RATE FOR THE CITY OF NAPLES, EXCLUSIVE OF DEPENDENT TAXING DISTRICTS, FOR PROVIDING SUFFICIENT FUNDS FOR THE GENERAL FUND OPERATIONS; PROVIDING A SEVERABILITY CLAUSE, A REPEALER PROVISION AND AN EFFECTIVE DATE.

WHEREAS, the City of Naples, Florida on September 5th, adopted Millage Rates following public hearing as required by Florida Statute 200.065; and

WEREAS, the gross taxable value for operating purposes not exempt from taxation within the City of Naples, has been certified by the County Property Appraiser as \$17,472,376,401;

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF NAPLES, FLORIDA:

Section 1. That the 2007 tax levy and millage rate for the City of Naples is 1.0997, which is 9% under the rolled-back rate of 1.2084.

Section 2. That the voted debt service millage for the City of Naples, is 0.0350.

Section 3. That the tax levy and millage rate have been fixed and determined in accordance with the following assessments and finding of the City Council, and making allowances for tax delinquents, discounts and losses therein, show, to-wit:

Total General Fund and Community Redevelopment Agency Operations
1.0997 mills. \$18,253,653

Voted Debt Service
0.0350 mills. \$579,603

Section 4. If any word, phrase, clause, subsection or section of this ordinance is for any reason held unconstitutional or invalid, the invalidity thereof shall not affect the validity of any remaining portions of this ordinance.

Section 5. That all sections or parts of sections of the Code of Municipal Ordinances, all ordinances or parts of ordinances, and all resolutions or parts of resolutions in conflict herewith, be and the same, are hereby repealed to the extent of such conflict.

Section 6. This ordinance shall take effect immediately upon approval at second reading.

APPROVED AT FIRST READING THIS 5TH DAY OF SEPTEMBER, 2007.

I hereby certify that the above and foregoing is a true and correct copy of records appearing in the files of the City Clerk's Office, City of Naples, Florida.

Date filed with City Clerk: 9-19-07

Agenda Item 3-c (1)
Special Meeting of 9/19/07

ORDINANCE 07-11785

AN ORDINANCE ADOPTING THE FINAL BUDGET FOR THE EAST NAPLES BAY SPECIAL TAXING DISTRICT FOR FISCAL YEAR COMMENCING OCTOBER 1, 2007, AND ENDING SEPTEMBER 30, 2008; APPROPRIATING FUNDS FOR OPERATING EXPENSES OF THE CITY OF NAPLES FOR THE GENERAL OPERATION OF THE EAST NAPLES BAY SPECIAL TAXING DISTRICT FOR AND DURING FISCAL YEAR COMMENCING OCTOBER 1, 2007, AND ENDING SEPTEMBER 30, 2008; PROVIDING A SEVERABILITY CLAUSE, A REPEALER PROVISION AND AN EFFECTIVE DATE.

WHEREAS, the City of Naples adopts a final budget for the East Naples Bay Special Taxing District and appropriates funds on an annual basis for the general operation of the Special Taxing District of the City; and

WHEREAS, the City of Naples has held a series of workshops and public hearings on the fiscal year 2007-08 budget;

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF NAPLES, FLORIDA:

Section 1. That the budget for the East Naples Bay Special Taxing District for the fiscal year commencing October 1, 2007, and ending September 30, 2008 is hereby adopted.

Section 2. That for the payment of expenses and obligations of the East Naples Bay Special Taxing District for the fiscal year ending September 30, 2008, there is hereby appropriated out of any monies in the treasury of the East Naples Bay Special Taxing District and any accruing revenues of the Special Taxing District available for said purposes to the funds and for the purposes hereinafter set forth, the sum of money shown below:

SPECIAL REVENUE FUND:
East Naples Bay Special Taxing District \$4,220

Section 3. Budget adjustments that would increase total expenditures of this fund require City Council approval via resolution. Transfer of appropriated moneys between functions within this fund may be authorized by the City Manager without City Council approval, excluding:

- (a) The authorization of additional regular positions.
- (b) Capital Improvements.

Section 4. The Finance Director is authorized to reserve at October 1, 2007, the unpaid purchase orders, outstanding contracts and other commitments from Fiscal Year 2006-07. Said amounts reserved shall be designated as reservations of fund balance for encumbrances under fund equity and shall be carried forward into next fiscal year as additions to the respective budgets.

Section 5. The City Manager, through the Finance Director, is hereby authorized and directed to receipt all revenues listed herein for the purpose of which said revenues are designated and appropriated. In so doing, the City Manager, through the Finance Director, shall accurately account and record said receipts in the ledgers and financial records in each respective designated account. Such ledgers and records shall be subjected to audit.

I hereby certify that the above and foregoing is a true and correct copy of records appearing in the files of the City Clerk's Office, City of Naples, Florida.

Jessica R. Rosenberg
Title Deputy City Clerk

Section 6. With respect to any fund balances, not specifically appropriated by the terms hereof, the City Council may, during the fiscal year, appropriate all or part of said fund balances by adopting a resolution for that purpose.

Section 7. The City Manager, through the Finance Director, is hereby authorized and directed to disburse moneys for the purpose of meeting the expenses and expenditures as appropriated.

Section 8. If any word, phrase, clause, subsection or section of this ordinance is for any reason held unconstitutional or invalid, the invalidity thereof shall not affect the validity of any remaining portions of this ordinance.

Section 9. That all sections or parts of sections of the Code of Municipal Ordinances, all ordinances or parts of ordinances, and all resolutions or parts of resolutions in conflict herewith, be and the same, are hereby repealed to the extent of such conflict.

Section 10. This ordinance shall take effect immediately upon approval at second reading.

APPROVED AT FIRST READING THIS 5TH DAY OF SEPTEMBER, 2007.

PASSED AND ADOPTED AT SECOND READING AND PUBLIC HEARING IN OPEN AND SPECIAL SESSION OF THE CITY COUNCIL OF THE CITY OF NAPLES, FLORIDA THIS 19TH DAY OF SEPTEMBER, 2007.

APPENDIX B – BUDGET & FINANCIAL POLICIES

The Government Finance Officers Association encourages an active and ongoing discussion of the financial policies of the City, and requires the policies to be included in the budget.

The purpose of the policies is to demonstrate to the relevant parties that the City is committed to strong financial operations, and to provide a strong precedent for future policy makers and financial managers on the city's financial goals and strategies.

I. Budgetary and Financial Planning Policies

1. The budget must be balanced for all funds. Total anticipated revenues must equal total estimated expenditures for each fund (Section 166.241 of Florida Statutes requires that all budgets be balanced.) A balanced budget requires each operating fund to have revenues fully cover expenditures. Fund balance, if used as a source of revenue, may only be used deliberately to either intentionally reduce a surplus, to fund one time capital, or to provide a short-term funding with the intent to repay.
2. The City will avoid procedures that balance current operating expenditures at the expense of meeting future year's expenses, such as postponing expenditures or accruing future years' revenues.
3. The budget will provide adequate funding for maintenance and replacement of capital, plant and equipment.
4. The budget will provide full funding for employees and their related costs.
5. Administrative Service Charges will be charged from the General Fund to the major operating funds. The calculation will use a step allocation basis, such that each fund pays its proportionate share of their administrative costs, such as Human Resources, Accounts Payable and City Clerk. At a minimum, the administrative service charge shall be reviewed biannually.
6. Because the City is close to built out, in general, projected revenues are projected based on historical trends. Exceptions to this are noted throughout the document. While growth is limited, property values have continued to increase substantially.

7. Cautious and prudent City revenue estimates are used for all State and Federal grants.
8. As part of the budget, the City shall review its user fees. Fees shall be analyzed as to whether we intend to recover full cost of providing the service or when we may charge more or less than full cost. For example, certain recreation fees shall be established to cover the full cost of operations. The Tennis Fund, the City Dock, Solid Waste and Water/Sewer Utility shall always have rates established to cover, as a minimum, the direct cost of operations.
9. Regular and moderate rate increases are preferred to avoid large increases at irregular intervals.
10. The City's Budget will be submitted to the GFOA Distinguished Budget Presentation Program. The budget should satisfy criteria as a financial and programmatic policy document, as a comprehensive financial plan, as an operations guide and as a communications device.
11. The City encourages a diversity of revenue sources in order to improve the ability to handle fluctuations in individual sources. Revenue diversity shall be tracked in the budget document.
12. The City will avoid the use of one-time revenues for ongoing expenditures. Any such use shall be noted and justified.
13. The City has adopted a separate policy on Fund Balance. The policy adopted by Resolution 02-9845 in October 2002 is designed to ensure that the city maintains a prudent level of financial resources to protect against the need to reduce service levels or raise taxes and fees due to temporary revenue shortfalls or unpredicted one-time expenditures. Resolution 02-9845 will be revised over time to reflect either changes in accounting practices or changes in funds. By reference, this set of policies is intended to incorporate any future Fund Balance resolutions.
14. The City maintains extensive budgetary controls. Activities for the General Fund and proprietary funds are included in the annual appropriated budget. Project length budgets are prepared in the Capital Improvement Funds. The City also maintains an encumbrance accounting system as one method of maintaining budgetary control. Outstanding encumbrances generally are re-appropriated as part of the following year's budget.
15. The City will post the Adopted Budget to the Web Site.

II. Financial Reporting Policies

1. The City shall prepare an annual audit in accordance with Generally Accepted Accounting Practices, and the City shall apply for the GFOA Certificate of Achievement Program.
2. The City shall prepare monthly reports to Council and the City Manager comparing actual to budgeted revenue and expense activity for all major operating funds.
3. The City shall establish and maintain a set of standard accounting practices, which shall include internal controls.
4. Financial systems will maintain internal controls that enable users to monitor revenues and expenditures on an ongoing basis.
5. The City's accounting and financial reporting systems will be maintained in conformance with all state and federal laws, generally accepted accounting principles (GAAP) and standards of the Governmental Accounting Standards Board (GASB) and the Government Finance Officers Association (GFOA).
6. An annual audit will be performed by an independent public accounting firm, with an audit opinion to be included with the City's published Comprehensive Annual Financial Report (CAFR).

III. Capital Improvement Policies

1. The City will annually develop a five-year capital improvement program as required by Chapter Two of the City Charter.
2. The city shall seek intergovernmental assistance, such as grants, whenever possible to finance the capital outlined in the CIP.
3. The City will coordinate development of the capital improvement budget with the development of the annual operating budget. Each capital improvement project will be reviewed for its impact on the operating budget in terms of revenue generation, additional personnel required and additional operating expenses.
4. Capital improvement projects are defined as infrastructure or equipment purchases or construction which results in a capitalized asset costing more than \$2,500 and having a useful (depreciable life) of two years or more.
5. The Finance Department shall maintain a complete inventory of all major capital assets. This listing shall be annually distributed to departments to aid in the assessment of condition of the City's assets.

IV. Debt Management Policies

1. The City will seek to maintain and, if possible, improve our current bond rating in order to minimize borrowing costs and preserve access to credit.
2. An analysis showing how the new issue combined with current debt impacts the City's debt capacity and conformance with City debt policies will accompany every bond issue proposal.
3. City of Naples will not issue Debt Obligations or use debt proceeds to finance current operating and maintenance expenditures.
4. City of Naples will utilize Debt Obligations only for capital improvement projects that cannot be funded from current revenue sources or in cases in which it is more equitable to finance the project over its useful life.
5. Prior to the issuance of any additional general obligation debt, the City will consider adopting a policy(s) that identifies the maximum amount of debt and debt service that should be outstanding at any time.
6. The City will consider the refunding of outstanding debt when at least a 4% net present value savings can be obtained
7. Debt will not be issued for periods longer than the useful life of the project.
8. Whenever possible, the city will use special assessment or self-supporting bonds instead of general obligation bonds, so that those who benefit from the improvement will bear all or part of the cost of the project.

V. Investment Policies

1. The City has adopted a separate Investment Policy in accordance with State Law. Please see Ordinance 05-10940, which was passed in September 2005. Topics in this detailed policy include objectives, ethical standards and prudence, authorized investments and diversification, internal controls and reporting.

BUDGET GLOSSARY

- A -

Accrual Basis of Accounting - a method of bookkeeping in which income and expenses are allocated to periods to which they apply, regardless of when they are actually received or paid. For example, if revenue was earned on October 15, but payment was not received until November 15, the revenue would be recorded as revenue in October.

Actuarial - An adjective that describes statistical elements, assumptions, and techniques used by actuaries. An "actuary" is an expert who computes insurance or pension risks and plan costs based upon plan membership, experience, and other factors. Actuaries determine the level of funding required to provide the benefits.

Ad Valorem Taxes - Latin for "value-based" tax and commonly referred to as "property tax". This is the tax levied on both real and personal property according to the property's value and the millage (or tax) rate.

AFSCME = American Federation of State, County and Municipal employees. The union and bargaining unit for certain city employees.

Annual Budget - A budget applicable to a single fiscal year. Naples annual budget is from October to September.

Appropriation - A legislative authorization to expend a specified sum of money for a specified purpose, for a limited period of times.

Assessed Valuation - A value established for real and personal property for use as a basis for levying property taxes.

Asset - Resources owned or held by a government which has monetary value.

- B -

Bond - A written promise to pay a sum of money on a specific date at a specified interest rate. The most common types of bonds are general obligation and revenue bonds. These are most frequently used for construction of large capital projects, such as buildings, streets, and water and sewer systems.

Budget - A plan of financial activity for a specified period of time that indicates all planned revenues and expenditures for the specified period.

Budget Calendar - The schedule of key dates or milestones that the City follows in the preparation, adoption, and administration of the budget.

Budget Document - The official written statement prepared in order to present a comprehensive financial program of an organization. A budget document serves as 1) a policy document; 2) an operations guide; 3) a financial plan; and 4) as a communications device.

Budget Message - The opening section of the budget that provides the City Council and the public with a general summary of the most important aspects of the budget, changes from the current and previous fiscal years, and recommendations regarding the financial policy for the upcoming period.

- C -

Capital Outlay - Expenditures resulting in the acquisition of or addition to fixed assets. The City's threshold for capital purchases is \$2,500.

Chargebacks - A mechanism by which services performed by one City Department for another is charged and paid across funds.

Capital Improvements Program (CIP) - A five- year plan for capital expenditures to be incurred each year to meet capital needs arising from the long-term work program or other capital needs. These expenditures are related to the acquisition, expansion or rehabilitation of an element of the City's physical plant and are greater than \$2,500.

Contingency - A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted. Naples requires Council approval prior to spending Contingency funds.

- D -

Debt Millage - The portion of the millage required to pay principal and interest on voter approved bonds. This millage fluctuates annually based on the property values and debt payable.

Debt Service - The amount of interest and principal that a City must pay each year on long-term and short-term debt.

Dedicated Millage - Voter approved designated millage rates to provide tax revenues to be spent for specific purposes.

Department - A major unit of organization in the City which indicates overall an operation or group of related operations within a functional area.

Distinguished Budget Presentation Awards Program - A voluntary awards program administered by the Government Finance Officers Association to encourage governments to prepare effective budget documents.

Division - A unit of organization that is comprised of a specific operation within a functional area. City departments may contain one or more divisions.

- E -

Encumbrance - The commitment of budgeted funds to purchase an item or service. To

encumber funds means to set aside or commit funds for future expenditures.

Enterprise Funds - A proprietary accounting fund in which the services provided are financed and operated like those of a private business. The rate schedules of enterprise funds are generally established to ensure that revenues are adequate to meet all necessary expenses.

- F -

Fiscal Year - A 12-month period to which the annual operating budget applies and at the end of which a government determines its financial position and the results of its operations. For the City of Naples - 10/1 to 9/30.

Fixed Assets - Assets of a long-term character that are intended to continue to be held or used, such as land, buildings, machinery, equipment and improvements.

Full-Time Equivalent (FTE) - The total scheduled work hours of City employees divided by the total work hours available annually provides number of FTE employees. A full-time employee working 40 hours/week equals one FTE, where a part-time employee working 20 hours/week equals .5 FTE.

Fund An accounting entity that has its own revenues, expenditures, assets and liabilities that are segregated from other sets of moneys. A fund is set up for the purpose of carrying out a specific purpose or activity. Much like Corporations have subsidiary companies, governments have funds.

Fund Balance - Fund equity for governmental funds which reflects the accumulated excess of revenues and other financial sources over expenditures and other uses for general governmental functions. These funds may be designated for a particular purpose.

Fund Type - Any one of seven categories into which all funds are classified in governmental accounting. The seven fund types are: general, special revenue, debt service, capital projects, enterprise, internal service, and trust and agency.

- G -

General Fund – The principal fund of the City, the General Fund is used to account for all activities not included in other funds. General Fund revenue sources include property taxes, licenses, permits, fines and forfeitures, and sales taxes. Operating services from this fund include police protection, fire protection, general government administration, planning and recreation.

General Obligation Bonds - Upon voter approval at a general referendum, a project will be financed through a millage increase in ad valorem taxes for a specified period of time. This source is especially appropriate when the project or improvement is city-wide in nature or benefit.

Goal - A long, or short-term, attainable target for an organization - its vision of the future.

Grants - A contribution by the Federal, County, or State government to subsidize specific projects, either partially or entirely.

- H -

Homestead Exemption - A tax deferral granted by the Florida State Constitution for homeowners whose permanent residence is the owned property. The exemption is \$25,000.

- I -

Impact Fee – Charges imposed by governments against new development as a total or partial reimbursement for the cost of additional facilities made necessary by the growth. The purpose of the charge is to impose upon the newcomer, rather than the current population, the cost of new facilities necessitated by their arrival.

Improvements Other Than Buildings - Attachments or annexations to land that are intended to remain so attached or annexed, such as sidewalks, trees, drives, tunnels, drains and sewers.

Infrastructure - The basic installations and facilities on which the continuance and growth of

the City depends, such as roads, schools, and water and sewer systems.

Interfund Charges – These are transactions between funds, which would be accounted for as revenue or expense if they involved an outside entity. Examples are Fleet Services Charge or administrative charges from the General Fund to other operating funds.

Interfund Transfers – The movement of moneys between funds of the same governmental entity.

Intergovernmental Revenue - Funds received from federal, state and other local government sources in the form of grants, shared revenues, and payments in lieu of taxes.

Interlocal Agreement - A written agreement between the City and other units of government to share in similar services, projects, emergency assistance, support, funding, etc., to the mutual benefit of all parties.

Internal Service Funds - The funds established for the financing of goods or services provided by one department to other departments within the City on a cost reimbursement basis. Examples are the Employee Benefits Fund and the Risk Management Fund.

Investments - Most commonly, securities and real estate held for the production of revenues in the form of interest, dividends, rentals or lease payments. The term does not include fixed assets used in government operations.

- L -

Levy - To impose taxes, special assessments, or service charges for the support of city activities.

Lift Station - Part of the sanitary sewer collection system that pumps waste flow from the gravity sewer system to the wastewater treatment plant. It can be installed above or below ground and is an integral part of the sanitary sewer system.

Long-Term Debt - Debt with a maturity of more than one year after the date of issuance.

- M -

Mill - A tax rate of one dollar (\$1) per one thousand dollars (\$1,000) of taxable property value.

Millage Rate - The amount of tax stated in terms of a unit of the tax base. It determines how much revenue the government will receive and how much an individual property owner pays in taxes.

- N -

Net Budget - The total budget less all interfund charges and transfers.

Non Ad Valorem Assessments - Assessments for Special Districts that are not based on property value. The basis for this charge is some other measurable criteria, such as per lot, per acre, or per residence.

Non-Recurring Revenues - One time or intermittent revenues received, often from short-term grants, insurance recoveries, donations, etc.

- O -

Objective - A specific measurable and observable result of an organization's activity that advances the organization toward its goal.

One-time-cost - Non-recurring costs budgeted for one year and then removed.

Operating Budget - The portion of the budget that pertains to daily operations which provide basic governmental services.

Operating Millage - The portion of the millage that supports the City's daily operations which provide basic governmental services.

Ordinance - A special order of the Council which requires two public readings and ten days of public notice prior to passage.

Output (Performance Measure) - Is the direct products and services delivered by a program.

- P -

Payment in Lieu of Taxes - Means payments treated as tax dollars that are converted or imputed back to a true aggregate valuation by the effective or true value of the constituents' municipality.

Performance Measure - Performance measurement is the ongoing monitoring and reporting of program accomplishments, particularly progress towards pre-established goals. Performance Measures Outcomes, Services Qualities, Efficiency, and Output.

Personal Services - All costs related to compensating employees including salaries and benefits.

Pledged Reserves - That portion of a fund's assets that are set aside for guaranteeing payment of bonded debt.

Proprietary Fund Types - A group of funds in which the services provided are financed and operated similar to those of a private business. (See Enterprise Funds)

- R -

Recurring Costs - Costs incurred on a recurring and generally regular basis throughout a facility's economic life, typically for operation, normal maintenance, and anticipated repair or replacement of components or subsystems.

Recurring Revenues - Revenues that can be expected to be received each year unless specific action is taken to eliminate the source.

Referendum - A vote by the people.

Refunding Bond - A bond issued to pay off another bond to obtain better interest rates and/or bond conditions.

Reserves - That portion of a fund's assets that are 1) set aside for a specific purpose and, therefore, not available for general appropriation, or 2) anticipated to be available for future re-appropriation by action of City Council.

Resolution - A special order of the Council, which requires one reading and five days public notice before passage. It is less formal than an Ordinance, but more formal than a motion.

Retained Earnings - An equity account reflecting the accumulated earnings of an Enterprise or Internal Service Fund.

Revenue Bonds - A bond backed by a specific or guaranteed revenue stream. The City of Naples has revenue bonds that are backed by the revenues of the Water and Sewer Utility.

Revenues - Funds that the government receives as income.

Roll-Back Millage Rate - The millage necessary to raise the same amount of property tax dollars as received during the previous budget year. New construction is excluded from the roll-back calculation.

- S -

Special Assessment - A compulsory levy made against certain properties to defray part or all of the cost of a specific improvement or service deemed to primarily benefit those properties.

Special Revenue Fund - A fund used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

- T -

Tax Base - Taxable property value from which the City receives tax dollars.

Taxes - Compulsory charges levied by a government to finance services performed for the common benefit.

Transfers In/Out - Amounts transferred from one fund to another to assist in financing the services for the recipient fund.

TRIM Bill - Florida's Truth in Millage (TRIM) law requires cities to calculate next year's budget on the same tax dollars they received during the current fiscal year. (Section 100.065 F.S.)

- U -

User Fees - Charges for specific services rendered only to those using such services, i.e., sewer service charge.

Utility Taxes - Charges levied by the City on purchase of utility services within the corporate limits of the City. Utility service includes electricity, natural gas, and communications.

- V -

Valuation - The dollar value of property assigned by the County Property Appraiser.

Abbreviations/Acronyms

ADA = Americans with Disabilities Act
AFSCME = American Federation of State, County and Municipal employees. The union and bargaining unit for certain City employees.
ALS = Advanced life support
AS/400 = Refers to the City's in-house main computer
ASR = Aquifer Storage and Recover-an underground water storage system where water reserves are stored in a "bubble", to be used during times of low water availability.

BLS = Basic Life Support

CDBG = Community Development Block Grant
CIP = Capital Improvements Program/Project/Plan
CPI = Consumer Price Index
CRA = Community Redevelopment Agency

DEP = Department of Environmental Protection
DR 420/422 = Department of Revenue forms certifying taxable assessed value

EEOC = Equal Employment Opportunity Commission
EMS = Emergency Medical Services
EMT = Emergency Medical Technician

FDEP = Florida Department of Environmental protection
FDOT = Florida Department of Transportation
FICA = Federal Insurance Contributions Act (Medicare and Social Security taxes)
FMLA = Family Medical Leave Act
FTE = Full time equivalent employee

GAAP = Generally Accepted Accounting Principles
GASB = Government Accounting Standards Board
GFOA = Government Finance Officers Association

GIS = Geographical Information System

HTE = Company name of City's software, which runs the accounting, budget payroll, purchasing, customer billing and permitting programs.

IAFF = International Association of Firefighters

LAN = Local Area Network

MGD = Million gallons per day

MHz = Megahertz

PC = Personal computer

PILOT = Payment in Lieu of Taxes

PPO = Preferred Provider Organization

OPEIU = Office and Professional Employees International Union, a union representing certain employees of the City

(R) = Replacement (of City assets)

R&R = Renewal and Replacement

RFP = Request for Proposal

RFQ = Request for Quotes

ROI = Return on Investment

SSB = Support Services Bureau administers Police and Emergency Services, telecommunications, public safety radio, dispatch and records management

TRIM = Truth in Millage

VAB = Value Adjustment Board is the second of three options for a property owner to contest the value of his property.

WAN = Wide Area Network

W/S = Water/Sewer

WTP = Water Treatment Plant

WW = Wastewater

WWTP = Wastewater Treatment Plant
