City of Naples Utility Rates

Bimonthly Water Base Charge

City of Naples utility customers, both residential and commercial, are charged a bimonthly base charge, even if no meter is used. The rate is based on the meter size.

Meter Size	Bimonthly Base Charge
⅝″–¾ ″	$16.14
1.0″	40.40
1.5″	80.80
2.0″	129.30
3.0″	258.62
4.0″	404.12
6.0″	808.22
8.0″	1293.22

Bimonthly Water Consumption Charge

In addition to the bimonthly base charge, customers are also charged a bimonthly consumption charge (please see chart, below). This rate is based on meter sizes and the amount of water that is used. Customers with 1-inch meters who use from zero to 15,000 gallons are in Block 1. If their water usage increases from 15,000 to 75,000, then they move to Block 2. It is therefore most beneficial to use lowered amounts of water because the higher blocks are charged higher rates.
