

FINAL PUBLIC NOTICE

The Federal Emergency Management Agency (FEMA) has received the subgrantee application for the City of Naples pier project due to damages in Hurricane Irma (DR-4337-FL PW 02053). Pursuant to Executive Order 11988 and 44 CFR Part 9.12, final notice is hereby given of FEMA's intent to provide funding for projects under the Public Assistance (PA) Program.

An initial disaster-wide Public Notice was published October 6, 2017 for Hurricane Irma. Comments and other information received were fully evaluated by FEMA along with evaluation of social, economic, environmental, and safety considerations. This notice serves as a project-specific final notice for FEMA's funding action located within the floodplain.

Funding for the proposed project will be conditional upon compliance with all applicable federal, tribal, state and local laws, regulations, floodplain standards, permit requirements and conditions.

- Responsible Entity:** FEMA Public Assistance (PA) Program
- Applicant:** City of Naples
- Project Title(s):** Naples Fishing Pier, PA-04-FL-4337-PW-02053
- Location of Proposed Work:** 2 12th Avenue South, Naples, FL (26.131685, -81.805723)

- Proposed Work and Purpose:** City of Naples replaced portions of a fishing pier including decking, stringers, stringer bolts, splice boards, brackets, grout pads and railing damaged by Hurricane Irma within the existing footprint. All work was completed from the pier and no work in water occurred.
- Project Alternatives:** The alternative that has been considered is the no action alternative. This alternative is not feasible, because it would have an adverse impact on social resources for the community. Alternate locations were not considered as the pier is functionally dependent upon its location within the floodplain and facilitates open space use.
