

Alternative Method of Code Compliance Form
Florida Building Code (2023) 8th Edition
Converting Multi-Family Lanai to Living Space
(Buildings more than 3 Stories, not fully sprinklered)

Code Section or Description of Request:

Two horizontal lines for text entry.

Date: \_\_\_\_\_ Permit Number: \_\_\_\_\_

Property Address: \_\_\_\_\_

Contractor Name: \_\_\_\_\_

Engineer/ Architect: \_\_\_\_\_

This is a formal request for approval to use an alternative method of code compliance per the 8th Edition (2023) Florida Building Code (FBC) section 104.11 Alternative materials, design, and methods of construction and equipment.

Proposed Alternative:

As the Florida Licensed Engineer of Record for the above referenced project, this request is for the design and installation of one of the following sprinkler systems in lieu of the vertical and/or the horizontal exterior wall opening separations required in section 705.8.5.

Check applicable method:

- 1. Impinging water-curtain sprinklers @ the lanai glazing surface head.
2. Free-fall water curtain sprinklers at the ceiling near the lanai glazing.
3. Sprinklers throughout the proposed enclosed lanai.
4. Sprinklers throughout the dwelling unit area.

The proposed alternative sprinkler design drawings and this request form shall be signed & sealed by the Florida Engineer of Record.

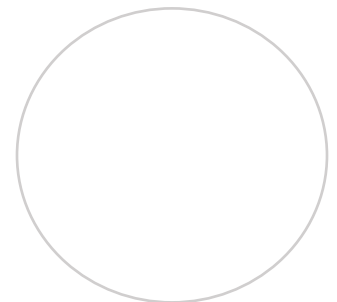

Certification:

I hereby certify to the best of my knowledge and belief that this proposed alternative design is satisfactory and complies with the intent of the provisions of the FBC, and that the material, method or work offered is for the purpose intended, at least the equivalent of that prescribed in the code in quality, strength, effectiveness, durability and safety.

Signed, Sealed, and delivered this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_.
