## **CITY OF NAPLES IMPROVES OPEN RECORDS REQUESTS PROCESS FOR THE PUBLIC**

Naples, Florida – The City of Naples is making transparent government easily available for the public. Effective immediately, requestors of public information will now have the option of submitting Public Records Requests through an online form. While other methods for submitting requests are still available, the City of Naples is excited to be able to offer a more convenient option.

“The City of Naples selected JustFOIA by MCCi to help streamline the open records request process for the public and to improve efficiencies for the City staff – saving time, money and resources,” said City Clerk Patricia Rambosk. City Clerk Rambosk views the City’s homepage as its “front door” to the world, and the goal is to make it easier for the public to walk through our door to obtain public records.

“MCCi is ecstatic to work with the City of Naples to provide a solution to this often challenging process. We are fanatical about the success our clients are having with the JustFOIA solution.” said Donny Barstow, president of MCCi.

To access the new form as well as links to existing public information throughout the City’s website, click on the Public Records tab located in the lower left side on the City’s homepage at [www.naplesgov.com](http://www.naplesgov.com).
