City of Naples

October 1, 1995

OFFICE OF THE CITY MANAGER

Honorable Mayor and Members of the City Council
City of Naples, Florida
735 Eighth Street South
Naples, FL 33940

Mayor Muenzer and Council Members:

We are pleased to submit the approved budget for the City of Naples for Fiscal Year 1995-96. This budget provides funding for the continuation of all municipal services enjoyed by our citizens for the next fiscal year at the same tax rate of 1.1800 mills. In compliance with both the City Charter and Florida state statutes, this budget was adopted by the City Council with both a mill levy ordinance and appropriations ordinance approved during special public hearings held September 7 and 21, 1995.

The management team of the City has now been in place for four years. Over that period of time, we have worked with the City Council to streamline municipal government, reducing the work force of the City and privatizing those functions which can be handled more efficiently in the private sector with no reduction in the levels of service provided. Through the leadership of the Council, we have eliminated almost 10 percent of all employee positions, allowing the City to maintain one of the lowest property tax rates in Florida.

CITY OF NAPLES EMPLOYEE POSITIONS LAST FIVE YEARS

Municipal government budgeting and accounting divides the operation of the City into "funds", self-balancing sets of accounts for the expenditures and related revenue sources for specific operations. Each of these funds of the City is presented in balanced form.

The total budget for the City of Naples for Fiscal Year 1996, after eliminating expenditures caused by internal transfers of funds, is approximately \$40.6 million. Expenditures in the various operations of municipal government are as follows:

**FISCAL YEAR 1996
EXPENDITURE SUMMARY
(ALL INTERNAL TRANSFERS ELIMINATED)
\$40,590,751**

GENERAL FUND

The City of Naples General Fund provides funding for the traditional services of municipal government: elected officials, police and emergency services, parks and parkways, recreation, planning, development services, and administrative activities. The Citizens of Naples have traditionally supported investment in enhanced service levels for public safety and the extensive parks and landscape improvements which denote the special quality of life in Naples. Major thoroughfares in the community have been extensively landscaped and maintained by City employees. Assets of the City include the City's fishing pier, City Dock, beach improvements, competitive class tennis facilities and other

recreational opportunities. Police and Emergency Services uses state of the art equipment and have sufficient levels of staffing to provide quick response to public safety matters.

Operations of the General Fund are financed through ad valorem property taxes, franchise fees of 5.8% on electricity sales, 1% on telephone revenues, and 3% on cable television revenues, proceeds of the local sales tax, State of Florida revenue sharing, and fees for recreation programs. General Fund operations also provide services to other municipal funds, such as accounting, legal, and human resource functions, and in return, receives financial support from those funds on a proportional basis. In addition, the City's water, sewer, and solid waste utilities provide a payment in-lieu-of taxes to the General Fund established at 6% of revenues, equivalent to franchise fees charged to private sector utilities.

For Fiscal Year 1996, we have been notified by the Collier County Assessors Office that property values have increased to \$4.200 billion, an increase of 3.4% over last year's valuation of \$4.061 billion. New construction accounted for 2.3% of the increase (\$93 million) while existing properties increased only 1.1% for the year.

The General Fund budget for 1996 provides for a continuation of municipal services for the upcoming fiscal year. No additional employee positions have been added in this budget and service levels will remain consistent with this past year. Funds have been budgeted for contractual increases with the F.O.P. and I.A.F.F., I.A.F.L and AFSCME bargaining units.

WATER AND SEWER FUND

The City of Naples operates a Water and Sewer Utility, providing services to approximately 15,000 water and 8,000 sewer accounts within the City and in adjacent unincorporated areas of Collier County. At the beginning of Fiscal Year 1995, the City Council increased sewer rates by 12% to assist in meeting the costs of upcoming major capital improvements at the wastewater treatment plant. The improvements at the wastewater treatment plant will bring the facility to standards of Advanced Waste Treatment (AWT), expand the plant to meet build-out capacity requirements in our sewer franchise service area, and continue to develop our re-use water distribution system. Completion of this project will comply with the requirements of the Florida Department of Environmental Protection (FDEP) consent order.

The City is in the process of identifying financing sources for these improvements. One option is to issue \$9 million in Water &

Sewer Revenue Bonds, with an additional \$9 million in interim financing to be repaid from low-interest resources from the State Revolving Fund.

SOLID WASTE FUND

The City of Naples operates a Solid Waste Utility, providing both residential and commercial solid waste collection and disposal. Rates for this service are split between collection fees, designed to finance operations of the utility and capital replacement, and "tipping" fees, established as a pass-through of tonnage costs of disposal at the Collier County Landfill. Existing rate structures will finance Fiscal Year 1996 operations.

STORMWATER FUND

The City's Stormwater Utility was created in Fiscal Year 1993 with the goal of master planning a stormwater discharge system for the City of Naples, providing water quality monitoring, sweeping streets, and repairing the existing stormwater system. Financing for this program is through a \$1.43 monthly charge per equivalent residential unit added to the City's utility bills. The Master Plan has temporarily been put on hold as a result of pending Federal Regulations that may change the standards for discharge.

CITY DOCK FUND TENNIS FUND

The City owns and operates an 83 slip marina on Naples Bay, providing leased and transient mooring of boats, retail sales of gasoline, bait, minor food and beverages. Fees and price schedules are established to cover maintenance and operating expenses, purchase of inventory, and capital investment and depreciation.

The Tennis Fund was formally part of the General Fund. In FY 96 it will be an enterprise fund generating revenue from memberships, daily play and a small portion from retail sales.

MOORINGS BAY/EAST NAPLES BAY TAX DISTRICTS

The City of Naples maintains two special taxing districts for the purpose of financing dredging operations and maintenance of these two bay areas and for the retirement of existing debt. This budget provides for a continuation of the 0.5 mill tax levy for East

Naples Bay Taxing District and a reduction from 0.5 to 0.3 mill levy for Moorings Bay Tax District.

STREETS & TRAFFIC FUND

This budget consolidates all revenue sources and expenditure accounts relating to streets and traffic control. Revenue sources in this fund include the City's share of the Collier County six-cent local option gas tax, the portion of State shared revenue related to the municipal one-cent gas tax, streets impact fees up to \$200,000 annually (all excess impact fees paid to Collier County by interlocal agreement) and the Collier County five-cent local option gas tax effective January 1, 1994.

NAPLES BEACH FUND

The Naples Beach Fund is responsible for maintenance and enforcement activities along our beach front to include the operations of the fishing pier and oversight of the contract services at Lowdermilk Park Concessions. All citizens of the City of Naples and Collier County are eligible for free beach parking stickers, allowing free use of City parking facilities throughout the beach area. Revenues for operations are provided by an annual contribution from Collier County, meter collections, parking fines, concession sales at the fishing pier, and payments from the concession operator at Lowdermilk Park. The pier is currently under reconstruction and is expected to open in late November or early December 1995.

COMMUNITY REDEVELOPMENT AGENCY FUND

This fund accounts for all revenue used by the CRA, including tax increment financing proceeds. Fiscal Year 1996 funds are budgeted to be transferred from existing City sources. Those funds will be used to administer the redevelopment program and to finance capital improvements in the redevelopment area.

UTILITY TAX/CAPITAL PROJECTS FUND

The City of Naples levies a 7% utility tax on the local power company, the telephone company, and on sales of propane. These revenues are first used to meet the debt service obligations for the retirement of Revenue Bond Indebtedness (not including water and sewer bonds). Remaining funds are used to finance the capital

expenditures of the City not covered by the enterprise funds. Capital expenditures of our enterprise funds and utility operations are funded from their own revenue sources.

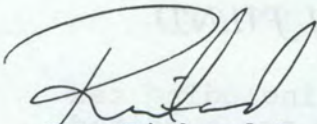

INTERNAL SERVICE FUNDS

The City utilizes four internal service funds to account for the operations of information services, equipment services, risk management, and the City's employee health benefits fund. Each of the operating funds of the City pay a proportionate cost of these internal services. In the area of risk management, the City self-insures for property, liability, and workers' compensation exposure and purchases excess insurance for catastrophic losses. The employee health benefits fund provides self-insured health insurance coverage for employees and their families, with the City paying the health insurance costs of employees and costs for family insurance split equally between the employee and the City.

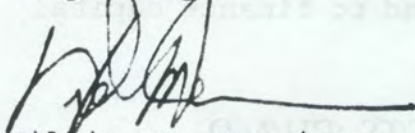

SUMMARY

For the past four years, the City Council and the management team have worked effectively together to continue the high level of service expected by our citizens, while constantly looking for ways to improve the efficiency of operations, reducing the work force and privatizing functions where appropriate. We are pleased to provide this budget to the City Council.

Respectfully Submitted on behalf of the Management Team,

Dr. Richard L. Woodruff
