Executive Summary

City of Naples

October 9, 1998

OFFICE OF THE CITY MANAGER

Honorable Mayor and Members of the City Council
735 Eighth Street South
Naples, FL 34102

Mayor Barnett and Council Members:

We are pleased to submit the Approved Budget for the City of Naples for Fiscal Year 1998-99. This budget provides funding for the continuation of all municipal services enjoyed by our citizens for the next fiscal year at the same tax rate of 1.1800 mills. In compliance with both the City Charter and Florida State Statutes, this budget was adopted by the City Council with a mill levy ordinance and an appropriations ordinance approved during special public hearings held September 3rd and 16th, 1998.

It was necessary to increase the work force for two consecutive years in order to keep current on the demand for services in the construction industry. At the end of Fiscal Year 1992 the number of employees for the City of Naples peaked at 529.2 authorized positions. From Fiscal Year 1992 through Fiscal Year 1997 the management team worked with the City Council to streamline municipal government, by privatizing functions that can be handled more efficiently in the private sector without reducing the level of service provided. The 475 authorized positions for Fiscal Year 1999 is 10.2% less than in Fiscal Year 1992.

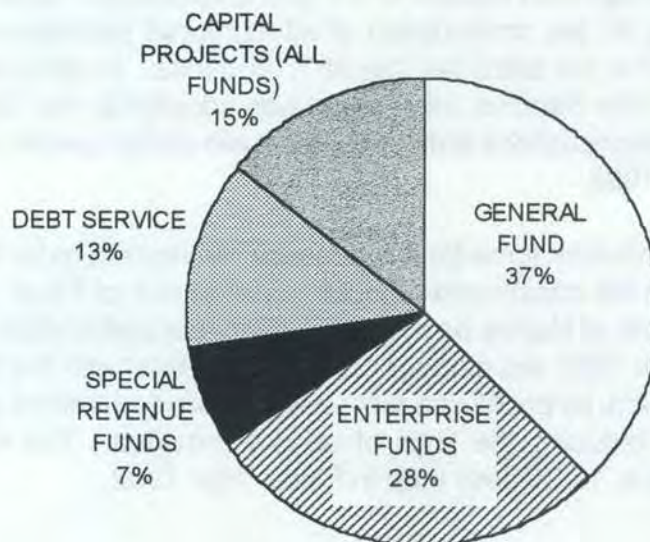

CITY OF NAPLES EMPLOYEE POSITIONS LAST SIX YEARS

Municipal government budgeting and accounting divides the operation of the City into "funds", self-balancing sets of accounts for the expenditures and related revenue sources for specific operations. Each of these funds of the City is presented in balanced form.

The total budget for the City of Naples for Fiscal Year 1999, after eliminating expenditures caused by internal transfers of funds, is approximately \$48 million. Expenditures in the various operations of municipal government are as follows:

**FISCAL YEAR 1998
EXPENDITURE SUMMARY
(ALL INTERNAL TRANSFERS ELIMINATED)
\$47,609,612**

GENERAL FUND

The City of Naples General Fund provides funding for the traditional services of municipal government: elected officials, police & emergency services, parks and parkways, recreation, planning, engineering, and administrative activities. The building and zoning division has been set up as a special revenue fund beginning Fiscal Year 1999 and the totals are no longer reflected in the General Fund.

The Citizens of Naples have traditionally supported investment in enhanced service levels for public safety and the extensive parks and landscape improvements, which denote the special quality of life in Naples. As part of the Citywide Parks Master Plan, the City Council has approved a street tree right-of-way program. At the direction of the City Council during the Budget Workshops in July, we have included in this budget \$250,000 for trees, bracing,

watering, fertilizing and pesticide control. Major thoroughfares in the community have been extensively landscaped and maintained by City employees. Assets of the City include the City's historical fishing pier, City Dock, beach improvements, competitive class tennis facilities and other recreational opportunities. Police and emergency services use state-of-the-art equipment and have sufficient levels of staffing to provide quick response to public needs. During Fiscal Year 1999 the City of Naples will be adding a second story on to the PESD building. The building addition will relocate the communication operators and EOC office out of flood plain during/after storms. PESD Administration and a computer room will also relocate to the new portion of the building.

Operations of the General fund are financed through ad valorem property taxes, franchise fees of 5.8% on electricity sales, 1% on telephone revenues, and 3% on cable television revenues, proceeds of the local sales tax, State of Florida revenue sharing, and fees for recreation programs. General Fund operations also provide support services to other funds and, in return, receive financial support from those funds in the form of administrative transfers. In addition, the City's water, wastewater, solid waste utilities and city marina provide a payment-in-lieu of taxes to the General Fund. This is established at 6% of revenues and is equivalent to franchise fees charged to private sector utilities.

The Collier County Property Appraiser has provided The City of Naples with assessed property values of \$5.1 billion this year, an increase of 6.3% over last year's valuation of \$4.8 billion. This amount represents 24% of the total Collier County assessed valuation.

The General Fund Budget for 1999 provides for a continuation of municipal services for the upcoming fiscal year. Service levels will remain consistent with this past year or expanded through privatization.

ENTERPRISE FUNDS

WATER & SEWER FUND

The City of Naples operates a Water and Sewer Utility, providing services to approximately 15,000 water and 8,000 sewer accounts within the City and in adjacent unincorporated areas of Collier County. Operated as an enterprise fund, revenues from charges to customers are required to cover costs of operations and maintenance, debt service, payment in lieu of franchise fees and the prorated cost of central administration. Also funded is capital replacement in an amount equivalent to the annual charge for depreciation of the system. Bond covenants require that the City maintain debt service coverage of 1.35 in the Water & Sewer Fund.

Currently the City is in the final construction phase of improvements to the wastewater treatment plant. These improvements will bring the facility to standards of Advanced Waste Treatment (AWT), expand the plant to meet build-out capacity requirements in our sewer franchise service area, and continue to develop our re-use water distribution system.

Completion is scheduled for December 1998. Currently the utility administration building is under construction and scheduled to be completed by March 1999. It will accommodate all of utility administration, conference room, training room, employee locker rooms, and employee break room.

SOLID WASTE FUND

The City of Naples operates a Solid Waste Utility, providing both residential and commercial solid waste collection and disposal. The City also has an extensive recycling program, administered under contract by Waste Management. The City of Naples is one of the very few communities in Florida to offer back door service and is in a shrinking group of communities to continue to offer twice a week service. Rates for the solid waste service are split between collection fees, designed to finance operations of the utility and capital replacement, and "tipping" fees, established as a pass-through of tonnage costs of disposal at the Collier County Landfill.

STORMWATER FUND

The City's Stormwater Utility was created in Fiscal Year 1993 with the goal of master planning a stormwater discharge system for the City of Naples, providing water quality monitoring, sweeping streets, and repairing the existing stormwater system. In Fiscal Year 1997 the Stormwater Master Plan was completed. The master plan identified \$10 million in capital projects, which need to be constructed.

CITY DOCK FUND

The City owns and operates an 83-slip marina on Naples Bay, providing leased and transient mooring of boats, retail sales of gasoline, bait, minor food and beverages. Fees and price schedules are established to cover maintenance and operating expenses, purchase of inventory, and capital investment and depreciation. Operation of Naples landing is included in the City Dock Fund.

NAPLES TENNIS FUND

The City's tennis facility at Cambier Park completed construction this summer. The new facility includes twelve state-of-the-art clay courts, new pro shop with elevated viewing area, which allows views of the newly landscaped park and playground. The Naples Tennis Fund has been established as an enterprise fund, with tennis fees responsible for covering all maintenance and operating expenses of the facility, as well as repayment of bonded indebtedness of the construction project.

SPECIAL REVENUE FUNDS

BUILDING & ZONING

The Building & Zoning division has been set up as a special revenue fund beginning Fiscal Year 1999. The revenues generated for these services are restricted to building or construction type expenditures. The City Council authorized three additional positions in the Building & Zoning division, two construction inspectors and one permit clerk. The increase in personnel is necessary due to the demand for services in the construction industry.

CANAL MAINTENANCE

The City of Naples maintains two taxing districts: Moorings Bay and East Naples Bay. Each mill levy remain unchanged in these two districts for Fiscal Year 1999, 0.1 mill levy in Moorings Bay and 0.5 mill levy in East Naples Bay. These mill levies provide funds for dredging and maintenance and retirement of existing debt. In the East Naples Bay Tax District the property values have increased by \$6.7 million resulting in an increase of budgeted property tax revenues by 3%. The Moorings Bay Tax District property values increased by \$22.2 million also providing a 3% increase in budgeted property tax revenues.

STREETS & TRAFFIC FUND

This budget consolidates all revenue sources and expenditure accounts relating to streets and traffic control. Revenue sources in this fund include constitutional one-cent gas tax and street impact fees up to \$200,000 annually (all excess impact fees paid to Collier County by interlocal agreement). We also have two additional interlocal agreements with Collier County to receive allocations of both the six-cent local option gas tax and the five-cent local option gas tax initiated in 1994.

NAPLES BEACH FUND

The Naples Beach Fund is responsible for maintenance and enforcement activities along our beachfront to include the oversight of the contract services at Lowdermilk Park Concessions and Fishing Pier Concessions. Citizens of both the City of Naples and Collier County are eligible to receive a free beach parking sticker, allowing free use of parking facilities at Lowdermilk Park, the Fishing Pier, and all beach ends. An annual contribution from Collier County, meter collections, parking fines, and payments from the concession operator at Lowdermilk Park and the Fishing Pier provide revenues for operations.

COMMUNITY REDEVELOPMENT AGENCY FUND

This fund accounts for the receipt and disbursement of monies for the redevelopment program, including tax increment financing (T.I.F.) proceeds and also finances capital improvements in the redevelopment area of the City. In the four years that the T.I.F. district has been in existence, the district has financed 50% of the planning studies for both 5th Avenue South and the 41-10 district. The T.I.F. district will finance the debt repayment for the new parking garage on 4th Avenue South and 8th Street South. That project is currently under way and will develop a 344-space parking garage and a plaza on what is now 7th Street South.

UTILITY TAX/ CAPITAL PROJECTS FUND

The City of Naples levies a 7% utility tax on the local power company, the telephone company, and on sales of propane. These revenues are first used to meet the debt service obligations for the retirement of Revenue Bond Indebtedness (not including water and sewer bonds). Remaining funds are used to finance the capital expenditures of the City not covered by the enterprise funds. Capital expenditures of our enterprise funds and utility operations are funded from their own revenue sources.

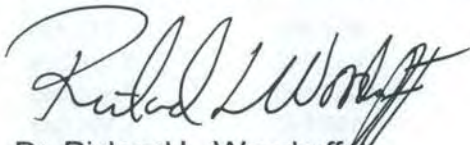

INTERNAL SERVICE FUNDS

The City utilizes four internal service funds to account for the operations of information services, equipment services, risk management, and the City's employee health benefits fund. Each of the operating funds of the City pays a proportionate cost of these internal services. Information Services is responsible for the coordination of networking the various locations of City facilities, computerization of accounting operations, utility billing, payroll/personnel and land management functions to include utility mapping. The major users of information services are the General fund, Water & Sewer Fund, Building & Zoning Fund and the Solid Waste Fund. The Equipment Services Fund is responsible for providing vehicle maintenance and fueling services for vehicles in the City's fleet. In the area of risk management, the City self-insures for property, liability, and workers' compensation exposure and purchases excess insurance for catastrophic losses. The employee health benefits fund provides self-insured health insurance coverage for employees and their families, with the City paying the health insurance costs of employees and costs for family insurance split equally between the employee and the City.

SUMMARY

The City Council and the management team have worked effectively together to continue the high level of service expected by our citizens, while constantly looking for ways to improve the efficiency of operations. We are pleased to provide this budget to the City Council.

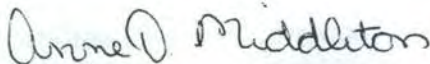

Respectfully submitted on behalf of the Management Team,

Dr. Richard L. Woodruff
City Manager
