**COVER PHOTO BY GIL BOOTH – August 19, 1945 – August 26, 1996.** The City of Naples would like to take this opportunity to pay tribute to professional photographer, Gil Booth. When Gil passed away in 1996, the City of Naples lost a dear friend. Gil was always known to assist the City by allowing the free use of beautiful photographs for numerous report covers and documents and even donating his time and talents for special projects. During the settlement of his estate, the City had a unique opportunity to obtain many photographs and negatives that were taken by Gil. Mr. Booth has give the City a rare opportunity to preserve the history and legacy of Naples through his creative eyes. Gil has been and will be sadly missed by the City of Naples.

OFFICE OF THE CITY MANAGER

Honorable Mayor and Members of the City Council  
735 Eighth Street South  
Naples, FL 34102

Mayor Barnett and Council Members:

We are pleased to submit the Approved Budget for the City of Naples for Fiscal Year 1999-2000. This budget provides funding for the continuation of all municipal services enjoyed by our citizens for the next fiscal year at the same tax rate of 1.1800 mills. In compliance with both the City Charter and Florida State Statutes, this budget was adopted by the City Council with a mill levy ordinance and an appropriations ordinance approved during special public hearings held September 13<sup>th</sup> and 27<sup>th</sup>, 1999.

It was necessary to increase the work force for three consecutive years for a number of reasons. The main reasons that we would like to mention are the City of Naples is trying to keep current with the demand for services in the construction industry and it was necessary to cancel the contract for meter reading services and add staff to handle that service. At the end of Fiscal Year 1992 the number of employees for the City of Naples peaked at 529.2 authorized positions. From Fiscal Year 1992 through Fiscal Year 1997 the management team worked with the City Council to streamline municipal government, by privatizing functions that can be handled more efficiently in the private sector without reducing the level of service provided. The 483.4 authorized positions for Fiscal Year 1999 is 8.7% less than in Fiscal Year 1992.

**CITY OF NAPLES  
EMPLOYEE POSITIONS  
LAST NINE YEARS**

Municipal government budgeting and accounting divides the operation of the City into seventeen "funds", self-balancing sets of accounts for the expenditures and related revenue sources for specific operations. Each of these funds of the City is presented in balanced form.

The total budget for the City of Naples for Fiscal Year 2000, after eliminating expenditures caused by internal transfers of funds, is approximately \$58 million. Expenditures in the various operations of municipal government are as follows:

**FISCAL YEAR 2000  
EXPENDITURE SUMMARY  
(ALL INTERNAL TRANSFERS ELIMINATED)  
\$57,915,013**

**GENERAL FUND**

The City of Naples General Fund provides funding for the traditional services of municipal government: elected officials, police & emergency services, parks and parkways, recreation, planning, engineering, and administrative activities.

The Citizens of Naples have traditionally supported investment in enhanced service levels for public safety and the extensive parks and landscape improvements, which denote the special quality of life in Naples. Major thoroughfares in the community have been extensively landscaped and maintained by City employees. The City Council continues to support the street tree right-of-way program and all funds that were not spent and were designated for this project in Fiscal Year 1999 will be carried over to Fiscal Year 2000 and is reflected in this budget. Assets of the City include the City's historical fishing pier, City Dock, beach improvements, competitive class tennis facilities and other recreational opportunities. Police and emergency services use state-of-the-art equipment and have sufficient levels of staffing to provide quick response to public needs. During Fiscal Year 1999 the City of Naples added a second story on to the PESD building. The building

addition relocated the communication operators and EOC office out of the flood plain. PESH Administration and a computer room have also relocated to the new portion of the building.

Operations of the General fund are financed through ad-valorem property taxes, franchise fees of 5.8% on electricity sales, 1% on telephone revenues, and 3% on cable television revenues, proceeds of the local sales tax, State of Florida revenue sharing, and fees for recreation programs. General Fund operations also provide support services to other funds and, in return, receive financial support from those funds in the form of administrative transfers. In addition, the City's water, wastewater, solid waste utilities and city marina provide a payment-in-lieu of taxes to the General Fund. This is established at 6% of revenues and is equivalent to franchise fees charged to private sector utilities.

The Collier County Property Appraiser has provided The City of Naples with assessed property values of \$5.96 billion this year, an increase of 16% over last year's valuation of \$5.14 billion, generating additional revenue from ad-valorem taxes of \$694,200. New construction represents 13.8% of this increase and the appreciation of existing properties comprises the remainder. This amount represents 24% of the total Collier County assessed valuation.

The additional revenue generated from ad-valorem taxes will fund increases in employee salary and benefits that are included in the contracts of the City's five employee bargaining units. This summer staff negotiated new contracts with the Fraternal Order of Police (F.O.P.) Collier County Lodge #38 and the F.O.P. Supervisor's unit. In addition, the International Association of Fire Fighters (I.A.F.F.), which represents the fire fighters, and the International Association of Fire Lieutenants also negotiated new contracts. The contract with the American Federation of State, County and Municipal Employees (AFSCME) expires in September 2000.

In August 1999 the inter-local agreement with Collier County for the six-cent local option gas tax expired, requiring the City to negotiate a new agreement for a share of this revenue. The calculation used to determine the share is based on a percent of growth in highway expenditures within the City as compared to the highway expenditures in the entire County that has occurred since the last agreement was signed. The new agreement decreased the City's share of revenue from 19% to 14% a loss of \$275,000 for the Streets Fund. With this significant reduction in the Streets Fund it was necessary to fund the cost of street lighting from another source. Street lighting expenses for Fiscal Year 2000 have been budget at \$280,000 in the General Fund.

The General Fund Budget for 2000 provides for a continuation of municipal services for the upcoming fiscal year. Service levels will remain consistent with this past year or expanded through privatization.

## ENTERPRISE FUNDS

### **WATER & SEWER FUND**

The City of Naples operates a Water and Sewer Utility, providing services to approximately 15,000 water and 8,000 sewer accounts within the City and in adjacent unincorporated areas of Collier County. Operated as an enterprise fund, revenues from charges to customers are required to cover costs of operations and maintenance, debt service, payment in lieu of franchise fees and the prorated cost of central administration. Also funded is capital replacement in an amount equivalent to the annual charge for depreciation of the system. Bond covenants require that the City maintain debt service coverage of 1.35 in the Water & Sewer Fund. This budget complies with the City's bond covenants.

At the budget hearings in September 1999 City Council approved an Ordinance authorizing the City Manager to adjust water and wastewater rates annually based on the Florida Public Service Commission (FPSC) Deflator Index. This automatic annual rate adjustment to water/sewer rates will provide revenue to cover the increases in expenses due to inflation or other such factors without significantly impacting the customer. For Fiscal Year 2000, that adjustment is 1.21%.

### **SOLID WASTE FUND**

The City of Naples operates a Solid Waste Utility, providing both residential and commercial solid waste collection and disposal. The City also has an extensive recycling program, administered under contract by Waste Management. The City of Naples is one of the very few communities in Florida to offer back door service and is in a shrinking group of communities to continue to offer twice a week service. Rates for the solid waste service are split between collection fees, designed to finance operations of the utility and capital replacement, and "tipping" fees, established as a pass-through of tonnage costs of disposal at the Collier County Landfill. At the budget hearings in September, the City Council voted to increase the horticultural waste monthly fees by \$1.00 per unit of multi-family and \$2.00 per single-family residence. This rate increase is necessary to cover the costs associated with the relocation of the existing horticultural transfer site and to develop the new transfer site. The rate increase will automatically terminate at the end of Fiscal Year 2004.

### **STORMWATER FUND**

The City's Stormwater Utility was created in Fiscal Year 1993 with the goal of master planning a stormwater discharge system for the City of Naples, providing water quality monitoring, sweeping streets, and repairing the existing stormwater system. In Fiscal Year 1997 the Stormwater Master Plan was completed. The master plan identified \$10 million in capital projects, which need to be constructed. One of the projects that needed

immediate attention is 6<sup>th</sup> Avenue South. During Fiscal Year 2000 the Stormwater Fund will loan the Community Redevelopment Fund \$150,000 for improvements in this area to be repaid from tax increment revenues. The State Revolving Loan Fund has committed funds to the City for the improvement and redevelopment of the Police and Emergency Services Pump Station located on Goodlette Road. This project is contingent on the receipt of these funds and is reflected in this budget as a \$1.4 million revenue source and a capital project for the pump station.

### **CITY DOCK FUND**

The City owns and operates an 83-slip marina on Naples Bay, providing leased and transient mooring of boats, retail sales of gasoline, bait, minor food and beverages. Fees and price schedules are established to cover maintenance and operating expenses, purchase of inventory, and capital investment and depreciation. Operation of Naples landing is included in the City Dock Fund.

### **NAPLES TENNIS FUND**

The tennis facility includes twelve state-of-the-art clay courts, a pro shop with elevated viewing area, which allows views of the newly landscaped park and playground. Tennis fees generated are responsible for covering all maintenance and operating expenses of the facility, as well as repayment of bonded indebtedness of the construction project.

## **SPECIAL REVENUE FUNDS**

### **BUILDING & ZONING**

The Building & Zoning division was set up as a special revenue fund beginning Fiscal Year 1999. The revenues generated for these services are restricted to building or construction type expenditures. Plans have been completed for a new Development Services building. This two-story building will house the Engineering Department, Information Services Department, and will also serve as the EOC for the Finance and Purchasing Departments. The new building will be financed from cash reserves.

### **CANAL MAINTENANCE**

The City of Naples maintains two taxing districts: Moorings Bay and East Naples Bay. Each mill levy remain unchanged in these two districts for Fiscal Year 2000, 0.1 mill levy in Moorings Bay and 0.5 mill levy in East Naples Bay. These mill levies provide funds for dredging and maintenance and retirement of existing debt. In the East Naples Bay Tax District the property values have increased by \$9.8 million resulting in an increase of

budgeted property tax revenues by 5%. The Moorings Bay Tax District property values increased by \$63 million also providing a 12% increase in budgeted property tax revenues.

### **STREETS & TRAFFIC FUND**

This budget consolidates all revenue sources and expenditure accounts relating to streets and traffic control. Revenue sources in this fund include constitutional one-cent gas tax and street impact fees up to \$200,000 annually (all excess impact fees paid to Collier County by interlocal agreement). We also have two additional interlocal agreements with Collier County to receive allocations of both the six-cent local option gas tax and the five-cent local option gas tax initiated in 1994.

### **NAPLES BEACH FUND**

The Naples Beach Fund is responsible for maintenance and enforcement activities along our beachfront to include the oversight of the contract services at Lowdermilk Park Concessions and Fishing Pier Concessions. Citizens of both the City of Naples and Collier County are eligible to receive a free beach parking sticker, allowing free use of parking facilities at Lowdermilk Park, the Fishing Pier, and all beach ends. An annual contribution from Collier County, meter collections, parking fines, and payments from the concession operator at Lowdermilk Park and the Fishing Pier provide revenues for operations.

### **COMMUNITY REDEVELOPMENT AGENCY FUND**

This fund accounts for the receipt and disbursement of monies for the redevelopment program, including tax increment financing (T.I.F.) proceeds and also finances capital improvements in the redevelopment area of the City. In the four years that the T.I.F. district has been in existence, the district has financed a portion of the planning studies for both 5<sup>th</sup> Avenue South and the 41-10 district. The T.I.F. district will finance the debt repayment for the new 344-space parking garage and plaza on 4<sup>th</sup> Avenue South and 8<sup>th</sup> Street South.

### **UTILITY TAX/ CAPITAL PROJECTS FUND**

The City of Naples levies a 7% utility tax on the local power company, the telephone company, and on sales of propane. These revenues are first used to meet the debt service obligations for the retirement of Revenue Bond Indebtedness (not including water and sewer bonds). Remaining funds are used to finance the capital expenditures of the City not covered by the enterprise funds. Capital expenditures of our enterprise funds and utility operations are funded from their own revenue sources.

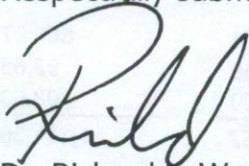

**INTERNAL SERVICE FUNDS**

The City utilizes four internal service funds to account for the operations of information services, equipment services, risk management, and the City's employee health benefits fund. Each of the operating funds of the City pays a proportionate cost of these internal services. In the area of risk management, the City self-insures for property, liability, and workers' compensation exposure and purchases excess insurance for catastrophic losses. The employee health benefits fund provides self-insured health insurance coverage for employees and their families, with the City paying the health insurance costs of employees and costs for family insurance split equally between the employee and the City.

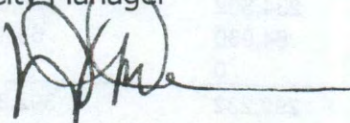

**SUMMARY**

The City Council and the management team have worked effectively together to continue the high level of service expected by our citizens, while constantly looking for ways to improve the efficiency of operations. We are pleased to provide this budget to the City Council.

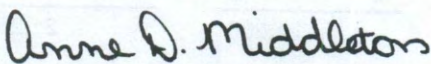

Respectfully submitted on behalf of the Management Team,

Dr. Richard L. Woodruff  
City Manager
