OFFICE OF THE CITY MANAGER

October 25, 2001

Honorable Mayor & Members of City Council
735 Eighth Street South
Naples, FL 34102

Mayor MacKenzie & Council Members:

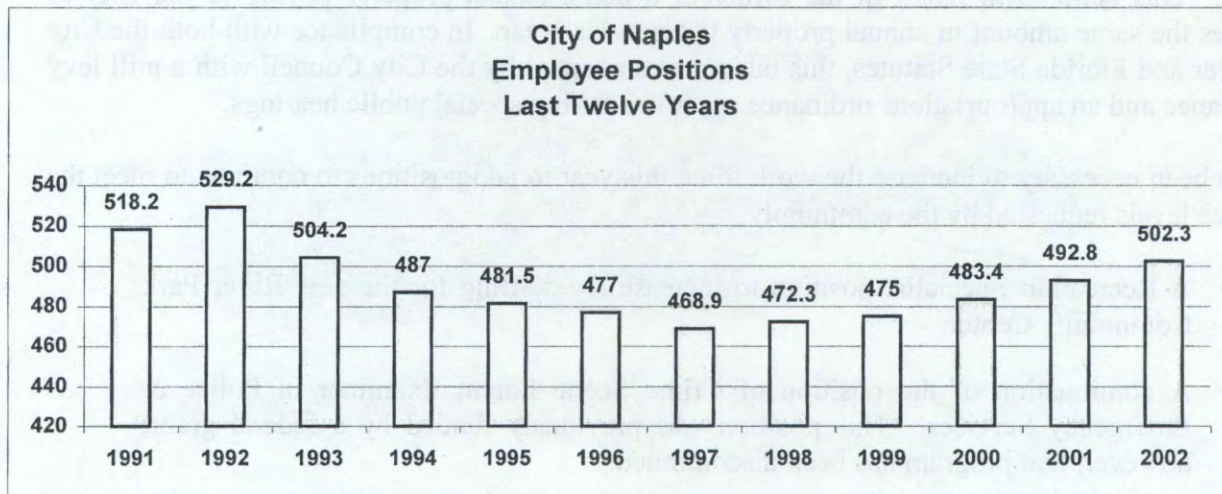

We are pleased to submit the Approved Budget for the City of Naples for Fiscal Year 2001-02. This budget provides funding for the continuation of all municipal services enjoyed by our citizens for the next fiscal year and reduces the city's ad valorem tax rate from 1.18 mills to 1.15 mills. This action will result in the owner of a homesteaded property paying to the City of Naples the same amount in annual property taxes as last year. In compliance with both the City Charter and Florida State Statutes, this budget was adopted by the City Council with a mill levy ordinance and an appropriations ordinance approved during special public hearings.

It has been necessary to increase the work force this year to add positions to continue to meet the service levels requested by the community:

- A Recreation Specialist position to increase the staffing for the new River Park Community Center.
- A continuation of the position of Crime Scene Latent Examiner in Police & Emergency Services. This position was previously funded by a federal grant; however, that program has been discontinued.
- An additional position in Fire Operations in Police & Emergency Services. This is designed to be the first of three new positions over three budget years to provide one additional firefighter per shift as a way of offsetting overtime costs relative to required minimum manning of shifts. Federal mandates under the Family Medical Leave Act (FMLA) have caused significant increases in overtime costs.
- An additional Fire Inspector to deal with increasing workload in that area.

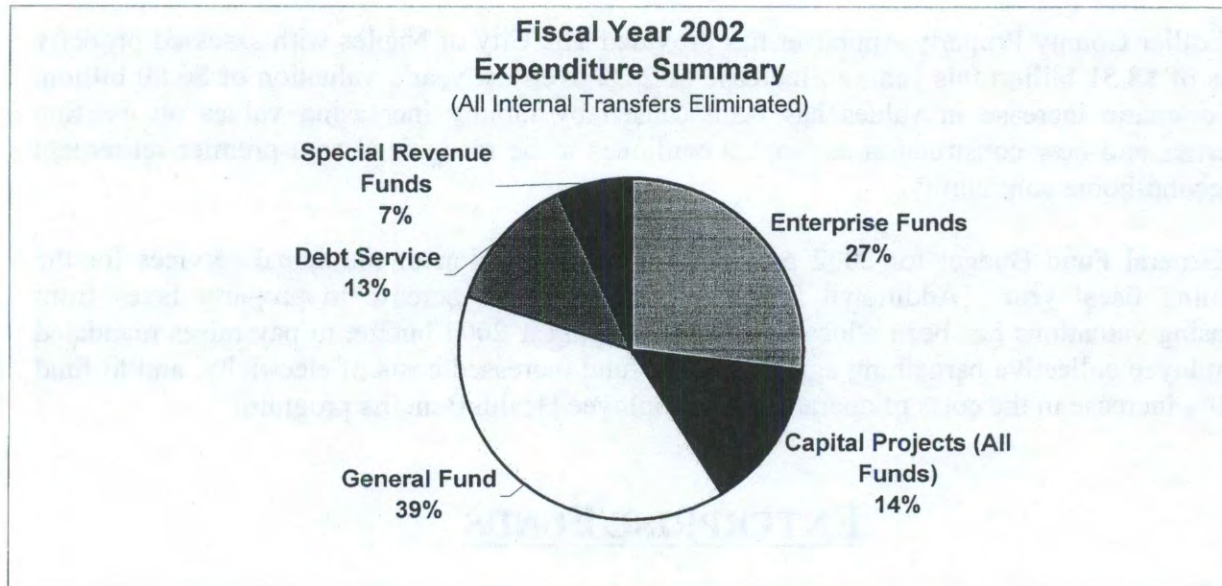

- A new position of Service Worker in the Naples Beach Fund. Use of beaches by an increasing local area population and visitors has increased the demands on our maintenance efforts along the beaches, at the Naples Fishing Pier, and at Lowdermilk Park.
- An additional Network Specialist in Information Services. The Network Division currently supports over 250 computer users.
- A new position for a second Traffic Control Technician in the Streets Fund. This increase in staffing was mandated by the State of Florida as part of their major upgrades to the City's computerized traffic control system.

At the end of Fiscal Year 1992, the number of employees for the City of Naples peaked at 529.2 authorized positions. From Fiscal Year 1992 through Fiscal Year 1997, the management team worked with the City Council to streamline municipal government by privatizing functions that can be handled more efficiently in the private sector without reducing the level of service provided. New positions have been added since that time to meet service demands. The 502.3 authorized positions for Fiscal Year 2002 is still 5.1% less than in Fiscal Year 1992.

Municipal government budgeting and accounting divides the operation of the City into seventeen (17) "funds", self-balancing sets of accounts for the expenditures and related revenue sources for specific operations. Each of these funds of the City is presented in balanced form.

The total budget for the City of Naples for Fiscal Year 2002, after eliminating expenditures caused by internal transfers of funds, is approximately \$58 million. Expenditures in the various operations of municipal government are as follows:

GENERAL FUND

The City of Naples General Fund provides funding for the traditional services of municipal government: elected officials, police & emergency services, parks and parkways, recreation, planning, engineering, and administrative activities.

The Citizens of Naples have traditionally supported investment in enhanced service levels for public safety and the extensive parks and landscape improvements, which denote the special quality of life in Naples. Major thoroughfares in the community have been extensively landscaped and maintained by City employees. Assets of the City include the City's historical fishing pier, City Dock, beach improvements, competitive class tennis facilities and other recreational opportunities. Police & Emergency Services use state-of-the-art equipment and have sufficient levels of staffing to provide quick response to public needs.

Operations of the General Fund are financed through ad valorem property taxes, franchise fees of 5.8% on electricity sales, proceeds of the local sales tax, State of Florida revenue sharing, and fees for recreation programs. General Fund operations also provide support services to other funds and, in return, receive financial support from those funds in the form of administrative transfers. In addition, the City's water, wastewater, stormwater, solid waste utilities, and city marina provide a payment-in-lieu of taxes to the General Fund. This is established at 6% of revenues and is equivalent to franchise fees charged to private sector utilities.

The Collier County Property Appraiser has provided The City of Naples with assessed property values of \$8.51 billion this year, an increase of 25% over last year's valuation of \$6.80 billion. This dramatic increase in values has been caused by rapidly increasing values on existing properties and new construction as Naples continues to be recognized as a premier retirement and second-home community.

The General Fund Budget for 2002 provides for a continuation of municipal services for the upcoming fiscal year. Additional funds generated by the increase in property taxes from increasing valuations has been allocated in the Fiscal Year 2002 budget to pay raises mandated in employee collective bargaining agreements, to fund increased costs of electricity, and to fund the 20% increase in the costs of operating the Employee Health Benefits program.

ENTERPRISE FUNDS

WATER & SEWER FUND

The City of Naples operates a Water and Sewer Utility, providing services to approximately 15,000 water and 8,000 sewer accounts within the City and in adjacent unincorporated areas of Collier County. Operated as an enterprise fund, revenues from charges to customers are required to cover costs of operations and maintenance, debt service, payment in lieu of franchise fees and the prorated cost of central administration. Also funded is capital replacement in an amount equivalent to the annual charge for depreciation of the system. Bond covenants require that the City maintain debt service coverage of 1.35 in the Water & Sewer Fund. This budget complies with the City's bond covenants.

At the budget hearings in September 1999, City Council approved an Ordinance authorizing the City Manager to adjust water and wastewater rates annually based on the Florida Public Service Commission (FPSC) Deflator Index. This automatic annual rate adjustment to water/sewer rates will provide revenue to cover the increases in expenses due to inflation or other such factors without significantly impacting the customer. The latest rate change will be implemented October 1, 2001.

SOLID WASTE FUND

The City of Naples operates a Solid Waste Utility, providing both residential and commercial solid waste collection and disposal. The City also has an extensive recycling program, administered under contract by Waste Management. The City of Naples is one of the very few communities in Florida to offer back door service and is in a shrinking group of communities to continue to offer twice a week service. Rates for the solid waste service are split between collection fees, designed to finance operations of the utility and capital replacement and "tipping" fees, established as a pass-through of tonnage costs of disposal at the Collier County

Landfill. For 2002, solid waste rates for commercial customers were increased to cover higher tonnage of trash collected as business activity increases in the community. As with water and sewer, discussed above, we have now implemented an automatic annual cost adjustment for solid waste. The first annual adjustment will be effective October 1, 2002.

STORMWATER FUND

The City's Stormwater Utility was created in Fiscal Year 1993 with the goal of master planning a stormwater discharge system for the City of Naples, providing water quality monitoring, sweeping streets, and repairing the existing stormwater system. In Fiscal Year 1997 the Stormwater Master Plan was completed. The master plan identified \$10 million in capital projects. The State Revolving Loan Fund has provided funds to the City for the improvement and redevelopment of the Police & Emergency Services Pump Station located on Goodlette Road, recently completed. That pump station provides drainage for a large portion of the "Heart of Naples" business district. The next two major projects, currently under design, are the Old Naples area and the drainage area adjacent to the intersection of Goodlette Road and Golden Gate Parkway.

CITY DOCK FUND

The City owns and operates an 83-slip marina on Naples Bay, providing leased and transient mooring of boats, retail sales of gasoline, bait, minor food and beverages. Fees and price schedules are established to cover maintenance and operating expenses, purchase of inventory, and capital investment and depreciation. Operation of Naples landing is included in the City Dock Fund.

NAPLES TENNIS FUND

The tennis facility includes twelve state-of-the-art clay courts, a pro shop with elevated viewing area, which allows views of the newly landscaped park and playground. The Naples Tennis Fund has been established as an enterprise fund, with tennis fees responsible for covering all maintenance and operating expenses of the facility, as well as repayment of bonded indebtedness of the construction project. The Tennis Fund operated at a deficit during the construction of the new facility, borrowing \$144,000 from the General Fund. City Council has directed that the Community Redevelopment Fund, using Tax Increment Financing revenues, begin repaying those funds to the General Fund starting in Fiscal Year 2002. The Tennis Fund is not charged for its pro-rata share of central administration as is charged to all other enterprise funds.

SPECIAL REVENUE FUNDS

BUILDING & ZONING

The Building & Zoning division was set up as a special revenue fund beginning Fiscal Year 1999. The revenues generated for these services are restricted to building or construction type expenditures. Building & Zoning has constructed a new office building in the municipal complex off Goodlette Road. The City's Engineering and Information Service departments are also housed in this new facility.

CANAL MAINTENANCE

The City of Naples maintains two taxing districts: Moorings Bay and East Naples Bay. The tax levies of these two districts, a 0.025 mill levy in Moorings Bay and a 0.5 mill levy in East Naples Bay, provide funds for dredging and maintenance and retirement of existing debt. In the East Naples Bay Tax District, the outstanding debt will be retired in 2006.

STREETS & TRAFFIC

This budget consolidates all revenue sources and expenditure accounts relating to streets and traffic control. Revenue sources in this fund include constitutional one-cent gas tax and street impact fees up to \$200,000 annually (all excess impact fees paid to Collier County by interlocal agreement). We also have two additional interlocal agreements with Collier County to receive allocations of both the six-cent local option gas tax and the five-cent local option gas tax initiated in 1994.

NAPLES BEACH FUND

The Naples Beach Fund is responsible for maintenance and enforcement activities along our beachfront to include the oversight of the contract services at Lowdermilk Park Concessions and Fishing Pier Concessions. Citizens of both the City of Naples and Collier County are eligible to receive a free beach parking sticker, allowing free use of parking facilities at Lowdermilk Park, the Fishing Pier, and all beach ends. An annual contribution from Collier County, meter collections, parking fines, and payments from the concession operator at Lowdermilk Park and the Fishing Pier provide revenues for operations.

COMMUNITY REDEVELOPMENT AGENCY FUND

This fund accounts for the receipt and disbursement of monies for the redevelopment program, including tax increment financing (T.I.F.) proceeds. Also financed by these revenues are the capital improvements in the redevelopment area of the City. In the seven years that the T.I.F. district has been in existence, the district has financed 50% of the planning studies for both 5th Avenue South and the 41-10 district, rebuilt 2nd, 3rd, and 4th Avenues North in the 41-10 area, paid for major improvements to 6th Avenue South, and took over the financial responsibility for the costs to redevelop 5th Avenue South. The T.I.F. district also finances the debt repayment for the parking garage at 4th Avenue South and 8th Street South.

UTILITY TAX / CAPITAL PROJECTS FUND

The City of Naples levies a 7% utility tax on the local power company, the telephone company, and on sales of propane. These revenues are first used to meet the debt service obligations for the retirement of Revenue Bond Indebtedness (not including water and sewer bonds). Remaining funds are used to finance the capital expenditures of the City not covered by the enterprise funds. Capital expenditures of our enterprise funds and utility operations are funded from their own revenue sources.

During Fiscal Year 2001, the City issued approximately \$7.5 million in new debt to be repaid through revenues of this fund. Those funds are being used for the construction of the new River Park Community Center, upgrades and renovation to the Norris Community Center, major work at Fleischmann Park, upgrades to Seagate Park, lighting programs at two ballfields, the development of a new waterfront park on the Gordon River, and funds for roadway and pathway upgrades. Those projects will be constructed during fiscal years 2002 and 2003. Debt service on this bond issue has been included in this budget.

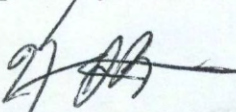

INTERNAL SERVICE FUNDS

The City utilizes four internal service funds to account for the operations of information services, equipment services, risk management, and the City's employee health benefits fund. Each of the operating funds of the City pays a proportionate cost of these internal services. In the area of risk management, the City self-insures for property, liability, and workers' compensation exposure and purchases excess insurance for catastrophic losses. The employee health benefits fund provides self-insured health insurance coverage for employees and their families, with the City paying the health insurance costs of employees and costs for family insurance split between the employee and the City.

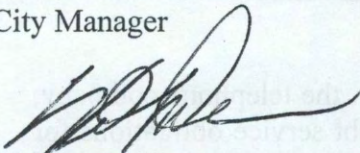

SUMMARY

The City Council and the management team have worked effectively together to continue the high level of service expected by our citizens, while constantly looking for ways to improve the efficiency of operations. We are pleased to provide this budget to the City Council.

Respectfully submitted on behalf of the Management Team,

Kevin J. Rambosk
