The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to City of Naples, Florida for the Annual Budget beginning October 1, 2011. In order to receive this award, a government unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

City of Naples

OFFICE OF THE CITY MANAGER
TELEPHONE (239) 213-1030 • FACSIMILE (239) 213-1033
735 EIGHTH STREET SOUTH • NAPLES, FLORIDA 34102-6796

October 30, 2012

The Honorable Mayor and City Council 735 Eighth Street South Naples, Florida 34102

Dear Mayor and City Council:

The budget for the fiscal year beginning October 1, 2012 and ending September 30, 2013 was adopted on September 20, 2012. This budget is the product of City Council's guidance, community input, and recommendations of the City Manager and your professional staff.

The budget was developed with no change in the millage rate, the fourth consecutive year at the rate of 1.18 mills. The budget also eliminates the .0426 millage rate for the Naples Preserve debt. This debt will be paid off in October with reserves, three years early thus avoiding the last years of interest expense at 3.84%.

After four years of consecutive declines in the property values, the FY 2012-13 taxable value showed a small but important increase over the prior year. The taxable value for FY 12-13 is \$14.98 billion, 2.9% higher than the FY 11-12 final taxable value of \$14.557 billion. This increase is due to an increase in property values and new construction, perhaps reflecting a turnaround in the real estate market.

The increase in taxable value will not make up for the multiple years of declining property values and corresponding revenue reductions. Since FY 2007-08, property values have declined \$2.47 billion. At the FY 2012-13 millage rate, that represents an annual loss of \$2.9 million in property taxes compared to the 2007-08 values.

The City Council prepared well for the economic downturn by increasing the fund balances during the healthier fiscal years. Over the past four years, conservative expenditures, including reduction in staffing, pension reform, and strategic use of reserves through the "Tax Stabilization Fund" have and will continue to provide a

sustainable level of service. Throughout the economic downturn, services and capital improvements have continued at levels appropriate for Naples.

This budget is designed to maintain levels of service, although there are increases in a few budgetary accounts intended to meet increases in service requirements. These include Building Services (permitting and inspections), Community Services (new/expanded swimming pool), and Utilities (staffing at Water Treatment Plant).

The planning process for this budget started in November 2011, with zero-based budget presentations by each department. This process focused on what could be done with less money, and in some cases, what could be done with more money. In March, 2012 City Council reviewed the annual Five-Year General Fund Sustainability Report and the CRA Sustainability Report. These provide long term projected revenues, expenditures and fund balances based on current expectations, as well as a sensitivity analysis, if expectations are not met. These reports were used in prior years to provide guidance for potential outcomes through the economic downturn.

In June, City Council reviewed the proposed Five-Year Capital Improvement Program and discussed the millage rate for FY 2012-13. City Council tentatively agreed to maintain the current millage rate of 1.1800, with the understanding that to do so would require the use of a portion of the fund balance (Tax Stabilization Fund) to balance the budget. The proposed budget was presented using \$952,527 of the Tax Stabilization Fund; after hearings, the budget was adopted using \$783,279 of the Tax Stabilization Fund.

This is a balanced budget without an increase in the property tax millage rate, fees, or utility rates, except for certain rates that are indexed each year based on the specific "cost of living" criteria.

Fiscal Year 2012-13 Budget Summary

- The General Fund budgeted expenditures are \$34 million.
- The budget assumes the same millage rate as FY 2011-12 or 1.1800. Because
 more revenue (\$391,399) will be received based on this millage rate and the
 increased property values, the increase in revenue is considered by the State of
 Florida to be a tax increase.
- The City has one Debt Service millage rate which will decrease from 0.0426 to zero, and assumes that the City will use reserves to pay off the \$1.69 million balance.
- The budget has a net increase of 6.25 positions over FY 2011-12, for a total of 451.25 FTE (Full Time Equivalent employees) for all funds.

- At mid-year 2011-12, City Council authorized increasing a part time General Fund position to full time to manage the new pool operations. That increase is reflected in this budget. One position, a Buyer, was eliminated as part of the zero based budgeting process, with duties combined with the Grants Coordinator position. The net change in the General Fund was a decrease of .5 FTE.
- In the Building Fund, four positions were approved and added at mid-year. In this budget, one full-time and one part-time position were added for a total increase of 5.75 FTE positions over the adopted FY11-12 budget.
- In the Water and Sewer Fund, a plant operator position, eliminated several years ago, has been added to ensure adequate 24 hour coverage without the use of overtime.
- With a few exceptions, operating accounts show a decrease from the current fiscal year. As budgets become tighter, there is an increased possibility that one or more departments may exceed the budgeted expenditures due to unanticipated expenses. To offset that risk and to cover unanticipated expenditures, \$500,000 is provided in the General Fund Contingency line item and may be transferred to departments upon approval of City Council.
- By policy, the General Fund has two reserve requirements:

Emergency Reserve \$3.448 million Unassigned 10.112 million

Total \$13.56 million

- The General Fund has an actual fund balance reserve of \$18.96 million. The
 difference between the maximum required reserves and the actual reserve is
 \$5.4 million. This difference has been designated, for budgetary purposes, as
 the Tax Stabilization Fund and is used to help balance the budget when needed.
- The FY 2012-13 budget appropriates \$783,279 of the Tax Stabilization Fund.

Assuming no expansion of services, emergencies, dramatic decline in revenues, or significant expansion of the Capital Improvement Program, the Tax Stabilization Fund should allow a continuation of the current levels of services for the five-year budget planning cycle as discussed in the Five-Year Sustainability Report.

City Goals

The City's 10-year Vision Plan was adopted on June 13, 2007. This vision contains five major goals, with several activities and elements to achieve these goals. Many of these goals have been incorporated into this budget document. The basic goals are shown below, and departments establish objectives to meet these goals. These can be found within the departmental budgets. The last section of this document provides a Vision Plan Crosswalk to the current budget program.

The five major goals of the Vision Plan include:

- 1. Preserve the City's distinctive character and culture
- 2. Make Naples the green jewel of Southwest Florida
 - (a) Restore Naples Bay, protect beaches and other key waters
 - (b) Promote community sustainability and environmental conservation
 - (c) Establish more open and green space in the City
- 3. Maintain an extraordinary quality of life for residents
 - (a) Maintain and improve public amenities for residents
 - (b) Promote community health
 - (c) Enhance mobility in the City
 - (d) Maintain and enhance public safety
- 4. Strengthen the economic health and vitality of the City
- 5. Maintain and enhance governance capacity for public service and leadership

In addition to the Vision Plan, this budget follows three key financial principles:

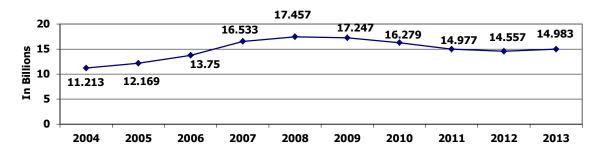

- 1. Project revenues at realistic levels
- 2. Fully fund operating requirements
- 3. Maintain Undesignated Reserves at a fiscally responsible level

Throughout this document, the Goals and Objectives are highlighted wherever these vision plan goals and key financial principles are addressed.

Millage Rate

The City's taxable value is \$14,982,881,235 compared to last year's final value of \$14,557,352,859. This represents an increase of 2.9%. Property tax revenue is calculated by multiplying the taxable value by the millage rate. The City assumes a collection rate of 95% as allowed by state law.

Taxable Value

The adopted budget provides for a millage rate of 1.18. Although it is the same millage rate as FY 2011-12, it is considered by the State of Florida to be a tax increase because it produces more property tax revenue to the City than was received in FY 2011-12.

The City annually calculates a Rolled Back Rate (RBR), which is the ad valorem tax rate that will bring to the City the same amount of tax revenue as last year, excluding the value of new construction. Calculation of the Rolled Back Rate is required by the State of Florida for all local taxing jurisdictions. The Rolled Back Rate for the 2012 tax rolls is

1.1539 mils, compared to the adopted millage rate of 1.1800 mils. If used, the rolled back rate would have reduced the budgeted revenue to the City by \$371,830.

The Budgeted property tax revenue for FY 12-13 was based on the preliminary taxable value of \$14.996, and using the millage rate of 1.1800. The final taxable value was slightly lower than the preliminary taxable value, but the difference was insignificant to the levy calculation, therefore, the mill levy calculation was calculated as follows:

	Rate	Total Levy	95%	Amount	Amount
			Collections	to CRA	to General
					Fund
Millage Rate	1.1800	\$17,695,441	\$16,810,670	\$466,605	\$16,344,065

Expenditure Discussion

During the June 2012 budget discussions, several items were discussed and have been implemented in this budget.

- **Elimination of the Buyer position.** Due to efficiencies gained from an increase in the bid threshold, online sales of surplus properties, and use of the internet, the Buyer responsibilities were added to the Grants Coordinator position. The Buyer position was eliminated for an annual savings of more than \$60,000.
- Move Natural Resources from General Fund to Stormwater Fund. Natural Resources Division plays an important role in water quality management, and therefore, the Natural Resources Division was moved from the City Manager's Department to the Stormwater Fund to coordinate these functions. This reduces General Fund expenses by nearly \$400,000 while increasing the expenditures in the Stormwater Fund by the same amount.
- Transfer \$300,000 of Telecommunications Tax revenue from the General Fund to Streets Fund. This will provide funding for the Streets Fund, which suffered a tax decline of its own several years ago.

In the General Fund, pension costs have increased \$393,000 over last year's budget. The City's Pension investments, like many other pension programs, did not realize the 7.5% assumed rate of return. There was an actuarial loss of 6.5% for the Police pension and an 8.1% loss for Fire and General pensions. In addition, it was projected that pension reform would be implemented for all employees and reflected in the budget prior to the adoption of this FY 2012-13 budget. However, the impasse proceedings related to the IAFF collective bargaining process and postponement of the Special Magistrate Hearing will not allow sufficient opportunities to realize a reduction in pension contributions.

There are five collective bargaining agreements. Except for the IAFF (firefighters) contract, all contracts expire in September 2014. The IAFF (Firefighters) contract expired on September 30, 2011 and negotiations have been at impasse since January 2012. The FOP (Fraternal Order of Police) contract is the only contract with a pay raise for FY12-13 in the amount of 2%, and that is included in this budget. Two bargaining units, AFSCME and GSAF-OPEIU have exercised the option to open the wage section of their collective bargaining agreements for renegotiation.

During 2012-13, City staff will be challenged with special projects. The implementation of the new Enterprise Resource Software, new software for public safety payroll management, and new software for agenda and minutes preparation will enhance the City's financial, data, reporting, and records capabilities, but implementation will take considerable time and human resources. Streets and Stormwater projects, continuation of the Integrated Water Resources Plan, new and upgraded facility improvements and countless maintenance activities to preserve capital investments will require focused and dedicated management.

Fund Balance

On October 1, 2011, the City implemented GASB 54, a new accounting standard that dictates how fund balances are presented in both the audit and the budget. To meet that standard, the City revised its financial policies in February 2012 (resolutions 12-13051 and 12-13052) to reflect the new fund balance terms.

When preparing a budget, the goal is to have revenues equal expenditures. However, it is not normal, nor is it even likely, that actual revenues will match expenditures in a fiscal year. Either a decrease or increase of fund balance should be expected in any given year. When actual expenditures in a fiscal year are less than actual revenues, the fund balance will increase. If actual revenues are less than expenditures, fund balance will decrease.

City Council's fund balance policy as adopted by Resolution 12-13052 is met in all budgetary funds. Use of fund balance is budgeted in some funds. As justified in the city's policy, a decrease in fund balance may be a prudent option. There may be a major capital cost that is best funded with available funds, or, there may be an intentional plan to reduce the fund balance to a responsible level, or a fund balance may have increased in recognition of a major capital project(s) in future years. The size of the fund balance should not be too low or too high. If a fund balance is consistently too high, it may be a sign that the public agency's taxes or fees have been too high. On the other hand, if the fund balance is too low, the government risks being unprepared for emergencies or other unpredicted or desirable mid-year expenditures. A City's bond rating may also be influenced by the fund balance.

The budget will maintain the maximum Emergency Reserve and Unassigned Reserve policies. The Tax Stabilization Fund of \$5.4 million will be reduced by \$783,279 to \$4.6 million.

Water and Sewer Utility Fund

The City manages a Water and Sewer Utility and provides services to approximately 68,000 people through 17,700 water and 8,600 sewer accounts within the City and in adjacent unincorporated areas of Collier County. As an enterprise fund, its customers pay for the costs of operations and maintenance, debt service, payment in lieu of taxes and the prorated cost of central administration. Revenues also fund capital expansion and replacement, as well as the annual charge for depreciation of the system. Water and sewer rates are allowed to increase in accordance with the Public Service Commission Deflator Index. For FY 2012-13, that rate is 2.41%.

Naples Beach Fund

The Beach Fund provides for maintenance and enforcement activities along the City's beachfront. This enterprise fund is financed by meter and pay station collections, parking fines, payments from the concession operator at Lowdermilk Park and the Pier and an interlocal agreement with Collier County. The latter, representing a total of \$1,000,000, is allocated between the General Fund and the Beach Fund at a ratio of 60% to 40% to park and recreation facilities and public beach parking facilities. Previously, this funding ratio was 50%-50%. Residents of both the City of Naples and Collier County are eligible to receive a free beach parking sticker, allowing free parking at Lowdermilk Park, the Fishing Pier, and all beach ends.

Solid Waste Fund

The Solid Waste Enterprise Fund provides collection and disposal of solid waste for residential and commercial customers. Naples is one of the few cities in Florida to offer twice-a-week side-yard collection service. Weekly curbside collection of recycled materials and horticultural waste is also provided. Solid waste rates are comprised of two elements: a service fee to cover operating expenses, including depreciation of fixed assets; and a pass-through "tipping" fee for disposal at the Collier County landfill.

According to the Code of Ordinances, the Solid Waste fee will increase by the percentage increase of the Consumers Price Index (CPI) effective October 1. The applicable change in CPI is 2.3%. City Council approved a resolution waiving this increase for FY12-13.

City Dock Fund

The City owns and operates an 84-slip marina on Naples Bay, providing leased and transient mooring of boats and retail sales of fuel, bait, snacks and beverages. Fees and price schedules are established to cover the costs of operation, including indirect costs, in this enterprise fund. There is no Payment in Lieu of Taxes charged, because the City Council determined that the Dock provides a governmental benefit as a historic and scenic destination to non-boaters.

Stormwater Fund

The City's Stormwater Fund is an enterprise fund, created in fiscal year 1993 with the goal of master planning a stormwater discharge system for the City of Naples, providing water quality monitoring, street sweeping, and repairing the existing stormwater system.

The Consumer Price Index (CPI) adjustment for FY 12-13 is 2.3%, or 28 cents per month per equivalent residential unit, increasing the monthly fee to \$12.67.

Tennis Fund

Revenues to support the Tennis Fund are generated from memberships, daily play, and retail sales. The tennis facility includes 12 tournament subsurface lighted clay courts and a pro shop with an elevated viewing area.

For five years, from FY06 to FY10, the City received annual contributions to fund the debt service on the Tennis Center. This contribution enabled the Tennis Center to have a positive cash flow for several years while building a restricted reserve for the final debt service payments. Because the tennis courts provide a public benefit for 30% of court time, the General Fund provides a minor operating subsidy.

Building Permit Fund

The Building Permit Fund was established as a special revenue fund separate from the General Fund to ensure compliance with Florida Statute 166.222, which restricts the use of building permit revenue to the inspections and enforcement of the provisions of the building code.

In addition to the positions showing in this fund, the Building Permit Fund pays for two of the four Fire Inspector positions that are part of the Fire-Rescue Department, because they are directly associated with building plan review and permitting activity, and for half of a Planner position due to specific building permitting requests.

Canal Maintenance Districts

(East Naples Bay Taxing District and Moorings Bay Taxing District and Port Royal Special Assessment District)

The City of Naples maintains two taxing district funds for Canal Maintenance: Moorings Bay and East Naples Bay. These dependent taxing districts were established to finance dredging operations and maintenance of bay areas and for the retirement of existing debt. Both the millage rate for Moorings Bay and East Naples Bay will stay at the current rates of .0252 and 0.5000 mils, respectively.

A special assessment district was recently adopted related to the dredging of canals in the Port Royal area. The cost for this dredging is expected to be \$1,645,000 and will be funded by a special assessment on the affected properties.

Community Redevelopment Agency

The Community Redevelopment Agency (CRA) special revenue fund is used to account for the City's Tax Increment Financing District. The CRA was created, in accordance with Florida Statutes Section 163, by Resolutions 94-7098 and 94-7099. The general boundaries of the CRA are usually identified as 7th Avenue North, the Gordon River, 6th Avenue South and 3rd Street South.

The purpose of the CRA is to implement the Redevelopment Plan and use tax increment revenue to fund capital improvements and operating expenses within the District.

Revenues to this fund show a decrease of almost \$52,000 from FY 2011-12, with most of the decline due to a reduction in taxable property value.

Streets and Traffic Fund

The Streets & Traffic Fund is a special revenue fund consolidating all revenue sources and expenditure accounts related to streets and traffic. Revenue sources in this fund include the City's share of the Collier County six-cent local option gas tax, the portion of State shared revenue related to the municipal one-cent gas tax, Collier County Road Impact Fees up to \$200,000 annually (additional Road Impact Fees collected thereafter belong to Collier County in accordance with the Interlocal Agreement) and the Collier County five-cent local option gas tax. Collier County is in the process of recalculating the distribution of fuel tax revenues which may impact revenues to this fund in FY 2012-13 and beyond. A new revenue source this year is \$300,000 of the City's telecommunications tax, which was formerly allocated to the General Fund.

Proceeds of the five-cent gas tax must be expended on street projects authorized in the capital improvement section of the City's Comprehensive Plan. Road Impact Fee revenue may only be expended for capital projects that enhance transportation capacity.

Internal Service Funds

The City has four Internal Service Funds. They include:

- Risk Management
- Employee Benefits
- Technology Services
- Equipment Services

These funds receive their revenue from charges to the other operating funds of the City. Charges are based on either actual use or budgeted use.

Funds Not Budgeted

Several funds of the City are used for accounting purposes, and generally are not budgeted. These include: the Proprietary/Trust funds of the Pension Boards, and Police, Fire and Recreation Impact Fee Funds. The City does not plan to budget Impact Fee funds until there is intent to expend. The following shows the projected available balances as of October 1, 2012, although these are not budgeted.

	Police	Fire Impact	Recreation
	Impact	Fees	Impact
	Fees		Fees
As of 10/1/12	\$168,000	\$296,000	\$81,000

Administrative Service Charge

The Administrative Service Charge is a fee charged to operating funds for using administrative services of the General Fund, such as Human Resources, Finance and Purchasing. There are three allocation bases for the administrative service charge: number of employees, size of budget, and number of utility customers. The process is explained in the General Fund revenue section of this document. Administrative Service Charge shows as a revenue to the General Fund, and as an expense to the user funds.

Development of the Budget

The City of Naples has many contributors to the budget process. City Council receives input from many sources throughout the year, including boards and advisory committees, five collective bargaining units, and three pension boards. Committees and advisory boards are comprised of City residents, business owners, and professionals that voluntarily lend their expertise to enhance the governance process.

City Council may consider requests to create Special Assessment Districts and Dependent Taxing Districts that also can affect the budget. While no new Special Assessment Districts are anticipated in the next fiscal year, the Park Shore Homeowners Association requested the creation of a Dependent Taxing District to allow a source of revenue for enhancements to the Park Shore area.

A significant part of the budgetary process is the preparation and review of the Five-Year Capital Improvement Program. This document is prepared by June 1 of each year and subsequently reviewed and modified by City Council. The development of the Capital Improvement Program balances needed capital equipment and infrastructure repair and improvements with the annual operating budgets. The CIP includes revenue and expenditure estimates over the same five-year period to ensure that the capital program is realistic and fundable.

The City requests grant funding from other agencies, including Department of Environmental Protection, Collier County (for shared projects), and South Florida Water Management District. Consideration of these funding requests is part of the budgeting process. To prevent over estimating the City's budget, grant funds are only budgeted if it is determined that such funds will, in fact, be received, as in the case of the Community Development Block Grant. Budget adjustments will be made for grants awarded during the fiscal year.

Conclusion

The annual budget is considered one of the most important policies adopted by City Council each year. The budget reflects City Council's financial policies for the next year by allocating the sources of funds for City services, and authorizing expenditures for those services.

The challenges involved with the development of this budget were somewhat relieved due to City Council's responsible, and sometimes difficult, decisions made during prior years as revenues declined. With reassignment of responsibilities, improved processes and technologies, and the willingness of employees to meet higher expectations, there has been minimal reduction of service to the citizens of Naples.

Gratitude is extended to the many people who have contributed to this document, including City Council, members of the Presidents' Council, homeowner associations, City advisory boards, residents and staff.

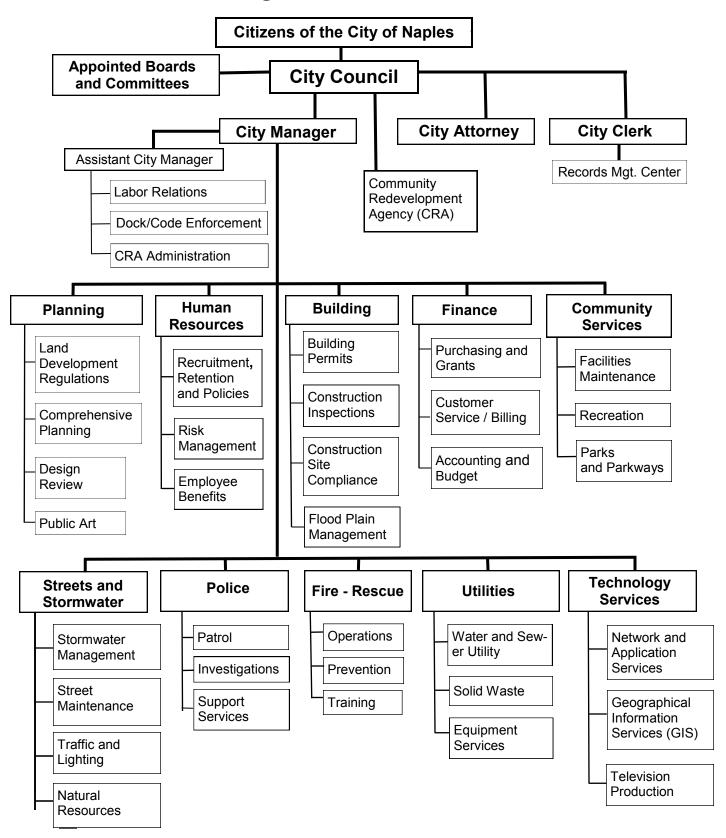

With the achievement of the many planned objectives by each department in the City, Naples will continue to be the crown jewel of Southwest Florida while being recognized as one of the top communities in the nation.

With City Council's continued guidance and policy development skills, the citizens of Naples should feel confident that they will continue to receive the best possible services at a reasonable cost, a continuation of the "small town" attitude where people can freely express their opinions and seek service support, and where they can rely on employees who value public service and seek to be responsive to their community.

Respectfully Submitted,

A. William Moss City Manager

The most common reason for a budgeted decrease in fund balance is the use of reserves for capital projects. For most funds, this is a planned use of funds. Funds with a decrease of more than 10% are discussed below.

Special Revenue Funds

Capital Projects Fund (Fund 340) - The use is expected for a capital fund and includes \$620,000 for City Hall Air Conditioning. Community Redevelopment Agency (Fund 380) - The decline in property values has affected this fund's revenue source. Streets Fund (Fund 390) - Infusing a portion of the Telecommunications Tax will reduce this fund's reliance on reserves.

Enterprise Funds

Water Sewer Fund (Fund 420) - Reserves had been set aside to begin the next phase of the Reclaimed Water Project. Naples Beach Fund (Fund 430) - Special project planned to replace and upgrade the beach parking meters. Storm Water Fund (Fund 470) - A large capital project, the Stormwater ASR well, is planned for FY 12-13. Tennis Fund (Fund 480) - This fund is using proceeds from a prior year donation to make its debt service payments.

Internal Service Funds

Technology Services Fund (520) - Fund balance exceeded requirements and is being reduced.

Fund Overview

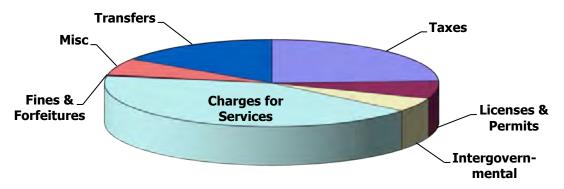

The City of Naples budget is structured on the basis of 22 individual funds. The account structure follows the State of Florida's Uniform Accounting System. Each fund is a distinct financial entity with its own revenues and expenses. The FY 2012-13 budget is balanced in accordance with the City's Code of Ordinances and is responsive to the community needs.

Revenue Overview

The combined FY 2012-13 revenues of the City's budgeted funds are as follows:

	FY 2012-13		FY 2011-12	
	Budget	%	Budget	%
Taxes	\$26,193,095	24.3%	\$25,986,559	24.9%
Licenses and Permits	7,019,910	6.5%	6,100,354	5.8%
Intergovernmental Revenue	5,579,135	5.2%	5,647,185	5.4%
Charges for Services	45,061,399	41.7%	44,136,926	42.3%
Fines and Forfeitures	478,400	0.4%	472,900	0.5%
Miscellaneous	6,700,754	6.2%	6,938,774	6.6%
Interfund/Transfers/Other	16,976,492	15.7%	15,173,739	14.5%
Total	\$108,009,185		\$104,456,437	

Where the Money Comes From

Taxes (\$26,193,095)

City wide, taxes make up 24.3% of the City's revenues, with Ad Valorem Taxes being the largest tax, at \$17,030,898. For FY 2011-12, the General Fund Operating Millage Rate of 1.1800 is the same as FY 2011-12. Other funds collecting Ad Valorem taxes are East Naples Bay (\$186,555) and Mooring Bay Taxing Districts (\$33,670), and the Community Redevelopment Agency (\$466,605).

Other local taxes include a Payment in Lieu of Taxes (PILOT) on two Enterprise Funds, the Simplified Telecommunications Tax and the Public Service Tax on Electric, Gas and Propane. Also included are the Local Option Fuel Taxes.

Licenses and Permits (\$7,019,910)

Licenses and Permits make up 6.5% of the City's revenues. The City is budgeted to collect \$7,019,910 in Licenses and Permits. Building Permits are budgeted at \$2.7 million, more than \$700,000 more than FY11-12 due to the changing economy. Franchise Fees, at \$3.6 million are the largest type of revenue in this category, with the largest of these being the FPL (electric) Franchise fee. Franchise fees are charged to certain service providers (such as utilities) for the right to operate within the municipal boundaries of the City, using city rights of way.

Intergovernmental (\$5,579,135)

In the General Fund, the largest source of intergovernmental revenue is the General Use Sales Tax which represents a portion of the state's 6% sales tax. The State Revenue Sharing program includes a variety of state taxes. Another revenue source is a \$1 million Interlocal Agreement with Collier County that provides funding for recreation programs, including the beach operations that serve the County residents. The third largest revenue source in this category is the Community Redevelopment Agency (CRA)'s Tax Increment revenue from Collier County, budgeted at just more than \$1.4 million.

Charges for Services (\$45,061,399)

Making up 41.9% of City revenues, Charges for Services represents the largest source of budgeted revenues City-wide. The larges charge for services are charges to Water/Sewer customers (\$30 million), Solid Waste customers (\$6 million), City Dock customers (\$1.4 million) and Stormwater customers (\$4.6 million).

Fines (\$478,400)

Fines are received by the General and Beach Funds. The primary sources of fines are parking or traffic citations issued by the Naples Police Department.

Miscellaneous/Other Sources (\$6,700,754)

The City is projected to earn \$494,608 in interest earnings in FY2011-12, based on an expected .60% return rate. Other revenues include both City and employee shares of health insurance premiums (Internal Service Fund), revenue from the Fifth Avenue Business Improvement District and auction income.

Interfund Transfers and Charges (\$16,976,492)

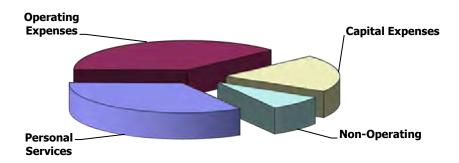

This section includes most of the fees or transfers between funds. For example the Administrative Charge in the General Fund (\$3.5 million) is a charge from the General Fund to other City funds based on an allocation formula. The Internal Service Funds charge other City funds for their services, such as the Equipment Services Fund, with a budget Interfund charge of \$2.3 million. Among the transfers, the Capital Projects Fund will receive \$2.2 million from the Debt Service Fund.

Expenditure Overview

The appropriations of the twenty-two budgeted funds are \$118,922,563. The following chart shows a summary of the combined budget by category:

	FY 2012-13	FY 2011-12		
	Budget	%	Budget	%
Personal Services	\$40,046,331	33.7%	\$39,259,702	36.3%
Operating Expenses	44,982,813	37.8%	44,256,836	40.9%
Capital Expenses	24,334,174	20.5%	14,373,062	13.4%
Other Non-Operating Expenses	9,559,245	8.0%	10,211,360	9.4%
Total Expenditures	\$118,922,563	•	\$108,100,960	

Where the Money Goes

Personal Services (\$40,046,331)

Personal Services budgeted at \$40,046,331 includes all salaries and benefits for City employees. The nearly \$800,000 increase can be attributed to adding 6.25 FTEs, the police officers' 2% contractual raise, plus the implementation of a pay and class study in June 2012.

Operating Expenses (\$44,982,813)

Some of the larger operating expenses include:

•	City Administration	\$ 3,485,580
•	Other Contractual Services	3,993,690
•	Electricity	3,217,800
•	Health Claims Paid	3,400,000
•	Insurance / Property Damage	4,158,600
•	Fuel (for use and for resale)	1,875,580
•	Chemicals	2,747,330

Non-Operating: Capital Outlay (\$24,334,174)

The FY 12-13 budget includes \$24,334,174 for capital expenditures. Every June, in accordance with the Code of Ordinance, the City Manager presents City Council with a Five Year Plan for the Capital Improvement Program (CIP). Information on the projects specifically budgeted for FY12-13 are included in each funds' schedules and in the Capital Section of this document. The large increase over last fiscal year is due to a \$9 million reclaimed (reuse) water line extension project.

Other Non-Operating Expenses (\$9,559,245)

Other Non-Operating Expenses include three subcategories. Principal and interest on City debt (\$4.94 million) is detailed in the individual funds and in the Debt Service Section of this document. Transfers Out to Funds is \$4.12 million. The Contingency in the General Fund is \$500,000.

BUDGET SUMMARY CITY OF NAPLES, FLORIDA - FISCAL YEAR 2012-13

City-wide, revenue projections for the upcoming year are generally based on historical collections, adjusted for any obvious growth trends or anomalies. In addition, the City uses the State of Florida Department of Revenue (DOR) forecast to project state-distributed revenues, such as sales tax and communications tax. The DOR produces revenue estimates for all cities and counties and publishes them on their website for budget purposes. Exceptions to these common projection methods and revenue variances are noted throughout this budget document.

City of Naples

General Fund Discussion

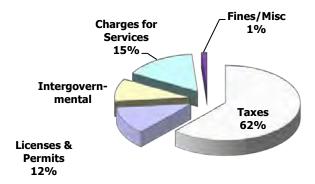

The Adopted Budget for the General Fund includes \$33,414,947 in revenue, and \$34,198,226 in expenditures. The fund will use \$783,279 from the Tax Stabilization Fund to balance the budget.

Revenues

Revenue in the General Fund is separated into seven basic categories, established by the State of Florida's Uniform Accounting System: Local Taxes, Licenses and Permits, Intergovernmental Revenue, Charges for Services, Fines and Forfeitures, Miscellaneous Income, and Other Sources. The revenues for the General Fund are \$33,414,947 for Fiscal Year 2012-13, shown below

	FY 2011-12		FY 2012-13	
_	Budget	% _	Budget	%
Taxes	\$20,171,265	61.1%	\$20,595,845	61.6%
Licenses & Permits	3,867,135	11.8%	3,933,635	11.8%
Intergovernmental Revenue	3,189,000	9.7%	3,265,800	9.8%
Charges for Services	5,317,432	16.1%	5,207,116	15.5%
Fines & Forfeitures	178,200	0.5%	184,400	0.6%
Miscellaneous	268,500	0.8%	228,151	0.7%
Total	\$32,991,532		\$33,414,947	

Where the Money Comes From

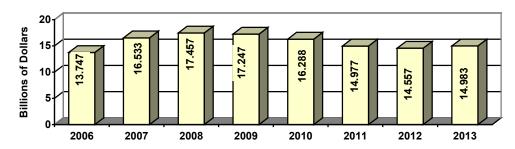

Local Taxes (\$20,595,845)

Ad Valorem Taxes

The Ad Valorem Taxes are the largest single revenue source to the General Fund, budgeted at \$16,344,065. The Collier County Property Appraiser is assigned the responsibility for assessing property within the City. Florida Statutes require the Appraiser to provide an estimate of property values to the City by July 1 to aid in the budgeting process. For FY 2012-13, the taxable value (per Property Appraiser's report DR422) of all properties within the City is \$14,982,881,235.

The chart below shows the City's taxable value (in billions) for the past several years.

	2007	2008	2009	2010	2011	2012	2013
Change in value	20.3%	5.6%	<1.2%>	<5.5%>	<8.0%>	<2.8%>	2.9%

Historically, taxable property values in Naples increased through 2008, with values after 2008 showing a decrease in value until 2013.

For Fiscal Year 2012-13, the adopted millage rate is 1.1800 (or \$1.1800 per thousand dollars of property value). Based on the 1.1800 rate, the City expects to collect a maximum of \$17,679,800. As allowed by Florida Statutes, the City reduces this maximum revenue by up to five percent (5%) to allow for uncollected funds and prepayment discounts. For FY 2012-13, the budgeted tax revenue for Ad Valorem Taxes is \$16,810,670, which includes the CRA.

In 1995, the City created a Community Redevelopment Agency (CRA), funded by Tax Increment Financing (which is described separately within the CRA fund). Based on the 1.1800 tax rate, \$466,605 of the City's Ad Valorem Taxes will be assigned to the CRA fund, leaving \$16,344,065 as budgeted ad valorem tax income for the General Fund.

The chart below shows the trend for the ad valorem tax rate for Fiscal Year 2012-13 and prior years.

Ad Valorem Tax Rate

Other Local Taxes

Naples assesses a Payment in Lieu of Taxes (PILOT) on two Enterprise Funds of the City. The PILOT is established at 6% of revenues, and it is similar to franchise fees

charged to the private sector utilities. For FY 2012-13, the City has established the following PILOT charges:

Water and Sewer \$1,743,340 Solid Waste \$358,440

The City Dock PILOT was considered but subsequently waived for FY 12-13 because the Dock provides a governmental service.

The Simplified Telecommunications Tax covers telephone and cable television bills and is collected by the telephone and cable providers, remitted to the State of Florida, and distributed to governments. The 2012-13 collections is projected to be \$2,647,585, with the General Fund portion of this revenue being \$2,150,000, the Capital improvement portion being \$197,585, and \$300,000 allocated to the Streets Fund.

Licenses and Permits (\$3,933,635)

The City of Naples is budgeted to collect \$3,933,635 in Licenses and Permits. The primary revenues in this category are Franchise Fees. The City assesses non-exclusive Franchise Fees for the Electric, Trolley, and Gas companies.

The Electric Franchise Fee is a negotiated contract with Florida Power and Light (FPL), and the fee is now 5.9%. It is expected to bring in \$3,500,000 of revenue to the City. In August 2001, the City entered into a 20-year agreement with TECO Gas, which includes a 6% franchise fee. The City is currently receiving approximately \$6,080 per month in Gas Franchise Fees, leading to a 2012-13 budget forecast of \$73,000.

Business Tax Receipts are a tax on all persons for the privilege of engaging in or managing any business, profession or occupation within the corporate limits of the City. State law allows the City to increase rates by 5% every two years. The last increase was April 2008. Although the rates could be increased for FY12-13, this budget does not recommend an increase. The City Business Tax Receipts are projected to bring in \$230,000 for Fiscal Year 2012-13. This is based on an estimated 3,830 permits issued.

The City expects to collect \$36,000 from the County for the City's proportionate share of County Occupational Licenses.

The Landscape Certification program was authorized by Resolution 06-11245. This program is managed by the Stormwater Fund/Natural Resources Division of the City. As part of a realignment of responsibilities, the revenue and expense are now shown in the Stormwater Fund (470).

Other revenues in this category include address changes for \$3,500; contractor exams for \$7,000; right of way permits for \$25,000; special event permits for \$28,000, outdoor dining permits for \$4,600 and zoning fees for \$25,000.

Intergovernmental Revenue (\$3,265,800)

Intergovernmental Revenue in the General Fund is budgeted at \$3,265,800, with the largest source of intergovernmental revenue being the General Use Sales Tax at \$1,955,000. This sales tax revenue represents a portion of the state's 6% sales tax that is collected within the county and distributed to municipalities based on a population formula. Projections for this revenue source are provided by the State of Florida's Department of Revenue.

The State Revenue Sharing program is expected to bring \$605,000 to the General Fund. The Revenue Sharing Program includes a variety of taxes that are pooled and allocated based on a State-calculated formula. The formula's components include population, sales tax collections and relative ability to raise revenue.

Other intergovernmental revenues are:

- Mobile Home Licenses \$3,300 (In the State of Florida, mobile homes and certain trailers are considered vehicles and require licenses. The City receives a portion of that license for those registered within the City limits.)
- Firefighters Education \$9,000 (State of Florida program)
- Fuel Tax Refund \$32,500 (Distributed to the City per F.S. 336.025)
- Alcohol Beverage License \$61,000 (Distributed to the City per F.S. 561.342)

In July 2008, the City and County entered into a \$1,000,000 Interlocal Agreement to fund the expenses that the City's recreation programs, including the beaches, incur related to serving the County residents, because it has been found that 70% of all recreation programs, including beach parking, serve non-city residents. By the County providing this revenue to the City, both the City and the County can provide enhanced levels of services. For FY 2012-13, the City will place \$400,000 of the funds into the Beach Fund, and \$600,000 in the General Fund. Until FY 2011-12, the revenue was split evenly between the two funds.

The City does not typically include expected grants in the budget, unless the grant award is known during the budget process. Including non-awarded grants may appear to be a misleading budget, and may show appropriations that are not available. To adjust for this conservative practice, the budget ordinance states that acceptance of a grant by City Council automatically amends the budget.

Charges for Services (\$5,207,116)

Charges for Services reflect the revenues related to services performed, whether received from private individuals or other governmental units. The General Fund is budgeted to collect \$5,207,116 in Charges for Services.

The City projects to collect \$150,000 in Security Services, which is a payment to the City for special police services provided to private entities. The budget includes \$575,000 for fire services, part of which comes from the Naples Airport Authority to staff a fire station at the Naples Airport (\$545,520) while the rest comes from fire employees providing services at special events. A 911 subsidy of \$41,693 will be paid by Collier County for dispatch services provided by the City's telecommunication staff to the County.

The largest revenue in Charges for Services is the Administrative Charge assessed on other operating funds. The General Fund provides administrative services to other funds, such as accounting, payroll and human resources. The Administrative Charge is an attempt to recoup a fair share of those costs. The allocation method analyzes three bases, including number of employees, size of budget and number of utility billing customers, to determine the General Fund administrative costs for each fund.

Administrative Service Charges to:	FY 09-10	FY 10-11	FY 11-12	FY 12-13

Total	\$3,720,708	\$3,680,442	\$3,680,442	\$3,586,983

^{*} Includes \$153,833 for two General Fund Fire Inspectors assigned to Building Fund

The City has traditionally shown the above Interfund Charge as revenue. However, an alternative being considered for FY 13-14 (next year) is to show the Interfund charge as a contra-expense. That means that the reimbursement will show as a reduction of the cost in the respective departments in the General Fund. This chart below shows the allocation of the \$3,433,150 (the above total charge, minus the Fire Inspectors) to each of the General Fund Departments.

		Refunded via	Net Cost to

Accounts Payable	262,741	187,860	74,881
Budget/Investment	97,004	69,358	27,646
Customer Service	231,271	231,271	0
Facilities	1,024,777	481,645	543,132
Non Departmental	563,637	416,993	146,644
Human Resources	449,823	211,417	238,406
	5.623.626	3.433.150	2.190.476

Another major source of Charges for Services is the user fees for recreational programs. Most of these fees are from specialty camps, events and activities held at City facilities.

	Division Revenue	Division Costs	Percent of Expense
Fleischmann Park	\$413,800	\$892,669	46%
Norris Community Center (Cambier)	174,750	363,365	48%
River Park Center and Anthony Park	85,900	589,306	15%

As this shows, revenue from the various recreation and sports programs cover only a portion of the costs of running those services and sites. Because many of the City's recreation programs have a free element, such as basketball courts, or passive park areas, the funding from alternate sources such as taxes, is expected.

For more information on the relationship of the costs of these programs as compared to the revenues, see the Community Services Department pages in the General Fund.

Several years ago the City entered into an Interlocal Agreement with Collier County that requires the County to pay \$36,000 in exchange for the City including County sewer fees on City water bills, where applicable. The fee (County Utility Billing Charge) is not projected to increase for FY 12-13. The Interlocal Agreement, dated January 28, 2003, does not have a termination date, but does have a fee review clause; however, there has been no action to increase that fee.

Fines and Forfeitures (\$184,400)

The General Fund is budgeted to receive \$184,400 in fines for FY 2012-13. The primary sources of fines are traffic-type citations and other violation notices issued by the Naples Police Department. This is budgeted to be \$102,000 for FY 2012-13. All non-parking ticket and violation revenues are collected by the Collier County Court system and remitted to the City.

Police Training, at \$13,500, represents the funds received from a \$2 fee imposed in accordance with Section 2-632 of the City of Naples Code of Ordinances. City Fines are budgeted at \$58,000, which is consistent with receipts from prior years.

The City expects to receive approximately \$3,000 in Handicapped Parking fines and \$3,500 in Code Enforcement violations. Handicapped Parking fines must be used for improvements to accessibility.

Miscellaneous Income (\$228,151)

The primary Miscellaneous Income for all funds is Interest Income. Interest Income is estimated by multiplying an assumed interest rate by the average amount of funds invested during the year. For FY 12-13, the assumed interest rate is 0.6%, and the projected average invested funds will be \$23 million with strong fluctuations in the first six months. Therefore, Interest Income is budgeted at \$138,000.

Other Income is budgeted at \$16,000. This estimate will cover revenues that are unusual and not classified elsewhere, such as prior year reimbursements, insufficient fund fees, witness fees, or other revenues of this type.

Expenses:

The General Fund budget is \$34,198,226, or \$492,003 more than FY 2011-12. A complete explanation of costs is included in each department's budget narrative.

Summary

The General Fund revenue for FY 2012-13 is budgeted at \$33,414,947 and expense is \$34,198,226, using \$783,279 of the undesignated fund balance. With the advalorem tax at 1.1800 mills, the City will continue to enjoy one of the lowest tax rates in the State, while remaining a premier City in which to live.

Mayor and City Council

Mission Statement:

The mission of the Mayor and City Council is to preserve the City's distinctive character and culture through legislative action that restores Naples Bay, protects beaches and other waterways, promotes community sustainability and environmental conservation, establishes more green space, supports public amenities, enhances mobility and public safety and strengthens the health and vitality of the City.

Department Description

The Office of the Mayor and City Council is the legislative body representing the City of Naples. Naples is governed by a "council-manager" form of government. The City Council consists of a Mayor and six Council Members. All the powers of the City are vested in this Council and their actions are governed by the City Charter, City Code of Ordinances and the General Laws of the State of Florida.

2011-12 Department Accomplishments

- Maintained the lowest millage rate of any full service City in Florida at 1.18 mills for FY 11-12, which was below the rolled back rate of 1.1539, thereby continuing the stewardship of taxpayers' resources.
- Approved a balanced budget.
- City ranked No. 2 for America's Happiest Seaside Towns by Coastal Living Magazine.
- City ranked No. 9 for Best Small Towns in America by Smithsonian Magazine.
- City was featured in First for Women's Magazine for serenity.
- Enhanced community outreach:
 - Newly designed and user friendly website.
 - o Responded to media and public inquires.
 - Created a public information officer position to enhance public awareness and engage residents in the planning process.
 - Speaking engagements.
- Supported:
 - City sponsored and community events.
 - o Private/public partnership for the Dog Park.
 - Implementation of an integrated Stormwater Plan.
 - Implementation of the Business Improvement District which has been positive for the commercial life of the community.
 - River Park Aquatic Center Project which is a community amenity that enhances the entire City.
 - Accelerated tree program.
 - Naples Bike Map.
- Began working towards an economic development plan.
- Navigated the economic situation over the last year in achieving real economies of scale and maintained the City's brand.
- Participated in ribbon cutting ceremonies to support economic development for the City.
- Promoted connectivity through investing in capital infrastructure projects.
- Received the "Above and Beyond Award" from the National Guard and Reserve Forces for employer support.

Mayor and City Council (continued)

2012-13 Departmental Goals and Objectives

As part of Vision Goal 1 - Preserve the Town's distinctive character and culture.

- Maintain beach renourishment and protection efforts.
- Maintain the high aesthetic standards of the community.
- Adopt policies, ordinances, and resolutions that preserve and enhance the community's character.
- Preserve the City's rich history by supporting historic preservation.

As part of Vision Goal 2 – Make Naples the green jewel of Southwest Florida.

- Continue planned open space, park and recreation facilities and program enhancements and improvements.
- Maintain the diverse cultural, socio-economic, economic and lifestyle aspects of small town life.
- Provide recreational experiences that are enjoyable, safe and of a high quality.
- Adopt measures that preserve, protect, and rehabilitate the City's natural resources.

As part of Vision Goal 3 - Maintain an extraordinary quality of life for residents.

- Support the City's pathway system by providing connections to schools, greenways and sidewalk interconnections.
- Enhance the quality of the residential experience of Naples by promoting safety, ambiance, beauty and quietness of life.
- Promote public participation in City governance and decision-making processes so that government is more responsive to local needs and requests.
- Inform citizens about their community and provide an opportunity to participate in the planning and decision-making process of local government.
- Support proclamations that promote community pride.

As part of Vision Goal 4 - Strengthen the economic health and vitality of the city.

- Develop commercial parking options to reduce parking impacts in adjacent residential neighborhoods while supporting commercial businesses.
- Support the designation of landmarks, signs, and districts throughout the City.
- Support the cultural and economic benefits of tourism through the Business Improvement District, Tourist Development Council, Visitor Information Center, Greater Naples Chamber of Commerce, neighborhood groups, and nonprofit organizations.
- Strengthen economic development through public-private partnerships.

As part of Vision Goal 5 – Maintain and enhance governance capacity for public service and leadership.

- Invest in capital improvement projects that enhance the mobility of people, goods and services
- Protect and serve the community by providing superior police and emergency services.
- Promote community awareness of City resources and services through the public information officer, community outreach, speaking engagements, a community television channel, a user friendly website, a social media presence, brochures, maps, and other public engagement tools.
- Coordinate with Collier County Government, agencies, and departments on projects and initiatives that affect the City.

2012-13 Significant Budgetary Issues

The 2012-13 budget for the Mayor and City Council's Office is \$344,353, which is \$15,329 less than the budget adopted for Fiscal Year 2011-12.

Mayor and City Council (continued)

The budget for Personal Services is \$320,303, a decrease of \$7,179 under the FY 11-12 budget. This Office has eight (8) positions budgeted, consisting of seven (elected) members of the Council and one (non-elected) Executive Assistant/Public Information Officer.

The budget for Operating Expenses has increased by \$1,850. Major expenditures budgeted for this office include \$9,800 for Council Members' training and travel-related costs (for attending such sessions as the Florida League of Cities Annual Conference or the Legislative Action Day); \$2,550 budgeted in Memberships for Leadership Collier and a Public Information Officer Organization; and \$3,500 for communications/phone lines.

The Capital line items decreased because in FY11-12, the City acquired office furniture for the Mayor's office and meeting area. That is not recurring in 2012-13.

Mission Statement:

The mission of the City Attorney is to provide legal counsel to City Council, Advisory Boards and City staff on all matters involving City policy and administration in a thorough and proficient manner.

Department Description

According to the City Charter, Section 2.11, the Naples City Council can employ an attorney-atlaw to be known as the City Attorney to "perform such duties as directed by the Council for a term and at compensation to be fixed by the Council". The Council has selected to contract with a law firm to represent the City in legal matters. The City has an in-house Executive Assistant to assist as needed.

2012-13 Departmental Goals and Objectives

As part of Vision Goal #5 (Maintain and enhance governance capacity for public service and leadership), assist with the preparation of ordinances, resolutions, agreements, contracts, legal opinions and other legal instruments, including those that meet the goals and vision of the City.

- Improve training and monitoring (preventive rather than reactive) techniques.
- Police Improve service to department so that the Legal Department will be a regular resource.
- Improve the efficiency of blank and/or sample common legal documents such as liens, releases, and resolutions, orders, notices, and appeals.
- Ordinances Draft and/or review all ordinances, resolutions and agreements.
 (Completed bi-weekly in conjunction with agenda item review.)
- Prepare litigation reports to City Council (quarterly).
- Update contract forms.
- Code Enforcement recouping administrative fees (fee schedules).
- Conform City election processes to new State elections law.
- Attend and provide legal advice at all regular meetings of the City Council, Planning Advisory Board and Code Enforcement Board, monitor or attend Workshops as needed and assist committees and administrative staff as needed in special circumstances.
- Represent the City before all state and federal courts and all agencies in civil matters (daily basis). File and monitor claims for over 160 bankruptcy cases.
- Post Comprehensive Plan and new HB 7207 requirements rewrite portions of Land Development Code.
- Provide a timely and accurate response to requests for opinions and legal assistance.
- Work on updating policies (and SOP's) especially in uniformed services.

2012-13 Significant Budgetary Issues

The 2012-13 budget of the City Attorney's office is \$522,310, an \$18,482 increase over the adopted FY 11-12 budget.

The City Attorney's office has \$87,300 budgeted in Personal Services, which funds the salary and benefits of the Executive Assistant of the department. This is a reduction of \$20,758 under the

City Attorney's Office (continued)

FY 2011-12 adopted budget, due to the replacement of the Legal Coordinator with an Executive Assistant.

The department has \$435,010 budgeted in Operating Expenses, an increase of \$39,240 over the FY11-12 Adopted Budget. The increases are due to an increase in professional services (\$5,000) and city attorney (\$35,000). The most significant expenses are:

Professional Services (i.e. Transcribing, reporting)	\$15,000
City Attorney contract	\$280,000
City Attorney Litigation as needed	\$100,000
Labor Attorney	\$15,000

Other costs include law subscriptions, memberships and other legal and general office expenses.

Mission Statement:

The City Clerk is committed to providing the highest quality and level of professional and courteous customer service by creating, maintaining and safeguarding the official records of the City in accordance with state law and the Code of Ordinances.

Department Description

The City Clerk is the custodian of the official records of the City of Naples, records and maintains all proceedings of the City Council, appointed boards, committees and commissions of the City, prepares minutes for each, and processes all legislation (ordinances and resolutions) for filing. The City Clerk provides information to the public upon request from these documents, as well as provides assistance to all persons, upon request, in accessing nonexempt City records, regardless of actual custodian of said City records, in conformance with state laws. In addition, the Clerk's Office directs the retention program for all City records and operates the City's inhouse Records Management Center, and periodically engages in research projects (supplying historical information) for others in the organization. The City Clerk reports directly to the City Council.

The following services are also provided by the City Clerk's office:

- Maintains a central meeting calendar.
- Acts as administrator for the Citizens Police Review Board.
- · Coordinates City elections.
- Processes and maintains all City agreements and contracts, deeds, easements and other official records.
- Maintains an index of all Ordinances and Resolutions for immediate retrieval.
- Coordinates codification of Ordinances to keep the code book accurate as changes are approved by City Council.
- Prepares legal advertisements.
- Records Deeds, Liens, Satisfactions of Liens, Vacations, Annexations, and applicable Ordinances and Resolutions.
- Custodian of City seal.
- Administers Oaths.
- Certifies true copies of minutes and other records of the City.
- Advertises, processes applications, drafts agenda memoranda and drafts resolutions to coordinate board and committee appointments.

2011-12 Department Accomplishments

- Completed Phase I (Port Royal, Aqualane Shores and Royal Harbor) of Geographic Information System (GIS) Research Project to update the GIS Citywide map by including information concerning the granting and vacating of easements. Owners in these subdivisions are now able to locate easement information relating to their property through the City's GIS map which is also linked to the recorded easement document.
- Continued to systematically retrieve and archive records from most City departments and monitor the Records Retention Policy.
- Realized cost savings by utilizing digitized images of records for microfilming.

City Clerk (continued)

2012-13 Goals and Objectives

In accordance with vision Plan 2b, (Promote community sustainability and environmental conservation)

- Upgrade the City Clerk's website to include more information (boards, committees, minutes, and agenda backup); include a section to address frequently asked questions and post ordinances not yet codified on-line in the City's Code of Ordinances.
- Provide staff with assistance with research projects.
- Coordinate the official posting of meeting notices with every department in the City.

As part of Vision Goal 4, (Strengthen the economic health and vitality of the City),

- Implement the Granicus Meeting Efficiency Suite to streamline minutes more effectively and provide on-line integration of digital minutes and action agendas linkable to the web video streaming.
- Train and assist all departments with records management and retention.

As part of Vision Goal 5, (Maintain and enhance governance capacity for public service and leadership),

- Continue providing title research with regard to easement and right-of-way designations in conjunction with next phase of GIS Research Project.
- Update Advertising/Notice Requirements Manual for use by all City departments.
- Work with Supervisor of Elections regarding City election issues.
- Implement new automated Records Request System database and train employees.

2012-13 Significant Budgetary Issues

The 2012-13 budget for the City Clerk is \$527,927, which is \$14,615 more than the budget adopted for Fiscal Year 2011-12.

The budget for Personal Services is \$471,867, an increase of \$14,615 more than the adopted Fiscal Year 2011-12 budget. This is the result of the appointment of a new City Clerk and the upgrade of a Technical Writing Specialist to Deputy City Clerk. The department has six positions, the same as FY 11-12.

The budget for Operating Expenses remains the same, although several line items have been reallocated. Major expenses include legal ads (\$15,000), professional services for supplementary amendments to the Code of Ordinances (\$12,500) and training and travel costs for the City Clerk to obtain the Certified Municipal Clerk designation (\$4,500).

The City Clerk coordinates all city elections. However, due to the year to year variances, General Election costs are not budgeted in the City Clerk's office. Elections expenses are budgeted in the "non-department" section of the General Fund. For 2012-13, only \$2,000 is included in this lineitem.

City Manager's Office

Mission Statement:

The mission of the City Manager's Office is to deliver governmental services to the citizens of Naples in an efficient and professional manner, to remain cognizant of the City's regional context and proactively plan and maintain productive regional relationships, and ensure that Naples' distinctive character and culture is preserved.

Department Description

The City Manager serves as Chief Executive Officer and head of the administrative branch of City government. In accordance with the City Charter, the City Manager is responsible to City Council for the proper administration of all departments, except the Legal Department and the City Clerk.

The City Manager's duties and responsibilities include the following:

- (a) Enforce all laws, ordinances and contracts of the City.
- (b) Appoint and remove any officers and employees of the City, except those appointed by City Council.
- (c) Prepare the Capital Improvement Program and the annual City Operating Budget for submission to City Council for review and approval and be responsible for the subsequent administration of the approved budgets.
- (d) Prepare a complete report on the finances and administrative activities of the City for the preceding year and submit the report to City Council within ninety (90) days of the fiscal year end.
- (e) Perform such other duties as required by City Council.

For further information about the mandated duties of the City Manager, see Article 3 of the City Charter.

2011-12 Department Accomplishments

- Managed the City Operating Budget in a fiscally prudent and responsible manner during continued economic challenges; maintained the millage rate; finished fiscal year under budget; assisted in the amendment of stormwater utility fees; implemented pension plan alternatives that significantly reduced financial burden; continued providing quality services; and met the challenges that are part of sustaining the status of a premier city.
- Provided a sustainable annual work plan of capital improvement projects totaling \$3.5 million that included the \$1.6 million River Park Aquatic Facility. Advanced the Integrated Water Resources Plan by rehabilitating the filter controls and expanding the integrated water resource plan. Negotiated lease of airport property for a new Solid Waste Facility and debris storage area including design of the new site.
- The East Naples Bay Dredging Project began a \$2.3 million contract to dredge 16,700 cubic yards (CY) of sediment from the canals. The subcontractor excavated more than 2,300 CY of rock and installed a rip-rap (stone) slope protection under the US 41 Bridge as part of a permit requirement to mitigate environmental impacts.
- Provided City Council adequate background information about ongoing City issues, programs and undertakings so they could make well informed decisions. Transitioned to an electronic agenda format; focused on provision of relevant background information of agenda issues to allow sound policy decisions; promptly responded to Council inquiries and request for services by citizens.
- Participated in the Benchmark Consortium and identified nine departments to continue data reporting in FY 2012-13.
- The Code Enforcement Fines and Handicapped Accessibility fines have been strictly enforced resulting in a significant collection increase.
- Trained and certified City staff in Emergency Management.

City Manager's Office (continued)

2012-13 Departmental Goals and Objectives

City Manager

As part of Vision Goal 5 (Maintain and enhance governance capacity for public service and leadership), strengthen effective Manager/Council relationships through professional and constant communication.

- Through regularly scheduled workshops, provide City Council Members adequate background information about ongoing City issues, programs and undertakings so they can make well informed decisions.
- Provide an annual work plan of capital improvement projects after careful review and analysis of the City's priorities within the constraints of the budget for approval by City Council.
- Assist City Council in the development of Public Policy through timely preparation of agendas and preparation of policy options and recommendations.
- Seek feedback from City Council as to whether the organization is meeting expectations.
- Respond immediately to constituent requests for services communicated through Council Members to the City Manager.

As part of Vision Goal 5 (Maintain and enhance governance capacity for public service and leadership), continue to seek participation of Naples residents and community organizations to gain their input and expertise on matters of interest.

- Meet monthly with the Presidents' Council and meet with association boards to communicate status of programs, goals of City Council, and pending issues of importance. Provide updates on City services and discuss neighborhood issues and ideas for improving services.
- Schedule meetings with representatives from the Naples Area Chamber of Commerce, the Third Street Association, the Downtown Naples Association, the Naples Airport Authority, and other business and professional associations to discuss issues of importance and to cooperatively develop solutions.

As part of Vision Goal 5 (Maintain and enhance governance capacity for public service and leadership), work with City employees to achieve goals and objectives outlined in the City's budget.

- Encourage and support Department Directors to manage all aspects of their operations to achieve established goals and objectives.
- Ensure that the City and its employees are in compliance with all statutory requirements, including accreditations and licenses to help ensure the delivery of high quality service to residents.
- Ensure that City plans, especially the Emergency and Disaster Response Plans, remain current.
- Reorganize the Natural Resources Division into the Stormwater Fund for a more effective combination of staff and resources.

Code Enforcement

As part of Vision Goal 3 (Maintain an extraordinary quality of life for residents), assist in the development and enforcement of regulations and ordinances.

- Continue attending monthly Association meetings.
- Maintain a list of foreclosures and coordinate with the Police Department for security.
- Strive to achieve compliance, thereby reducing Code Enforcement board costs.

City Manager's Office (continued)

2012-13 Significant Budgetary Issues

The budget for the City Manager's Department is \$710,690 which is \$407,720 less than the 2011-12 adopted budget. This is the primarily the result of moving the Natural Resources Division to the Stormwater Fund.

The **Office of the City Manager** has a budget of \$555,185, a decrease of \$16,914. Personal Services represents 95% of this budget, and is \$12,047 less than FY11-12. Part of the reason for this decrease is the replacement of a staff member with a new employee at a lower cost.

The Operating Expenses are \$26,939 or \$4,867 less than FY 11-12. The Laws of Life Banquet has been moved to non-departmental.

The **Natural Resources Division** is now reported in the Stormwater Fund. The purpose for this change is to provide a more effective combination of staff and resources as it relates to the management of the City's water-based resources.

The budget for the **Code Enforcement Division** is \$155,505 or \$315 less than FY 11-12. This division ensures compliance with City ordinances to maintain Naples' character and quality of life. Personal services are \$144,675 or 93% of the budget. The Code Enforcement Division has a full time Code Enforcement Officer and Administrative Assistant. The Code and Harbor Manager continues to be funded by three funds: General Fund, the City Dock Fund and the Beach Fund. Operating Expenses are \$10,830, a decrease of \$1,000 under the FY 11-12 budget.

Mission Statement:

The mission of the Planning Department is to provide the highest standard of customer service and public involvement while professionally implementing the City's Vision, Comprehensive Plan, and Code of Ordinances.

Department Description

The Planning Department is responsible for overseeing the development of the City in accordance with the City of Naples Comprehensive Plan and Comprehensive Development Code. This Department also manages the review process for granting zoning variances, planned developments, rezone requests and other land-use issues and provides staff support to the Planning Advisory Board, Design Review Board and Public Art Advisory Committee.

The Planning Department's duties and responsibilities include the following:

- (a) Enforce the Land Development Code through the processing of petitions and review of building permits;
- (b) Provide zoning information and interpretations of the code;
- (c) Process planning petitions to the Design Review Board, Planning Advisory Board and City Council;
- (d) Process public art petitions to the Public Art Advisory Committee and City Council;
- (e) Provide notice of public meetings associated with planning petitions;
- (f) Maintain the City's comprehensive plan.

2011-12 Department Accomplishments

- Amended the regulations governing home occupations.
- Modified the regulations regarding density.
- · Added funeral homes to permitted and conditional uses.
- Responded to an increasing workload including new commercial development.
- Presented studies at workshops to address the expansion of the Fifth Avenue South Special Overlay District, seawalls and changes to the subdivision regulations regarding zero lot line development and row houses.

2012-13 Departmental Goals and Objectives

As part of Vision Goal #1 (Preserve the City's distinctive character and culture) amend and update the City's Comprehensive plan as necessary.

- Amend the City's Capital Improvements Element to incorporate the adopted Capital Improvements Program.
- Amend the Comprehensive Plan to reflect changes in growth management from HB 7207.

As part of Vision Goal #1 (Preserve the City's distinctive character and culture) amend the Code of Ordinances.

- Amend codes relative to temporary use and banner approval.
- Address the replacement of seawalls and location of property lines.
- Codify the book of interpretations.
- Address expired PD's.
- Amend the Subdivision regulations to address zero lot line and row house setbacks.

Planning Department (continued)

- Modify the parking regulations to reduce the options available, encourage the use of payment in lieu of programs and adopt a unified parking program for the CRA.
- Improve the landscape code.
- Create uniform standards for uses and a use chart.

As part of Vision Goal #3 (enhance mobility in the City) review requirements.

- Work with the Streets and Stormwater Department to determine mobility strategies.
- Determine with County if transportation concurrency and impact fees will continue.

As part of Vision Goal #5 (Maintain and enhance governance capacity for public service and leadership) provide for the efficient review and processing of petitions and monitoring of permits.

- Continue to expedite building permit review.
- Work with GIS to make past petition information available online.
- Provide PD documents online.

2012-13 Significant Budgetary Issues

The Planning Department is projected to collect \$31,000 in petition fees. These are shown as General Fund Revenues.

The budget of the Planning Department is \$415,667, a \$12,312 decrease from the FY 2011-12 adopted budget. Personal Services are \$369,475, an increase of \$8,236 over the FY 11-12 budget.

Operating expenditures are \$46,192, a decrease of \$20,548 (34%) under FY 11-12. The primary reason for the decrease in the Planning Department budget is due to the way building rent is calculated. For FY 12-13, the charge is based on a market rate rent of \$12 per square foot, resulting in a decrease of \$19,048.

Planning Department (continued)

Mission Statement:

The mission of the Finance Department is to provide to City Council, staff, residents and guests of Naples all municipal financial business needs, efficiently and professionally, and to ensure City resources are used for City purposes through a combination of efficient transaction processing, effective internal controls, and accurate financial information. In a spirit of excellence, integrity and dedication, the highest standards of accounting, financial reporting, budgeting, investments, revenue collections, and procurement shall be followed and promoted.

Department Description

The Finance Department operates in three funds: General, Beach and Water/Sewer Funds. In the General Fund, the Divisions of Finance/Accounting, Customer Service and Purchasing are assigned with a distinct set of financial responsibilities. This Department, as a whole, is responsible for maintaining City-wide internal controls and financial accountability.

Finance/Accounting is responsible for all general accounting duties of the City, such as fixed assets, accounts payable, annual audit, payroll and the preparation of all City financial reports such as the Comprehensive Annual Financial Report. This section is responsible for the preparation of the City's Budget, financial budgetary controls, the management of all debt, the investment of surplus funds, and the acquisition and monitoring of grants. The Division also collects revenues for the City, such as parking fines, the parking meters, landscape certifications, and utility bill payments. In addition, this section issues Business Tax Receipts, with assistance from the Customer Service Division.

Customer Service assists utility customers by processing utility bills and account changes. The Division is responsible for direct contacts with customers regarding account balances and usage problems. The Division assists the Finance/Accounting Division with a variety of customer inquiries.

Purchasing is responsible for assisting departments in getting the most appropriate product and service at the most responsive price. It manages the sales of surplus equipment and other miscellaneous items. The Purchasing Division's primary mission is to deliver the highest quality procurement services in the most efficient and fiscally responsible manner for the City.

2011-12 Department Accomplishments

- **5 Year Sustainability Report:** The fourth annual sustainability report was presented to City Council to assist in the development of a long-term sustainable budget strategy.
- **GFOA Awards:** Earned the Certificate of Achievement for Excellence in Financial Reporting Program from the Government Finance Officer's Association (GFOA) for the 31st year in a row. The GFOA also recognized the City's budget with the Distinguished Budget Presentation Award for the 7th consecutive year.
- **Utility Billing**: Consistently maintained a reading cycle and bills generated within the target range.
- **Interactive Voice Response**: Began implementation of an Interactive Voice Response System to take over-the-phone credit card payments 24 hours a day.
- **Ghost Payroll**: Conducted an employee verification for audit purposes.
- Internet Blitz: Conducted a targeted action plan to encourage customers to register for internet access and payment for their bills, resulting in an increase in active bank draft customers from 2,958 to 4371 and active online accounts from 3,695 to 4,674.

Finance Department (continued)

- Application for new service: Created an application form required for any water customer to get service.
- **Utility Billing Manual**: Updated a policies and procedures manual to reflect best and current practices.
- Enterprise Resource Software: In cooperation with the Technology Services Department and other high volume users, selected a provider to replace the city's 18 year old financial and data backbone system.
- GASB 54: Implemented the new Fund Balance requirement in the financial statements.
- Purchasing: Reorganized the Purchasing Division by combining the Buyer with the Grants
 Coordinator to reduce expenditures while maintaining acceptable levels of staff support to
 operating departments.

2012-13 Departmental Goals and Objectives

As part of Vision Goal 4 (Strengthen the economic health and vitality of the City), improve efficiency and eco-friendliness of the Finance Divisions.

- Implement the first segment of the new Enterprise Resource Software.
- Coordinate the installation of the pay stations.
- Continue to improve the website as an information source to the public and an easy to use payment opportunity.
- Assist customers in setting up new utility accounts and transferring account information, including adding bank draft, to increase participation to 29%.
- Conduct department training on payroll, purchasing and budget preparation.

As part of Vision Goal 4 (Strengthen the economic health and vitality of the City), enhance revenues and/or revenue collections.

- Reduce delinquent utility accounts by ensuring prompt cut offs for non payment, requiring deposits for delinquent accounts and ensuring prompt collections procedures are followed.
- Update the Financial Accounting Manual.
- Publish the FY 2012 CAFR and submit to GFOA's Award Program by March 25, 2013 and maintain an unqualified opinion by the independent external auditors.
- Publish the FY 2012-13 Budget and submit to GFOA's Award Program by December 25, 2012.
- Publish the guarterly financial reports by the 10th of the following month.
- Monitor all grant opportunities and distribute the relevant information to the individual departments for consideration.

2012-13 Significant Budgetary Issues

The General Fund budget of the Finance Department is \$1,506,428, a decrease of \$124,373 from the adopted FY 2011-12 budget.

Finance and Accounting, budgeted at \$991,053, shows a decrease of \$174,700 under FY 2011-12. Personal Services is \$868,323, and is a decrease of \$174,340 under FY11-12. This is primarily due to attrition with new employees having lower salaries, the transfer of the Grants Coordinator position to the Purchasing division and the lower cost of employee benefits.

Operating Expenses had a slight decrease of \$360 despite an increase in the independent audit cost. Training and Travel costs are \$6,000 and are an important item in this budget, due to the many professionally certified (CGFO, CPFO and CPA) employees who are required to maintain education levels to keep their certification, and due to the ever changing accounting regulations. The Department budgets \$9,000 for the City Information Booklet, designed to inform residents, new

Finance Department (continued)

and old, regarding all aspects of Naples. It is expected that copying expenses will decrease more in the future as more budgets and financial reports are being prepared electronically.

Customer Service, with a budget of \$250,852 increased \$19,581. Personal Services increased \$23,481 due primarily to changes in personnel and the pay study adjustments. Operating expenses at \$14,490 decreased \$3,900.

Purchasing, with a budget of \$264,523, increased \$30,746 from the FY 2011-12 budget. Personal Services of \$253,453 increased \$33,133 due primarily to changes in personnel. The Buyer was eliminated, and the Grants Coordinator was transferred into this division from Accounting, to become the Purchasing/Grants Agent.

2012-13 Capital Improvement Projects

Although the capital project for the Finance Department is funded in the Public Service Tax/Capital Improvement Fund (Fund 340), it is also listed at the end of this section. The project for FY 2012-13 totals \$450,000 and will be added to the \$300,000 requested in FY2011-12 to fund the upgrade to the City's Enterprise Resource Software.

General Fund Fire- Rescue Department

Mission Statement:

The City of Naples Fire-Rescue Department is committed to the preservation and protection of life, property, and environment from the adverse effects of fire, medical emergencies, and hazardous conditions through sustained training, progressive education, and constant diligence to provide the highest level of customer service possible. Ethical values will remain the core of every decision made by each member of the Department.

Department Description

In November of 2010, after more than 15 years of being part of a combined Police and Fire Department, the Fire-Rescue Department was separated from the Police Department. The unique skills required for law enforcement and fire suppression and prevention suggested that a combined agency was no longer the best arrangement for the City of Naples.

The Fire-Rescue Department provides a wide array of life-saving, life-safety and property protection responsibilities. The Department provides fire suppression, response and treatment of medical emergencies, technical rescue incidents such as elevated victim, trench, collapse, vehicle and machinery extrication, marine search and rescue and dive rescue operations, hazardous materials response and environmental mitigation, fire prevention and investigation activities and emergency management operations.

2011-12 Department Accomplishments

- The Fire-Rescue Department updated the Standard Operating Guidelines / Rules and Regulations and Administrative Standards. The document was evaluated and updates were made with special attention to the guidelines that influence the Insurance Service Organizations (ISO) rating for the City to assist in maintaining the current Class 2.
- Formed a Fire Apparatus Committee to evaluate, review and develop specifications for a new 1500 gallon per minute (GPM) Pumper to replace the 1997 Pierce – Reserve Engine.
 The committee will see the project through the purchase and deployment of the Pumper; the apparatus will increase Firefighting capabilities and reduce maintenance costs.
- Fire-Rescue conducted a study to analyze heart monitors and auto-pulse units. The selected Lucas Auto Pulse Units on Fire-Rescue apparatus and Phillips Life Pack Units will enhance the department's ability to perform life saving techniques at Advanced Life Support incidents.
- Purchased new NFPA compliant Multi-REA air monitors for all fire apparatus. This will
 ensure safe operations during and after fire incidents and monitor the air during natural gas
 leaks, propane leaks and hazardous material incidents.
- Purchase new NFPA compliant Thermal Imaging Cameras to replace and upgrade antiquated equipment. The cutting edge equipment will enable personnel to make proficient and skillful rescues in smoke filled situations as well as night time water rescues and finding hidden fires.

2012-13 Departmental Goals and Objectives

As part of Vision Goal #3 (Maintain and enhance public safety), provide Naples, its residents, workers and visitors, high quality people-oriented fire protection, medical rescue and emergency preparedness services.

Assign a committee to work with Kronos/Telestaff to deploy new time keeping/payroll
program to better manage and report on personnel staffing and payroll issues.

Fire-Rescue Department (continued)

- Work with the Insurance Services Organization (ISO) to proceed through the rating process smoothly to maintain the current rating of Class 2.
- Invest resources within budget limitations to continue to advance the Paramedic/Advanced Life support initiative in the City of Naples. Ensure Fire-Rescue has the highest trained personnel and most effective protocols to deliver world class service to the community.
- Present updated architectural study and building design for construction of a new Fire Station No. 1 in Fiscal Year 2014-15.
- Coordinate training of all employees in the basics of Incident Command Management, ensuring the City's compliance with the National Incident Management System (NIMS).
 NIMS is a procedure that allows federal, state and local governments and the private sector to work together when preparing for and responding to major emergencies such as a hurricane. Coordinate advanced training for employees who have managerial or leadership roles in a major incident.

As part of vision Goal #4 (Strengthen the economic health and vitality of the City) administer and deploy human and material resources within authorized budgets, operations plans and programs.

- Purchase and deploy a new Special Events Vehicle to increase Firefighting/Medical capabilities at all City of Naples events.
- Continue 5-year plan to purchase and place into service new Self Contained Breathing Apparatus to ensure safety, effectiveness and efficiency.
- Complete two-year project to purchase and deploy Phillips Lifepack Units on Fire-Rescue apparatus.
- Replace and upgrade Fire-Rescue portable Radios. The entire County is in the process of changing the portable radios to Harris radios. This is a five-year project.

As part of Vision Goal #5 (Maintain and enhance governance capacity for public service and leadership), maintain and account for a cohesive workforce that is healthy, safe, well-trained, disciplined and committed to its mission.

- Continue to perform comprehensive assessments of the Fire-Rescue CAD in an effort to increase safety, welfare, communications, reporting and response of Fire personnel. Fire-Rescue will evaluate the need to purchase software that will provide a Patient Care Report, increased data collection of response times and an AVL system.
- Install an Alerting System for Fire Stations including procedures and actions of personnel.
 Follow-up by analyzing the Alerting System to ensure quicker response times by all fire units.
- Perform an updated assessment of the Fire-Rescue Training & Special Operations Bureau
 as it relates to the ISO rating. The assessment shall include advanced life support (ALS)
 and basic life support (BLS) capabilities, specialized training in hazardous material and
 technical rescue operations as well as firefighting training evolutions.

2012-13 Significant Budgetary Issues

The budget of the Fire-Rescue Department is \$8,295,406, an increase of \$322,766 over the FY 2011-12 adopted budget.

The largest expenditure of the Fire-Rescue Department is Personal Services, making up 94% of the budget. Personal Services, at \$7,742,241, increased \$343,632 due to an increase in retirement contributions as the required contribution increased from 43.7% to 52.9%.

Fire-Rescue Department (continued)

Operating Costs in the Fire-Rescue Department total \$541,465, a \$17,566 decrease under the FY 2011-12 adopted budget. The major expenses are:

Equipment Services-Repairs	182,000
Equipment Services-Fuel	54,940
Operating Supplies	33,550
Specialty Team Equipment	31,300
Travel and Training	30,000

Non-operating expenses total \$11,700 and include a water thief, night vision apparatus, carrying packs and a laryngoscope. These items cost less than the established minimum (\$10,000) for the Capital Improvement Program threshold and are therefore not part of the CIP.

2012-13 Capital Improvement Projects

Although capital projects for the Fire-Rescue Department are funded in the Public Service Tax/Capital Improvement Fund, they are also listed at the end of this section. The budget for the Fire Department capital projects is \$841,500, which includes a reserve in the amount of \$500,000 for Station 1 replacement.

Mission Statement:

To provide exceptional parks and parkways, recreation, waterfront operations and facilities management in a cost effective, efficient and professional manner and to provide the citizens, employees, and contractors with professional customer service.

Department Description

In the General Fund, the Community Services Department consists of four major divisions: Administration, Parks and Parkways, Recreation, and Facilities Maintenance.

Community Services **Administration** is responsible for the management of the divisions, coordinates special events, and manages several areas not included in the General Fund. These areas include: the Tennis Fund, Lowdermilk Park and Beach Maintenance in the Beach Fund, Maintenance in the Community Redevelopment Agency (CRA) Fund and the Community Development Block Grant (CDBG).

The **Parks and Parkways Division** handles the maintenance of the City rights-of-way and medians, as well as managing the over 28,000 trees planted within the City's landscape.

The **Recreation Division** includes the various Parks and Community Centers located throughout the City. Centers of activity include Cambier Park and the Norris Community Center, Fleischmann Park, "the Edge" (Johnny Nocera Skate Park), Anthony Park, River Park, River Park Aquatic Center and the Naples Preserve.

The **Facilities Maintenance Division** is responsible for the repair, modification and maintenance of City owned facilities.

2012-13 Departmental Goals and Objectives

Community Services

As part of Vision Goal #5 (maintain and enhance governance capacity for public service and leadership), administer all services and divisions within the Department and provide a full range of recreation facilities and services for residents and visitors.

- Coordinate and schedule a seasonally adjusted annual plan of cultural, athletic and general recreational programs and services inclusive of youth, adults and senior adults.
- Meet quarterly during the fiscal year with City and County staff to review program services availability, efficiency, eliminate redundant programs and cost recovery with targeted reviews in December 2012, March 2013, June 2013 and September 2013.
- Coordinate scheduling and completion of eight capital improvement projects prior to June 30, 2013.

As part of Vision Goal #5 (maintain and enhance governance capacity for public service and leadership), provide quality recreation, cultural and athletic programs, activities and events.

• Expand and update program services information on the City's Web site on a weekly basis throughout the fiscal year.

Community Services Department (continued)

- Maintain a computerized data base of program participants at actively programmed parks to identify users; update quarterly with reviews in December 2012, March 2013, June 2013 and September 2013.
- Conduct a monthly review of external funding opportunities such as grants and sponsorships to supplement City funding for program services and the urban forest program.

As part of Vision Goal #4 (strengthen the economic health and vitality of the City)

• Participate in the data collection process in the Florida Benchmarking Consortium.

Parks and Parkways

As part of Vision Goal #1 & 3c (preserve the Town's distinctive character and culture; establish more open and green space), maintain healthy, mature plantings.

- Monitor, maintain and expand the City-wide Urban Tree Forest through internal staff and contracted services including tree trimming, removal and replacement programs.
- Prepare bid specifications, receive competitive bids, and plant a minimum of 250 trees through the Tree Fill-in and Replacement Program prior to August 31, 2013.
- Monitor and act on 100% of tree ordinance violations within 30 days of observation or reporting.

As part of Vision Goal #3A (Maintain and improve public amenities for residents) provide project management for landscape beautification needs.

 Coordinate, monitor and adjust appropriate seasonal planting schedules regarding Citywide plant maintenance and restoration for City parks, medians and rights-of-way on a monthly basis.

Facilities Maintenance

As part of Vision Goal #3 (maintain an extraordinary quality of life for residents), provide safe and functional public facilities, beach access locations and playgrounds throughout the City

- Complete all priority safety work orders within an average of 5 working days from issuance and non-safety work orders within an average of 10 working days from issuance.
- Monitor and maintain all City playgrounds according to national playground safety program standards every weekday.

As part of Vision Goal #3 (maintain an extraordinary quality of life for residents), provide management and oversight of capital improvements assigned within the Facilities Maintenance Division as outlined within FY 2013 CIP

- Monitor and schedule a routine and sustainable preventative maintenance program
 addressing replacement and maintenance of HVAC components, interior and exterior
 structural and equipment needs, lighting components, painting, etc. within all citywide
 public facilities as needed, responding to repairs within 48 hours of observation or
 notification and within funded resources.
- Assemble, install and maintain exterior replacement site amenities such as picnic tables, trash containers, drinking fountains, outdoor showers, benches and bike racks at City parks and public facilities within funded resources on a monthly basis.
- Provide a routine maintenance program to be monitored monthly for the replacement of exterior informational and directional signage throughout all public parks and public facilities.

Community Services Department (continued)

 Conduct a physical assessment of all public facilities identifying long-term structural needs and replacements, estimating useful life of individual buildings and identifying a funding strategy and timeline to address deficiencies; to be completed by June 30, 2013.

2012-13 Significant Budgetary Issues

The 2012-13 requested budget of the Community Services Department is \$6,924,946, a \$345,288 increase over the adopted budget of FY 11-12. The department has offsetting revenues of \$705,640, which includes program income such as camp fees and tournaments, plus non program income such as recreation based donations.

Recreation activities have corresponding revenues received into the General Fund. The following summarizes the program income that helps offset the costs of the recreation programs:

	Division Revenue	Division Costs	Percent of Expense
Fleischmann Park	\$413,800	\$892,669	46%
Norris Community Center (Cambier)	174,750	363,365	48%
River Park Center and Anthony Park	85,900	589,306	15%

The revenues from the various programs cover only a portion of the costs of running those services and sites. Because many of the City's recreation programs have a "free" element, such as basketball courts or passive park areas, funding from alternate sources support facilities and programs. Aside from the donations, these sources include local taxes, state shared revenue, and \$600,000 available through an inter-local agreement with Collier County.

The **Administration** Division budget is \$576,010, a \$42,740 increase over the adopted budget of FY 11-12. In the Administration Division, Personal Services has increased by \$37,240 from the FY 11-12 budget due to the transfer of one Senior Administrative Specialist from Parks and Parkways.

Operating Expenditures are \$95,650, an increase of \$5,500 over FY 11-12. The most significant expenditures are Operating Expenditures (\$56,000) which is for advisory board expenses, special event advertisements, the Ambassador Program and New Years Eve Fireworks (which is reimbursed by ASG Inc.); and Printing (\$15,000) for brochures, fliers and promotional materials.

The **Parks and Parkways** Division, which maintains and beautifies City rights-of-way and medians, has a budget of \$3,160,675, a \$39,941 increase over the adopted budget of FY 11-12. There is a decrease of one position, the Administrative Specialist II that is now shown in Administration.

Although many line items decreased, the primary change was due to Other Contractual Services. This \$125,000 increase is due to increasing tree trimming by \$50,000 and expanding the landscaping program by \$75,000. The Parks and Parkways staff maintains many City sites such as cul-de-sacs and beach accesses, some work is outsourced. Other Contractual Services, budgeted at \$1,411,000 includes:

Mowing contracts \$530,000Tree contracts \$485,000

Other Specialized Services \$271,000 (Bee removal, rodent control, root pruning)

Tree Trimming \$50,000Expanded Landscaping \$75,000

Community Services Department (continued)

The **Recreation** Divisions' budgets are \$2,163,484, representing a \$228,584 increase over the FY 11-12 budgets. This includes the expenses of Fleischmann Park, Cambier Park/Norris Center, River Park/ Anthony Parks, River Park Aquatic Center and Naples Preserve. Most of the increase is due to the opening of the River Park Aquatic Center.

There are eight and ½ budgeted positions (a net increase of ½) in the Recreation Divisions and \$409,033 "Other Salaries" for temporary employees. Temporary staff funded through Other Salaries are hired seasonally throughout the year to provide recreation program support. These programs included holiday camp programs, Christmas break, teacher in-service days, spring break and pool lifeguards.

The **Facilities Maintenance** Division budget is \$1,024,777 or \$34,023 more than FY 11-12. Personal Services of \$556,127 has decreased \$29,475 due to the decreased costs of benefits. Operating Expenses are \$468,650, an increase of \$63,498 over FY 11-12. The primary reason for the increase in operating expenses is due to increased maintenance requests city-wide. For FY12-13, this will also include costs related to the Police Station maintenance, and there is a corresponding decrease in the maintenance costs in that department.

2012-13 Capital Improvement Projects

Although capital projects for the Community Services Department are funded in the Public Service Tax/Capital Improvement Fund (Fund 340), they are also listed at the end of this section at a cost of \$1,218,800.

Mission:

To ensure a safe, secure and orderly quality of life environment within the City of Naples, through highly disciplined public servants collectively trained for and committed to the prevention and control of unlawful conduct, safety hazards, and the provision of emergency and human services, accomplished with dignity and respect for all people.

Department Description

The Police Department is responsible for safeguarding the lives of individuals and their property, reducing criminal victimization, and the fear of crime, while enhancing public safety and the overall quality of life in the community.

The department is led by the chief of police who establishes the goals for the organization, provides vision and direction, as well as managing and overseeing all essential functions. The Police Department is divided into two bureaus, each of which is under the command of a captain.

The Operations Bureau is comprised of two divisions. The Patrol Division provides uniformed police services, responds to calls for service, conducts officer-initiated investigations, maintains public order, engages in crime reduction strategies and conducts traffic enforcement. The Criminal Investigations Division is responsible for conducting detailed follow-up investigations, collecting evidence, identifying crime trends, and suspects in criminal cases, which enhances clearance rates and convictions. There are several specialty units within the Operations Bureau, which include the Community Policing Unit, the Crime Suppression Team, Marine Patrol, Traffic Safety, and the School Crossing Guards.

The Administrative Services Bureau is responsible for managing the department's budget and fiscal matters, the recruitment, hiring, and training of personnel, conducting internal investigations, processing records, maintaining the police facility, meeting law enforcement accreditation standards, as well as receiving and dispatching all calls for police and fire services.

2012-13 Departmental Goals and Objectives

As part of Vision Goal 3 (Maintain an extraordinary quality of life for residents) reduce criminal victimization and Part 1 crimes (as defined by the Uniform Crime Reporting Program) through the development of planned responses to emerging crime trends.

- Monitor the occurrence of Part 1 Crimes.
- Prepare targeted area response plans utilizing citizen tips, identifying crime trends, utilizing predictive policing strategies, and criminal intelligence data.
- Coordinated response through the use of Community Police Officers, Crime Suppression Team, Traffic Enforcement Officers and Patrol Officers.
- Enhance education efforts to assist citizens in identifying suspicious behavior, and reporting it to the police, as well as providing them information on how to safeguard their personal property.
- Increase citizen participation by attending community meetings.
- Continuous assessment of tactics and results.

Police Department (continued)

As part of Vision Goal 5 (Maintain and enhance governance capacity for public service and leadership) create and deliver internal police training initiatives that prepare officers to reduce crime, deliver services in a professional and ethical manner and enhance safety practices.

- Meet all state mandatory training requirements for human diversity, emergency driving, firearms, ethical behavior, investigative techniques, and community policing.
- Review and update all general orders, policies and procedures in accordance with law enforcement accreditation standards.

As part of Vision Goal 3 (Maintain an extraordinary quality of life for residents) maintain safe thoroughfares for vehicles, cyclists and pedestrians.

- Identify locations with high instances of motor vehicle crashes and pedestrian accidents.
- Conduct targeted traffic enforcement in high incident locations.
- Monitor and control traffic in school zones.

As part of Vision Goal 3 (Maintain an extraordinary quality of life for residents) ensure effective response to high priority calls for service

- Monitor percentage of code three calls with a response time under 5 minutes.
- Monitor percentage of incoming calls received and dispatched under 50 seconds.

As part of Vision Goal 3 (Maintain an extraordinary quality of life for residents) maintain a case clearance rate for UCR Part 1 Crimes that meets or exceeds the average for law enforcement agencies in Collier County.

- Track the number of criminal cases assigned to Criminal Investigations for follow-up.
- Track the number of cases presented and accepted for prosecution by the State Attorney's Office. Review reasons for non-acceptance.
- Track the number of Part 1 Crimes cleared.
- Ensure officers and detectives receive relevant training to enhance investigative knowledge, skills and abilities.

2012-13 Significant Budgetary Issues.

The budget of the Police Department is \$11,043,730, an increase of \$249,971 over the FY 11-12 adopted budget. There are no changes in staffing levels for 2012-13. The primary reason for the increase is the increase in the required contribution for Police Pensions, which increased nearly 25% to 43.06%. The 2011-12 budgeted rate was 34.35%. In addition, the Police contract allowed for a 2% increase in wages for October 1, 2012.

Administration has a budget of \$487,532, an increase of \$3,164.

The budget for **Criminal Investigations** is \$2,002,909, a decrease of \$292,899 from the adopted FY11-12 budget. The reason for this decrease is the transfer of a sergeant and 2 police officers from the Criminal Investigations Bureau to Patrol Operations to form a Crime Suppression Unit. This unit is directly embedded in daily patrol operations strategies to help reduce crime and better serve the Naples community.

In the Criminal Investigation Division, Operating Expenses are \$41,120, a \$2,930 decrease from FY 12-13. The major expenses in this section are Training and Travel for \$13,500 and Operating Supplies for \$18,700.

The budget for **Police Operations-Patrol** is \$6,029,806, an increase of \$530,576 over the adopted budget of FY 11-12. There are 54.4 positions budgeted, an increase of three employees, who were moved from the Criminal Investigations Bureau, noted above. The additional retirement contribution costs and the contractual raise caused the remaining increase.

Police Department (continued)

Operating Expenses are budgeted at \$58,780, an increase of \$14,100. Other major expenses in this section are General Operating Supplies of \$37,080, which includes items such as uniform allowance, evidence bags, taser replacements, stop sticks and marine unit supplies. Also included this year is \$5,000 to replace the batteries in the patrol unit's Automatic External Defibulator units (AEDs).

The budget for **Support Services** is \$2,523,483, an increase of \$9,130 over the adopted budget of FY 11-12. Personal Services are budgeted in the amount of \$1,754,464, an increase of \$11,269 over the FY 11-12 budget. Part of the reason for this increase is the change of a position from a civilian position (Deputy Director) to a uniformed position (Captain).

Operating Expenses of this bureau are \$769,019, a decrease of \$2,139, with several areas showing minor decreases, while the communications line item showing an increase, primarily due to additional air cards needed for lap top communication from vehicles.

Support Services Division pays for most of the general operating costs for the Police Department, such as phones, uniforms and vehicle maintenance.

2012-13 Capital Improvement Projects

Capital projects for the Police Department are funded in the Public Service Tax/Capital Improvement Fund (Fund 340) and they are also listed at the end of this section. The cost of police capital projects for FY 2012-13 totals \$650,074. Most items are replacements or major repairs. The false alarm tracking software will have an annual cost, after installation, in the amount of \$2,599.

Police Department (continued)

Mission Statement:

The mission of the Human Resources Department is to provide quality customerdriven Human Resource services for the City's most valuable assets, its employees, by ensuring that the City recruits, develops, recognizes and retains the best talent possible to deliver quality public services to the citizens and visitors of Naples.

Department Description

The Human Resources Department handles all employment-related issues for the City of Naples. This includes recruitment and retention, background checks, pay and classification studies, discipline, training, employee and labor relations. The Department is responsible for the management of all union contracts and ensures employees' compliance with the City's Personnel Policies and Procedures. The Human Resources Director is also responsible for Risk Management and Employee Benefits, which are both Internal Services Funds discussed later in this document.

2011-12 Department Accomplishments

- Coordinated and implemented the compensation and benefits study conducted by The Archer Company.
- Assisted in collective bargaining and impasse process with the IAFF.
- Successfully negotiated and implemented 3-year collective bargaining agreements with considerable changes to pension and insurance for AFSCME, GSAF/OPEIU, and FOP.

2012-13 Departmental Goals and Objectives

As part of Vision Goal 5, (Maintain and enhance governance capacity for public service and leadership) enhance employee performance.

- Develop and implement a management and supervisory development program on recruitment & selection, performance management, harassment/discrimination, diversity, employee assistance, effective communication, coaching, and leadership.
- Develop a more effective process for measuring employee performance that includes establishing clear expectations, attainable goals, and staff development opportunities.

As part of Vision Goal 5, (Maintain and enhance governance capacity for public service and leadership) promote excellent customer service to expand employee and citizen knowledge and improve communication.

• Develop and implement a training program for all employees in customer service and harassment/discrimination/diversity, to ensure the highest level of customer service to internal and external customers.

As part of Vision Goal 5, (Maintain and enhance governance capacity for public service and leadership) monitor legislative and regulatory initiatives at the federal, state, and City level to ensure departmental and employee compliance with current laws, policies, procedures and best practices.

- Update Personnel Policies and Procedures as needed to ensure compliance with current laws and procedures and train appropriate personnel.
- Keep abreast of legislative changes as well as union contracts that impact all terms, benefits, privileges and conditions of employment.
- Maintain a competitive and market-driven pay and classification plan by conducting annual surveys and analyzing market data.

Human Resources Department

2012-13 Significant Budgetary Issues

The budget of the Human Resources department is \$449,823, a \$23,668 decrease from the 2011-12 budget.

There are four positions budgeted in the Human Resources department, the same as in FY 11-12, for a cost of \$378,553, or \$26,176 less than FY 11-12. The reduced costs of benefits contribution (less than budgeted in FY 11-12) was the major cause of this decrease.

There are no other significant changes in this department. Line-item increases are related to greater turnover rate that in prior years, resulting in more new hire expenses, such as background checks and drug screens.

Non-Departmental, Transfers and Contingency

Department Description

The City uses this section of the budget to account for items that impact the entire General Fund and cannot efficiently be allocated to an individual department. Non-departmental includes two separate sections:

Non-Departmental is a grouping of accounts from which the City Manager or his designee has authority to expend. These accounts are usually either one-time in nature, such as an election or a special project, or do not fit within a departmental category.

Contingency and Transfers represents the amount reserved for contingencies and emergencies, and any transfers (subsidies) to other funds.

2012-13 Significant Budgetary Issues

Non-Departmental has a budget of \$2,909,446, an increase of \$126,783 over FY 11-12. The changes from prior years include:

Moved Laws of Life banquet fee from City Manager's office	\$6,500
No annexation payments to fire districts expected	(84,000)
Likely collective bargaining expense	\$27,000
Impact fee update (every five years)	\$10,000
Insurance	\$93,380
Technology Services	\$73,663
Employee awards (based on employees meeting milestones next year)	(\$4,760)
Florida League of Cities & Benchmark Consortium moved from Mayor's	\$5,000
office	

Election expense in the amount of \$2,000 is included in this budget as a provisional item, although no election is scheduled.

Contingency is budgeted at \$500,000. The City typically budgets 1% to 1.5% of the General Fund budget for Contingency. Only City Council has the authority to direct staff to use funds from the Contingency account, which may be allocated throughout the year for unbudgeted or unplanned needs of the City. For example, in 2011-12, it was used for timekeeping software, pool deck improvements, lighting at River Park, a roof repair, and costs of collective bargaining.

Transfers Out has a budget of \$47,500 to the Tennis Fund. This is \$2,500 less than the FY 11-12 budget. The \$47,500 is for a continued contribution for community-wide programming that is considered above the Tennis membership's financial responsibility. This contribution is based on an evaluation of the events and use of the facility. Approximately 30% of the time, the facility is used for tournaments and public events, when the facility is not strictly available to the members for their pleasure. To that end, a General Fund payment to the fund in the amount of \$47,500 is appropriated. This was determined as follows.

Budgeted Tennis expenses (except Debt) \$454,149
30% of budgeted expenses 136,245 Amount attributed to public purpose
Revenue from tournaments (88,745) This is received during public purpose events

Amount funded by General Fund 47,500

Building Permit Fund

Building Department

Mission Statement:

The mission of the Building Permits Department is to provide the highest standards of customer service and public input while professionally implementing the City's Vision Plan and the Florida Building Code through the timely review of development permits.

Fund Description

The Building Permit Fund was created in Fiscal Year 1998-99 when it was separated from the General Fund and is used to account for the activities related to the construction industry in the City, such as issuing building permits and conducting building inspections. The Building Department primarily derives its budget from the collection of fees charged for the review and inspection of construction activities as required by the Florida Building Code, Florida Fire Prevention Code and local zoning ordinances. The fund and department are led by the Building Official who reports to the City Manager.

2011-12 Department Accomplishments

- The 2nd floor records room/scanning area was updated with a new shelving system, improving access, filing and storage of archived plans until retention requirements have been met.
- Field inspectors were exposed to construction stages in cross-disciplines to enhance departmental ability and understanding.
- Building Department permit fees are now available through the City's Website.
- Staff met with owner-builders to review owner-builder permit policies resulting in a more stream-lined owner-builder submittal process.

2012-13 Department Goals and Objectives

As part of Vision Goal 2(b): Make Naples the green jewel of Southwest Florida: Explore options to utilize local building departments' resources relating to green building practices.

- Initiate staff research for electronic plan submittal process.
- Expand training to scanning employees to increase percentage of plans scanned, reduce backlog of paper files and increase electronic availability to customers.

As part of Vision Goal 4: Strengthen the economic health and vitality of the City: Monitor and maintain consistency regarding permit fee structure.

• Make all Building Department fees available via the website and the Naples TV station to ensure a public understanding of the fee process.

As part of Vision Goal 5: Maintain and enhance governance for public service and leadership: Maximize department resources to educate contractors and citizens on Building Department services.

- Redesign Building Department website to make it more user-friendly; add interactive features and expand available information.
- Increase contractors' code knowledge and code compliance by regularly updating educational displays in the lobby.

2012-13 Significant Budgetary Issues

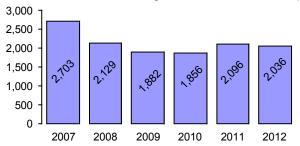

The FY 2012-13 budget for the Building Permit Fund anticipates revenue totaling \$2,834,856 and expenditures totaling \$3,137,149. The budget uses \$302,293 of fund balance. Using fund balance is not unusual in building permit funds because the timing of the revenue stream does not always correspond to the timing of the permit review work required. The fund has a sufficient fund balance that is excess of the maximum requirements of the fund balance policy.

Building Permit Fund

Building Department (continued)

REVENUES

The primary revenues to the Building Permit Fund are building construction permit and inspection fees. These fees are charged for buildings and structures that are built or altered. The fee structure is established by Ordinance and can be seen in Chapter 16 of the City Code of Ordinances. Below is the trend for Building Permits issued for the past six years.

As another revenue source, the Building Permit Fund charges a fee to others for the use of space in their building. In 2000, the Building Permit Fund constructed a two-story facility, and is sharing the cost of space with the General Fund (Planning), the Technology Services Fund, the Streets and Traffic Fund and the Stormwater Fund.

Rental rates are charged using a comparable market rate of \$12/square foot. For FY 2012-13, the square footage and annual payment assigned to each section is shown below:

	Total	<u>\$111,156</u>
Stormwater	1,587 sq. ft.	\$19,044
Streets & Traffic	2,391 sq. ft.	\$28,692
Technology Services Fund	4,054 sq. ft.	\$48,648
Planning/General Fund	1,231 sq. ft.	\$14,772

Additional revenues to the fund include interest income and copy charges.

EXPENDITURES

Total expenditures for the FY 2012-13 budget are \$3,137,149 which is a \$390,152 increase over the FY 11-12 adopted budget.

Personal Services

Personal Services are budgeted at \$2,035,831, a \$348,673 increase over the FY 11-12 budget. There are 23.75 positions, an increase of 5.75 positions over the adopted FY 11-12 budget. In January 2012, City Council approved the addition of four positions, a Building Inspector, Plans Examiner, Permit Technician and Records Clerk. This budget includes those four positions, and adds a part-time Records Clerk and another Plans Examiner. Although this increase in the number of positions may seem notable, the number of employees is still less than that of FY 08-09, when 26 positions were in the budget, and reflects the increase in permitting activity.

Operating Expenses

Operating Expenses are budgeted at \$1,010,318, a \$96,535 increase over the adopted budget of FY 11-12. The major components of this category are as follows:

General Fund Chargeback/City Administration	\$202,130
General Fund/Two Fire Inspectors, ½ Custodian	\$164,810
Self Insurance Property Damage	\$59,568
Equipment Services-Fuel and Repair	\$29,990
Technology Services	\$238,565
Utilities	\$110,000

Building Permit Fund

Building Department (continued)

Non-Operating Expenses

Capital projects for FY 12-13 total \$91,000. This includes projects originally presented in the Capital Improvement Program totaling \$75,000 that are listed at the end of this section. In addition, there is \$16,000 in capital outlay requests for a stormwater retention pond (\$8,000) and parking lot addition (\$8,000).

Taxing District Funds

East Naples Bay Taxing District (Fund 350) Moorings Bay Taxing District (Fund 360)

Mission Statement:

The mission of the Taxing Districts is to accomplish dredging and canal maintenance as established by referendum.

Fund Description

The East Naples Bay Taxing District and the Moorings Bay Taxing District were established by referendum in 1987 to accomplish maintenance dredging in the channels and waterways within the districts and to maintain necessary aids to navigation.

The East Naples Bay Special Taxing District encompasses the waterfront subdivisions of Golden Shores, Oyster Bay and Royal Harbor.

The Moorings Bay Special Taxing District includes all of the waterfront properties around the Moorings Bay System, from Seagate Drive south to Banyan Boulevard, including the subdivisions of Coguina Sands, the Moorings, and Park Shore.

Administration of the Districts is handled by the Natural Resources Division in the Stormwater Fund. Both Districts have an advisory board to collect public input.

2012-13 Significant Budgetary Issues

East Naples Bay

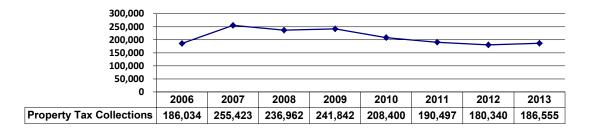

The budget for the East Naples Bay Taxing District is \$180,250.

The estimated taxable value is \$392,751,707, a 3.8% increase from the final FY 2011-12 taxable value.

Revenues

The tax rate of 0.5000 mills for the East Naples Bay Taxing District is based on the cap that was included in the referendum and is more than the rolled back rate of 0.4880. Last year's millage rate was .5000 mills. Assuming a collection rate of 95%, this fund is projected to collect \$186,555 property tax and \$2,000 in interest income. This chart demonstrates historical actual (2006 to 2011) and projected (2012 and 2013) tax collections.

East Naples Bay Property Tax Collections

Taxing District Funds (continued)

East Naples Bay Taxing District (Fund 350) Moorings Bay Taxing District (Fund 360)

Expenditures

Budgeted expenditures for the East Naples Bay District total \$180,250. The Taxing District was authorized to undertake a \$2.3 million dredging project in FY 11-12. The residential canals were last dredged over 20 years ago, and sediment impaired navigation.

The fund used an interfund loan of \$1.606 million for the project. The primary expenditure for the fund for the next 10 years will be the repayment of the principal and interest for the interfund loan. Resolution 11-12923 established the terms of this loan, and for 2012-13, the payment will be \$175,000 including \$145,240 toward principal and \$27,960 for interest. The interest rate is established annually based on the May 1 Bloomberg 10-year municipal bond rate.

Minor recurring costs are postage, navigational markers and the Annual Special District Fee.

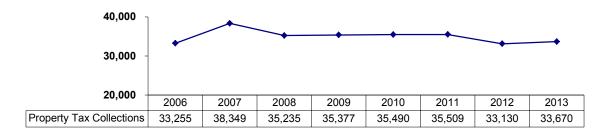

Moorings Bay

The budget for the Moorings Bay Taxing District is \$9,250.

Revenues

The tax rate for the Moorings Bay Taxing District is the same rate as FY 11-12, or 0.0252. The taxable value of the District is \$1,406,455,215, a 2% increase from the prior year's taxable value. Assuming a collection rate of 95%, this fund is projected to collect \$33,670 in property tax. The chart below shows the actual tax collections for the Moorings Bay District and the projected collections for FY11-12 and FY12-13.

Moorings Bay Property Tax Collections

In addition to the property taxes, the fund should receive approximately \$5,600 in interest income assuming an interest rate of .60%.

Expenditures

Expenditures for the Moorings Bay District are budgeted to be \$9,250.

This includes \$250 for operating supplies; \$5,000 for a water quality analysis; \$2,000 for navigational aids; and \$2,000 for poles, signs and buoys.

Fifth Avenue South Business Improvement District

Fifth Avenue South BID (Fund 138)

Mission Statement:

The mission of the Fifth Avenue South Business Improvement District (BID) is to stabilize and improve retail business through promotion, management, marketing, and other similar activities within the Fifth Avenue South assessment area.

Fund Description

The Fifth Avenue South Business Improvement District (BID) was established by Resolution 10-12801 and 10-12820 to assess property that will specifically benefit from improvements by the promotion and marketing of the District. In accordance with the enabling resolution, the BID will remain in existence for an initial period of ten (10) years (with first year of collections occurring in 2010). The District can be extended an additional ten (10) years by approval of City Council and 50% of the owners.

The Fifth Avenue South BID covers all of Fifth Avenue South from Ninth Street South to Third Street South, and from Eighth Avenue South to Fourth Avenue South, excluding residential properties. Assessments are included in the ad valorem tax bills.

Management of the District is handled by the Fifth Avenue BID Corporation. The Corporation has a Board of Directors.

2012-13 Significant Budgetary Issues

Revenues

The first year of revenue collection occurred in FY 2010-11, when the City sent out individual bills. In FY 2011-12, the City began using the tax bill collection method, which will continue for the life of the District.

For 2012-13, the special assessment rate of 2 mills, or \$2 for every \$1,000 of taxable value, will continue to be assessed on business property owners in the assessment district. The 2012 Taxable value of the parcels in the BID is \$133,269,766. After paying the Tax Collector and deducting prepayment discounts, the estimated revenue for FY 2012-13 is \$255,560, compared to the Adopted FY 2011-12 revenue of \$285,354.

Expenditures

Budgeted expenditures for the Fifth Avenue South BID total \$255,560. After administrative expenses and required advertising expenses are paid, remaining money will be paid to the Fifth Avenue BID Corporation. With \$3,400 budgeted for the administrative costs of the Property Appraiser, Tax Collector and Assessment District Management firm, and \$550 for advertising, the 5th Avenue BID Corporation should receive \$251,610.

Port Royal Canal Special Assessment District

Port Royal Canal (Fund 155)

Mission Statement:

The mission of the Port Royal Special Assessment District is to remove sediment from the Port Royal and Champney Bay canals within Port Royal.

Fund Description

The Port Royal Special Assessment District Fund was established to track the revenues and expenditures of the Port Royal Area Special Assessment District. The District was created in 2011 by Resolution 11-12978 to assess property for maintenance dredging. This project was requested by the property owners along the canals in the Port Royal/ Champney Bay area. In accordance with the enabling resolution, assessments will be imposed for six years. Dredging is expected to start and finish in FY 12-13.

2012-13 Significant Budgetary Issues

In FY 11-12, the Port Royal dredging project began with a \$355,270 contract to design and engineer the project. The initial source of funding for this project was an interfund loan from the Capital Projects fund (\$355,270). The FY 2012-13 expenditures will also be funded via an interfund loan, to be repaid by the assessments.

The loan will require a resolution by Council establishing the conditions of the loan. This budget considers that there will be prepayments during the year, as there have been over the past year, when properties sell or change ownership. Charges on customers' tax bills are expected to begin in FY 2013-14.

Revenues

The Assessment Area is substantially comprised of similarly zoned parcels, with each of the main canals being assessed costs based on the volume of the dredging, as estimated in the initial resolution. The price per property is shown in the chart below:

Galleon (Buccaneers Cove, Galleon Cove, Runaway Bay and Benbow's Bight (a.k.a.	
Treasure Cove)	
Champney Bay (and Doubloon Bay Entrance)	\$9,057
Harbor Head Canal	\$18,846
Cutlass Cove Canal	\$3,965
Doubloon Bay I (Circle and Entrance) Doubloon Bay, Man of War Cove, Smuggler's	\$2,051
Bay, Hidden Bay, Morgan Cove, Old Harbor Cove and Old Harbour Channel	
Doubloon Bay II (Entrance Only)	\$505

Tax roll assessments will begin in November 2014 for customers who wish to pay over the six year period. Prior to that, property owners may prepay assessments in full. The 2012-13 budget estimates \$160,000 in prepayments, although there is no certainty of any prepayments at all.

Expenditures

Budgeted expenditures for the Port Royal Dredging total \$1,645,000 for FY 12-13. The project includes the removal of approximately 19,120 cubic yards of sediment from various canals within the assessment area.

The total cost of the project is \$2,000,270, which includes \$1,645,000 for construction plus \$355,270 for the design. Management of the project will be handled by the Streets and Stormwater Department.

Trend - Fund Balance

Community Redevelopment Agency (Fund 380)

Mission Statement:

The mission of the CRA is to implement the Community Redevelopment Plan as adopted by the Naples City Council pursuant to Chapter 163, Part III of the Florida Statutes. The CRA will use Tax Increment Financing (TIF) as a source of funding for capital improvement projects identified in the plan and will ensure that development within the CRA district meets the quality standards consistent with the community's vision for Naples.

Fund Description

The Community Redevelopment Agency (CRA) is governed by a Board comprised of the members of City Council. The CRA is assisted by the Community Redevelopment Agency Advisory Board (CRAAB), whose members are primarily property and/or business owners from the District and appointed by City Council. The CRA was created in 1994 by Resolutions 94-7098 and 94-7099. The CRA District is in the area approximately bounded by 7th Avenue North, the Gordon River, 6th Avenue South and 3rd Street. The actual boundaries are defined within the enabling legislation. The CRA has twelve years remaining until its funding sunsets in 2024.

The purpose of a CRA is to eliminate or prevent slum and blight through the redevelopment of the district, guided by an adopted Community Redevelopment Plan. The law prescribes the use of Tax Increment Financing (TIF) as a means of funding redevelopment projects specified in the plan. Many improvements have been accomplished including implementation of the Fifth Avenue South Master Plan, streetscape projects throughout the District, two parking garages, median landscaping, and construction of additional on-street parking, park improvements, and a variety of other District improvements.

2011-12 Department Accomplishments

- Design and permitting of the Four Corners Pedestrian Crosswalk
- Release of bid specifications for installation of garage access control systems
- Continued Community Policing throughout the CRA
- Maintained the landscape in the right-of-way
- River Park Pool constructed with partial funding from the CRA
- Updated the City's CRA website

2012-13 Departmental Goals and Objectives

As part of Vision Goal 3, Maintain an extraordinary quality of life by maintaining and improving amenities for residents

- Cooperate with the Business Improvement District to stabilize and enhance the business district and ensure that budgets and reports are timely and appropriate.
- Ensure the area is maintained to a high standard of aesthetics, code compliance and public safety.
- Update the City's website as related to the CRA to promote activity and recognition.
- Create a crosswalk at the Four Corners Intersection.

As part of Vision Goal 4, strengthen the economic health and vitality of the City by promoting redevelopment and enhance collection of tax incremental revenues;

• Initiate the process of extending the sunset date of the Community Redevelopment Agency beyond 2024.

Community Redevelopment Agency (continued)

2012-13 Significant Budgetary Issues

This budget was prepared by the City Manager's Office, with the cooperation of the Police and Community Services departments. The accounts of the CRA are divided into the following three Divisions to improve accountability:

- CRA Administration (Division 0506)
- CRA Law Enforcement (Division 0507)
- CRA Maintenance (Division 0508)

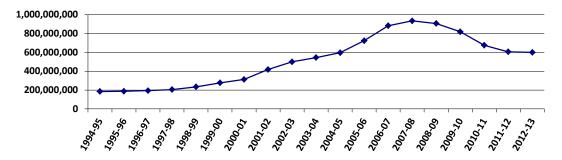

The significant budgetary issue of this fund continues to be the revenue decrease due to property value decline, therefore reducing the funds available for debt service, capital projects, and operating expenses. The property value decline, however, is just part of the story as redevelopment continues in the CRA. Examples of continuing redevelopment include the River Park Pool and the new commercial buildings at Park Street and 5th Avenue South and 3rd Avenue South and 9th Street. Furthermore, the marketing campaign of the 5th Avenue South Business Improvement District is widely viewed as successful, with area merchants reporting an increase in commercial activity. The CRA maintains its recognition as a thriving center of activity in Naples and Collier County.

Revenues

Revenues are \$1,900,105, \$51,985 (or 3%) less than the adopted FY 11-12 budget. The primary revenue earned by the CRA is ad valorem taxes from Tax Increment Financing. Tax Increment Financing, or TIF, is the amount of taxes generated from increased property values within the District in excess of the base year. The CRA receives TIF money from the City and the County, based on the increase over the 1993 property tax value (\$183,809,274).

The taxable value of property in the District is \$600,047,968, for a tax incremental value of \$416,238,694. The FY 12-13 increment is a decrease of 1.5% from the FY 11-12 increment. This budget was developed using a tax rate of 1.1800 from the City and 3.5645 from the County, to bring in \$466,605 and \$1,409,500 respectively.

The following chart shows the changes in taxable value since the base year when values were about \$184 million to the 2012 value (for FY 12-13) of slightly more than \$600 million.

State law requires that the tax increment revenues be distributed to CRAs by January 1. In addition to the tax increment revenue, the fund should receive approximately \$24,000 in interest income.

Community Redevelopment Agency (continued)

Expenditures

The work program for the CRA is represented in this budget. Total expenditures for the FY 2012-13 budget are \$2,217,761, which is a \$66,049 increase over the FY 2011-12 budget.

Personal Services

The 6.3 employees funded by the CRA are budgeted to cost \$511,977, a \$1,725 increase over the FY 11-12 budget. These positions consist of 3 community police officers, 3 landscape technicians, and a portion (30%) of the assistant city manager position.

Operating Expenses

Budgeted at \$383,899, operating expenses are \$40,828 less than FY 11-12. The major components of Operating Expenses are as follows:

Administrative Services	\$111,160
Landscape Maintenance and Signs	90,000
Self Insurance Charge	61,705
Repairs and Maintenance	46,100

Non-Operating Expenses

There are two bank loans related to the construction of the two parking garages and other enhancements to the district. In FY 2010-11 the two debt obligations were refinanced at 2.18% for a savings in interest of almost \$1.4 million over the life of the debt. The annual debt service payment for the fund is budgeted at \$979,007.

When the CRA was created, the fund received several interfund loans related to improvements to the district. At the end of FY11-12, the outstanding balance for the remaining three loans is \$162,479. The repayment schedule has been slightly modified, with the balance being amortized over four years, at 2.2% interest. For the next four years, the annual payment will be \$42,878.

Capital projects included in this budget include

Waterproof and seal the parking garages	\$50,000
Four Corners Intersection	\$200,000
Traffic Signal Mast Arm (to be handled by the Streets Department)	\$50,000

Community Redevelopment Agency (continued)

The following list summarizes the future projects planned in the CRA.

Long Term Capital Plan		
1.) Prioritized Projects		
Gordon River Underpass	155,000	
Central Ave. Improvements (Phase 1)	350,000	
Prioritized Projects	505,000	
2.) Unscheduled Projects		
3rd Ave. S. Improvements	1,650,000	
Special Features Gateways	1,000,000	
Special Features Cultural Plaza	2,000,000	
6th Ave. S. Promenade	2,000,000	
Connectivity/Place Making	1,500,000	
Central Ave. Improvements (Phase 2)	1,400,000	
River Park	450,000	
Lake Manor	235,000	
6th Ave N. Lighting	109,000	
Unscheduled Projects	10,344,000	
Total Long Term Capital Plan		10,849,000

Streets & Stormwater Department (Fund 390)

Mission Statement: To provide the public with a safe, clean and well maintained transportation management system of streets, sidewalks, bridges and pathways and to monitor and control the efficient operation of signalized intersections via the City's transportation operations center.

Department Description

The Streets and Stormwater Department operates in two funds: Streets & Traffic Fund and Stormwater Fund. These operate in separate funds due to their separate sources of revenue. The Streets Fund is funded primarily through Gas Taxes. The Streets & Traffic Division is responsible for maintaining City streets, traffic signalization, street lighting and signage. The Stormwater fund is addressed in a separate section of this document.

2011-12 Department Accomplishments

- Completed \$135,000 of sidewalk repairs to prevent trip & falls.
- Implemented a written sidewalk inspection and repair policy.
- In coordination with FDOT, constructed 750 linear feet of new sidewalk.
- Began an update to the Pedestrian & Sidewalk Master Plan.
- Resurfaced 4 lane miles of streets.
- Improved 0.5-miles of allevs.
- Installed count-down pedestrian signals at Gulf Shore Blvd North and Banyan.
- Replaced approximately 200 street light globes within the CRA and repaired and upgraded electronic components for several decorative street lights.
- Installed speed humps along South Golf Drive.
- Restriped 3.7 miles of pavement (center yellow, edge white, and parking and handicap).
- Repainted 120 decorative wooden stop signs.
- Resurfaced four beach ends.
- Resurfaced approximately 8,500 square yards of asphalt patches caused by utility cuts, wear and tear.

Streets & Stormwater Department (continued)

2012-13 Departmental Goals and Objectives

As part of Vision Goal 2b (promote community sustainability and environmental conservation)

 Provide maintenance and operational support services to maximize the service life of the City infrastructure

As part of Vision Goal 3a (maintain and improve public amenities for residents) operate and maintain the City street system at the designated Level of Service 'C' while improving the aesthetics to maintain community character and value

- Plan resurfacing work in accordance with the Pavement Management Program. Work to occur off season.
- Maintain traffic control devices for safe travel throughout the community by sign inspection / replacements and pavement marking improvements.
- Improve the sidewalk and pathway program for safe travel and for enhancement of community character.
- Maintain traffic signal systems to enhance circulation within the City, including continuous signal timing adjustments for main-line coordination.
- Maintain, replace and update signage to be balanced with the Manual of Uniform Traffic Control Devices UTCD requirements and community needs and expectations.

As part of Vision Plan 3c (enhance mobility in the City) maintain traffic control, and continue maintaining City streets, bike lanes, sidewalks and pathways, provide planning and coordination of capital improvements related to street and traffic projects

• Continue to implement pathway program for maintenance and improvements to sidewalks, bike lanes and pathways.

2012-13 Significant Budgetary Issues

The budget of the Streets and Traffic Fund for FY 2012-13 is \$2,656,473, a decrease of \$29,895 under the FY 2011-12 budget. The 2012-13 budget shows a use of \$330,996 of fund balance.

Revenues

Revenues into this fund total \$2,325,477.

The primary recurring revenue to this fund is the Local Option Fuel Tax (6-Cent Gas Tax). Budgeted at \$793,000 this source is the first of three types of local fuel taxes authorized by the state legislature. This six-cent tax is split among the governments of Collier County, with Naples receiving 10.28% of the countywide collections. The 2003 Interlocal Agreement reduced Naples share from 14.48% to 10.28%, and is being reviewed by the County for additional allocation changes. Local fuel tax revenue is based on each gallon of fuel sold. This revenue estimate is based on the projections from the Florida Department of Revenue's Office of Tax Research.

Collier County also participates in the second type of local fuel tax, called the fifth-cent option. The City is budgeted to receive \$600,000, also 10.28%, of the collections in Collier County. This revenue estimate is also based on the projections from the Florida Department of Revenue's Office of Tax Research.

The State of Florida has a revenue sharing program, funded by sales and use taxes and a state fuel tax. The state determines how much of that tax must be used for transportation. For FY12-13, 26.6% or \$219,000 of the City's share is required to be dedicated to transportation.

Streets & Stormwater Department (continued)

Estimates for these three revenue sources (the six-cent tax, the five-cent option and the revenue sharing) are provided by the Florida Department of Revenue and are distributed to cities in accordance with state law and the Intergovernmental Agreement with the County.

The City and County have an Interlocal Agreement on transportation impact fees: the City keeps the first \$200,000 of impact fees, and the balance is sent to the County for expansions to County maintained roadways.

A new source of revenue to this fund is the Telecommunications Tax. This \$300,000 was formerly distributed to the General Fund, but due to the declining revenue sources to the Streets Fund, this source was deemed an alterative source to reduce the reliance on fund balance.

The Streets Fund is expected to receive \$25,000 in interest earnings.

Expenditures

The Streets Fund has 6.1 positions budgeted, 1.4 less than in FY 2011-12. This is due to change in cost allocations for certain positions as shown on the Personal Services Detail. These positions are shared with the Stormwater Fund, and the allocation was determined based on the amount of time the staff spent on each function. Personal Services, budgeted at \$548,385, is \$155,271 less than the adopted 2011-12 budget, primarily due to the personnel redistribution.

Operating Expenses for this fund are \$1,728,088 or \$30,376 more than the FY11-12 adopted budget.

The major Operating Expenses are as follows:

City Administration (General Fund Chargeback)	\$111,250
Street Overlay Program (Road Resurfacing)	\$500,000
Street Light/Other Electricity	\$350,000
Self Insurance Transfer	\$227,056
Road Repairs	\$175,000

Capital Improvements are budgeted at \$380,000 plus the above noted \$500,000 for the Street Overlay program. These items are listed in the Capital Improvement Program (CIP) page at the end of this section, and more fully explained in the Five-Year CIP. Of the items in the FY 2012-13 Capital Improvement Program, none are expected to have an impact on the operating expenditures of this fund, as they are all maintenance or enhancements to current infrastructure.

2012-13 Performance Measures and Benchmarking

The following benchmarks compare the City of Naples performance to cities with similar functions for the past year.

Benchmark Description	Naples	Boca Raton	Fort Myers	Cape Coral
Pavement Maintenance Program	\$500,000	N/A	\$350,000	\$1,000,000
# of Field Personnel	4	10.5	10	>15
Sidewalk Repairs / Improvements	\$100,000	N/A	\$580,000	\$600,000

Trend-Unrestricted Net Assets

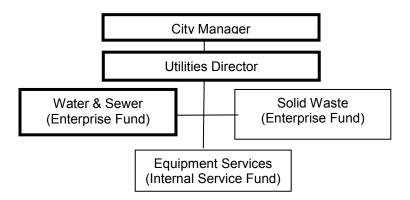

Mission Statement:

To efficiently maintain the public water, sewer and irrigation infrastructure and provide services to ensure the safety and well-being of City residents.

Department Description

The Utilities Department operates in three separate funds: Water & Sewer Fund, Solid Waste Fund, and Equipment Services Fund. Each Fund will be addressed separately. The Water & Sewer Fund operates as an Enterprise Fund, which is used to account for operations that are financed and operated in a manner similar to private business. The Water & Sewer Fund consists of seven sections: Administration, Water Production, Wastewater Treatment, Water Distribution, Wastewater Collections, Utilities Maintenance and Customer Service. The Customer Service Section is managed as part of the Finance Department, but funded in the Water/Sewer Budget.

2012-13 Goals and Objectives

The Water & Sewer operation is focused on improvements that will continue to supply a high quality and sufficient quantity of potable water. Staff also focuses on the collection and disposal of the wastewater stream in the most effective and efficient methods available. External funding sources (grants) will continue to be aggressively sought.

In accordance with the Vision Plan item 4 (strengthen the economic health and vitality of the City) continue to strengthen the City's leadership role in environmental protection and regional/ community sustainability:

- Continue and complete the construction of the transmission main that will convey canal water from the Golden Gate Canal to the Wastewater Treatment Plant.
- Start the construction of the expansion of the reclaimed water distribution system in order to provide an alternative source for irrigation and reduce demands on the ground water supply.
- Continue well development, including cycle testing, for ASR Wells 1 and 2 located at the Wastewater Treatment Plant.

In accordance with Vision Plan 3a (maintain and improve public amenities for residents) improve the level of service to all customers and provide reliable service to meet growth and development through Water and Sewer Capital Improvement Projects such as the following:

Water & Sewer Fund

Utilities Department (continued)

- Water Production-Complete rehabilitation and development projects on 10 raw water wells within the Well Fields to improve gallon per minute yields and ensure daily system demands are met.
- Water Distribution-Upgrade the 12" water main located on Gulf Shore Boulevard North in order to upgrade aging infrastructure that has been susceptible to main line breaks and failures. This improvement is intended to eliminate service disruptions to residents that reside in this area.
- Target the Crayton Road (North of Parkshore Drive) and Parkshore area for sewer lining improvements-to rehabilitate sewer lines, laterals, and manholes through a contracted lining process to reduce infiltration of ground water, silt, and sand from entering the collection system.

As part of Vision Goals #4 (strengthen the economic health and vitality of the City):

Participate in the data collection process in the Florida Benchmarking Consortium.

2012-13 Significant Budgetary Issues

The budget for all sections of the Water and Sewer Fund is \$38,073,578, \$9,182,209 more than FY 2011-12.

Revenues

Projected water revenues for FY 2012-13 are \$16,648,170 or \$56,620 more than FY 2011-12.

Projected sewer revenues, including irrigation water, for FY 2012-13 are budgeted at \$13,416,500, or 7% more than FY 2011-12. Water and sewer rates are scheduled to increase in accordance with the Public Service Commission Deflator Index. For FY 2012-13, that rate is 2.41%.

Non-operating revenues are budgeted at \$732,550. There is \$550,000 budgeted for Water and Sewer System Development Charges, which are similar to impact fees. Interest income is expected to be \$75,000.

The fund has budgeted \$4,800 in Special Assessment revenue. Four assessment areas were established for the purpose of water and sewer expansions. The following amounts are still outstanding.

<u>Assessment</u>	<u>Originated</u>	<u>Amount</u>
Seagate	1994	\$39,133
Avion Park	1995	15,377
Big Cypress	1996	36,209
West Boulevard	1996	<u>11,911</u>
Total		\$102,630

Expenditures

There are 99 positions in the Water and Sewer Fund, one more than FY 2011-12. The position, Plant Operator (Trainee), has been added to the Water Production Division.

For FY 2012-13, the combined salary line item increased significantly (\$235,000), and the pension line item decreased almost the same amount. In FY2011-12, the budget was prepared without having the knowledge of the final union contracts, therefore the prior AFSCME union agreement was still showing. The salary line item showed the holiday pay reduction, instead of the final negotiated pay and benefits. As indicated in the 2011-12 adopted budget, line item adjustments would be required once all the contracts settled. The 2012-13 budget will reflect the current contract. Other factors adding to the increased salary line item is the addition of one position, and the correction of a typographical error relating to a position in the Water Production division.

Utilities Department (continued)

Expenditures for the fund total \$38,073,578, a \$9,182,209 increase from the adopted FY 2011-12 budget, primarily due to a \$9 million Capital Project for the reclaimed water distribution system.

Administration

The budget for Administration is \$8,745,949, a \$161,222 increase over the adopted budget of FY 2011-12.

The Administration Division includes nine positions, up from six positions in FY 2011-12. These are the result of transferring the Utilities Permit Coordinator from Water Production and the Administrative Specialist II and Warehouse Coordinator from Water Distribution. Personal Services increased \$169,983, primarily due to these transfers.

Administration Operating Expenditures, at \$4,994,700, is an increase of \$106,031. This is primarily due to the changes in transfers to other funds for services. The following line items are the most significant expenses of the Administration budget.

City Administration (General Fund Reimbursement)	\$1,567,420
Taxes (Payment in Lieu of Taxes)	\$1,743,340
Self Insurance Charge	\$901,885
Technology Services	\$425,890

Administration's Non-Operating costs, which decreased \$114,792, are composed of debt service payments (principal and interest) on the water and sewer debt. In March 2012, the Public Utilities Revenue Bond Series 2007A and B were refunded with a bank loans for a savings due to lower interest rates.

Water Production

The budget for Water Production is \$5,930,182, a \$12,901 increase over the adopted budget of FY 2011-12.

The Water Production Division includes fifteen positions. Several changes caused a \$70,676 increase in this division's salaries and benefits line items:

Addition of one Plant Operator (Trainee)	61,000
Two promotions from Trainee to Operator	19,000
Correction of 2011-12 typographical error in the salary line item	65,000
Transfer of Permit Coordinator to Administration	(60,000)
Reduction in Overtime	(20,000)

Other changes in benefit selections and benefit costs would make up the remainder of the changes.

Water Production's Operating Expenditures are \$4,800,480, a decrease of \$57,775, primarily due to a reduction in chemicals (\$61,400). The following three line items comprise 85% of this section of the budget:

Chemicals (for water treatment)	\$2,238,600
Electricity (for wells and water plant)	\$1,250,000
Contractual Services (mostly sludge hauling)	\$570,700

Water Distribution

The budget for Water Distribution is \$2,293,313, a \$138,646 decrease under the adopted budget of FY 2011-12.

Utilities Department (continued)

The cost of Personal Services decreased \$146,419. The Water Distribution Division includes 20 positions, down two positions from FY 2011-12, due to the transfer of the Administrative Assistant II and Warehouse Coordinator to Administration.

Water Distribution Operating Expenditures are \$990,070, which is an increase of \$8,273. The line item "Road Repairs" increased \$10,000 because of additional road and driveway repairs due to line breaks. The major function of this Division is to ensure the supply of water arrives at its destination; therefore major costs include meters, related supplies, line repair, and maintenance supplies such as rock, sod, pipes, and road repairs.

Minor machinery and equipment are budgeted in this Division, including a pipe locator, pump replacements, a radio and saw.

Wastewater Treatment

The budget for Wastewater Treatment is \$3,423,209, a \$12,716 decrease from the adopted budget of FY 2011-12.

Personal Services decreased by \$14,091. The number of positions for this Division (19) has not changed from the FY 2011-12 budget.

Operating Expenditures of \$1,905,535, decreased by \$7,625. The following four items make up 87% of the Operating Expenditures.

Other Contractual Services (Sludge Hauling)	\$174,800
Electricity (for plant)	\$800,000
Chemicals	\$381,330
Equipment and Plant Maintenance	\$304,500

The other 13% of the operating costs of the Wastewater Treatment Division consist of uniforms, other utility services, safety and training, and operating supplies.

Minor machinery and equipment are budgeted in this fund, including a composite sampler, Programmable Logic Controllers (PLC), two plant computers, multi pen chart recorder, two radios and a drill press/mill.

Wastewater Collection

The responsibility of the Wastewater Collection Division is to ensure the safe and efficient transportation of residential and commercial wastewater (sewage) from the site of collection to the treatment plant. The budget for this function is \$1,519,354, a \$44,499 increase from the adopted budget of FY 2011-12.

Personal Services includes 17 positions, the same as FY 2011-12.

Wastewater Collection Operating Expenditures, at \$461,535, is a \$6,810 increase over the adopted budget of FY 2011-12. Because the primary function of this Division is to ensure wastewater gets to its destination, major costs include vehicle maintenance, line repair, and maintenance supplies such as rock, sod, pipes, and road repairs.

The line item for machinery and equipment includes a pipe locator, cut off saw, three radios, a jumpjack compactor, air release valves and jet truck hoses for \$41,000.

Utilities Department (continued)

Maintenance

The responsibility of the Maintenance Division is to maintain the water and sewer system, including 54 raw water production wells, and 121 sewage pump stations. The budget for this function is \$1,752,771, a \$33,218 increase over the adopted budget of FY 2011-12.

The Maintenance Division includes 16 positions, the same as budgeted in FY 2011-12.

Operating Expenditures of \$663,135 increased by \$21,445. This was primarily due to electricity and equipment repairs.

Minor machinery and equipment in this Division will cost \$30,000, and includes small equipment replacement and magmeter heads.

Customer Service

During FY11-12, the City Water and Sewer department completed converting most water meters to electronic reads. This resulted in the ability to eliminate a vacant Meter Reader position, and replace it with a Customer Service Representative. These employees report to the Customer Service Division of the Finance Department.

The budget for this Division is \$222,300, a decrease of \$22,769. Operating expenditures are \$68,750, a decrease of \$9,316 under FY 2011-12.

Capital Projects

Capital Projects are listed at the end of this section and detailed in the City's Capital Improvement Program. Capital projects for FY 2012-13 total \$14,186,500 (excluding the \$139,600 of minor capital included in operating budgets).

2012-2013 Benchmarking

Beach Fund

Community Services, Finance and City Manager (Fund 430)

Mission Statement:

The Beach Fund provides a balanced, sustainable and value-focused system of beaches, parks, recreation and public spaces creating community opportunities throughout the City.

Fund Description

Naples is defined, among other things, by its beautiful beaches. There are approximately 40 beach access points in the City, beginning at Seagate Drive and continuing south to 33rd Avenue South. With easy beach access, residents and visitors have ample opportunity to enjoy the non-commercial beauty of the Gulf of Mexico.

The purpose of the Naples Beach Fund is to track the costs of operating the City's public beaches and these accesses. The Fund includes five separate divisions, reporting to three different departments.

- Administration This Division handles revenue management, parking meter collections and administrative functions for the fund. This is part of the Finance Department.
- **Fishing Pier** A popular tourist spot, this Division tracks operating costs such as fishing permits and utilities. This is part of the Community Services Department.
- **Maintenance** Each of the 40 beach ends requires regular maintenance and upkeep, from simple trash pickup for the small crossovers, to tree trimming and grass cutting for the larger beach accesses. This is part of the Community Services Department.
- **Lowdermilk Park** A site for family events, weddings and recreation, this Division tracks costs of this beachfront park. This is part of the Community Services Department.
- Enforcement This Division tracks costs of Beach Specialists who monitor parking, assist citizens, respond to complaints and medical emergencies, and enforce City Ordinances. They are part of the City Manager 's Office

With nine miles of pristine white sand Gulf beaches and gentle surf, the City of Naples is a wonderful beach destination. Parking is available at the end of nearly every avenue, making the City beaches the most accessible beaches in the County.

2011-12 Department Accomplishments

- The Beach Patrol Division continued to operate with four daytime Beach Patrol Specialists and one Pier Guard working the 3 to 11 shift.
- Provided two beachfront concession facilities for public use, one at Naples Pier and the other at Lowdermilk Park, offering affordable food and drinks.
- Began a two year replacement program for the current outdated parking meter heads improving accountability and ease of use.
- Responded to hundreds of rescues of birds/animals.
- Requested and obtained increased TDC Funding from the submittal of two grant applications under the Collier County Tourist Development Council's TDC grant program:
 - On-going Beach Maintenance
 - Naples Pier Annualized Repair and Maintenance

Beach Fund (continued)

2012-13 Departmental Goals and Objectives

As part of Vision Goal #1 (Preserve the Town's distinctive character and culture), maintain beaches

- Provide maintenance services through the daily collection and removal of trash or debris
 from Gulf beaches to sustain a pristine appearance along the coast within the City.
- Continue on-going training to keep the entire staff certified in CPR, bird/animal rescue, Crossing Guard safety, etc.

As part of Vision Goal #3A (Maintain and improve public amenities for residents), provide clean, safe and aesthetically pleasing public beach access facilities responsive to resident and visitor needs

- Monitor and ensure beach and waterway amenities are accessible, clean and provide a
 positive experience and image for residents and visitors on a daily basis.
- Coordinate and schedule a standardized preventative maintenance program at all beach access locations conducted by a weekly physical inspection with safety repairs completed within 24 hours of observation and reporting.

As part of Vision Goal #3 (Maintain an extraordinary quality of life for residents), provide beachfront concession facilities for public use at Lowdermilk Park and the Naples Pier

Ensure contracted concession services provide quality products, reasonable, competitive
pricing and exceptional customer service that meets or exceeds anticipated customer
expectations on a daily basis.

2012-13 Significant Budgetary Issues

The budget for the Naples Beach Fund is \$1,938,888, an increase of \$567,900 over the FY 2011-12 budget.

The Naples Beach Fund is projected to have a fund balance of almost \$2 million at the end of FY 12-13. The intent and plan is to have sufficient funds to meet any repair / maintenance costs necessary for the City's major beach feature, the Pier.

Revenues

Revenues in this budget are \$1,604,400.

Residents and property owners of Collier County are eligible for a free parking sticker for the beaches and parks. Without the sticker, cars may park at parking meters, with current rates of \$1.50 per hour. Parking meters provide the primary revenue to this fund at \$740,000. The \$90,000 increase in meter collections is based on increasing the number of paid parking spaces at Lowdermilk Park, expected to occur in January 2013. In addition to the meter revenue, the fund receives fines for parking violations. The typical parking violation is \$32 resulting in estimated revenue of \$265,000.

On October 15, 2008, Collier County Board of County Commissioners agreed to pay the City \$1,000,000 annually for the recreational amenities of the City, including the beaches, because all amenities of the City are available to the County residents. Until FY 2012-13, the \$1,000,000 was divided equally between the General Fund and the Beach Fund. For FY 2012-13, it is recommended that \$400,000 (or \$100,000 less than FY 2011-12) be assigned to the Beach Fund and \$600,000 to the General Fund, to further support recreational activities in the General Fund.

Beach Fund (continued)

Expenditures

Administration (Finance Department)

The budget of the Administration Division is \$317,408. This represents a \$59,633 decrease under the budget of FY 11-12.

Personal Services are budgeted at \$73,149. This includes one position, a Meter Technician, the same as in FY 11-12. Management of the program, including the supervision of the Meter Technician, is performed by the Finance Department in the General Fund.

Operating Expenses are \$244,259 or \$62,416 under the prior year. The primary reason for the decrease is the removal of \$60,000 previously budgeted to upgrade parking meter heads. This program, originally planned for a five year implementation, has evolved away from replacing the current manual meters with new meters, to replacing them with parking pay stations. The Pay station project is shown in the 2012-13 capital line item in Enforcement Division.

The largest expense in Administration is the General Fund Reimbursement, budgeted at \$119,820. Technology Services charge increased by \$4,491. Note that these interfund charges represent support for the entire Beach Fund. Special Events, which represents the cost of the annual July 4 Fireworks Display, is budgeted at \$30,000, and like recent years, there are few offsetting donations.

Fishing Pier

The expenditures at the Fishing Pier are budgeted at \$93,100, a \$12,000 increase over the FY 2011-12 budget. There are no personnel in this division, and the primary expenditures are Operating Expenditures for \$33,100, and Repair and Maintenance, budgeted at \$60,000. Janitorial supplies increased \$12,000 to better reflect the costs related to supplying the restrooms located at the pier. The Pier has offsetting revenue of \$43,000 from the concession contract at the pier.

Beach Maintenance

The budget of the Maintenance Division is \$606,321, a \$74,552 increase over the FY 2011-12 budget.

Personal Services budgeted at \$292,221, is a \$3,409 increase over FY 11-12 and includes 5.8 positions that report to Community Services.

Operating Expenses are budgeted at \$314,100, an increase of \$79,619 over the 2011-12 budget. New this year is a program for \$80,000 to fund beach end paving, which has previously been underfunded. Other major operating expenses are \$65,000 for utilities, \$20,000 for contracted services such as carpentry, electrical or plumbing at beach-ends, and \$80,000 for lumber and other repair supplies. The Beach Fund budgets \$15,000 in "Storm Repair" for minor storm related repairs and disposal of seaweed.

Enforcement

The budget of the Enforcement Division is \$886,559, a \$536,681 increase over the adopted FY 2011-12 budget.

Personal Services is budgeted at \$313,019, a decrease of \$3,322. Beach Specialists are assigned the responsibility of assisting in the enforcement of City ordinances at the beaches, such as parking regulations, boat storage, dress code, and fishing permits. They provide immediate beach response for water rescues, crowd control, wildlife protection and first aid.

Beach Fund (continued)

Operating costs increased by \$3 to \$33,540. For this division, the major operating cost (i.e. non-personnel) is Vehicle Maintenance and Fuel, totaling \$20,440. Other costs include printing for parking tickets and envelopes (\$3,000), supplies (\$4,000), and maintenance for the parking ticket software (\$3,000).

Capital Outlay is budgeted in the amount of \$540,000 for the replacement of the parking meters at beach ends with pay stations where possible, or with upgraded meters where pay stations are not practical.

Lowdermilk Park

Lowdermilk Park is located on the beach near Banyan Boulevard. The revenues earned from the Lowdermilk Concession (estimated at \$23,000) offset 65% of the costs of the Park operations.

The budgeted costs of Lowdermilk Park are \$35,500 and include items such as electricity (\$7,000), operating supplies (\$2,000), contracted maintenance (\$5,000) and janitorial supplies (\$12,000).

Unrestricted Net Assets (With Recommended Minimum Fund Balance)

Mission Statement: To protect public health and the environment by ensuring proper management of solid and hazardous wastes within the City of Naples.

Department Description

The Utilities Department operates in three separate funds: Water & Sewer Fund, Solid Waste Fund, and Equipment Services Fund. Each Fund will be addressed separately. Solid Waste Fund is an Enterprise Fund. Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs of providing the services will be recovered primarily through user charges. The Solid Waste Fund is responsible for providing backdoor residential refuse collection, curbside single stream residential recycling, residential horticultural collection, commercial garbage collection and non-residential (commercial) recycling throughout the City.

2011-12 Department Accomplishments

- Coordinated the design for the construction of a permanent recycling transfer station located on airport property near Enterprise Avenue.
- Successfully satisfied all of the requirements of the Design Review Board (DRB) for the construction of the permanent recycling transfer station.

Solid Waste Goals and Objectives

In accordance with Vision Goal 4 (strengthen the economic health and vitality of the City) enhance and improve productivity within the commercial section:

- Involve drivers in the re-routing of customer stops via onboard GPS systems in order to ensure an efficient collection routing system.
- Conduct on-going survey of commercial customers to ensure compliance with City mandatory non-residential recycling policy
- Replace at least 20 un-repairable dumpsters with plastic dumpsters

In accordance with the Vision Goal 2b (promote community sustainability and environmental conservation); increase participation in residential and non residential recycling and compliance with solid waste management rules and regulations:

- Provide onsite visits with nonresidential recycling customers to encourage and enforce non-residential recycling; provide educational material and training to ensure compliance.
- Distribute "garbage grams" informing and educating homeowners concerning the proper recycling and solid waste procedures
- Relocate the Solid Waste Department and Recycle Transfer site to the Naples Airport Authority property.

2012-13 Significant Budgetary Issues

The budget of the Solid Waste Fund for FY 2012-13 is \$5,822,894. This fund has an adequate fund balance, projected to be approximately \$3.2 million at the beginning of FY 12-13.

Solid Waste Fund (continued)

Revenues

Revenues into the fund total \$6,047,640. There are three main categories of revenue in this fund.

The primary revenue to the fund is the Solid Waste Fees (\$5,410,600) for residential, multi-family and commercial pick-ups, collected via the bi-monthly utility bill. City Code Chapter 32 declares an automatic annual price increase equal to the United States Consumer Product Index (CPI). For annual consistency purposes, the City uses the April CPI-U (All Items), which for April 2012 is 2.3%. This budget does not include the rate increase, because in September 2012, the City Council approved a waiver of the increase for FY12-13.

The City charges for special pick-ups, such as demolition debris. For FY 12-13 the fund is budgeted to collect \$141,740 for special pickups. Proceeds from the sale of recycled material are anticipated in the amount of \$50,000 for FY 12-13 and commercial roll-offs are budgeted at \$400,000

Interest Earnings are budgeted at \$37,300. The sale of surplus property and miscellaneous revenue is budgeted at \$8,000.

Expenditures

There are five separate divisions in the Solid Waste Fund for a total budget of \$5,822,894. There are 25.5 budgeted positions, the same as FY 11-12.

Administration

Administration coordinates the activities of this fund, and includes the fund-wide overhead costs. The Administration budget is \$1,288,466, a decrease of \$17,756 under the FY11-12 budget.

There are three and a half positions budgeted in Administration, the same as FY 11-12. Major costs in this division are General Fund Administrative Charge (\$382,340), Payment in Lieu of Taxes (\$358,440) and Self Insurance (\$124,332).

Residential

The Residential Division is responsible for the collection and disposal of all residential solid waste. The budget is \$1,148,343, which is \$13,052 or 1% less than last year's adopted budget. Personnel Services for the eleven employees in this section is \$620,018, or 3% under the FY 2011-12 adopted budget.

Other major costs include charges for waste taken to the County Landfill (\$240,000), and costs to operate and maintain the solid waste collection vehicles (\$279,200).

Horticultural

The Horticultural Division is an outsourced operation responsible for the collection and disposal of yard waste and horticultural debris. The budget for FY 2012-13 is \$580,000, or \$10,000 less than the adopted FY 2011-12 budget.

Commercial

The Commercial Division is responsible for the collection and disposal of commercial solid waste. The budget is \$2,176,482 which is \$14,175 less than the FY 11-12 adopted budget.

The Commercial Division has 5 employees. Personal Services costs are \$362,327 or \$10,995 less than FY 11-12.

Solid Waste Fund (continued)

The largest cost in the Commercial Division is the County Landfill, at \$1,100,000. Other major expenses include: \$250,000 for the hauling of roll off containers, \$330,305 for fuel and maintenance of the solid waste commercial vehicles, \$32,000 for compactor dumpster rentals, and \$85,000 to replace dumpsters and 96-gallon carts for the commercial cart route.

Recycling

On October 1, 2010, a single stream recycling program was implemented. Single family residential customers have been provided with 65-gallon carts into which all recycling material may be placed. This comingled method has increased recycling participation and has reduced residential garbage from entering the Collier County landfill.

For the FY 12-13 budget, the total budget is \$459,603, a decrease of \$6,145 under the FY 11-12 budget.

There are six employees in this Division, the same as FY 11-12. Operating Expenses total \$102,195 with the largest cost being Equipment Services (Repairs and Fuel) for \$75,720.

Capital Outlay

Total Capital budgeted in the Solid Waste Fund is \$170,000. The Solid Waste Fund will use \$75,000 to rebuild refuse trucks, \$75,000 to rebuild recycling trucks and \$20,000 for a replacement administrative vehicle. The rebuilding of the solid waste vehicles is a successful program now in its third year of extending the life of the heavy equipment used.

BUDGETED CASH FLOW		\$178,228
Projected Unrestricted Net Assets as of Septer	mber 30, 2013	\$591,419

Trend-Unrestricted Net Assets

Mission Statement:

The Naples City Dock aims to provide residents and visiting boaters with exceptional facilities and a high level of customer service at a reasonable cost. The Naples City Dock also seeks to:

- Act as ambassador for the City of Naples by promoting tourism and local business patronage.
- Promote Clean Marina practices.
- Maintain an environment that upholds integrity, credibility, quality service and responsible plans for the future.

Department Description

The Naples City Dock is located on the Naples Bay end of 12th Avenue South. Situated at Marker 35, the Dock monitors VHF Channel 16. Water depth is up to 17 feet at the dock itself, and the channel is generally six to seven feet. Reservations are recommended for transient vessels, both for slip rental and mooring balls. Restroom facilities with showers are available, as is fuel (ethanol free gasoline and diesel), laundries, bait, ice and a Dock Masters office. A ship's store is located at the land side of the dock in Crayton Cove along with restaurants, shops and a trolley service.

2011-12 Department Accomplishments

- Continued the successful market plan, resulting in an increase to unrestricted asset net assets.
- Expanded web information to the Crayton Cove website.
- Increased income from fuel sales by 21%.

2012-13 Department Goals and Objectives

As part of Vision Goal #1 preserve the Town's distinctive character and culture.

- Act as Ambassadors and provide information and direction for the boating community.
- Continue implementing the City Dock business plan to maintain a high level of occupancy.
- Maintain a marketing program with the Crayton Cove Association.
- Promote the City Dock as the "go to" marina for all boaters.

As part of Vision Goal #2 Make Naples the green jewel of Southwest Florida.

- Continue to fly the flag of the DEP Clean Marina Program.
- Work with DEP Inspectors to encourage other marinas to become clean marinas.
- Act as a leader in educating the public on environmental issues.
- Work with our Natural Resources Division to establish on-going bay clean-up procedures.
- Maintain a partnership with law enforcement and fire patrol.

Dock Fund (continued)

2012-13 Significant Budgetary Issues

The City Dock Fund budget is \$1,258,372, a decrease of \$28,721 from the adopted FY 2011-12 budget.

Revenue

The 2011-12 season showed an increase in boater activity at the Naples City Dock. As the economy has improved slightly, so has the revenue to the dock. The revenue and use of the dock has not approached the 2006-07 levels, and has been budgeted conservatively.

Total revenue budgeted for FY 12-13 is \$1,436,600, a slight decrease of \$8,400 because fuel sales are budgeted conservatively. Most revenues are expected to be consistent with the 2011-12 budget and projections.

Expenses

There are 3.6 positions, the same as FY 11-12. Personnel costs of \$192,236 include the salaries and benefits for an Assistant Dockmaster, four part-time employees, plus 60% of the Code & Harbor Manager.

Operating expenses are \$1,066,136, an increase of \$23,425. Fuel costs represent 60% of this budget and are expected to remain consistent for FY 12-13. As shown below, the fuel sales have not recovered to the 2006-07 levels.

Actual	2006	2007	2008	2009	2010	2011
Fuel	998,861	1,098,645	973,770	408,015	532,962	685,595
Expense						

There are no capital outlay requests in this fund. However, it is anticipated that the Fund's reserves will be needed in FY14-15 to rebuild portions of the dock.

Projected Unrestricted Net Assets as of September	\$6,167,390	

Unrestricted Net Assets

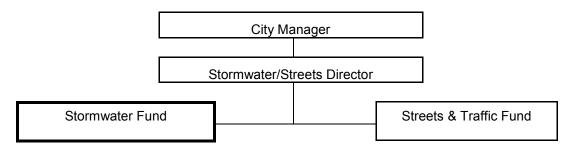

Mission Statement: The mission of the Stormwater Division is to protect people and property against flood by maintaining and improving the public stormwater management system, while protecting and restoring ecological systems that work naturally to improve water quality, the environment and quality of life for residents and visitors.

Department Description

The Streets and Stormwater Department operates in two funds: Streets & Traffic Fund and Stormwater Fund. These functions are combined under one Director, yet operate out of separate funds due to their separate funding sources. The Stormwater Fund operates as an Enterprise Fund, which is used to account for operations that are financed and operated in a manner similar to private business. The Stormwater Fund is responsible for maintaining and improving the stormwater management system which includes storm drainage, flood protection, ecological systems, and water quality infrastructure and programs.

A significant enhancement to the Department in FY 12-13 is the integration of the Natural Resources Division. This Division maintains the expertise necessary to evaluate, monitor and restore ecological systems within our environment that are crucial to improving stormwater quality and restoring Naples Bay, Moorings Bay and the Gulf of Mexico.

2011-12 Department Accomplishments

- Constructed stormwater improvements in Basin III along 8th Street South between 5th Avenue South and Broad Avenue South.
- Constructed stormwater improvements in Basin V along Diana Ave. and Royal Palm Dr.
- Completed \$600,000 worth of stormwater system repairs and improvements citywide.
- Permitted an exploratory ASR well at the Cove Pump Station.
- Processed six stormwater utility fee credit applications and twenty-five multi family impervious option applications for property owners.
- Started to study and analyze management options for stormwater outfalls on the beach.
- Developed a comprehensive Stormwater Lakes Management Plan that identifies groups of lakes and management projects that are aimed at improving overall lake conditions and the water quality that is eventually discharged into receiving water bodies.
- Successfully decoupled beach outfalls from the County's FDEP's Beach Nourishment Permit.

Stormwater Fund (continued)

2012-13 Departmental Goals and Objectives

The City's 10 Year Stormwater Master Plan guides the development of the 5-Year Capital Improvement Plan. The overall objective is the design/permitting/construction of major improvements in drainage basins throughout the City, thereby improving levels of service and water quality initiatives.

To comply with the **City of Naples Vision Plan:** the Stormwater fund has several capital projects that strive to achieve the following:

As part of Vision Goal 2(a) Restore Naples Bay, protect beaches and other key waters:

- Restore Naples Bay and other receiving waters.
- Improve flood protection and enhance water quality treatment.

As part of Vision Goal 3(a) (Maintain and improve public amenities for residents) and Vision Goal 3(b) (Promote community health), improve stormwater conveyance system (swales, gutters, pipes, etc.) and reduce localized flooding.

- Continue the citywide swale restoration program.
- Repair and replace cracked, leaking, undersized piping.
- Continue to strengthen the City's leadership role in environmental protection and regional/community sustainability.
- Identify and evaluate potential alternatives regarding the drainage system in Basin II that depends heavily on beach outfalls.

As part of Vision Goal 4 (Strengthen the economic health and vitality of the City), enhance the stormwater management system.

- Evaluate Stormwater ASR Technology within Basin III.
- Enhance Street Sweeping Operations to provide additional debris recovery around stormwater lakes.
- Clean out drainage inlets, pipes and manholes citywide.
- Improve the operational efficiency of the Public Works and Lantern Lane Pump Stations.

As part of Vision Goal 3d (Maintain and enhance public safety).

- Continue with Public Outreach/Education Program.
- Continue to monitor water quality throughout the stormwater management system in order to gauge impacts of Division projects and programs.
- Replace undersized, non-functional drain inlets and manholes.
- Install flap gates and other backflow preventers to minimize tidal backflows into the storm sewer system.
- Install aerators, fountains and/or other mechanisms that improve water quality in lakes prior to discharge.

2012-13 Significant Budgetary Issues

The budget of the Stormwater Fund for FY 2012-13 is \$5,421,804, an increase of \$1,136,543 over the FY 11-12 budget. There are two main contributing factors for this increase.

- The Natural Resources Division, with a budget of \$381,111, has been moved to the Stormwater Fund from the General Fund; and
- Capital outlay includes a \$2.1 million stormwater ASR well system, causing an increase of \$605,014 over the FY 11-12 Capital Outlay category.

Stormwater Fund (continued)

Revenues

Revenues into the fund total \$4,690,250. The primary revenue to the fund is the Stormwater fee, collected via the bi-monthly utility bill.

In 2007, City Council approved stormwater utility rates based on an in-depth rate study conducted by a consultant. City Code provides for the rate to be adjusted annually automatically for the April Consumer Price Index which was an increase of 2.3%. Rates will be increased from the current Average Residential Unit rate of \$12.39 to \$12.67.

The City continues to administer the utility fee credit opportunity for properties having a certified stormwater management system that detains or retains stormwater, as well as a newly implemented multi-family option. Issuing these credits reduces the available billable units and the corresponding revenue in this fund.

This fund has received numerous grants in the past and anticipates receiving additional grants from various agencies in the future due to the importance of the City's watersheds to the overall health of the state's waterways. However, grants have not been included in this budget. Because most of the available grants are high dollar amounts that risk overstating the budget, it has become more prudent to budget them when actually awarded. The City's budget ordinance states, "Grants accepted by City Council are considered to be a budget amendment".

Interest earnings of \$40,000 are projected based on an interest rate of .6%.

The Department's projected September 30, 2012 fund balance is \$6,898,944. The fund balance can be attributed to the following:

- The success of acquiring grants that were used to offset project costs;
- The need to cover major anticipated expenditures in future years;
- The need to cover major unanticipated expenditures in cases of emergency.

Expenditures

Personal Services cost is \$905,249, an increase of \$384,846 which is primarily due to the integration of the Natural Resources division and the reallocation of staff time (and expense) from Streets & Traffic to Stormwater assignments. There are 10.4 positions budgeted for FY 12-13.

Operating expenditures total \$721,246, an increase of \$146,668 over the FY 2011-12 budget, again, primarily due to the addition of the Natural Resources division to this fund.

The largest of the expenses in this fund are listed below:

City Administration (General Fund Reimbursement)	\$201,300
Professional Services/Lake and Stormwater Testing	115,000
Road Repairs	50,000
Fuel and Equipment Repair	67,140
County Landfill (for disposal of street sweeping)	30,000

Non-Operating Expenditures total \$3,795,309. This includes debt service (principal and interest) in the amount of \$270,309 related to several State Revolving Loans, and capital costs of \$3,525,000.

The detail of the \$3.5 million in capital improvements is listed on the page that follows the lineitem budget. Of the items in the FY 2012-13 Capital Improvement Program, none are expected to have an impact on the operating expenditures of this fund, as they are either maintenance or enhancements to current infrastructure.

Stormwater Fund (continued)

2012-13 Performance Measures and Benchmarking

The following benchmarks compare the City of Naples performance to cities with similar functions for the previous year.

Benchmark Description	Naples	Delray	Ft.	Winter Park
		Beach	Lauderdale	
# of Field Personnel	6	5	21	16
Stormwater Revenue	\$4.2 M	\$2.3 M	\$5 M	\$3.2 M

BUDGETED CASH FLOW		(\$44,851)
Projected Unrestricted Net Assets as of Septemb	er 30, 2013	\$202,136

This balance includes the amount contributed by Mr. Arthur Allen for the Tennis Fund Debt

Mission Statement:

The mission of the Tennis Fund is to provide residents and guests of Naples exceptional tennis programs and facilities in a cost effective, efficient and professional manner and to provide the citizens, employees, and contractors with professional customer service.

Fund Description

The Tennis Fund is an enterprise fund established to track the revenues and expenses of the **Arthur L. Allen Tennis Center**. The facility includes twelve, state-of-the-art, fully lighted hydro-grid courts and a pro shop with elevated viewing area, which allows views of Cambier Park and the playground. Chickee shade structures with cold-water fountains are located between each court. The full service center is professionally staffed with programs for novice through advanced players and junior through senior players.

Today, the programming at the Arthur L. Allen Tennis Center meets the growing needs of the greater Naples community. It has been noted as one of the most dynamic and beautiful public tennis facilities in the country.

2011-12 Department Accomplishments

- The Arthur L. Allen Tennis Center hosted the 43rd Annual Tennis Tournament, the largest tournament in the county.
- The summer tennis program continued to grow in numbers as the Tennis Plus camp averaged 15 campers per week during the ten weeks of summer vacation.

2012-13 Departmental Goals and Objectives

As part of Vision Goal #5 (maintain and enhance governance capacity for public service and leadership), provide quality recreation, cultural and athletic programs, activities and events

- Conduct quarterly surveys of local tennis facilities to identify market competitiveness and assist in establishing facility membership fees.
- Identify new member incentive programs on a quarterly basis that may increase annual program level of lessons, clinics and tournaments to supplement membership revenue.
- Research local market, national program trends and perform informal survey of members on a quarterly basis to determine options for increasing non-peak time court use.
- Schedule one additional USTA sanctioned event or tournament prior to August 31, 2013.

Significant Budgetary Issues

The Tennis Fund, although tracked as an enterprise fund, is not fully self-supporting. This is because there is a public purpose that the tennis facility provides, beyond the services to the membership.

The City's General Fund provides a subsidy to the Tennis Fund, related to the common events and use of the facility. Approximately 30% of the time, the facility is used for tournaments and public events, and is not solely available to the members for their pleasure. To that end, a General Fund payment to the fund, in the amount of \$47,500 is provided. This was determined as follows.

Tennis Fund

Community Services Department (continued)

Budgeted expenses	\$517,801	
Debt	63,652	Committed to be paid by membership/donations
Net Budget	\$454,149	
30%	136,245	Amount attributed to public purpose
Revenue from tourneys	(88,745)	This is received during public purpose events
Due from General Fund	\$47.500	

The fund is using a portion of its reserves (\$44,851) to balance for FY12-13. This is a planned use, related to a generous donation. For five years, from 2006-2010, Mr. Arthur Allen provided the City \$100,000 annually to assist with the debt service of the fund. While the debt service payment was approximately \$66,000 annually, the remainder was reserved to enable the fund to pay the debt that extended past Mr. Allen's donation. Of the current \$315,896 in fund balance, approximately \$132,000 was reserved from Mr. Allen's donation. Therefore, these reserves are to be used for this purpose until 2016, sustaining the Tennis Fund until the debt is finally paid in full, and keeping the intent of Mr. Allen's donation. When the last payment is made, the fund should operate without a deficit.

The chart below represents an estimate of the next four years of the fund balance in this fund. The use of fund balance concludes at the expiration of the Debt Service requirement in FY 15-16.

	Estimated					
	2012-13	2013-14	2014-15	2015-16		
9/30 Fund Balance	246,987	202,136	165,892	138,456		
Estimated Revenues	472,950	484,800	496,900	509,300		
Estimated Expenditures						
Budgeted Costs	454,149	458,700	463,300	467,900		
Debt Service *	63,652	62,344	61,036	15,055		
Total Expenditures	517,801	521,044	524,336	482,955		
Increase/(Use)	(44,851)	(36,244)	(27,436)	26,345		

Revenue

The primary recurring revenue to the fund is the Membership fee, budgeted at \$120,000 for FY 2012-13. The FY 2012-13 resident Adult Membership fee is \$350 per year, and non-city resident membership fee is \$465. The Junior Membership fee is \$15 for a resident and \$20 for a non-resident. There is an Executive Membership fee of \$199 for residents and \$299 for non-residents. A 6% tax is charged on these rates.

The last rate increase occurred in February 2007 when the City required the member to pay the 6% sales tax, while leaving the rates the same. Until then, the sales tax was considered to be included in the fee. Prior to that, the last full increase occurred in October 2000, which brought the base fees to their current level.

In addition to membership revenue, the fund charges for daily play, lessons, league fees, clinics, and tournaments. There is also \$24,000 expected from the resale of merchandise, which includes racquets, shirts, towels and vending items, and \$9,000 for racquet restrings. Other minor revenues include interest income, ball machine rentals and League fees. The Sponsorship revenue includes tournament sponsorships of \$23,000.

As explained previously, the General Fund is providing \$47,500 for the general-purpose use of the facility.

Tennis Fund

Community Services Department (continued)

Expenditures

Expenditures of the fund are \$517,801, \$45,370 less than the adopted FY 2011-12 budget. The decrease is the result of there being no capital requests in FY 12-13.

Personal Services total \$207,993, a \$4,661 decrease under FY 11-12. It includes 4.0 full-time equivalent positions, the same as budgeted in FY 2011-12. This represents two full-time positions, and four part-time positions.

Operating Expenses total \$246,156, which is a \$5,599 increase from the FY 11-12 budget. The major cost is \$120,000 for Professional Services for instructors and officials. Included in Operating Expenses are the Transfer to the General Fund (\$39,550) for administrative costs, and the Transfer to Self Insurance (\$14,392) for the Tennis Fund's share of City insurance coverage.

Other major costs of this fund are Resale Supplies at \$20,000 and tournament costs for \$25,000. The remaining costs in this budget are primarily related to the facility operation and maintenance.

There are no capital requests in this fund. The budget includes the payment for debt service and interest totaling \$63,652, related to a 2001 renovation to the Tennis Center. The debt was refinanced in 2010 due to lower interest rates, and final payment will be made in FY 15-16.

Performance Measures and Benchmarks

Benchmarking compares the City of Naples to other similarly situated agencies. For the Tennis Center, there are very few similar agencies, and therefore, the following provides rate comparisons for a variety of agencies.

	Collier County Pelican Bay	City of Marco Island	Naples Bath and Tennis	City of Naples Cambier Park
Annual Adult Fee	\$401	\$330	Closed	\$350 + Tax
Couples Fee	\$701	N/A	Closed	N/A
	Naples YMCA	Sunrise Tennis Club	Long Boat Key Tennis Center	Ft. Myers Racquet Club
Annual Adult Fee	\$60 per month	\$240	\$550	\$330
Couples Fee	\$960	\$345	\$750	\$560

	Actual 2009-10	Actual 2010-11	Actual 2011-12	Projected 2012-13
Number of Adult Memberships City/County	280/50	260/40	275/35	275/35
Number of Youth Memberships City/County	120/20	90/15	80/10	80/10

Risk Management Fund

Human Resources Department (Fund 500)

Mission Statement:

To identify, analyze and manage the City's risk and exposure to loss related to the activities of the City, its departments and employees.

Department Description

The Risk Management Fund is an internal service type fund, part of the Human Resources Department, designed to coordinate the expenses related to the general liability of the City.

2011-12 Department Accomplishments

- Recovered \$53,353 for City property damage caused by third parties during FY 10-11.
- Recovered \$56,906 for City property damage caused by third parties for FY 11-12 (as of May 1, 2012).

2012-13 Departmental Goals and Objectives

As part of Vision Goal #4 (Strengthen the economic health and vitality of the City),

- Perform annual actuarial review of plan to ensure the Risk Fund is fiscally sound and compliant with State and Federal regulations
- Adjust plan options and pricing to ensure a fiscally sound program.

2012-13 Significant Budgetary Issues

The budget for the Risk Management Fund is \$3,292,140, a \$142,597 or 4.5% increase over the FY 2011-12 budget.

Unrestricted net assets are projected to be \$2,084,384 at the end of the current year. In addition to this amount, the fund has \$1.982 million in restricted reserves for future claims. These amounts, combined, exceed the actuarial recommended requirement; therefore, this budget assumes the use of \$150,000 of fund balance for FY 12-13.

Revenues

The primary source of revenue for this internal service fund is the charge to each fund (\$3,272,140) for insurance and risk management. These charges are based on a four-year analysis of loss experience (claims) and risk exposure (number of vehicles, number of employees, and risk related ratings). The budget amount will be charged to each fund during the course of the fiscal year.

Expenditures

Personal Services

Personal Services are budgeted at \$124,666, a decrease of \$2,058 from the FY 11-12 adopted budget.

Operating Expenses

Operating costs for the Risk Management Fund are \$3,167,474, a \$144,655 increase over the FY 2011-12 budget. There are two components of the operating costs of this fund.

Risk Management Fund

Human Resources Department (continued)

The first component includes costs to support the staff member for the management of the risk program. In addition to the salary, these costs are training materials, telephones, and supplies. These costs make up only a minor portion of this budget.

The second component is approximately 94% of the expenses of the fund, and represents the cost of the insurance program, including excess insurance and professional services.

Professional Services and Insurance related costs (such as claim funding) represent the bulk of the expenditures in this fund.

Professional Services

Brokerage Service Fee	\$65,000	Actuarial Analyses	\$2,750
Third Party Administrator	\$60,000	Appraisals	\$2,500

Brokerage service fees are paid to the City's insurance broker for assisting the City in securing insurance quotes for excess insurances and ancillary lines of insurance coverage. This is a fixed cost and includes services related to development of underwriting data, consulting, marketing, and customer service.

Insurances and Claims funding

Workers Comp – State Assessment	\$21,000
Workers Comp – Current Year Claims	\$814,200
General Liability	\$702,834
Auto and Collision	\$334,114
Property Damage	\$1,036,460
Unemployment	\$45,000

The most significant changes over FY 11-12 were in claims funding for both General Liability, with an increase \$148,550 and Auto Collision, with an increase of \$63,734. The budget for unemployment claims decreased by \$30,000, as fewer claims are expected. The higher than normal prior year costs were related to position layoffs.

Employee Benefits Fund

Human Resources Department (Fund 510)

Mission Statement:

To ensure City resources are effectively used to serve its employees, retirees and eligible dependents. The Employee Benefits Fund strives to design a plan that offers comprehensive benefits at a cost that is competitive to most private plans. The philosophy is to provide quality healthcare services in a cost-effective manner, and to offer innovative, cutting edge benefits and a wellness program.

Department Description

The Employee Benefits Fund is an internal service type fund under the management of the Human Resources Department, designed to coordinate the expenses related to the major employee benefits. The Employee Benefits Fund includes the following insurances:

Health Insurance The City is self insured for health insurance.

Dental Insurance
 Life Insurance
 Vision Insurance
 Long Term Disability
 The City contracts for this service.
 The City contracts for this service.
 The City contracts for this service.

2011-12 Department Accomplishments

- Completed a Dependent Verification Audit that resulted in annual premium savings of \$62,282 and the elimination of 13 ineligible dependents from the health plan.
- Eliminated the Point of Service health plan.

2012-13 Goals and Objectives

As part of Vision Goal 4 (Strengthen the economic health and vitality of the City) ensure the employee health benefits plan is fiscally sound and compliant with State and Federal regulations

- Perform annual actuarial analysis of health benefit fund to determine appropriate premium rate valuations and claim funding levels
- Prepare annual GASB 43 and 45 valuation

As part of Vision Goal 4 (Strengthen the economic health and vitality of the City) by educating employees to be better consumers of health care benefits which will reduce plan costs and out of pocket expenses

- Promote utilization of on-line resources available through <u>www.mycigna.com</u>
- Provide monthly communications regarding in-network services and providers
- Develop and implement wellness and fitness initiatives and incentives

2012-13 Significant Budgetary Issues

During 2011-12, the City of Naples maintained two health insurance plans. The original plan is called the Point of Service (POS) Plan, and the newer plan is called the Consumer Driven Health Plan, or CDHP. Both plans will be maintained for FY12-13, with the POS Plan closed to all except the employees of the IAFF union.

A desirable fund balance in the Employee Benefits fund is between \$750,000 and \$1,500,000, and the fund balance remains on the low end of that scale.

Employee Benefits Fund

Human Resources Department (continued)

Revenues

The budgeted revenues to this fund total \$6,109,096. There are two primary sources of revenues to the Employee Benefits Fund.

- City (Employer) contributions to employee benefits, and
- Employee (or former employee) contributions toward benefits

Employer (City) Contributions are budgeted from the Personal Services section of each department. The contributions are as follows:

Health	\$4,135,126
Life	\$200,435
Long-Term Disability	\$95,131
Dental	<u>\$155,778</u>
Total City Contributions	\$4,586,470

Employee (or former employee) contributions are deducted from an employee's pay or are billed.

Health	\$694,841
Health/Retiree/Cobra	\$326,000
Life Insurance	\$72,682
Flex Benefits	\$191,000
Vision	\$30,281
Dependent Care	\$4,400
Dental	<u>\$198,172</u>
Total Employee Contributions	\$1,517,376

In addition to premiums, there is \$5,250 budgeted in interest earnings.

Historically, COBRA and retirees' premium rate changes are made effective October 1, which is consistent with the actual insurance plan year. Prior to any rate change, the City performs an actuarial analysis of their actual costs to ensure legal compliance.

This budget assumes no increase in premium rates, and assumes the implementation of a deductible reduction opportunity for employees who achieve certain health criteria.

Expenditures

This fund includes expenditures for the self-insured health insurance program and the costs of the purchased insurance programs. Expenditures are \$6,109,096, \$51,482 less than the budget of FY 2011-12.

Current contracts for the following services and lines of insurance coverage are in place:

- ✓ Third Party Administrator for Self Insured Health Claims
- ✓ Health Insurance Stop Loss Coverage
- ✓ Prescription Insurance for Self Insured Health Plan
- ✓ Dental Insurance
- √ Vision Insurance
- ✓ Basic Life
- ✓ Supplemental Life Insurance
- ✓ Long Term Disability Insurance
- ✓ Accidental Death & Disability (AD&D) Insurance

Employee Benefits Fund

Human Resources Department (continued)

Health Claims expenses, the largest expense in this fund, are budgeted at \$2.8 million. Prescription Claims are budgeted at \$600,000. Budgeted costs are determined through annual actuarial studies.

For a complete understanding of the benefits provided to City employees, please see the union contracts and employee manuals, or contact the Human Resource Department.

Other expenditures of the fund are the City Administration cost of \$114,920, the Employee Funded Flex Benefit (\$191,000), and the Health/Fitness Reimbursement (\$19,680).

Trends - Unrestricted Net Assets (With Minimum Recommended Fund Balance shown)

Mission Statement:

The mission of the Technology Services Department is to provide leadership and guidance to staff in the appropriate application of technology, and to provide an efficient and reliable infrastructure for voice and data communication to enable City officials, staff and employees to deliver the highest level of service to the citizens of Naples.

Fund Description

The Technology Fund is an internal service fund that provides all technological services to the City. The Fund consists of three operating divisions and their functions are:

Application Services

This Division is responsible for the iSeries midrange system and its corresponding software, including the SungardPS software, which runs the accounting, budget, payroll, purchasing, customer billing and permitting programs. Application Services is also responsible for eGovernment applications, time keeping software, the development of custom databases and the custom reporting of data (MIS).

Network Services

This Division is responsible for the selection, installation and maintenance of personal computers, software, networks and the website, as well as addressing any other technological need of the City, including the City's TV broadcast and telephone systems.

GIS

Geographic Information Systems is responsible for maintaining the City's spatial information and preparing and presenting maps and map-related data. GIS serves primarily internal clients while coordinating data with Collier County and the Property Appraiser's Office.

2011-12 Department Accomplishments

- Provided classroom and online resources for on-going training for City staff.
- Developed multiple applications to assist departments in report generation/data extraction.
- Coordinated access to criminal data statewide with Florida Department of Law Enforcement (FDLE) and installed and configured a portable fingerprint identification system for police officers.
- Created an Internet application to allow police and citizens to view crime incidents and generate reports.
- Coordinated efforts with the Utilities Department to define workflow and collect above ground features for potable, reuse and sewer systems datasets.

2012-13 Departmental Goals and Objectives

Application Services: As part of Vision Goal 3 (Maintain an extraordinary quality of life for residents), deliver highest quality data management services through advancements in software and support.

- Lead the implementation of the Enterprise Resource Planning system.
- Reevaluate existing custom applications to determine their role with ERP software.
- Assist the Building and Zoning Department with the implementation of a replacement document imaging system.

Technology Services Fund

Technology Services Department (continued)

Network Services: As part of Vision Goal 3 (Maintain an extraordinary quality of life for residents), deliver highest quality data management services through advancements in software, support, and training.

- Upgrade and replace network attached equipment for better performance and reliability, including servers, workstations, printers and networking equipment.
- Specify and install the best of class hardware for the Enterprise Resource Planning Software and assist with phase one of the implementation.
- Further consolidate data and application systems to reduce power consumption and increase operational efficiency (virtualization).
- Assist Planning in addressing the department's needs for electronic submittal of plans and documents.
- Provide classroom and online resources for on-going training for City staff.

Geographic Information Systems (GIS):

As part of Vision Goal 3 (Maintain an extraordinary quality of life for residents), improve Access to Spatial Information through Map Production and Application Development

- Install and implement ArcSDE & ArcGIS 10.1. Migrate all data and apps.
- Install and implement ArcGIS Tracking Server 10.1.
- Continue development of in-house GPS data collection projects and expand on field staff training.

As part of Vision Goal 5 (Maintain and enhance governance capacity for public service and leadership), assist departments with effective methods for data development and maintenance

- Work with vendor to identify additional areas within the City requiring GIS easement data.
 Create GIS data for identified areas.
- Install and implement ARM 360 software for disaster recovery.
- Work with City staff to collect, update and maintain City assets in a spatial database. Data collection projects for the year are utility asset collection and tree/park asset data collection.

2012-13 Significant Budgetary Issues

The budget for the Technology Services Fund is \$2,289,082, a \$372,675 increase over the adopted FY 2011-12 budget. The primary reason for the increase is that capital budgeted in this fund, shown in the chart below at \$591,000, is significantly higher than in FY11-12. An update to the Microsoft Office Suite and a city-wide Automatic Vehicle Location Equipment program are the primary new additions.

PC Replacement Program (80)	80,000
Server Replacement Program (5-6)	45,000
Police & Fire Notebook	
Replacements	90,000
MS Office Professional Plus	118,000
Storage Area Network	60,000
Automatic Vehicle Location	
Equipment	148,000
Camera Equipment	50,000

In addition to these projects, the Technology Services department will be leading and managing the implementation of the city-wide enterprise resource software update. In August 2012, Tyler

Technology Services Fund

Technology Services Department (continued)

Technologies was selected as the software system to replace the legacy software that manages most of the city's data.

Revenues

The primary revenue sources for this Internal Service Fund are the charges to each fund for services. Charges to users are calculated using a formula based on the number of personal computers, service calls, users and transactions.

At the end of 2012, unrestricted net assets are estimated to be \$598,439 or 27% of the operating budget, which is higher than the minimum fund balance of \$267,600 recommended by policy. Therefore, the 2012-13 budget recommends the use of \$150,000 in fund balance, leaving a fund balance that is still within the parameters of the policy.

Expenditures

Application Services

The Application Services Division's budget is \$327,475, a 1% increase from the adopted budget of FY 2011-12. There are two employees in the Application Services Division.

The major expenditures in this division are the Software Maintenance Agreements, budgeted at \$108,355. This includes \$72,165 in SungardPS support agreements, slightly lower than FY 11-12. Line Item 31-01, Professional Services, includes \$6,350 for the Disaster Recovery software program and \$5,000 for consulting and programming in the conversion. The maintenance costs for the new enterprise resource software will be budgeted and expended in FY13-14.

Network Services

The Network Services budget is \$1,801,021 or \$420,536 more than the adopted FY 2011-12 budget. Personal Services cost a total of \$678,717 or \$17,961 under FY 11-12. The decrease is primarily due to the reduction in required retirement contributions.

Operating expenses total \$531,304, an increase of \$4,017. Major expenditures include software maintenance agreements for \$200,839 (such as the public safety software VisionAir at \$84,349 and the new Microsoft software assurance program for \$34,000), Building Rental, which is \$48,450 less than FY 11-12, due to the rate change to market value of \$12 per square foot, and City Administration, budgeted at \$111,160. The TV-Video Production line-item (\$23,990) includes tapes, maintenance of the streaming video software, royalty free music, parts and equipment repair.

Capital projects in the Network Division total \$591,000 and are listed later in this section, with additional details available in the Capital Improvement Program.

Geographic Information Systems (GIS)

The GIS budget is \$160,586, a \$51,685 decrease from the adopted FY 2011-12 budget, primarily because no capital is budgeted in FY12-13. There is one position in this division, with personal services costs of \$109,597. Operating Expenses are \$50,989, with major costs of \$25,500 for software maintenance and \$7,615 for professional services for the GIS system upgrade.

Equipment Services Fund

Utilities Department (Fund 530)

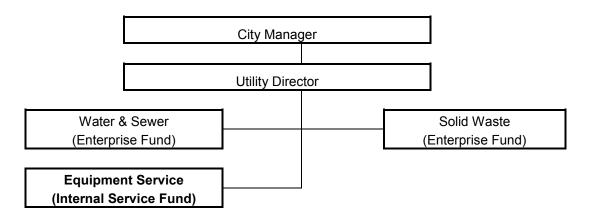

Mission Statement:

The mission of Equipment Services is to provide vehicles, equipment and fuel services to employees and departments of the City of Naples, thus enabling employees to perform the necessary functions of the City.

Department Description

The Utilities Department operates in three separate funds: Water & Sewer Fund, Solid Waste Fund, and Equipment Services Fund. Equipment Services is an Internal Service Fund, responsible for the maintenance and replacement of all City rolling stock, including Police and Fire apparatus.

Equipment Services is focused on providing service and maintenance reliability to the City fleet. Improved preventative maintenance programs are sought on a continuous basis to assure service reliability to the City fleet.

2011-12 Department Accomplishments

- Reviewed and made recommendations for alternative fueled vehicles for the Solid Waste satellite garbage collection units. Staff performed a cost benefit analysis with electric vehicles and determined electric vehicles are not cost effective at this time.
- Increased vehicle availability from 96 to 97%.
- Provided assistance and recommendations for the implementation of a GPS tracking and monitoring system for the City's fleet.
- Received Honorable Mention for The 100 Best Fleets in North America for 2012.
- Participated in the Collier County Compressed Natural Gas (CNG) Fleet Feasibility Study group that includes, City of Naples, Collier County fleet, Collier County School Board, Collier County Sheriff and Waste Management.
- Continued to reduce tire repair services by performing in-house services at an estimated annual savings of \$30,000.

Equipment Services Fund (continued)

- Recommended and implemented vehicle size reductions in an effort to produce fuel savings and reduce maintenance and repair costs. Examples include:
 - 1. Building Department Transitioned from 2 full-size pick-up trucks to Ford Escapes
 - 2. Utilities Transitioned from 1 large \(^3\)4 ton pick-up truck to a Ford Transit van
 - 3. PESD Transitioned from 1 Ford Taurus (mid-size) to a Ford Fusion (small/compact)

2012-13 Departmental Goals and Objectives

In accordance with Vision Plan Item 4 (strengthen the economic health and vitality of the City) continue and strengthen the City's leadership role in environmental protection and regional/community sustainability:

- Review preventative maintenance schedules for City Fleet vehicles in an effort to seek alternatives for maximizing vehicle life expectancy by reducing costs and enhancing efficiencies.
- Use of Recapped (recycled) small truck tires.
- Run a pilot program to monitor tire pressures on heavy truck tires in an effort to reduce wear and tire failures.
- Annually review City fleet requirements to ensure optimum efficiencies and low costs.
 Specifically make recommendations to consolidate equipment, actively play a role in vehicle replacements, and determine surplus equipment.

In accordance with Vision Plan Item 5 (maintain and enhance governance capacity for public service and leadership), recruit, develop, and retain a highly competent staff through such activities as attendance at workshops, seminars, and conferences.

- Provide monthly reports identifying productivity of mechanics.
- Send two automotive technicians to receive Emergency Vehicle Technician (EVT) training to maintain certifications for maintaining City owned emergency vehicles.

2012-13 Significant Budgetary Issues

The budget for the Equipment Services Fund is \$2,456,633, a \$22,408 decrease from the FY 11-12 budget.

Revenues

Funding for the Equipment Services Fund is provided by each user department in the City. Equipment Services invoices each department monthly for products and services provided. The revenue budget consists of two parts: fuel and maintenance; both are budgeted based on a multi-year historic trend.

The fuel revenue is based on each user's prior years' volume, multiplied by an assumed cost of fuel. The budgeted cost of fuel is based on the current price of fuel at the time the budget is prepared plus 10%. Fuel prices in this budget are estimated at \$3.94/gallon for unleaded and \$4.02/gallon for diesel, with the expected use of 164,000 and 96,000 gallons respectively. Actual charges for the year are tracked using a computerized fuel card system, which tracks car, driver, mileage and usage. Equipment Services provides fuel to the Collier County Emergency Management Department for a fee. Collier County's EMS will reimburse this fund an estimated \$138,700 in FY 2012-13.

The budget for maintenance revenue is based on each user's prior years' actual use of labor and materials, and then manually adjusted for any anomalies such as major equipment failure, equipment changes or storm damages. On a monthly basis, maintenance charges are billed to the user department, based on a combined labor and parts charge, similar to a commercial mechanic shop.

Equipment Services Fund (continued)

Expenditures

Personal Services

This fund has eight full-time employees and one part-time position.

Operating Costs

Operating expenditures of this fund total \$1,795,877 which is 1% or \$23,120 less than FY 11-12. Several items contributed to this decrease. The fuel budget is lower than 2011-12, since the per gallon price increases have been less severe than anticipated. Operating supplies are decreasing due to the replacement of several older pieces of fire equipment. However, sublet repairs increased by \$50,000 to fund the city-wide generator maintenance contract. This contract was formerly budgeted and paid by each department. The purpose of this change is to ensure consistent control over the regular repairs, maintenance and testing of the building generators.

The most significant expenses are:

Sublet repairs \$200,000 Transmission, painting, body work **Operating Supplies** \$210,000 Vehicle and equipment parts

Fuel \$1,032,080

City Administrative Costs \$112,360 Tires \$100,000

Fund Balance Trend

Program Description

Every June, in accordance with Section 2-691 of the City Code of Ordinances, the City Manager presents City Council with a Five-Year Plan for the Capital Improvement Program (CIP). This program generally includes items with an expected life of more than 2 years and a project cost of more than \$10,000. The CIP is a separate document, available online or in the City Clerk's office, but this summary identifies the projects specifically budgeted for the Fiscal Year.

The CIP is a used to identify and coordinate the financing and timing of public improvements. The first year of the Five-Year Program, as amended during the budget process, is included in this document. Projects are budgeted by fund and department, but are shown in this section in total for reference purposes.

Although Capital Improvement Projects are those projects with a cost greater than \$10,000, the City considers any item with a purchase price greater than \$1,000 a fixed asset, in accordance with Florida Statutes 274.02 and Florida Administrative Rule 69-I-73.003 (Recording of Property). Therefore, some items not classified as a capital item in the CIP may be included in capital project line items for tracking purposes due to their cost.

The following funds provide revenue for funding the CIP from their own revenue generation, grants and retained earnings:

- Public Service Tax Fund
- Stormwater Fund
- CDBG Fund
- Streets and Traffic Fund
- Solid Waste Fund
- Water & Sewer Fund

- · Building Permits Fund
- CRA Fund
- Beach Fund
- Technology Services Fund
- Port Royal Dredging Fund

2012-13 Significant Budgetary Issues

Despite the recent indications that the economy was slowly making a recovery, the City carefully reviewed all capital project requests during the budget process to ensure that the projects were timely, fundable and appropriate. The City's plan for FY 2012-13 is to focus on replacements and basic infrastructure. Maintaining the current quality of life and aesthetic appeal of Naples is a priority. This CIP places an emphasis on maintaining existing infrastructure, such as trees, sidewalks, roadways, alleys, landscape, and rights-of-way.

The Five-Year Capital Improvement Program represents slightly more than \$85 million in projects. Capital projects for FY 12-13 totals \$25 million.

Public Service Tax Funds

The Public Service Tax Funds are two separate yet intertwined funds that fund capital projects, primarily related to the General Fund Departments.

The <u>Debt Service Fund</u> was established to account for the City's debt service on outstanding Public Service Tax Revenue Bonds and the City's General Obligation Bond. This fund does not include bond issues for the enterprise funds. Debt service for the enterprise funds is funded through the enterprise funds. Taxes levied in the Debt Service Fund are generated for the payment of the principal and interest for the general indebtedness of the City. Effective with FY2012-13, the Debt Service Fund will not have a tax levy but will continue to collect Public Service Taxes. After annual debt service obligations have been met, balances in this fund can be transferred to the Capital Improvement Fund to pay for capital expenditures.

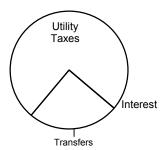

The <u>Capital Improvement Fund</u> was established to account for capital projects funded by the City's Public Service Taxes.

Capital Improvement Projects includes items such as machinery, fire trucks, police vehicles, improvements to City facilities, or new construction.

The Five-Year CIP, which includes the capital items for all funds, was provided to the Mayor and City Council in accordance with Chapter 2 of the Code of Ordinances by June 1, 2012.

Public Service Tax - Debt Service Fund (Fund 200) Revenues

This fund has two primary types of revenue: Public Service Tax; and a transfer from the Community Redevelopment Agency for its debt service (related to two parking garages and other capital improvements). There is a small amount of interest income. The adjacent chart shows the comparative totals of revenues to the Public Service Tax Fund.

The voted ad valorem tax has been eliminated for FY12-13. It was related to a bond referendum in

2000, when the voters of Naples approved a General Obligation (GO) Bond for approximately \$9.3 million to purchase a tract of land now known as the "Naples Preserve". This bond was partially refunded in June 2004 with the issuance of GO Refunding Bond Series 2004 in the amount of \$3,170,000. Although the 2012-13 rate would have been 0.0418 (lower than the FY 2011-12 rate of 0.0426) to ensure the City has the required debt service amount of \$594,528, it was eliminated as the City removed the tax and intends to pay off the 2004 Series Bond with reserves.

Public Service Taxes, generated from Electric, Telecommunications, Gas and Propane, are allowed by Florida Statutes and City Code.

Electric Public Service Tax	\$2,550,000
Propane Gas	\$105,000
Natural Gas	\$95,000
Telecommunications	\$197,585

In January 2010, the Telecommunications Tax was increased (per City ordinance) from 3.3% to 5.22%. A portion of these revenues are allocated to the Public Service Tax Fund to be used for capital. The expected revenue for Telecommunications Tax in this fund is \$197,585. The rest of the Telecommunications tax is shared with the General Fund (\$2,150,000) and the Streets Fund (\$300,000).

Other revenues are generated from interest income (\$75) and a transfer in from the Community Redevelopment Agency (\$979,007) for its share of debt service in this fund.

Expenditures

The majority of the expenditures in this fund are for debt service obligations.

The City of Naples has the following debt and required payments, excluding the Water/Sewer Debts:

Туре	Amount	2012-13
	outstanding	payment
General Obligation	\$1,690,000	N/A –to be paid
bonds		in full
Public Service Tax	\$5,869,624	\$678,973
bonds		
Redevelopment bonds	\$8,463,376	\$979,007

After funding the debt service and other costs of this fund, any excess balance may be transferred to the Capital Improvement Fund, as directed by the City's Code of Ordinances. For FY 2012-13, the transfer from the Public Service Tax Debt Service Fund to Public Service Tax - Capital Improvement Fund for capital improvements is \$2,212,337. This leaves a projected available fund balance in this fund of \$1,405,794, not including the debt service reserve.

The bond that is scheduled to be repaid had the following debt schedule remaining, at a 3.84% interest rate. The prepayment is expected to be made in October 2012.

Year Ending			Total
September 30	Principal	Interest	Requirement
2013	540,000	54,528	594,528
2014	560,000	33,408	593,408
2015	590,000	11,328	601,328
Total	1,690,000	99,264	1,789,264

Public Service Tax - Capital Improvement Fund (Fund 340)

Revenues

In addition to the \$2,212,337 transfer in from the Debt Service Fund, discussed above, the Capital Improvement Fund receives interest income, assessment payments, auction proceeds and a loan payment from the East Naples Bay Taxing District.

Police, Fire and Recreation impact fees are funds that are available to either expand the level of service or provide services specifically due to growth. In the City's budget, Impact Fee Funds will not be budgeted until there is a plan to use the proceeds. The following shows the projected available balances as of October 1, 2012, although these are not budgeted.

	Police Impact Fees	Fire Impact Fees	Recreation Impact Fees
October 1, 2012	\$168,000	\$296,000	\$81,000

Another source of revenue is the Special Assessment repayments. These are repayments projected from a dredging project in West Naples Bay (Aqualane Shores). This Special Assessment District was initiated in 2005 and the project was completed in 2009 for a total assessment of \$663,337. For FY 12-13, \$51,650 is anticipated to be received from the assessments.

The fund will be using \$678,037 of the expected September 30, 2012 fund balance of \$2,355,046.

Expenditures

The City's Capital Improvement Program was presented to City Council on June 1, and included all items in all funds with an expected cost over \$10,000 and a life greater than two years. Most projects are funded from the related operating fund, such as the Water/Sewer Fund or the Solid Waste Fund. General Fund capital items are typically funded from the Public Service Tax Capital Improvement Fund. For the Capital Improvement Fund, the presentation in June included capital projects totaling \$3,497,374.

This budget reflects the approved changes from the June Workshop, adjusting the budget for the Public Service Tax- Capital Improvement Projects fund to \$2,954,374. Changes of \$543,000 include the following:

ERP Software	\$250,000
Reduction Police Night Vision	(8,000)
Postpone Fire Station 1 Design	(400,000)
Delete Fire Boat	(350,000)
Delete Marquee Signs	(35,000)
Total	(\$543,000)

The fund also pays a \$72,580 Administrative Charge for overhead costs and has a transfer to the Technology Services Fund of \$58,820 for AVL equipment. AVL is the Automatic Vehicle Locator System being installed on all operating vehicles of the City. This \$58,820 will be funding the equipment cost related only to those vehicles from the General Fund.

All Funds Summary

Refer to the next section for a listing of the projects funded for FY12-13 in the Capital Projects Fund and all other funds. Further details on each project can be found in the Five-Year Capital Improvement Program (CIP), a copy of which is available in the City Clerk's Office and on the City's website.

Detailed Descriptions (*)

In the list of capital projects, items with an asterisk (*) have future impact or otherwise need an expanded explanation. The below is intended to provide that explanation.

Enterprise Becourse	Its annual operating costs will be offset by the elimination of the operating
Enterprise Resource	
Planning Software	costs of the current system.
Fire Station 1	This reservation sets aside money for the demolition and replacement of
Reservation	Fire Station 1, which has no definitive date yet. The new station will be
	larger and have more operating costs that will be estimated and budgeted
	in the future.
Four Building	This project, an analysis of the major facilities' infrastructure, may lead to
Analysis	future expenses, such as the replacement of roofs and air-conditioning
	units, or major painting projects. The analysis will allow for these repairs
	to be part of a planning process.
Reclaimed Water	This large project, funded by reserves, will have ongoing costs related to
System	line maintenance and these will be funded by users who connect to this
System	
	system. Completion and operation is not expected until next fiscal year or
	later.
Building Fund new	The operating cost of this vehicle is included in the fund's vehicle line
vehicle	items, and is expected to be less than \$1,000 annually.
CDBG Property	Minor annual operating costs for maintaining the green areas will be
Acquisition	absorbed into the Community Services Department.
Beach Fund Meter	This project will be analyzed after Phase I to determine if the operating
Replacement	revenue increase is greater than the cost of the credit card acceptance.
,	The fund has budgeted the increased credit card fees.
Automatic Vehicle	Each department that will be receiving an AVL has budgeted the
Location Equipment	operating expense for the tracking system.

Projected Unrestricted Net Assets as of Septembe	\$15,636	

Community Development Block Grant (CDBG)

Community Services

Mission Statement:

To provide administration of Community Development Block Grant (CDBG) funding in a manner that best meets the City's needs in full compliance with all Federal requirements.

Fund Description

The CDBG Program is a federally funded grant program designed to help communities with their greatest community development needs. All projects must be designed to principally benefit low and moderate-income families. The program was established by the Federal Housing and Community Development Act of 1974 (42 USC 5301) and is administered nationally by the U.S. Department of Housing and Urban Development (US HUD).

In 2006, the City of Naples entered into a cooperative agreement with Collier County to continue entitlement status for receiving CDBG Entitlement program funding from US HUD. The Entitlement program provides annual grants on a formula basis to entitled communities to carry out a wide range of community development activities directed toward neighborhood revitalization, economic development, and improved community facilities and services.

2012-13 Goals and Objectives

In accordance with Vision Plan 2c (Establish more open and green space in the City) and Vision Plan 3a (maintain and improve public amenities for residents)

 Acquire property on Fifth Avenue North to be used for open space, overflow parking and landscaping enhancements

2012-13 Significant Budgetary Issues Revenues

The primary revenue in this fund is the City's share of the grant allocation from the United States Department of Housing and Urban Development under the Community Development Block Grant (CDBG) Entitlement Program. The City received a confirmation letter from Collier County under the CDBG program for the Federal FY 2012 allocation in the amount of \$105,835. City Resolution 12-13098 accepts this program.

In 1993, the City entered into an agreement with Robb, Dering & Associates to build Jasmine Cay Affordable Housing. In return for a donation of the City owned property, they agreed to pay \$10,000 per year for 50 years. This revenue is treated as a local contribution and there are no Federal guidelines regarding its disposition.

To fully fund the 2012-13 budgeted expenditure, additional funds (\$54,165) will be provided via the City's Land Contribution Trust Fund. The audited fund balance in the Land Contribution Trust Fund as of 9/30/2011 is \$765,415.

Expenditures

The CDBG Fund budget of \$170,000 will be used to acquire a small vacant land parcel within the CDBG Census Tract 7 target area on the south side of 5th Avenue North between 11th Street North and Goodlette-Frank Road. The land will be used for open space preservation, overflow parking and landscape enhancements for the neighborhood.

Less Fiscal Year 2012-13 Budgeted Expenditures Transfer to CDBG for Land Acquisition 54,165	\$54,165
BUDGETED CASH FLOW	(\$49,165)
Projected Fund Balance as of September 30, 2013	\$716,250

Fund Description

This fund was established to account for the receipt and disbursement of money used for the acquisition of open space, pursuant to Resolution 98-8209.

2012-13 Significant Budgetary Issues

The Land Conservation Trust Fund is typically not a budgeted fund. The purpose of including it in the FY 12-13 budget is to fund a specific project in the CDBG fund.

It has a fund balance as of September 30, 2011 of \$765,415.

Revenues

Budget revenue for FY 12-13 is \$5,000 for interest income.

Expenditures

The only proposed expenditure for this fund is a transfer of \$54,165 to the CDBG fund to acquire land. The CDBG fund project (with an expected cost of \$170,000) relates to the acquisition of a small vacant land parcel on the south side of 5th Avenue North. The land will be used for open space preservation, overflow parking and landscape enhancements for the neighborhood.

Management of the project will be handled by the Community Services Department.

City of Naples, Florida

Debt Administration Overview

The City Manager and the Director of Finance are responsible for the administration of the City's debt; however, City Council is ultimately in charge of approval of the form and dollar amount of all of the City's borrowings.

The Debt Management program is part of the comprehensive City of Naples Financial Policy. The details of the outstanding debt obligations such as original amounts, outstanding balances, fiscal year principal and interest are shown in the Debt Summary Schedules in this section.

Debt Issuance Procedures

Before the issuance of debt, considerations for capital projects to be funded by debt are carefully analyzed against the current and future needs of the City.

The Finance Department, with the aid of its consultants, coordinates the issuance of debt, such as sizing the new issue, structuring the debt, identifying the repayment sources and determining the mix and method of sale. The City, as a practice, structures all long-term debt with prepayment options except when alternative structures are more advantageous. The City's Debt Service requirements reflect its Fiscal Policies regarding the prudent use of tax-exempt financing.

Credit Ratings

The City strives to maintain a minimum underlying bond rating equivalent to 'High Grade High Quality'. In 2011, the City received an upgrade by Fitch Ratings from AA+ to AAA for the City's Public Service Tax Bonds stating, "Financial management remains sound, characterized by operating surpluses, high reserve levels, and abundant financial flexibility."

The chart below compares several key indicators to standards suggested by a bond rating agency. The purpose of tracking such indicators is to ensure direct debt is kept at a responsible and low level. As the chart shows, Naples has an extremely low comparative level of general obligation debt.

	Rating					
	Agency (low)		9	9/30/2009	9/30/2010	9/30/2011
G.O. Per Capita	\$	1,000.00	\$	146.00	\$ 120.59	\$ 112.86
As a % of Taxable Property Value		3%		0.02%	0.02%	0.02%
Debt Service as a % of General						
Fund Expenditures		5.00%		1.67%	1.66%	1.75%

(Source: City of Naples Comprehensive Annual Financial Report)

This low level of existing debt helps to keep a high bond rating, which reduces the cost of future debt. As shown on the following charts, the existing debt levels stay steady for the next several years. In addition, the debt levels are consistent with prior years. This even debt obligation ensures the uniformity of operating cash flows over the life of the debt, such that cash is available for current operations, without sacrificing cash flows for future operations.

Legal Debt Limits

There is no limit established by either the City or the State on the amount of debt the City may incur. At the end of FY 2011-12, the debt outstanding will be \$29 million plus \$12.9 million in outstanding State Revolving Fund loans.

Debt Administration Overview

General Obligation Bonds

Although scheduled to be paid off in 2012, this bond is on the books as of the beginning of the fiscal year. This is the only outstanding General Obligation Bond (GO) of the City, payable from a pledge of the proceeds of a direct, annual ad valorem tax upon all taxable property within the City. The bond is related to the Naples Preserve.

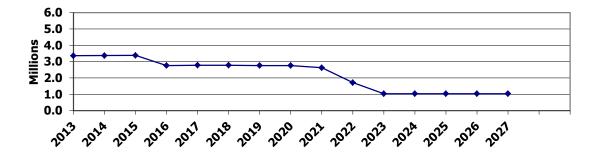

\$1.7 million, GO Bonds, Series 2004 issued to refinance the City's Florida General Obligation Bonds, Series 2000. Final maturity date March 1, 2015. At the September 2012 Budget Hearings, Council agreed to remove the millage rate (formerly .0426) and use reserves to pay off this debt in early FY 2012-13. The schedules on the following pages will still include the annual payment because at the time of budget adoption, the final notice to the bank related to the payoff has not been prepared and presented.

Non-Ad Valorem Revenue Bonds

The City of Naples currently has several outstanding non-ad valorem revenue bonds. The outstanding principal balances are as follows:

- \$14.5 million Capital Improvement Refunding Note, Series 2010 issued to refund the City's Public Service Tax Revenue Bonds, Series 2001; Redevelopment Revenue Bond Series 2003 (CRA) and Capital Improvement Revenue Note Series 2008 (CRA). Final maturity date December 1, 2021, payable monthly.
- \$8.1 million Water and Sewer Revenue Bonds, Series 2007A issued for the purpose of funding capital projects. Final maturity date September 1, 2027.
- \$4.7 million Water and Sewer Revenue Bonds, Series 2007B issued for the long-term financing of an irrigation line extension project, previously funded with a short-term construction loan. Final maturity date September 1, 2027.

Debt Service Payments on All Bonds

Debt Administration Overview

Loans

As of September 30, 2012, there will be \$12.9 million outstanding balances in State of Florida Revolving Loans. The interest rates on these loans range from 2.56 to 3.79 percent. These obligations are secured by City of Naples covenants to budget and appropriate from legally available revenues in an amount sufficient to pay the required annual principal and interest on the notes. During FY 12-13, these will be reviewed for refunding opportunities.

Loan	9/30/2012	Final Payment
Purpose	Balance	Due
Stormwater	1,992,018	06/15/2021
Wastewater	9,303,996	04/15/2018
Wastewater	367,716	04/15/2018
Port Royal Water Tank	1,280,046	10/15/2021
Total	\$12,943,776	

Industrial Development Bonds

The City of Naples acted as a facilitator for Industrial Development Bond transactions. These obligations are not in any way a debt of the City. Naples Community Hospital obtained tax-exempt bonds in 1993 and 1996 to finance the construction of Hospital Facilities, and all were redeemed in 2011, prior to the maturity date of October 1, 2026.

Summary

The following pages provide an issue by issue detail of each bond of the City, with a summary of the debt service budgeted for FY 2012-13.

COMBINED DEBT SERVICE SCHEDULE ALL FINANCING SOURCES

Year Ending 9/30	Principal	Interest	Total Requirement

General Information

Naples is considered by many to be the crown jewel of Southwest Florida. With its subtropical climate tempered by the soft breezes from the Gulf of Mexico, people are struck by its natural beach beauty and the flora and fauna that are unparalleled in any community.

Naples grew from a small frontier-style fishing camp in the 1920s to its current status as a premier City. In addition to its natural features, the City of Naples is known for its world-class shopping, exceptional dining opportunities and abundance of challenging golf courses. The community is often considered to have a resort lifestyle.

In May 2012, Naples was named the ninth best small town in America by Smithsonian Magazine. The magazine cited Naples' music, arts, design, community theater, zoo — and of course weather — in its ranking.

The City of Naples is located on the Gulf of Mexico in Southwest Florida, and it is the cultural and activity center of Collier County. Still, the City is less than 20 miles away from the tropical wilderness of the Florida Everglades.

Naples was incorporated on December 1, 1923. It is approximately 16 square miles in size and has 108 miles of streets. Naples has a full-time population of approximately 21,000. However, from November to May the population swells to over 33,500, as part-time residents migrate from all parts of the world.

Education and Recreation

Schools in the City are run by the Collier County Public School District. There are four public schools within the City limits: Seagate Elementary, Lake Park Elementary, Gulfview Middle, and Naples High School. St. Ann School is a private school also situated in the City. For post high school studies, located near the City are Florida Gulf Coast University, Hodges University (formerly International College), Ave Maria University, Ave Maria School of Law and Edison State College.

The City of Naples has wonderful lodging and dining, as well as world-famous historic shopping districts. Mention areas like "Fifth Avenue", "Third Street" or "Tin City" and locals and their guests smile with delight from memories of good times had. With nine miles of white sugary sand Gulf beaches and gentle surf, the City of Naples is a wonderful beach destination. Parking is available at the end of

nearly every avenue, making the City beaches the most accessible beaches in the County. The City has excellent fishing; both salt and fresh water, and has the famous **Naples Pier** where fishing is free.

The City of Naples and surrounding Collier County have excellent golf and tennis facilities. More than fifty golf courses are in the County, and many are the work of top golf designers such as Tom Fazio and Jack Nicklaus. The City Community Services Department manages a competitive class tennis facility in Cambier Park, and Collier County attracts top players each year to events such as the Nuveen Masters Tournament.

In February 2000, Naples voters approved a referendum to issue \$8.4 million in General Obligation bonds to finance the purchase of property now called "the Naples Preserve". This 9-acre parcel, located in the center of the City on US 41, is the last large undisturbed tract of land in the City. The tract is on the same street as Fleischmann Park, a dynamic park with handball

courts, Skate Park and other activities for the young at heart. The goal of the purchase of the Preserve is to retain the property in a native pristine condition and allow for an interpretive boardwalk to allow visitors to enjoy the natural beauty.

Other park areas managed by the City include the City Pier, the beaches, the City Dock, Cambier Park and the Norris Community Center, Seagate Park, Fleischmann Park, Lowdermilk Park, River Park, the City Tennis Center at Cambier, plus many other smaller neighborhood passive parks.

Although the City is perfectly poised on the Gulf of Mexico, it is also balanced by Naples Bay as one of its larger water features. Naples Bay, a jewel in its own right, has shaped and defined the City. Prior to development of the City, Naples Bay was a mangrove-lined saltwater estuary with abundant sea grasses, oysters and other marine life. As Naples became recognized for its climate, scenery, and quality of life, the population of both seasonal and year-round residents began to climb. This human population growth began to affect this beautiful estuary. The fringe of red mangroves around the bay, oyster reefs, and the bay's sea grass beds began to show signs of decline. In order to protect the mangroves, sea grasses, and oysters, City Council, staff, and others are making a concentrated effort to preserve and protect the natural beauty of the Bay.

The City Dock, located on the Bay, has a long history in Naples and is the base of operations for the City's working waterfront. Currently, it is a home base for several charter fishing boat captains who operate fishing guide services from this location. Other people take advantage of the opportunity to rent boat slips and call Naples their home port.

In February 2005, John Villani, travel writer, arts critic and author of "The 100 Best Art Towns in America", announced Naples as the

number one Art Town in the nation for communities under 30,000. However, he said that Naples could rank as one of the top 10 arts cities in the nation in any population category because of its strong sense of support for the visual arts, performing arts, and music. Naples is a center of art activity, with sophisticated and serious art galleries representing the full spectrum of contemporary and traditional visual art genres. The Naples area has 128 art galleries, more than 500 artists, and at least 25 annual arts festivals.

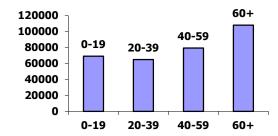

Economy and Transportation

The City of Naples is serviced by the Naples Municipal Airport which is ideally located just minutes from downtown Naples. This 732-acre airport facility is a fully certificated air carrier airport. With two main runways, it is home to private, and charter air carriers, plus fire/rescue services, Mosquito Control, car rental agencies, the Collier County Sheriff's Aviation Unit, flight schools, the Collier County Humane Society, and other aviation and non-aviation businesses. For more general aviation, the Southwest Florida International Airport is thirty miles north of the City, in Lee County. The City is relatively easy to access from Interstate 75, and is about a two-hour drive from Miami or a three-hour drive from Tampa.

Demographics

Based on the most recent (2010) census estimates, Naples and the surrounding area have one of the highest per capita incomes in the state. Naples median income was, at that time, estimated to be \$71,033, compared to the state average of \$26,696. Although most demographic data is not tracked for Naples itself, Collier County has a population that is made up of 50.7% male, and 49.3% female, split relatively evenly among age groups, as shown on the adjacent graph.

Collier County Age Groups

The median age in Collier County is 45.3 years old. For October 2012, the Naples' unemployment rate is 8.4% and continuing to improve over last years 10.6%

Business

According to the U.S. Census Bureau, the largest business type in the Naples area is Government, followed by Health Care/Social Services and Accommodations/Food Service. Naples Community Hospital is located in the City. This medical facility has more than 500 physicians, 4,000 employees, and 1,900 volunteers at the 420-bed hospital.

Government

The City of Naples is a Council-Manager form of government. The legislative body consists of a Mayor and six Council Members. Each member of the legislative body is elected at large for a four-year staggered term with the elections being held in January every two (even-numbered) years.

The members of the legislative body are:

- Mayor John Sorey III
- Vice-Mayor Gary Price II
- Bill Barnett
- Doug Finlay
- Teresa Heitmann
- Sam J. Saad III
- Margaret "Dee" Sulick

Also pictured are City Clerk Pat Rambosk, City Attorney Robert Pritt and City Manager A. William Moss. City Council Members have an office at City Hall and can be reached via email collectively at citycouncil@naplesgov.com.

The City Manager, as Chief Executive Officer, manages the operations of the City and reports directly to the Mayor and Council. A. William Moss was selected to be Naples' City Manager effective January 2008.

The duties and responsibilities of the City Manager are outlined in the City Code.

The City's municipal services are authorized by Florida Statutes and by local Charter. Primary services provided by the City are police and fire/rescue emergency services, highways and street construction and maintenance, parks and parkways, recreation, water and sewer, and solid waste (refuse recyclables and yard waste).

The City is the recipient of many awards. Below is a list of many of its recent achievements.

- The Naples Police and Emergency Services Department was re-accredited (CALEA) in April 2008
- 2004 and 2006 Florida Recreation and Parks Association (FRPA) Media Excellence Award in the Print Category (for quarterly program guide)
- 2007 FRPA Agency Excellence Award in Category V (serving populations at or below 34,999)
- Coastal America Partnership Award presented to City of Naples in recognition of efforts to protect and restore South Florida's aquatic coastal resources – Oyster Restoration Project
- Tree City U.S.A. Designation awarded annually from 1999 to 2010

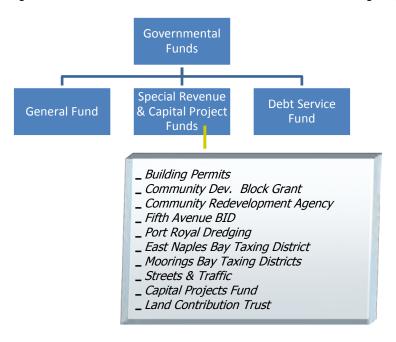

- In 2005, Naples was voted the best beach in America by the Travel Channel.
- 2009 Florida Local Environmental Resource Agencies' Environmental Leadership Award for Outstanding Leadership in Local Environmental Protection.
- Family Friendly Workplace by the Naples Alliance for Children awarded annually from 1999 to 2009
- GFOA Certificate of Achievement in Financial Reporting
- GFOA Distinguished Budget Presentation Award

All departments of the City, with the exception of the City Clerk and the City Attorney, are under the supervision and control of the City Manager.

The Financial Structure

City funds are organized according to standards established by the Governmental Accounting Standards Board (GASB) and the State of Florida's Uniform Accounting System. The City's computerized financial system is designed to provide timely and accurate feedback on the City's overall financial position, and includes, at minimum, monthly reports of receipts, monthly reports of budget variances, and monthly reports to City Council on the overall financial status of the City. The City's annual financial statements are prepared by the Finance Department and audited by independent certified public accountants.

In accounting, a fund is a fiscal and accounting entity with a self-balancing set of accounts which is established to record cash and other financial resources, liabilities, fund equity and changes thereto. The City budgets twelve Governmental Funds, as shown on the following diagram:

The General Fund is the major operating fund of the City. It accounts for all general government activity not accounted for in other funds. It includes most tax revenues and services such as public safety, parks, recreation, planning, and administration.

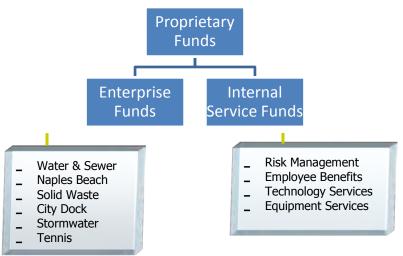

Special Revenue Funds are those funds with a revenue source that is specifically designated for a special purpose. In Naples, most of these funds are smaller, and therefore usually do not meet the criteria of a major fund. In the City's financial reports, the term major fund is relevant because fund statements report separate columns for the general fund and for other major governmental and enterprise funds. In financial reporting, major funds are funds whose revenues,

expenditures/expenses, assets, or liabilities are at least 10 percent of corresponding totals for all governmental or enterprise funds and at least 5 percent of the aggregate amount for all governmental and enterprise funds. However, in the budgeting system, all funds that will have expenditures during the year are included in this report except the Pension Funds and the impact fee funds.

Capital Project Funds are, according to Generally Accepted Accounting Principles, to be used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary fund). In Naples, many of the funds originally established as Capital Project Funds have evolved into Special Revenue Funds, although they keep their original fund number and fund structure. Historically established to fund capital construction projects with dedicated revenues funds, several now fund operations and staffing to accomplish the goals of the revenue source. Therefore, in the budgeting process, the classification of "special revenue fund" or "capital project fund" is not relevant. Both are treated the same.

The City's single Debt Service Fund tracks the current and future debt service requirements on general long-term debt.

Proprietary Funds. Proprietary Funds are used to account for operations: (a) that are financed and operated in a manner similar to private business where the intent of the governing body is to ensure that costs of operating and providing services is completely or partially financed from user charges or (b) where the government body has determined that the periodic determination of net results of operations is appropriated for management control and accountability. Proprietary Funds include the following:

The primary difference between Enterprise Funds and Internal Service Funds is their customer base. Enterprise Funds have customers that are residents or other external users, such as visitors to a special park. The customers of Internal Service Funds are other departments of the City.

Water and Sewer Fund is the largest fund in the City. It provides water, sewer and irrigation water to a customer base which includes all city residents and extends outside the city limits. No other proprietary fund meets the 10% threshold of a major fund.

All of the above funds are included in the City's budget process. Not included in the budget process are the City's three pension funds, and the three impact fee funds. Pension funds will never be included, and impact fee funds will be budgeted when funds are to be used.

Basis of Budgeting. Naples' budget is prepared in a manner similar to the modified accrual basis of accounting for most funds (except for the Proprietary Funds) where projected revenue is assumed to be recognized in the accounting period in which it becomes both measurable and available, and expenditures will be recorded when the liability is incurred, or when the cash disbursement is made, in the absence of the liability. Unexpended or uncommitted appropriations lapse at year-end, and appropriations committed by way of contract or purchase order are rolled into the new fiscal year. The basis of budgeting for these funds is the same as the basis of accounting and financial reporting which is governed by Generally Accepted Accounting Principles (GAAP).

The main differences between the City's budget basis and the GAAP basis are in the Proprietary Funds' method of accounting:

- The budget basis includes expenditures for capital outlay, which are not considered expenses on the accrual basis of accounting.
- Depreciation and amortization, which are considered expenses on the accrual basis of accounting, are ignored under the budget basis because these items do not require an outlay of funds.
- The budget basis includes expenditures for debt retirement, which are not considered expenses on the accrual basis of accounting.
- The budget basis recognizes receipt of debt proceeds, which are not considered revenues on the accrual basis of accounting.

Budgeting Process. The City's Fiscal Year begins October 1. By January, staff is already gearing up for the next budget year. For the next budget year, the first step in the budget process will be staff and council goal-setting meetings. Additional inputs for budgets will be gathered from neighborhood associations, other employees, city-council appointed committees and other city residents and business people.

After the first quarter of the fiscal year, the Finance Department prepares two long-term financial outlook reports. The General Fund Sustainability Report provides a five year outlook to see what the impact will be of current decisions and current index trends. The Community Redevelopment Agency Sustainability Report provides a similar outlook, but for the remaining life of the CRA. Both reports are integral to the budgeting process as they demonstrate how changes made now can affect the city's budget in the future.

During March, departments will begin preparing their capital improvement requests for the Capital Improvement Program. All departments that have Capital Projects in the next five years must submit a comprehensive plan that includes a complete explanation for each project with a cost greater than \$10,000, a useful life of more than two years as well as any incomplete projects from the prior year. At the same time, Finance staff will begin assessing available and potential revenue sources to fund the requests.

The City's Five-Year Capital Improvement Program (CIP) is presented in June, in accordance with the City Code. Each page of the CIP represents a single project, and includes costs estimates, department priority, estimated recurring costs, potential savings, proposed funding sources, and justifications. The CIP is reviewed in a public meeting during June. All capital items submitted at the workshop are considered in the proposed budget document, and if approved, included in the final budget.

During April, departments begin preparing their budget requests using line-item budget formats. In addition, the departments establish goals and objectives, which become the department's work plan. The departmental work plans incorporate much of the vision plans. Departments are also asked to submit performance measures, using a *Family of Measures* approach that includes input (value of resources used to produce an output), output (quantity of units produced), efficiency, service quality and outcome. After that information is provided, the Finance Department prepares

for each department a summary of significant budget issues, highlighting key information for the budget document. This usually focuses on the major categories of expense:

- Personal Services-Salaries, overtime, other pay, FICA, life/health insurance, retirement contributions and employee allowances,
- Operating Expenses-services, contracts, repairs, supplies and other costs,
- Non-Operating Expenses-Capital outlay, operating contingency, transfers in and out of the fund.

The proposed budget, a balanced and complete document, is presented to the City Council for their review and discussion at August workshops. A balanced budget is represented when recurring revenue plus use of fund balance equals or exceeds recurring expenditures. Fund balance, and one-time revenues such as grants, bond proceeds, and gifts may be budgeted to be used for one-time expenditures, such as capital or equipment purchases, but may also be used as a conscientiously applied program towards operations. Expenditures, revenues, and any rate changes are discussed during the August workshops. After final consensus, the budget and tax rate are adopted at public hearings in September.

The adopted budget may be amended in two ways. As described in the budget ordinance, the City Manager is authorized to transfer money within a fund, except that he cannot increase staffing levels, nor modify the intent of the Capital Improvement Budget. Changes that would increase the total budget of a fund, increase staffing levels, or modify the intent of the Capital Improvement Budget as defined in the ordinance must have Council approval by resolution.

The Finance Department provides quarterly reports of financial condition to the Council, showing comparisons to last year's actual and to current year budget. In addition, all department heads provide to City Council quarterly updates on the status of their goals and objectives.

City of Naples

Vision Plan/Goals and Objectives

One characteristic of a good budget is that it provides linkage with the goals and priorities. Naples' 10-year Vision Plan was adopted by City Council on June 13, 2007. This vision contained five major goals, with several activities and elements to achieve these goals. Many of these goals have been integrated into this budget document. The matrix below shows some of the many objectives incorporated into the department budgets to meet these goals.

1 Preserve the Town's distinctive character	1 Preserve the Town's distinctive character and culture				
Community	Plant 250 trees through the Tree Fill-in and				
Services	Replacement Program prior to August 31, 2013				
Beach	Daily removal of trash or debris from Gulf beaches				
Planning	Amend the Subdivision regulations to address zero lot line and row house setbacks.				
Dock	Promote the City Dock as the "go to" marina for all boaters				

2	Make Naples the green jewel of Southwest Florida					
	(a) Restore Naples Bay; protect beaches and other key waters	Stormwater	Improve the operational efficiency of the Public Works and Lantern Lane Pump Stations.			
		Building Department	Explore options relating to green building practices such as electronic plans			
		Natural Resources	Install aerators, fountains and/or other mechanisms that improve water quality in lakes prior to discharge.			

(b) Promote community sustainability and environmental conservation	Solid Waste	Relocate the Solid Waste Department and Recycle Transfer site to the Naples Airport Authority property
	Water Department	Complete the transmission main that will convey canal water from the Golden Gate Canal to the Wastewater Treatment Plant
	Building	Notify the public via newsletters and web- based tutorials to use local Building Department resources for green building practices

Vision Plan (continued)

(c)	Establish more open and green space in the City	Beach/Community Services	Maintain miles of pristine Gulf beaches that make Naples a wonderful beach destination
	,	Community Services	Acquire property on Fifth Avenue North to be used for open space, overflow parking and landscaping enhancements
		Planning	Amend the D Downtown regulations to better address allocations for density

			address ansociations for deficity
3 Mai	intain an extraordina	ry quality of life for	residents
(a)	Maintain and improve public amenities for residents	Water & Sewer	Complete rehabilitation on 10 raw water wells within the Well Field to improve gallon per minute yields
		Water & Sewer	Upgrade the 12" water main located on Gulf Shore Boulevard North in order to upgrade aging infrastructure that has been susceptible to main line breaks and failures.
		Water & Sewer	Begin the Reclaimed Water Distribution (reuse) construction project.
		Community Services	Coordinate appropriate seasonal planting schedules for City parks, medians and rights-of-way on a monthly basis
		Beach/Finance	Replace parking meter heads at beach ends with pay stations where practical
		Technology Services	Improve Access to Spatial Information through Map Production and Application Developmen
(b)	Promote community health	Tennis	Maintain or increase current opportunities for tennis lessons, clinics, and increase
		Building Permits	sanctioned event tournament revenue Notify the public via newsletters and web- based tutorials to educate and promote
		Water/Sewer	community involvement in Green Practices Complete the cleaning, painting and resealing of all ground storage tanks (4)
(c)	Enhance mobility in the City	CRA	Construct a cross walk at Four Corners, installing signals and enhancing pedestrian crossing
		Streets	Maintain traffic control; continue maintaining City streets, pathways, sidewalks and pathways, including repaying program
		Planning	Determine with County if transportation

concurrency and impact fees will continue

Vision Plan (continued)

(d)	Maintain and enhance public	Fire	Replace the Special Events Rescue Vehicle with modern SERV equipment.
	safety	Fire	Add two life pack units for Paramedics to assist cardiac patients.
		Police	Replace aging police boat and 7 police vehicles.
		Dock	Maintain a partnership with law enforcement and fire patrol

4 Strengthen the economic health and vital	Strengthen the economic health and vitality of the City				
Police	Replace false alarm accounting software with				
	a more robust program designed to interface with CAD incident data and to enhance the				
	administration of violation notices and fines				
	collection.				
CRA	Initiate the process of extending the sunset				
	date of the Community Redevelopment Agency beyond 2024.				
Finance	Assist customers in setting up new utility				
	accounts and transferring account information,				
	including adding bank draft, to increase				
	participation to 29%.				
City Clerk	Implement the Granicus Meeting Efficiency				
	Suite to streamline minutes more effectively				
	and provide on-line integration of digital				
	minutes and action agendas linkable to the				
	web video streaming.				

5	Maintain and enhance governance capaci	ty for public service and leadership
	City Manager	Provide City Council adequate background information about ongoing City issues so they can make well informed decisions.
	Police	Complete all requirements for acceptance as a 911 center member of the National Center for Missing and Exploited Children's (NCMEC) Partner Program.
	Police	Train and equip police detectives with "Mobile Device Forensic Technology" designed to enhance investigative case outcomes.
	Planning	Expedite building permit review.

Financial Policy

The Government Finance Officers Association encourages an active and ongoing discussion of the financial policies of the City, and requires the policies to be included in the budget.

The purpose of the policies is to demonstrate to the relevant parties that the City is committed to strong financial operations, and to provide a strong precedent for future policy makers and financial managers on the city's financial goals and strategies.

I. Budgetary and Financial Planning Policies

- 1. The budget must be balanced for all funds. Total anticipated revenues must equal total estimated expenditures for each fund (Section 166.241 of Florida Statues requires that all budgets be balanced.) A balanced budget requires each operating fund to have revenues fully cover expenditures. Fund balance, if used as a source of revenue, may only be used deliberately to either intentionally reduce a surplus, to fund one time capital, or to provide a short-term funding with the intent to repay.
- 2. The City will avoid procedures that balance current operating expenditures at the expense of meeting future year's expenses, such as postponing expenditures or accruing future years' revenues.
- 3. The budget will provide adequate funding for maintenance and replacement of capital, plant and equipment.
- 4. The budget will provide full funding for employees and their related costs.
- 5. Annually, the city will establish an indirect cost allocation plan to charge all operating funds of the City where it is legal. The City will use a method to fairly cover the overhead and administrative costs of the General Fund that provide service to non-general fund departments. Departments and Council will have a chance to review all charges annually. Council may determine exemptions or reductions for a public purpose. The cost allocation methodology should be reviewed during every odd numbered year. Generally, the Administrative Service Charges will use only three bases, and the costs of the department or divisions listed below them will be allocated to all funds on that basis.
- 6. The City will charge a Payment in Lieu of Taxes (PILOT) to enterprise funds where the intent of the fund is to track full cost accounting. The purpose is to offset City services including Police and Fire which are services provided to every taxpayer and resident. Payments to the General Fund in lieu of taxes will be based on 6% of gross earned revenue or a negotiated fee.
- 7. After adoption, the budget shall be posted to the City's website.
- 8. As part of the preparation of the annual operating budget, the City shall review its fees for services. Fees shall be analyzed as to whether the city intends to recover full cost of providing the service

Resolution 12-13051 Page 2

or when the city may charge more or less than full cost. For example, certain recreation fees shall be established but the City may choose to subsidize the full cost of operations. The Tennis Fund, the City Dock, Solid Waste and Water/Sewer Utility shall always have rates established to cover at a minimum the direct cost of providing the services.

- 9. Regular and moderate rate increases are preferred to avoid large increases at irregular intervals.
- 10. The City's Budget will be submitted to the GFOA Distinguished Budget Presentation Program. The budget should satisfy criteria as a financial and programmatic policy document, as a comprehensive financial plan, as an operations guide and as a communications device.
- 11. The City encourages a diversity of revenue sources in order to improve the ability to handle fluctuations in individual sources. Revenue diversity shall be tracked in the budget document.
- 12. Price hedging is a form of derivative that has an upside and a downside risk. The City will not use hedging programs to offset price increases without full knowledge of the risk involved. City Council approval is required to enter into any hedging program.
- 13. The City will avoid the use of one-time revenues for ongoing expenditures. Any such use shall be noted and justified.
- 14. The City shall, at a minimum, perform an impact fee update every five years. The most recent update and implementation was in 2008.

II. Financial Reporting Policies

- 1. The City shall prepare an annual audit in accordance with Generally Accepted Accounting Practices, and the City shall apply for the GFOA Certificate of Achievement Program.
- 2. The City shall prepare quarterly reports to Council and the City Manager comparing actual to budgeted revenue and expense activity for all major operating funds.
- 3. The City shall establish and maintain a set of standard accounting practices, which shall include internal controls.
- 4. Financial systems will maintain internal controls that enable users to monitor revenues, expenditures on an ongoing basis.
- 5. The City's accounting and financial reporting systems will be maintained in conformance with all state and federal laws, generally accepted accounting principles (GAAP) and standards of the Governmental Accounting Standards Board (GASB) and the Government Finance Officers Association (GFOA).
- 6. An annual audit will be performed by an independent public accounting firm, with an audit opinion to be included with the City's published Comprehensive Annual Financial Report (CAFR).

Resolution 12-13051 Page 3

III. Capital Improvement Policies

1. The City will annually develop a five-year capital improvement program as required by Chapter Two of the City Charter.

- 2. The city shall seek intergovernmental assistance, such as grants, whenever possible to finance the capital outlined in the CIP.
- 3. The City will coordinate development of the capital improvement budget with the development of the annual operating budget. Each capital improvement project will be reviewed for its impact on the operating budget in terms of revenue generation, additional personnel required and additional operating expenses.
- 4. Capital improvement projects are defined as infrastructure or equipment purchases or construction which results in a capitalized asset costing more than \$10,000 and having a useful (depreciable life) of two years or more.
- 5. The Finance Department shall maintain a complete inventory of all major capital assets. This listing shall be annually distributed to departments to aid in the assessment of condition of the City's assets.

IV. Debt Management Policies

- 1. The City will seek to maintain and, if possible, improve the city's current bond rating in order to minimize borrowing costs and preserve access to credit.
- 2. An analysis showing how the new issue combined with current debt impacts the City's debt capacity and conformance with City debt policies will accompany every bond issue proposal.
- 3. City will not issue Debt Obligations or use debt proceeds to finance current operating and maintenance expenditures.
- 4. City will utilize Debt Obligations only for capital improvement projects that cannot be funded from current revenue sources or in cases in which it is more equitable to finance the project over its useful life.
- 5. Prior to the issuance of any additional general obligation debt, the City will consider adopting a policy(s) that identifies the maximum amount of debt and debt service that should be outstanding at any time.
- 6. The City will consider the refunding of outstanding debt when at least a 4% net present value savings can be obtained
- 7. Debt will not be issued for periods longer than the useful life of the project.
- 8. Whenever possible, the city will use special assessment or self-supporting bonds instead of general obligation bonds, so that those who benefit from the improvement will bear all or part of the cost of the project.

Resolution 12-13051 Page 4

V. Investment Policies

1. The City has adopted a separate Investment Policy in accordance with State Law. See Ordinance 08-11973, which was passed in March 2008. Topics in this detailed policy include objectives, ethical standards and prudence, authorized investments and diversification, internal controls and reporting.

VI. Fund Balance Policy

1 The City will maintain a separate Fund Balance Policy in accordance with Governmental Account Standards Board (GASB) Pronouncement 54.

1. PURPOSE:

The City hereby establishes a fund balance policy in accordance with Governmental Accounting and Financial Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This policy is tailored to the needs of the City of Naples (the "City") to establish a level of funding that protects against unforeseen events that would adversely affect the financial condition of the City and jeopardize the continuation of operations.

This policy will ensure that the City maintains a prudent level of financial resources to: 1) protect against reducing service levels or raising taxes and fees because of seasonal or temporary revenue shortfalls, natural disasters, or unexpected one-time expenditures, 2) provide for sufficient cash flow for daily financial needs, 3) offset significant economic or revenue downturns, and 4) secure and maintain investment grade bond ratings

Fund balance should be reported in two main categories—nonspendable and spendable, with the spendable category further broken down into four sub-categories in order of relative strength: restricted, committed, assigned and unassigned.

2. CATEGORIES OF FUND BALANCE - DEFINITIONS:

Assigned Fund Balance: Assigned fund balance is the portion that reflects the City's intended use of the assets for a specific purpose. The intended use shall be established by the City Council or any other person the City Council delegates it's authority.

Committed Fund Balance: Committed fund balance is the portion of fund balance whose amounts have self-imposed limitations, established through actions of the City Council, the City's highest level of decision making authority, set in place prior to the end of the period. These amounts cannot be used for any other purpose unless the City Council takes the same action to remove or change the constraint. Purchase orders or contracts that are rolled from the prior fiscal year to the new fiscal year are committed resources.

Nonspendable Fund Balance: Nonspendable fund balance represents amounts that will not or cannot be converted to cash. The items include inventories, advances to other funds, long-term amounts of loans and notes receivable or prepaid items.

Restricted Fund Balance: Restricted fund balance is the portion of fund balance that is restricted to specific purposes. Amounts are restricted when they are created by an externally enforceable legal restriction. The restrictions can be imposed by creditors, grantors, contributors, laws or regulations of other governments.

Unassigned Fund Balance: Unassigned fund balance is the portion of fund balance which is not obligated or specifically designated and is available for any purpose. This amount classification represents fund balance that has not been restricted, committed, or assigned to specific purposes in the General Fund. Only the General Fund can have a positive balance. In other funds, balances are assigned to the fund's purposes; otherwise they would be accounted for in the General Fund.

3 OTHER DEFINITIONS

Encumbrances: Encumbrances are the commitment of budgeted funds to purchase an item or service. To encumber funds means to set aside or commit funds for future expenditures.

Resolution 12-13052 Page 2

Expenditures: Expenditures are all uses of financial resources, budgeted for any purpose, and include operating and capital expenses, debt service, and transfers to other funds.

Fund Balance: Fund balance means the difference between fund assets and fund liabilities. Fund balance is also referred to as net assets.

Operating Expenditures: Operating expenditures are uses of financial resources for personnel, supplies, services and materials, and exclude capital expenses, debt service, and transfers to other funds.

Unrestricted Net Assets: Unrestricted net assets in proprietary funds are roughly equivalent to unreserved fund balance in governmental funds; however, in the case of proprietary funds unrestricted net assets do not necessarily represent funds available for appropriation. This is due to the fact that some of the unrestricted net assets offset capital assets such as buildings and equipment.

Spending Priority: When a governmental fund has multiple classifications of fund balance the expenditure is determined to reduce the restricted fund balances first, then committed fund balance followed by assigned.

4 FUND BALANCE POLICY GENERAL FUND

- A) Restricted There is no restricted fund balance in the General Fund. Restricted amounts shall be tracked in special revenue, capital project, or debt service funds.
- B) Committed
 - a. Commitment of fund balance may be made by resolution of City Council and commitments may be changed or lifted only by Council using the same formal action. Commitment of fund balance may be made for such purposes as establishing reserves for disasters.
 - b. The City, by this policy, establishes an Emergency Operating Reserve. In order to provide the resources necessary to ensure continued operations of the City should a catastrophic event such as a hurricane or other natural disaster occur, the City establishes an emergency operating reserve within the general fund equal to 10% of the closed fiscal year's original adopted operating budget.
- C) Assigned
 - a. By this policy, the City Manager and the City Council are designated the authorities to establish assignments as part of the budget or reporting processes.
 - b. In addition to the above noted authority, the City establishes and confirms the Handicap Reserve in the General Fund, in accordance with City Code 36-61 relating to Disabled Person Parking Space Violations.
- D) Unassigned.
 - a. Unassigned fund balance is the residual classification for the General fund and represents fund balance that has not been committed or assigned to specific purposes.
 - b. The General Fund Unassigned Fund Balance at year-end will range between 16% and 30% percent of the prior year's original budgeted expenditures. In any fiscal year where the City is unable to fund the minimum reservation of fund balance as required in this section, the City shall not budget any amount of unassigned fund balance for the purpose of balancing the budget.

4 MINIMUM FUND BALANCE POLICY - SPECIAL REVENUE FUNDS.

A. The CRA Fund and the Streets Fund

The CRA Fund (380) and the Streets Fund (390) Undesignated Fund Balance shall be between 16% and 30% of the prior year's original operating budget, plus additional for future planned or unplanned capital projects.

Resolution 12-13052 Page 3

B. Non-Construction Enterprise Funds

The Non-Construction Enterprise Funds shall retain a minimum Unrestricted Net Assets in an amount between 8% and 16% of the annual budget plus 10% of the net capital assets from the most recent audit.

C. Internal Service Funds

The Internal Service Funds shall retain a minimum designated fund balance to meet any actuarially determined liability. For the Risk Management Fund, the actuarially determined liability shall follow the 90% discounted funded level. Internal Service Funds shall retain a minimum Unrestricted Net Assets in an amount between 8% to 16% of the annual budget plus 10% of net capital assets.

D. Other Operating Funds (excluding Enterprise Funds)

All Other Operating Funds of the City, excluding Enterprise Funds, shall retain sufficient Undesignated Fund Balance, in an amount ranging from 8% to 35%, as recommended by the City Manager or his designee.

E. Building Permit Fund

The Building Permit Fund shall keep an Undesignated Fund Balance between a range of a minimum of 40% and a maximum of 85%.

5. SPENDING ORDER OF FUND BALANCES

The City will use restricted amounts first when both restricted and unrestricted fund balance is available unless there are legal document/contracts that prohibit doing this such as in grant agreements requiring dollar for dollar spending. Additionally, the City would first use committed fund balance, followed by assigned and then unassigned fund balance when expenditures are incurred for purposes for which in any of the unrestricted fund balance classifications could be used.

6. UTILIZATION OF SURPLUS RESERVES

If it is determined at the fiscal year end that there is a surplus (an amount in excess of the excess of the upper limit of the fund balance range for any fund) the monies may be utilized for any purpose of the City or Fund. It may also be used for one-time costs including the establishment of or the increase in restrictions or commitments of fund balance.

7. REPLENISHMENT OF RESERVE DEFICITS

If at the end of any fiscal year, the actual amount of unassigned fund balance falls below the minimum required fund balance level set forth herein, the City Manager shall prepare and submit a plan for expenditure or expense reductions and/or revenue increases to the City Council. As part of the annual budget review, the City Council shall review and, if necessary, amend the plan submitted by the City Manager for restoring the amounts of unassigned fund balance to the required levels. Any deficit in the required minimum amount must be restored no later than the end of the second fiscal year following the occurrence.

8. ANNUAL REVIEW AND DETERMINATION OF RESERVE AMOUNTS

Compliance with the provision of this policy shall be reviewed as part of the annual budget process; and revisions to the levels of fund balance will be determined during this process if necessary.

Agenda Item 2-b(2) Special Meeting of 9/19/12

ORDINANCE 12-<u>/3/75</u>

AN ORDINANCE ADOPTING THE FINAL BUDGET FOR THE CITY OF NAPLES, EXCLUSIVE OF DEPENDENT TAXING DISTRICTS, FOR FISCAL YEAR COMMENCING OCTOBER 1, 2012, AND ENDING SEPTEMBER 30, 2013; APPROPRIATING FUNDS FOR OPERATING EXPENSES OF THE CITY OF NAPLES FOR THE GENERAL OPERATION OF THE SEVERAL DEPARTMENTS OF THE CITY, INCLUDING UTILITIES, AND FOR CONTRIBUTING TO THE SINKING FUNDS OF THE CITY TO PAY INTEREST ON AND PROVIDE FOR THE RETIREMENT OF THE OUTSTANDING BONDS AND OTHER FIXED OBLIGATIONS OF THE CITY FOR AND DURING THE FISCAL YEAR COMMENCING OCTOBER 1, 2012, AND ENDING SEPTEMBER 30, 2013; PROVIDING A SEVERABILITY CLAUSE, A REPEALER PROVISION AND AN EFFECTIVE DATE.

- WHEREAS, the City of Naples adopts a final budget, exclusive of Dependent Taxing Districts, and appropriates funds on an annual basis for the general operation of the several departments of the City, including utilities, and contributes to the sinking funds of the City to pay interest on and to provide for the retirement of bonds; and
- WHEREAS, on July 27, 2012, the City Council received a preliminary budget document, a copy of which is retained in the City Clerk's office as a public record; and
- WHEREAS, on August 20, 2012, the City Council, at a public workshop, reviewed that document and recommended changes that are incorporated by reference; and
- WHEREAS, on first reading September 5, 2012, the City Council made several changes to this budget that are incorporated by reference; and
- WHEREAS, a final budget document incorporating the information from the preliminary budget and changes approved on August 20 and at the Public Hearings shall be prepared and distributed to represent the work plan of the City; and
- WHEREAS, the City of Naples has conducted public hearings on the fiscal year 2012-13 budget on September 5 and September 19, 2012;

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF NAPLES, FLORIDA:

- Section 1. This Ordinance shall be known as the "Budget Ordinance of the City of Naples" for its fiscal year 2012-13 and shall serve to appropriate the sums provided for herein.
- Section 2. The City of Naples preliminary budget (Appendix A) a copy of which is on file with the City Clerk, as amended on August 20, 2012 and September 5, 2012, is hereby adopted.
- Section 3. Appendix B represents a summary of the amounts available from taxation and other sources, including amounts carried over from prior fiscal years, along with the total appropriations for expenditures and reserves, along with the list of amendments that were approved.

Page 2

Ordinance 12- /3/75

- Section 4. Florida Statutes, the City Charter and generally accepted accounting principles do not require budgets for grants and trust/agency funds that are governed by the terms of the source. City Council acceptance of such terms shall be deemed to constitute a budget adjustment, including appropriation of such funds.
- Section 5. Budget adjustments that would increase total expenditures of a budgetary fund or would transfer money between funds require City Council approval via resolution. Transfers of appropriated moneys between departments and/or functions within an individual fund may be authorized by the City Manager without City Council approval, excluding spending money or transferring money from budgeted Contingency Accounts.
- Section 6. Appendix C is the document that represents the City of Naples Five Year Capital Improvement Program presented to City Council in June 2012 in accordance with the City Charter, a copy of which is on file with the City Clerk's Office. Approved Capital Improvement Projects are included in the 2012-13 budget. Budget adjustments which modify the intent of the Capital Improvement Budget for Fiscal Year 2012-13 require City Council approval by resolution.
- Section 7. On October 1, 2012 the Finance Director is authorized to reserve and carry-forward as additions to the next fiscal year's budget the unpaid purchase orders and outstanding contracts from Fiscal Year 2011-12.
- Section 8. The City Manager, through the Finance Director, is hereby authorized and directed to receipt all revenues listed herein for the purpose of which said revenues are designated and appropriated. In so doing, the City Manager, through the Finance Director, shall accurately account and record said receipts in the ledgers and financial records in each respective designated account. Such ledgers and records shall be subjected to audit.
- Section 9. With respect to any fund balances, not specifically appropriated by the terms hereof, the City Council may, during the fiscal year, appropriate all or part of said fund balances by adopting a resolution for that purpose.
- Section 10. The City Manager, through the Finance Director, is hereby authorized to disburse moneys for the purpose of meeting the expenses and expenditures as appropriated.
- Section 11. If any section, paragraph, or part of this Ordinance shall be declared unconstitutional or invalid, then the remainder of this Ordinance shall not be affected thereby and shall remain in full force and effect. All ordinances or parts of ordinances or resolutions in conflict herewith are hereby repealed to the extent of such conflict.
- Section 12. This ordinance shall take effect October 1, 2012, after adoption at second reading.

APPROVED AT FIRST READING THIS 5TH DAY OF SEPTEMBER, 2012.

Appendix C

This is the 146-page Capital Improvement document that was presented to Council in June 2012

(On file in the City Clerk's Office)

Agenda Item 2-b (1) Special Meeting of 9/19/12

ORDINANCE 12-/3/74

AN ORDINANCE DETERMINING AND FIXING THE 2012 TAX LEVY AND MILLAGE RATE FOR THE CITY OF NAPLES, EXCLUSIVE OF DEPENDENT TAXING DISTRICTS, FOR PROVIDING SUFFICIENT FUNDS FOR THE GENERAL FUND OPERATIONS AND FOR THE VOTED DEBT SERVICE; PROVIDING A SEVERABILITY CLAUSE, A REPEALER PROVISION AND AN EFFECTIVE DATE.

- WHEREAS, the Legislature of the State of Florida mandated a procedure for County Property Appraisers to calculate the total taxable value for each taxing authority and for the subsequent calculation of rolled back millage rate; and
- WHEREAS, the gross taxable value for operating purposes not exempt from taxation within the City has been certified by the County Property Appraiser as \$14,996,136,131; and
- WHEREAS, Florida Statute 200.065(2)(a) requires the taxing authority to compute a proposed millage rate necessary to fund the budget, other than the portion funded from sources other than ad valorem taxes, and that in computing proposed or final millage rates, the taxing authority shall utilize not less than 95 percent of the certified taxable value; and
- WHEREAS, The City of Naples Florida has performed the necessary millage calculation and found it to be 1.1800 mills; and
- WHEREAS, Florida Statute 200.065(1) requires the taxing authority to compute a rolled back millage rate; and
- WHEREAS, the City of Naples, Florida has performed the necessary rolled back millage calculation as required by law and found it to be 1.1539 mills; and
- WHEREAS, in 2000, the citizens of Naples approved the issuance of General Obligation Bonds Series 2000 for \$9.3 million to purchase a tract of land now known as the Naples Preserve, which were partially refunded by General Obligation Bonds Series 2004; and
- WHEREAS, the City of Naples held a public hearing as required by Florida Statute 200.065; and
- WHEREAS, pursuant to state law, the City must adopt a tentative or final millage rate prior to adopting a budget;
- NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF NAPLES, FLORIDA:
- Section 1. That the 2012 tax levy and operating millage rate for the City of Naples is 1.1800, which is 2.26% over the rolled-back millage rate of 1.1539.
- Section 2. That the voted debt service millage for the City of Naples is 0.000.

Ordinance 12- /3/74 Page 2 That the tax levy and millage rate have been fixed and determined Section 3. in accordance with the following assessments and finding of the City Council, and making allowances for tax delinquents, discounts and losses therein, show, to-wit: Total General Fund and Community Redevelopment Agency Operations 1.1800 mills. \$16,810,670 Voted Debt Service Section 4. If any word, phrase, clause, subsection or section of this ordinance is for any reason held unconstitutional or invalid, the invalidity thereof shall not affect the validity of any remaining portions of this ordinance. That all sections or parts of sections of the Code of Municipal Section 5. Ordinances, all ordinances or parts of ordinances, and all resolutions or parts of resolutions in conflict herewith, be and the same, are hereby repealed to the extent of such conflict. This ordinance shall take effect October 1, 2012, upon adoption at Section 6. second reading. APPROVED AT FIRST READING THIS 5TH DAY OF SEPTEMBER, 2012. PASSED AND ADOPTED AT SECOND READING AND PUBLIC HEARING IN OPEN AND SPECIAL SESSION OF THE CITY COUNCIL OF THE CITY OF NAPLES, FLORIDA, THIS 19TH DAY OF SEPTEMBER, 2012.

ORDINANCE 12- 13/76

AN ORDINANCE DETERMINING AND FIXING THE 2012 TAX LEVY AND MILLAGE RATE FOR THE EAST NAPLES BAY SPECIAL TAXING DISTRICT FOR PROVIDING SUFFICIENT FUNDS FOR THE OPERATIONS OF THE SPECIAL TAXING DISTRICT; PROVIDING A SEVERABILITY CLAUSE, A REPEALER PROVISION AND AN EFFECTIVE DATE.

- WHEREAS, Florida law requires the City to adopt a millage rate to be levied after conducting a public hearing, and to state the percentage by which the millage rate to be levied exceeds the rolled-back rate as computed pursuant to Florida law; and
- WHEREAS, the City of Naples, Florida, on September 5, 2012, conducted a public hearing for the millage rate as required by Florida Statute 200.065; and
- whereas, pursuant to state law, the City must adopt a tentative or final millage
 rate prior to adopting a tentative or final budget; and
- WHEREAS, the gross taxable value for operating purposes not exempt from taxation within the East Naples Bay Taxing District has been certified by the County Property Appraiser as \$392,751,707;

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF NAPLES, FLORIDA:

- Section 1. That the 2012 tax levy and millage rate for the East Naples Bay Special Taxing District is 0.5000, which is 2.45% over the rolled-back rate of 0.4880.
- Section 2. That the tax levy and millage rate have been fixed and determined in accordance with the following assessments and finding of the City Council, and making allowances for tax delinquents, discounts and losses therein, show, to-wit:

- Section 3. If any word, phrase, clause, subsection or section of this ordinance is for any reason held unconstitutional or invalid, the invalidity thereof shall not affect the validity of any remaining portions of this ordinance.
- Section 4. That all sections or parts of sections of the Code of Municipal Ordinances, all ordinances or parts of ordinances, and all resolutions or parts of resolutions in conflict herewith, be and the same, are hereby repealed to the extent of such conflict.
- Section 5. This ordinance shall take effect October 1, 2012, after approval at second reading.

APPROVED AT FIRST READING THIS 5TH DAY OF SEPTEMBER, 2012.

Agenda Item 2-d (1) Special Meeting of 9/19/12

ORDINANCE 12-13/18

AN ORDINANCE ADOPTING THE FINAL BUDGET FOR THE EAST NAPLES BAY SPECIAL TAXING DISTRICT FOR FISCAL YEAR COMMENCING OCTOBER 1, 2012, AND ENDING SEPTEMBER 30, 2013; APPROPRIATING FUNDS FOR THE GENERAL OPERATION OF THE EAST NAPLES BAY SPECIAL TAXING DISTRICT FOR AND DURING FISCAL YEAR COMMENCING OCTOBER 1, 2012, AND ENDING SEPTEMBER 30, 2013; PROVIDING A SEVERABILITY CLAUSE, A REPEALER PROVISION AND AN EFFECTIVE DATE.

- WHEREAS, the City of Naples is required to adopt a budget for the East Naples Bay Special Taxing District and to appropriate funds on an annual basis for the general operation of the Special Taxing District of the City; and
- WHEREAS, the City of Naples has held a workshop and a public hearing on the fiscal year 2012-13 budget;
- NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF NAPLES, FLORIDA:
- Section 1. That the budget for the East Naples Bay Special Taxing District for the fiscal year commencing October 1, 2012, and ending September 30, 2013 is hereby adopted.
- Section 2. That for the payment of expenses and obligations of the East Naples Bay Special Taxing District for the fiscal year ending September 30, 2013, there is hereby appropriated out of any monies in the treasury of the East Naples Bay Special Taxing District and any accruing revenues of the Special Taxing District available for said purposes to the funds and for the purposes hereinafter set forth, the sum of money shown below:

East Naples Bay Special Taxing District. . . . \$180,250

- Section 3. Budget adjustments that would increase total expenditures of this fund require City Council approval via resolution. Transfer of appropriated moneys between functions within this fund may be authorized by the City Manager without City Council approval.
- Section 4. On October 1, 2012, the Finance Director is authorized to reserve and carry forward as additions to the next fiscal year's budget the unpaid purchase orders and outstanding contracts from Fiscal Year 2011-12.
- Section 5. The City Manager, through the Finance Director, is hereby authorized and directed to receipt all revenues listed herein for the purpose of which said revenues are designated and appropriated. In so doing, the City Manager, through the Finance Director, shall accurately account and record said receipts in the ledgers and financial records in each respective designated account.
- Section 6. With respect to any fund balances, not specifically appropriated by the terms hereof, the City Council may, during the fiscal year, appropriate all or part of said fund balances by adopting a resolution for that purpose.
- Section 7. The City Manager, through the Finance Director, is hereby authorized and directed to disburse moneys for the purpose of meeting the expenses and expenditures as appropriated.
- Section 8. If any word, phrase, clause, subsection or section of this

Ordinance 12- /3/78

Page 2

ordinance is for any reason held unconstitutional or invalid, the invalidity thereof shall not affect the validity of any remaining portions of this ordinance.

- Section 9. That all sections or parts of sections of the Code of Municipal Ordinances, all ordinances or parts of ordinances, and all resolutions or parts of resolutions in conflict herewith, be and the same, are hereby repealed to the extent of such conflict.
- Section 10. This ordinance shall take effect October 1, 2012, after adoption at second reading.

APPROVED AT FIRST READING THIS 5TH DAY OF SEPTEMBER, 2012.

BUDGET GLOSSARY

- A -

Accrual Basis of Accounting – A method of bookkeeping in which income and expenses are allocated to periods to which they apply, regardless of when they are actually received or paid. For example, if revenue was earned on October 15, but payment was not received until November 15, the revenue would be recorded as revenue in October.

Actuarial – An adjective that describes statistical elements, assumptions, and techniques used by actuaries. An "actuary" is an expert who computes insurance or pension risks and plan costs based upon plan membership, experience, and other factors. Actuaries determine the level of funding required to provide the benefits.

Ad Valorem Taxes – Latin for "value-based" tax and commonly referred to as "property tax". This is the tax levied on both real and personal property according to the property's value and the millage (or tax) rate.

AFSCME – American Federation of State, County and Municipal employees. The union and bargaining unit for certain City employees.

Annual Budget – A budget applicable to a single fiscal year. Naples annual budget is from October to September.

Appropriation – A legislative authorization to expend a specified sum of money for a specified purpose, for a limited period of times.

Assessed Valuation – A value established for real and personal property for use as a basis for levying property taxes.

Asset – Resources owned or held by a government which has monetary value.

- B -

Bond – A written promise to pay a sum of money on a specific date at a specified interest rate. The most common types of bonds are general obligation and revenue bonds. These are most frequently used for construction of

large capital projects, such as buildings, streets, and water and sewer systems.

Budget – A plan of financial activity for a specified period of time that indicates all planned revenues and expenditures for the specified period.

Budget Calendar – The schedule of key dates that the City follows in the preparation, adoption, and administration of the budget.

Budget Document – The official written statement prepared in order to present a comprehensive financial program of an organization. A budget document serves as 1) a policy document; 2) an operations guide; 3) a financial plan; and 4) as a communications device.

Budget Message – The opening section of the budget that provides City Council and the public with a general summary of the most important aspects of the budget, changes from the current and previous Fiscal Years, and recommendations regarding the financial policy for the upcoming period.

- C -

Capital Outlay – Expenditures resulting in the acquisition of or addition to fixed assets. The City's threshold for capital purchases is \$1,000 to track as fixed assets.

Chargeback – A mechanism by which services performed by one City Department for another is charged and paid across funds.

Capital Improvements Program (CIP) - A fiveyear plan for capital expenditures to be incurred each year to meet capital needs arising from the long-term work program or other capital needs. Items included in the CIP are capital expenditures that are greater than \$10,000 and have a useful live of two years or more.

Consumer Price Index (CPI) – Measures the prices of consumer goods and is a measure of U.S. inflation. It is published by the U.S. Department of Labor monthly.

Contingency - A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted. Naples requires Council approval prior to spending Contingency funds.

- D -

DR 420/422 = Department of Revenue forms certifying taxable assessed value.

Debt Millage - The portion of the millage required to pay principal and interest on voter approved bonds. This millage fluctuates annually based on the property values and debt payable.

Debt Service - The amount of interest and principal that a City must pay each year on long-term and short-term debt.

Department - A major unit of organization in the City which indicates overall an operation or group of related operations within a functional area.

Depreciation – A decrease or loss of value of an item due to age, wear, or market conditions. The City does not budget for depreciation.

Distinguished Budget Presentation Awards Program - A voluntary awards program administered by the Government Finance Officers Association to encourage governments to prepare effective budget documents.

Division - A unit of organization that is comprised of a specific operation within a functional area. City departments may contain one or more divisions.

- E -

Encumbrance - The commitment of budgeted funds to purchase an item or service. To encumber funds means to set aside or commit funds for future expenditures.

Enterprise Fund – A type of fund used to account for operations that are financed and operated in a manner similar to private business enterprises.

- F -

Fiscal Year (FY) – Any consecutive 12 month period designated as a budget year. The City's budget year begins October 1, and ends September 30 of the following calendar year.

Fixed Assets - Assets of a long-term character that are intended to continue to be held or used, such as land, buildings, machinery, equipment and improvements.

Full-Time Equivalent (FTE) - The total scheduled work hours of City employees divided by the total work hours available annually provides number of FTE employees. A full-time employee working 40 hours/week equals one FTE, where a part-time employee working 20 hours/week equals .5 FTE.

Fund An accounting entity that has its own revenues, expenditures, assets and liabilities that are segregated from other sets of moneys. A fund is set up for the purpose of carrying out a specific purpose or activity.

Fund Balance – The excess of assets over liabilities. A positive ending fund balance from one fiscal year can be utilized as a resource for certain activities in the follow year. A negative fund balance is sometimes referred to as a deficit.

Fund Type - Any one of seven categories into which all funds are classified in governmental accounting. The seven fund types are: general, special revenue, debt service, capital projects, enterprise, internal service, and trust and agency.

- G -

General Fund – The principal fund of the City, the General Fund is used to account for all activities not included in other funds. General Fund revenue sources include property taxes, licenses, permits, fines and forfeitures, and sales taxes. Operating services from this fund include police protection, fire protection, general government administration, planning and recreation.

General Obligation Bonds - Upon voter approval at a general referendum, a project will be financed through a millage increase in ad valorem taxes for a specified period of time. This source is especially appropriate when the project or improvement is city-wide in nature or benefit.

Goal - A long, or short-term, attainable target for an organization - its vision of the future.

Grants - A contribution by the Federal, County, or State government to subsidize specific projects, either partially or entirely.

- H -

Homestead Exemption – A deduction from the total taxable assessed value of an owner occupied property. The current exemption is \$50,000, authorized by the State government.

-1-

Impact Fee – Fees charged to develop to cover, in whole or in part, the anticipated cost of improvements that will be necessary as a result of the development.

Improvements Other Than Buildings - Attachments or annexations to land that are intended to remain so attached or annexed, such as sidewalks, trees, drives, tunnels, drains and sewers.

Infrastructure – Long lived capital assets that normally are stationary and can be preserved for significantly greater number of years than most capital assets. Examples include roads, bridges, drainage systems and water and sewer systems.

Interfund Charges – These are transactions between funds, which would be accounted for as revenue or expense if they involved an outside entity. Examples are Fleet Services Charge or administrative charges from the General Fund to other operating funds.

Interfund Transfer – Payment from one fund to another fund primarily for services provided.

Intergovernmental Revenue - Funds received from federal, state and other local government sources in the form of grants, shared revenues, and payments in lieu of taxes.

Interlocal Agreement - A written agreement between the City and other units of government to share in similar services, projects, emergency assistance, support, funding, etc., to the mutual benefit of all parties.

Internal Service Fund – Proprietary fund type that may be used to report any activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units on a cost-reimbursement basis.

Investments - Most commonly, securities and real estate held for the production of revenues in the form of interest, dividends, rentals or lease payments. The term does not include fixed assets used in government operations.

- L -

Levy - To impose taxes, special assessments, or service charges for the support of city activities.

Lift Station - Part of the sanitary sewer collection system that pumps waste flow from the gravity sewer system to the wastewater treatment plant. It can be installed above or below ground and is an integral part of the sanitary sewer system.

Line Item – A specific item or group of similar items defined in a unique account in the financial records. This is the lowest level of detail at which justification is reviewed and decisions are made.

Long-Term Debt - Debt with a maturity of more than one year after the date of issuance.

- M -

Mill - A tax rate of one dollar (\$1) per one thousand dollars (\$1,000) of taxable property value.

Millage Neutral – To use the same millage rate as levied in the previous the previous budget year. See Millage Rate.

Millage Rate - The amount of tax stated in terms of a unit of the tax base. It determines how much revenue the government will receive and how much an individual property owner pays in taxes.

Mission – This statement establishes the basis for the goals of the department by describing in broad terms what the department intends to accomplish during the budget year.

- N -

Net Budget – The total budget less all interfund charges and transfers.

Non Ad Valorem Assessments – Assessments for Special Districts that are not based on property value. The basis for this charge is some other measurable criteria, such as per lot, per acre, or per residence.

Non-Recurring Revenues - One time or intermittent revenues received, often from short-term grants, insurance recoveries, donations, etc.

-0-

Objective - A specific measurable and observable result of an organization's activity that advances the organization toward its goal.

One-time-cost – Non-recurring costs budgeted for one year and then removed.

Operating Budget – A financial plan which presents proposed expenditures for the fiscal year and estimated revenues to finance them.

Operating Millage - The portion of the millage that supports the City's daily operations which provide basic governmental services.

OPEIU - Office and Professional Employees International Union, a union representing certain employees of the City. **Ordinance** – A special order of the Council which requires two public readings and ten days of public notice prior to passage.

Output (Performance Measure) – Is the direct products and services delivered by a program.

- P -

Payment in Lieu of Taxes - Means payments treated as tax dollars that are converted or imputed back to a true aggregate valuation by the effective or true value of the constituents' municipality.

Performance Measure - Performance measurement is the ongoing monitoring and reporting of program accomplishments, particularly progress towards pre-established goals.

Personal Services – All costs related to compensating employees including salaries and benefits.

Pledged Reserves - That portion of a fund's assets that are set aside for guaranteeing payment of bonded debt.

Proprietary Fund – Funds that focus on the determination of operating income, changes in net assets, financial position, and cash flows. Examples include enterprise funds and internal service funds.

Property Tax A tax levied on the assessed value of real property, i.e. ad valorem tax.

Public Service Taxes -Formerly called Utility Taxes, these are charges levied by the City on purchase of utility services within the corporate limits of the City. These services include electricity, natural gas, and communications. - R -

Recurring Costs - Costs incurred on a recurring and generally regular basis throughout a facility's economic life, typically for operation, normal maintenance, and anticipated repair or replacement of components or subsystems.

Recurring Revenues - Revenues that can be expected to be received each year unless specific action is taken to eliminate the source.

Referendum - A vote by the people.

Refunding Bond - A bond issued to pay off another bond to obtain better interest rates and/or bond conditions.

Reserves - That portion of a fund's assets that are 1) set aside for a specific purpose and, therefore, not available for general appropriation, or 2) anticipated to be available for future re-appropriation by action of City Council.

Resolution - A special order of the Council, which requires one reading and five days public notice before passage. It is less formal than an Ordinance, but more formal than a motion.

Retained Earnings - An equity account reflecting the accumulated earnings of an Enterprise or Internal Service Fund.

Revenue – Money received by the City from external sources; income.

Revenue Bonds – A bond backed by a specific or guaranteed revenue stream. The City of Naples has revenue bonds that are backed by the revenues of the Water and Sewer Utility.

Rolled-Back Millage Rate - The millage necessary to raise the same amount of property tax dollars as received during the previous budget year. New construction is excluded from the roll-back calculation.

Revenue Neutral – The same property tax revenue as received during the previous budget year. See Rolled-Back Millage Rate.

- S -

Save our Homes - In 1992, the Florida Constitution was amended to limit the annual increases in the assessed value of property receiving homestead exemption to 3% or the percentage change in the Consumer Price Index, whichever is lower. This assessment

limitation is commonly referred to as the "Save Our Homes" or "SOH" cap. .

Special Assessment - A compulsory levy made against certain properties to defray part or all of the cost of a specific improvement or service deemed to primarily benefit those properties.

Special Revenue Fund - A fund used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

Statute – A written law enacted by a duly organized and constituted legislative body.

- T -

Tax Base - Taxable property value from which the City receives tax dollars.

Tax Increment Financing – Financing secured by the anticipated incremental increases in tax revenues, resulting from the redevelopment of an area.

Tax Stabilization Fund A reservation of fund balance in the General Fund that sets aside reserves greater than the mandatory fund balance to use to help maintain a stable tax rate.

Taxes - Compulsory charges levied by a government to finance services performed for the common benefit.

Transfers In/Out - Amounts transferred from one fund to another to assist in financing the services for the recipient fund.

TRIM Bill - Florida's Truth in Millage (TRIM) law requires cities to calculate next year's budget on the same tax dollars they received during the current fiscal year. (Section 100.065 F.S.)

- U -

User Fees - Charges for specific services rendered only to those using such services, i.e., sewer service charge.

Utility Taxes – See Public Service Taxes.

٠

ABBREVIATIONS / ACRONYMS

ADA = Americans with Disabilities Act
AFSCME = American Federation of State,
County and Municipal employees. The union
and bargaining unit for certain City employees.

ALS = Advanced life support

AS/400 = Refers to the City's in-house main computer

ASR = Aquifer Storage and Recovery-an underground water storage system where water reserves are stored in a "bubble", to be used during times of low water availability.

BLS = Basic Life Support

CAD = Computer Aided Dispatch

CAFR = Comprehensive Annual Financial Report

CDBG = Community Development Block Grant

CIP = Capital Improvements Program/ Project/Plan

CPI = Consumer Price Index

CRA = Community Redevelopment Agency

DEP = Department of Environmental Protection **DR 420/422** = Department of Revenue forms certifying taxable assessed value

EEOC = Equal Employment Opportunity Commission

EMS = Emergency Medical Services

EMT = Emergency Medical Technician

FBC = Florida Building Code

FDEP = Florida Department of Environmental protection

FDLE = Florida Department of Law Enforcement

FDOT = Florida Department of Transportation

FEMA = Federal Emergency Management Agency

FICA = Federal Insurance Contributions Act (Medicare and Social Security taxes)

FMLA = Family Medical Leave Act

FTE = Full time equivalent employee

GAAP = Generally Accepted Accounting Principles

GASB = Government Accounting Standards Board

GFOA = Government Finance Officers Association

GIS = Geographic Information System

HTE = Also called SunGard, the company name of the enterprise software that runs the accounting, budget, payroll, ticketing, work order, purchasing, customer billing and permitting programs in Naples

IAFF = International Association of Firefighters ICMA = International City/County Management Association

LAN = Local Area Network

LTD = Long Term Disability

MGD = Million gallons per day

MHz = Megahertz

NCIC = National Crime Information Center NPDES = National Pollution Discharge Elimination System

PC = Personal computer

PILOT = Payment in Lieu of Taxes

OPEIU = Office and Professional Employees International Union, a union representing certain employees of the City

(R) = Replacement (of City assets)

R&R = Renewal and Replacement

RFP = Request for Proposal

RFQ = Request for Qualifications

TIF = Tax Increment Financing

TRIM = Truth in Millage

VAB = Value Adjustment Board is the second of three options for a property owner to contest the value of his property.

W/S = Water/Sewer

WTP = Water Treatment Plant

WW = Wastewater

WWTP = Wastewater Treatment Plant
