

Naples Promise Globe

"If the Earth were just a ball, a few feet in diameter, people would come from everywhere to marvel at its pools of water, its valleys and hills, its beauty, and its life giving ability. The people would marvel at all the creatures walking around its surface, flying suspended in its air, and swimming in its water.

The ball would be the greatest wonder ever known, and people would love it and defend it with their lives because they would know that their lives would be nothing without it. If the Earth were only a few feet in diameter."

Please write on a piece of paper, your promise of what you will do to take care of Naples and this Earth, our home. Then sign the paper and place it in the slot at the top of the Naples Promise Globe.

The Naples Promise Globe is located in our Pollinator Garden which is on the Fleischmann Blvd. side of the Hedges Family Eco-Center.
