

ORDINANCE 06-11263

AN ORDINANCE GRANTING REZONE PETITION 06-R4 FOR PROPERTY LOCATED IN UNITS 2 AND 5, PARK SHORE, MORE FULLY DESCRIBED HEREIN, IN ORDER TO PERMIT REZONING FROM "PD" PLANNED DEVELOPMENT, TO A NEW "PD" PLANNED DEVELOPMENT, IN ORDER TO ALLOW FOR THE SALE AND USE OF BOAT SLIPS IN UNITS 2 AND 5 TO RESIDENTS OF UNITS 1, 2, 3, 4, AND 5; AMENDING THE PLANNED DEVELOPMENT DOCUMENT FOR PARK SHORE; PROVIDING A SEVERABILITY CLAUSE, A REPEALER PROVISION AND AN EFFECTIVE DATE.

WHEREAS, The Scottsdale Co., a Florida Corporation, owner of boat slips at Venetian Bay South and North Yacht Clubs, has petitioned to change the zoning from "PD" Planned Development, to a new "PD" Planned Development, in order to allow for the sale of boat slips belonging to Units 2 and 5 by making them available to residents of Park Shore Units 1, 2, 3, 4, and 5; and

WHEREAS, John M. Passidomo, Esq., has been authorized by the owner as agent for this petition; and

WHEREAS, following an advertised public hearing, the Planning Advisory Board considered the public input, staff recommendations and criteria in the Code of Ordinances and has recommended by a vote of 7 to 0 that Rezone Petition 06-R4 be approved; and

WHEREAS, after considering the recommendation of the Planning Advisory Board and City staff, following a public hearing on the subject, and providing the petitioner, staff and the public an opportunity to present testimony and evidence, the City Council has determined that the petition should be granted;

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF NAPLES, FLORIDA:

Section 1. That Rezone Petition 06-R4 is hereby granted, for property located in Units 2 and 5, Park Shore, more fully described below, in order to permit rezoning from "PD" Planned Development, to a new "PD" Planned Development, in order to allow for the sale and use of boat slips in Units 2 and 5 to residents of Units 1, 2, 3, 4 and 5:

See Exhibits "A", "B", "C", and "D"

Section 2. That the Planned Development Document for Park Shore is hereby amended, a copy of which is attached hereto as Exhibit "E".

Section 3. If any word, phrase, clause, subsection or section of this ordinance is for any reason held unconstitutional or invalid, the invalidity thereof shall not affect the validity of any remaining portions of this ordinance.

Section 4. That all sections or parts of sections of the Code of Municipal Ordinances, all ordinances or parts of ordinances, and all resolutions or parts of resolutions in conflict herewith, be and the same are hereby repealed to the extent of such conflict.

Section 5. This ordinance shall take effect immediately upon adoption at second reading.

APPROVED AT FIRST READING THIS 7TH DAY OF JUNE, 2006.

PASSED AND ADOPTED AT SECOND READING AND PUBLIC HEARING IN OPEN AND REGULAR SESSION OF THE CITY COUNCIL OF THE CITY OF NAPLES, FLORIDA THIS 14TH DAY OF JUNE, 2006.

Bill Barnett, Mayor

Attest:

Tom Adams, Secretary of State

CERTIFICATE OF MERGER
Dated August 21, 1968
Filed September 9, 1968
OR Book 285, Page 546
COLLIER COUNTY RECORDS

TO ALL TO WHOM THESE PRESENTS SHALL COME, GREETING:

WHEREAS, Articles of Merger duly signed and verified of THE SCOTTSDALE CO., an Illinois corporation, Merged into THE SCOTTSDALE CO., a Florida corporation have been filed in the office of the Secretary of State on the 21st day of August, A.D. 1968, as provided by "THE BUSINESS CORPORATION ACT" of Illinois, in force July 13, A.D. 1933, as amended;

Now therefore, I Paul Powell, Secretary of State of the State of Illinois by virtue of the powers vested in me by law, do hereby issue this certificate of Merger and attach thereto a copy of the Articles of Merger of the aforesaid corporation.

IN TESTIMONY WHEREOF, I hereto set my hand and cause to be affixed the Great Seal of the State of Illinois. Done at the City of Springfield this 21st day of August, A.D. 1968 and of the Independence of the United State the one hundred and 93rd.

SEAL

Paul Powell
Secretary of State

PROFESSIONAL ENGINEERS, PLANNERS AND LAND SURVEYORS

Description of tentative boundary of Future Park Shore Unit No.5, a proposed subdivision; being part of Section 16, Township 49 South, Range 25 East, Collier County, Florida.

Commencing at the Northeast Corner of Government Lot 2 of Section 16, Township 49 South, Range 25 East, Collier County, Florida said Corner being also the Northeast Corner of Lot 8 of Block 35 of Park Shore Unit #4 according to the plat thereof as recorded in Plat Book 10, pages 101,102, and 103, Collier County Public Records, Collier County, Florida; thence along the north line of said Government Lot 2, along the north line of said Park Shore Unit No. 4, and along the South line of Seagate Subdivision Unit No.1 according to the plat thereof as recorded in Plat Book 3, page 85, Collier County Public Records, Collier County, Florida, South 89°-25'-50" West 1330.53 feet to the West line of said Park Shore Unit No.4 and the PLACE OF BEGINNING of the parcel herein described;

thence along the West lines of said Park Shore Unit No.4 in the following described courses: South 37°-25'-50" West 250.89 feet, South 0°-34'-10" East 225.44 feet, South 26°-45'-30" East 632.19 feet and South 5°-09'-00" East 580.72 feet to the Northwest Corner of Park Shore Unit No. 3 according to the plat thereof as recorded in Plat Book 8, pages 59 and 60, Collier County Public Records, Collier County, Florida;

thence along the West line of said Park Shore Unit No.3, South 5°-09'-00" East 1879.04 feet to the North line of Park Shore Unit No.2 according to the plat thereof as recorded in Plat Book 8, pages 54 and 55, Collier County Public Records, Collier County, Florida; thence along the northerly lines of said Park Shore Unit No.2, in the following described courses: North 84°-00'-00" West 433.28 feet, North 2°-25'-00" West 97.35 feet, South 87°-35'-00" West 110.00 feet, and South 87°-00'-00" West 1160 feet more or less to the Mean High Water line of the Gulf of Mexico;

thence along said Mean High Water line, northerly 3350 feet more or less to a point on the westerly extension of the South line of said Seagate Subdivision which South line bears South 89°-25'-50" West and passes through the Place of Beginning;

thence along said South line and the Westerly extension thereof, North 89°-25'-50" East 1450 feet more or less to the Place of Beginning;

being a part of the West 1/2 Section 16, Township 49 South, Range 25 East, Collier County, Florida;

subject to easements and restrictions of record; containing 118 Acres more or less.

Exhibit 'E' Amended Planned Development Document for Park Shore
Units 2 and 5

March 6, 1989

PARK SHORE UNITS 2 AND 5

PLANNED DEVELOPMENT DOCUMENT

I. BACKGROUND INFORMATION

a. General Description of Project

The essential development components of Park Shore Units 2 and 5 are as follows:

1. Sites for tall elevator apartments, and specifically approved clustered low-rise residential structures along the gulf.
2. Six large beachfront common areas.
3. Four access commons areas located on the beach side of Gulf Shore Boulevard.
4. Five bayfront residential clusters which extend over water.
5. Two commercial parcels located at the intersection of Park Shore Drive and Gulf Shore Boulevard.
6. A bayfront apartment site.
7. A 100 ft. wide public beach access strip at the south end of Unit 2, platted as Horizon Way. It includes parking facilities and provides beach access for the general public and for emergency, maintenance, and other authorized vehicles.

8. A 20' wide public beach access easement at the north end of Unit 5, improved with a pedestrian beach walk which extends to the off-street parking facilities on Gulf Shore Boulevard.
9. A 200 ft. wide, 2.7 acre private beachfront recreational use parcel which is owned by the Park Shore property owners association, for use by its members.
10. 230 boat slips, extending into the waters of Venetian Bay adjacent Gulf Shore Boulevard. These slips are accessory to the residential and commercial properties in Park Shore Units 1, 2, 3, 4 & 5.
11. A fuel dock extending into the waters of Venetian Bay from commercially designated Block 17.
12. Portions of Gulf Shore Boulevard and Park Shore Drive.
The above listed project development components are indicated on attached Exhibit "A", the Park Shore Units 2 and 5 Master Development Plan, which is an integral part of this PD document.

b. Development and Sales Mechanism

The basic land improvements within Park Shore Units 2 and 5 have been accomplished by the Scottsdale Company, which is the project development sponsor. Buildings have been and will be developed by the Scottsdale Company and by development groups which have acquired or will acquire building parcels from the Scottsdale Company.

Administrative and sales offices are maintained and operated by the development organization, with locations occurring both within the commercially designated area and on or in close proximity of the site of residential development projects which are being marketed. The Scottsdale Company maintains its own marketing forces and also markets in a conventional manner through all other area real estate organizations .

II. SPECIFIC PROJECT INFORMATION

a. Description of Project Participants

Developer: The Scottsdale Company. 4200 Gulf Shore Blvd., North, Naples. Florida 33940

Land Planner: Vines & Associates, Inc., 715 Tenth Street South, Naples, Florida 33940

Engineer: Wilson. Miller, Barton, Soll & Peek, Inc., 1383 Airport Road, North, Naples, Florida 33942

Traffic Engineer: Barr, Dunlop & Associates. Inc., 1208 Hayes Street, P.O. Box 5885, Tallahassee, Florida 32301

Coastal Engineer: Tackney and Associates, Inc., 9385 North 56th Street, Suite 309, Temple Terrace, Florida 33617

Environmental Consultant: Tropical BioIndustries, Inc. , 9869 East Fern Street, Miami, Florida 33157.

Attorney: Vega, Brown, Stanley & Martin, P.A., 2660 Airport Road,
Naples, Florida 33942.

b. Legal Description of Property

Unit 2: Park Shore Unit 2, Plat Book 8, Pages 54 and 55. Public
Records of Collier County, Florida.

Unit 5: Park Shore Unit 5, Plat Book 12, Pages 39 and 40, Public
Records of Collier County, Florida.

c. Topographic Modifications

Planned modifications of the original natural topographic conditions
in Units 2 and 5 are complete, in accord with all required local,
state, and federal permits. The only future topographic
modifications which will occur will be finished grading in connection
with, individual building construction and landscaping projects.

d. Gross Area

Unit 2 contains 92 acres of land, 34 acres of water, for a gross
platted are of 126 acres.

Unit 5 contains 88.6 acres of land, 29.4 acres of water, for a gross
platted area of 118 acres.

Combined area of Units 2 and 5 is 180.6 acres of land, 63.4 acres of water, for a gross platted area of 244 acres.

e. Density

A maximum of 3,590 multi-family units are planned for Units 2 and 5's 244 acres. These units would produce a gross density of 14.7 dwelling units per acre. Deducting the 8.4 acres of commercial sites from the acreage used in density calculations would increase the gross density to 15.24 dwelling units per acre. If the maximum density is calculated for the platted land area, exclusive of the platted water area, the figure is 19.88 dwelling units per acre.

f. Natural Features

Existing natural features which have been and are to be preserved consist of the gulf beach, foredune, and a sizeable portion of the native cabbage palm hammock which lies landward of the foredune. A low wall and stabilized fill has been placed landward of the natural foredune in Unit 2, broadening the dune and raising its peak elevation. A man-made dune has been constructed along the rear portion of the natural foredune in Unit 5, and stabilized with native vegetation.

g. Traffic Ways

Public streets within Units 2 & 5 consist of Gulf Shore Blvd., Park Shore Dr., and Horizon Way. All other traffic circulation within Unit 2

will occur on private drives. Gulf Shore Blvd. has a 110 ft. wide right of way and has been developed as a divided bayfront boulevard with pedestrian facilities along the bayshore.

h. Fire Protection

Access for fire control equipment, fire resistant construction, and internal fire control features, including standpipes, hoses and pressure pumps, in elevator structures, have been and are to be provided in full compliance with applicable fire codes.

i. Utilities

The entirety of Units 2 and 5 is supplied with central water and sewer service by the City of Naples. Electric power, telephone, and cable television service is underground throughout the project.

III. RECREATIONAL OPEN SPACE LANDS AND FACILITIES

- a. At the southern end of Unit 2, extending from Gulf Shore Blvd. to the Gulf, 100 ft. wide Horizon Way has been platted and dedicated to the general public. Horizon Way functions as a general public beach access point, and has been developed with 43 off-street parking spaces.
- b. West of the junction of Park Shore Drive and Gulf Shore Blvd., a 200 ft. wide tract of gulf front land, 2.7 acres in area, has been dedicated to the Park Shore property owners association, whose members include both mainland owners (Units 1, 3, and 4) and

beach to bay owners (Units 2 and 5). The Developer has installed off-street parking spaces, lighting and landscaping within the tract. Any additional improvements made to this tract will be an obligation of the Park Shore property owners association.

- c. Platted beachfront park commons "R", "S", "T", "U", "V", and "W" lie between beachfront building sites and the gulf mean high water line. These beachfront commons, owned and/or leased by owners of dwellings in the adjoining building sites, are to be natural sand beach in part, landscaped open space in part, and are to contain no structures other than small recreation shelters, seat benches, walkways, ornamental retaining walls, statuary, fountains, outdoor lighting, etc. A meandering beachfront promenade extends the length of the beach within the beachfront commons, partially atop the previously mentioned artificial dune.
- d. In the easterly edge of the Gulf Shore Blvd. right of way, the Developer has installed intermittent pods of off-street parking, along with sidewalks in landscaped strips which front on the bay.
- e. At the north end of Unit 5, the Developer has installed a public beach access walk between the Gulf Shore Blvd. off-street parking areas and the beach.
- f. Boat slips have been developed in Venetian Bay as shown on Exhibit A.

IV. USES PERMITTED AND DEVELOPMENT STANDARDS

The following standards govern development in Park Shore Units 2 and 5. Conflicting standards in the City of Naples Zoning Ordinance are not applicable. Definitions of words and terms not defined by this PD document shall be as set forth in the City of Naples Zoning Ordinance at the time of adoption of this PD Document. Any change in definitions applicable to this PD Document shall be effected by modification of this PD Document.

a. Platted Beachfront Commons “ R” , “S” , “T” , “U” , “V” , and “W”

These beachfront commons lands, lying between the beachfront building corridor and the Gulf of Mexico, shall function as permanent gulf-front open space. The lands shall be owned and/or permanently leased in common by owners of the property within the building corridor, shall be commonly used by occupants of buildings in the building corridor, shall be devoted to landscaped open space and recreation facilities, and may only contain such structures as are necessary to their open space and recreational function. No portion of these lands shall be utilized for off-street parking or access drives. These common lands may contain water management facilities and underground utilities.

b. Lots 1 thru 29, Block 12

These building sites shall be used solely for tall, elevator served multiple family residence structures except for Lots 2 and 26 which have been

designated for low-rise, low-density clustered dwelling units. Customary accessory uses and structures are permitted on all 29 lots. Building sites may consist of platted lots, portions of platted lots, or any combination of lots and/or portions of lots.

1. Setbacks - Principal buildings and accessory structures: Lots 1, 3 thru 25, and 27 thru 29, Block 12

Any accessory structure which is in excess of two stories in height is defined as a principal building. No principal building or accessory structure shall be closer than 50 feet to a lot line which abuts a beachfront commons. No principal building or accessory structure shall be closer than 50 feet to the Gulf Shore Boulevard right-of-way. No principal building or accessory structure shall be closer to a side yard line than 25 feet. No principal building or accessory structure shall be closer than 50 feet to an access commons lot line. In addition to compliance with the above minimum setbacks, principal buildings shall be no closer than $\frac{1}{2}$ their building height to Gulf Shore Boulevard or to a side lotline. Principal buildings and/or accessory structures on adjoining lots may be closer to their common side lines than required by the above rules so long as they are not closer together than 50 feet or $\frac{1}{2}$ of their combined heights, whichever is greater, and so long as the lots are in common ownership or the separate owners are in agreement regarding the

planned separation between principal buildings and/or accessory structures.

These setback requirements are designed to insure adequate separation between and open space around residential structures, most of which involve tall residential towers which rise above one or two story parking structures, which may or may not be physically connected to the residential towers. In cases where buildings of different heights are physically attached or where single buildings have sections with different heights, required setbacks which are height-related shall be separately determined for each building or portion of a building. i.e., in the case of a 10 story building which has a projecting two story wing, a greater setback shall be required for the 10 story portion of the building than for the two story portion. Tall buildings shall comply with principal building setbacks, while attached lower garage or other structures may comply with accessory structure setbacks. In the case of two or more detached principal buildings on one lot, minimum separation between any two buildings shall be $\frac{1}{2}$ the average height of those two buildings.

Below ground and partially below ground structures, principal and accessory, which are covered with landscaping and/or with outdoor recreational facilities, and which are no higher than two feet above the finished grade, may be built within required yards. No principal building or accessory structure shall be constructed seaward of the

Coastal Construction Control Line unless necessary variances or agreements from the State of Florida have been secured. In no event shall structures be located closer to the Gulf than a line 75 feet landward of the vegetation line or closer than a line 150 feet landward of the mean high water line.

2. Setbacks - Principal Buildings and Accessory Structures: Lots 2 and 26

Same as the other Block 12 lots, except that lesser setbacks from side lot lines and/or from beachfront commons or access commons may be authorized via the General Development and Site Plan approval process.

3. Maximum Permitted Dwelling Units

As shown on Table Number 1 , located at the rear of this document.

4. Minimum Dwelling Unit Floor Area

1,200 square feet for principal dwelling units; 600 square feet for one manager's unit and up to three guest suites per principal residential building. Useable floor area on covered or uncovered balconies which are integral to dwelling units shall be calculated as a part of the dwelling unit floor area.

5. General Development Site Plan Requirement

No General Development and Site Plan (GDSP) approval shall be required, except in the instance of two or more lots being combined into a single development site which is five acres or more in net development site area, exclusive of the fractional commons area assigned to the development site.

6. Minimum Off-street Parking

1.5 spaces per dwelling unit, which may be located on the building site and/or within the adjoining parking commons.

7. Minimum Recreational Open Space

750 square feet for efficiency or one bedroom apartments, 150 additional square feet for each additional bedroom. Recreational open space includes landscaped ground area; ground and roof area which has been developed for recreational use by apartment residents; and open apartment balconies. Open space credited to each apartment project includes that which is on the building site plus that which occurs in the fractional commons areas assigned to that building site. (See Table Number 1)

8. Minimum Lot Coverage

None. Lot coverage is controlled by setbacks and recreational open space requirements.

9. Maximum Building Height

As shown on Table 2 Building height is measured from the minimum permitted elevation for the first habitable floor. Chimneys; elevator shafts; television and radio antennae; open or structurally enclosed rooftop heating, ventilation, and air conditioning equipment; ornamental screens; stair access enclosures and small cupolas used as architectural ornamentation may extend a maximum of 20 feet above the maximum permitted building height, and shall not be included in the building height measurement.

10. Maximum Horizontal Dimension of Principal Buildings

250 feet, measured by straight horizontal line between the end points of the longest perimeter wall of a principal building. This standard does not apply to privacy walls or other accessory structures.

c. The Southerly 200 ft. of Platted Lot 13, Block 12.

This tract, of land shall be owned and used by Park Shore property owners for beach access, off-street parking, landscaping, and outdoor recreation facilities. A beach club, pavilion, or other recreation structure may be developed subject to approval via the General Development and Site Plan approval process.

d. Access Commons "A", "B", "C", and "D".

These tracts are to be used for vehicular access drives, covered or uncovered vehicular parking, landscaping, ornamental entry structures and signage, statuary, fountains, walks, and public utilities facilities.

Each access commons will be owned, improved, and maintained by the owners of the abutting lots. Parking spaces developed within the commons may be credited as part of the required parking for any adjoining building, so long as each parking space is credited only once.

The commons parking spaces shall be utilized as an overflow parking pool for all abutting sites, and are not to be marked for use by a particular apartment or building. No covered parking structures within the access commons shall be taller than one story, nor closer to Gulf Shore Blvd. right of way than 50 ft. , nor closer to any other boundary of the access commons than 25 ft. Upon issuance of a Temporary Use Permit, temporary sales facilities may occur in an access commons adjacent a Block 12 building site on which dwelling units are being marketed by the site developer.

e. Blocks 14, 15, 36, 37, and 38.

These blocks are in part land and in part man-made waters within Venetian Bay. These blocks shall be used for single or multiple family residential structures, off-street parking, and accessory recreational facilities. Permitted structures may extend on pilings from the land mass within the blocks over the waters of Venetian Bay, so long as the

structures extend no further than the platted building limit lines. Each of the blocks constitutes a site for either a multiple family complex not exceeding 33 dwelling units and not exceeding 3 stories in height, or a maximum of 5 single family detached residences, not exceeding 3 stories in height. Each dwelling unit shall be provided a minimum of 2 on site parking spaces. No more than 72 on site parking spaces per block may be developed. Minimum dwelling unit floor area shall be 1,500 sq. ft., except for one manager's apartment per block which shall be a minimum of 600 sq. ft. Detached principal buildings within each block shall be no closer to each other than 25 ft.

f. Platted Blocks 16 and 17.

These two tracts may be utilized for development of an integrated commercial complex, comprising retail shops, offices, restaurants, cocktail lounges, (no facilities for dancing or staged entertainment other than solo performances shall be permitted) personal service establishments, financial institutions, clinics, private clubs, boat docking and fueling facilities, and uses which are customarily accessory in commercial areas. Structures may extend over the waters of Venetian Bay so long as they do not extend past the platted property and building limit lines. Blocks 16 and 17 may be connected by internal vehicular and pedestrian pathways, so that upon completion of development they will function as a single commercial complex.

1. Minimum Setbacks

10 ft. from Park Shore Drive right of way within 100 ft. of the pedestrian walkway under the bridge approach; 25 ft. from all other right of way lines. Minimum separation between detached principal buildings: 12 feet.

2. Maximum Building Height

3 Stories

3. Minimum Off Street Parking

1 space per 300 square feet of retail or office g.l.a.

1 space per 100 square feet of restaurant or lounge

g.l.a. In the case of restaurants and/or cocktail

lounges which are located above the ground floor, the ground floor entry area, stairway, and elevator areas which serve the restaurant and/or lounge shall be excluded from the g.l.a.

calculation. 1 space per 300 square feet of g.l.a. for all other uses.

4. Outdoor Lighting

Shall be indirect or of such low intensity as to avoid glare or other interference with the enjoyment of nearby residential properties. No flashing or moving lights shall be permitted.

This building site shall be used solely for multiple-family residence development and customary multi-family residence accessory uses and structures.

1. Minimum Setbacks

Front yard: 30 ft. plus 1 ft. for each 2 ft. over 45 ft.

Side yard: 15 ft. plus 1 ft. for each 2 ft. over 45 ft.

Rear yard: 25 ft. from the seawall plus 1 ft. for each 2 ft. over 45 ft.

2. Minimum Floor Area

720 sq. ft. per unit

3. Maximum Building Height

55 ft.

4. Minimum Off-street Parking

2 spaces per dwelling unit

5. Minimum Recreational Open Space

750 sq. ft. for 1 bedroom dwellings, 150 additional sq. ft. for each additional bedroom.

h. Landscaping Requirements in Off-street Parking Areas

Blocks 14, 15, 36, 37 and 38: None

Development of all other off-street parking areas in Park Shore Units 2 and 5 shall comply with City off-street parking area landscape requirements in force at the time the Park Shore Units 2 & S PD document is approved by the City.

i. Sign Regulations

Signs in Park Shore Units 2 and 5 shall comply with the City Zoning Regulations in force at the time sign permits are requested.

J. Overnight Parking Prohibited

No commercial vehicle, mobile home, motor home, or recreational camper shall be parked overnight within Park Shore Units 2 and 5 except when such vehicle is parked on a construction site and is legitimately associated with permitted construction activity.

k. Boat docking facilities may be developed in the waters of Venetian Bay extending from the seawall adjacent Gulf Shore Boulevard and from Blocks 11, 14, 15, 16, 17, 36, 37, and 38. Construction, reconstruction, modification or expansion of docking facilities shall be authorized by applicable permit issuing agencies.

1. Residential Docking Facilities:

All docking facilities except those which are associated with commercially designated Blocks 16 and 17 shall be limited to use by residents of Park Shore Units 1, 2, 3, 4 & 5 and shall be limited to 219 boat slips. Boat slip maintenance responsibilities will be that of the owner. Boat slips shall be owned or leased, and exclusively used, by residents of Units 1, 2, 3, 4 and 5. Slip facilities may be constructed either by the Park Shore development organization, by condominium associations or by bay front single family homeowners in Units 1, 2, 3, 4 and 5. The minimum slip lease period shall be 3 months. Subleases are prohibited. Overnight

lodging on boats is prohibited. Charter or other commercial fishing operations are prohibited.

2. Blocks 16 and 17 Docking Facilities: Two boat slips are permitted at the junction of commercially designated Block 16 and Gulf Shore Boulevard. These slips may be utilized by the owner and/or by visitors to commercial properties in Block 16. A dock is permitted to extend from commercially designated Block 17 as shown on Exhibit A. The Block 17 dock may accommodate up to nine boat slips: may accommodate fueling and marine convenience item sales; may be utilized in connection with a boat rental operation; and may be briefly utilized by persons who visit the Block 17 commercial complex by boat. Charter fishing or other commercial fishing operations are prohibited.

TABLE NUMBER 1
(Page 1 of 2)

The following table provides statistical data on the various building sites within Park Shore Units 2 and 5.

NOTE: The "Maximum Number of D.U.'s" column in the above table is based on a maximum of 25 dwelling units per acre, except in the case of Lots 2 and 26 which have been approved for low-rise low density cluster development. To accommodate definitive building and site plans, permitted dwelling units may be transferred from one Block 12 lot to another, so long as the total number of dwelling units in Lots 1 through 29, Block 12, does not exceed 3392. Except for the specifically authorized low rise cluster developments on lots 2 and 26, the number of dwellings listed in the above table for the various lots in Block 12 was computed on the basis of the lot area, plus the fractional area of the abutting commons assigned to that lot, times 25, rounded to the nearest whole number.

*Partial lot development only. The remaining development will occur at a later date.
