The following answers to written, submitted questions:

1. Will there be an initial large order of street sign units at this time or is this for replacements?

ANSWER: This depends on price and availability.

2. If this bid is for new neighborhoods or sections of existing neighborhoods, do you have quantities needed?

ANSWER: This is not a bid for a new or existing neighborhood, we are requesting a unit price for each.

3. Will this bid be for replacement units from storm damage and if so, do you have estimated quantities?

ANSWER: Yes, the bid is for replacing storm damaged sign units and future damaged sign units as required. The bid is for a unit price.

4. We can offer installation and removal of damaged signs on an initial order, but prices would not apply to ongoing individual replacements you may need in the future, can we show this in our bid for installation?

ANSWER: Yes, it's for both installation and removal of the damaged sign.

5. We have made very similar signs for other communities on the Florida coast but some of the elements are slightly different, will you accept these differences as an alternative? (see examples below).

ANSWER: No alternatives are accepted. Signs must be per the specifications in the RFP.
