ADDENDUM NUMBER 1

NOTIFICATION DATE:	SOLICITATION TITLE:	SOLICITATION NUMBER:	BID OPENING DATE & TIME:
03/26/2024	24-017 Exotic Vegetation Management and Mangrove Trimming Clam Pass Park - ITB	24-017	04/17/2024 2:00PM

**THE FOLLOWING INFORMATION IS HEREBY INCORPORATED INTO,
AND MADE AN OFFICIAL PART OF THE ABOVE REFERENCED BID.**

The following clarifications are issued as an addendum identifying the following changes for the referenced solicitation.

1. We're based in Miami-Dade and aren't licensed anywhere else yet. Would that be an issue if we were awarded the project?

Answer: A company would need to be licensed to work in Collier County unless they have a state contractor's license that allows them to work in any county. Collier County has a license specific to tree-trimming/landscaping work and if the contractor is unsure whether they are licensed to conduct these types of services within Collier County, they should reach out to them directly to verify.

This would be in addition to the other licenses required in section D.

D. LICENSES AND CERTIFICATIONS:

Licenses may be required by the State of Florida, Collier County, or the City of Naples to perform all or part of this work. Contractors should investigate and determine if they hold the necessary License(s) prior to bid submittal.

At a minimum, vendors must submit the following:

1. State Pesticide Applicator's License – Contractor must submit a copy of the Commercial Applicator Licenses issued by the Florida Department of Agriculture and Consumer Services for all employees who may perform work.
2. A Tree Contractor or Landscape Contractor License; and be certified and/or qualified to apply state regulated chemicals as described in the Project specifications.

3. Prospective vendors, whether residents or nonresidents of Florida, must provide evidence of proper licensure with their Bids submittal. Such evidence must be in the form of copies of their Florida license which authorizes Bidder to perform the work.

4. Licensed to apply herbicide in aquatic areas, forests, and natural areas.

5. Certified Arborist with mangrove trimming experience

6. Prospective vendors must hold the required license for the type of work to be performed at the time their bid response is submitted and for the duration of the contract.

2. I wanted to see if I could stop by and look at the area. Is this allowed?

Answer: Contractors can visit the site during park operating hours. Describe to the gate attendant why they are there, and they should be let through.

###

IMPORTANT MESSAGE

PLEASE ACKNOWLEDGE RECEIPT OF THIS ADDENDUM ON THE BID COVER SHEET .
